Categorical Exclusion Determination Form

Program or Field Office: Energy Efficiency and Conservation Block Grants

Project Title: Spokane Tribe of the Spokane Reservation Energy Efficiency Retrofits

Location: Washington Spokane Tribe of the Spokane Reservation

Proposed Action or Project Description: American Recovery and Reinvestment Act: ☒

The proposed energy efficiency retrofits include two individual activities to be funded under EECBG:
• Activity #1 includes installation of Thermastar Low-E windows on the proposed Spokane Tribe Child Development Center.
• Activity #2 includes installation of ambient light sensors in the proposed Spokane Tribe Child Development Center.

The Spokane Tribe Child Development Center has already been designed with the "Add Alternate" construction bid options to include Thermastar Low-E windows and ambient light sensors, but the Tribe did not have the funds to include these options. The EECBG funds will now allow these "Add Alternate" options to be incorporated into the Child Development Center.

Categorical Exclusion(s) Applied:
