**U.S. DEPARTMENT OF ENERGY
EERE PROJECT MANAGEMENT CENTER
NEPA DETERMINATION**

RECIPIENT: State of Illinois Department of Commerce & Economic Opportunity

STATE: IL

PROJECT TITLE : EECBG State of Illinois CX Activities under ILARC subgrant

Funding Opportunity Announcement Number	Procurement Instrument Number	NEPA Control Number	CID Number
DE-FOA-0000013	DE-EE0000824		0

Based on my review of the information concerning the proposed action, as NEPA Compliance Officer (authorized under DOE Order 451.1A), I have made the following determination:

CX, EA, EIS APPENDIX AND NUMBER:

Description:

- B5.1** Actions to conserve energy, demonstrate potential energy conservation, and promote energy-efficiency that do not increase the indoor concentrations of potentially harmful substances. These actions may involve financial and technical assistance to individuals (such as builders, owners, consultants, designers), organizations (such as utilities), and state and local governments. Covered actions include, but are not limited to: programmed lowering of thermostat settings, placement of timers on hot water heaters, installation of solar hot water systems, installation of efficient lighting, improvements in generator efficiency and appliance efficiency ratings, development of energy-efficient manufacturing or industrial practices, and small-scale conservation and renewable energy research and development and pilot projects. The actions could involve building renovations or new structures in commercial, residential, agricultural, or industrial sectors. These actions do not include rulemakings, standard-settings, or proposed DOE legislation.
- A9** Information gathering (including, but not limited to, literature surveys, inventories, audits), data analysis (including computer modeling), document preparation (such as conceptual design or feasibility studies, analytical energy supply and demand studies), and dissemination (including, but not limited to, document mailings, publication, and distribution; and classroom training and informational programs), but not including site characterization or environmental monitoring.
- A11** Technical advice and planning assistance to international, national, state, and local organizations.

Rational for determination:

Illinois' Department of Commerce & Economic Opportunity will administer the EECBG Program for the state of Illinois. Illinois' Department of Commerce & Economic Opportunity would pass through DOE funding to sub-recipients for the implementation IL's EECBG Program for their ILARC Subgrant. All projects under this program are bounded in compliance with the uploaded and signed EECBG Template for Expedited NEPA review.

Any projects that fall outside the scope of the template are conditioned pending further NEPA review.

These projects comprise education, technical advice, and actions to conserve energy; therefore they are categorized under CX A9, A11, and B5.1.

NEPA PROVISION

DOE has made a final NEPA determination for this award

Insert the following language in the award:

Note to Specialist :

None Given.

FIELD OFFICE MANAGER DETERMINATION

Field Office Manager review required

NCO REQUESTS THE FIELD OFFICE MANAGER REVIEW FOR THE FOLLOWING REASON:

- Proposed action fits within a categorical exclusion but involves a high profile or controversial issue that warrants Field Office Manager's attention.
- Proposed action falls within an EA or EIS category and therefore requires Field Office Manager's review and determination.

BASED ON MY REVIEW I CONCUR WITH THE DETERMINATION OF THE NCO :

Field Office Manager's Signature: _____ Date: _____
 Field Office Manager

Based on my review of the information supporting the proposed action, as NEPA Compliance Officer (authorized under DOE Order 481.1), I have made the following determination:
 CE, EA, EIS CATEGORY AND NUMBER:
 Decision:
 401 Action to conserve energy, demonstrate potential energy conservation and promote energy efficiency that do not increase the energy consumption of normally furnished substances. These actions may involve financial and technical assistance to individuals (such as business owners, consultants, designers), organizations (such as utilities), the state and local government. Covered actions involve, but are not limited to, programmatic funding of financial assistance, placement of funds on the water system, installation of water hot water systems, installation of efficient lighting, improvements in generator efficiency and cogeneration efficiency, development of energy-efficient manufacturing or industrial practices, and other energy conservation and renewable energy research and development and pilot projects. The actions could involve building new structures or new structures in commercial, residential, educational or industrial facilities. These actions do not include financing, standard design, or proposed DOE regulation.
 402 Expansion program (including but not limited to: historic energy research, audits, data analysis (including computer modeling, simulation) (such as computer design or feasibility studies, analysis energy supply and demand studies, and simulation) (including but not limited to: demand modeling, prediction, and simulation) and discussion, testing and validation (program), but not including site characterization or environmental monitoring.
 403 Technical advice and planning assistance to international, national, state, and local organizations.
 (based on the determination of the Department of Commerce & Economic Opportunity will administer the EIS/EA Program for the state of Illinois. Department of Commerce & Economic Opportunity would issue through DOE funding to sub-recipients for the implementation of the EIS/EA Program for the LARC Subject. All projects under this program are bounded in compliance with the updated and signed EIS/EA Template for Expedited NEPA review.
 Any projects that fall outside the scope of the template are conditioned pending further NEPA review.
 These projects comprise education, technical advice, and actions to conserve energy. Therefore they are categorized under CE, EA, EIS, and 401.
