Re: Ex Parte Communication Memo  
Date: September 14, 2022

On September 7, 2022, representatives from the Appliance Standards Awareness Project (ASAP), the Northwest Energy Efficiency Alliance (NEEA), the Natural Resources Defense Council (NRDC), and Kannah Consulting met remotely with the Department of Energy to discuss consumer water heater energy efficiency standards (Docket No.: EERE-2017-BT-STD-0019). This was a follow-up to the conversation between ASAP, NEEA, NRDC, and DOE on August 15, 2022, for which we previously filed an ex parte memo.

The following individuals were in attendance:

Joanna Mauer (ASAP)  
Geoff Wickes (NEEA)  
Joe Vukovich (NRDC)  
Suzanne Foster Porter (Kannah Consulting)  
Julia Hegarty (DOE)  
Ashley Armstrong (DOE)
