

ENERGY EFFICIENCY AND CONSERVATION BLOCK GRANTS NEPA COMPLIANCE FORM

Activities	Determination/ Categorical Exclusion	Reviewer's Specific Instructions and Rationale (Restrictions and Allowable Activity)
Energy Efficiency Policy Development and Planning	A9, A11	None.
Energy Efficiency Outreach and Education	A9, A11	None.
Salt Lake City Energy Efficiency Revolving Loan Fund	B5.1	Eligible projects under this activity include lighting equipment upgrades; building control systems; heating, ventilation, and air conditioning (HVAC) equipment upgrades and/or control systems; and building envelope upgrades. *There are no renewable energy systems associated with this CX.
Salt Lake City Traffic Signal Management	B5.1	None.
Salt Lake City Bicycle Transit Center		Task as submitted is not within scope of FOA and not eligible for funding. **This activity is conditioned pending further NEPA review.
Energy Efficiency and Conservation Zoning and Planning Codes	A9, A11	None.
Salt Lake City Bicycle Lanes	A9, A11	All administrative activities, outreach, audits, technical advice, and planning should be CX'd. Implement of this activity is conditioned pending further NEPA review.
Salt Lake City Traffic Signals and Street Lighting Program	B5.1	Waste Stream Clause
Renewable Energy Installation at SLC Fire Station #8	B5.1	Waste Stream Clause Engineering Clause Historic Preservation Clause

Additional Comments:

Based on my review of information conveyed to me and in my possession (or attached) concerning the proposed action, as NEPA Compliance Officer (as authorized under DOE Order 451.1B), I have determined that the proposed action fits within the specified class of actions, other applicable regulatory requirements are met, and the proposed action is hereby categorically excluded from further NEPA review.

NEPA Compliance Officer Date

NEPA clause prepared by OCC [JKA 10/16/2009]

NOTE: HQ GC confirmed on 10/16/2009 that the Salt Lake City Bicycle Transit Center is an eligible activity.

You are restricted from taking any action using Federal funds, which would have an adverse effect on the environment or limit the choice of reasonable alternatives prior to DOE providing either a NEPA clearance or a final NEPA decision regarding this project.

If you move forward with activities that are not authorized for Federal funding by the DOE Contracting Officer in advance of the final NEPA decision, you are doing so at risk of not receiving Federal funding and such costs may not be recognized as allowable cost share.

DOE has made a conditional NEPA determination for this award, and funding for certain activities or tasks under this award is contingent upon the final NEPA determination:

Energy Efficiency Policy Development and Planning:

DOE has made a final NEPA Determination for this activity, which is categorically excluded from further NEPA review.

Energy Efficiency Outreach and Education:

DOE has made a final NEPA Determination for this activity, which is categorically excluded from further NEPA review.

Salt Lake City Energy Efficiency Revolving Loan Fund:

Prohibited actions include: Demolition, construction, removal, installation or disposal activities, until such time that Recipient complies with the Waste Stream and Historic Preservation clauses.

This restriction does not preclude Recipient from: (1) purchasing any necessary equipment or related materials; and (2) conducting assessments, studies and other related administrative work.
