U.S. DEPARTMENT OF ENERGY
EERE PROJECT MANAGEMENT CENTER
NEPA DETERMINATION

RECIPIENT:County of Fresno

STATE: CA

PROJECT
TITLE : Fresno County EECSBG Activities (S)

Funding Opportunity Announcement Number	Procurement Instrument Number	NEPA Control Number	CID Number
DE-FOA-0000013	EE0000891		0

Based on my review of the information concerning the proposed action, as NEPA Compliance Officer (authorized under DOE Order 451.1A), I have made the following determination:

CX, EA, EIS APPENDIX AND NUMBER:

Description:

- A11 Technical advice and planning assistance to international, national, state, and local organizations.
- A9 Information gathering (including, but not limited to, literature surveys, inventories, audits), data analysis (including computer modeling), document preparation (such as conceptual design or feasibility studies, analytical energy supply and demand studies), and dissemination (including, but not limited to, document mailings, publication, and distribution; and classroom training and informational programs), but not including site characterization or environmental monitoring.
- B5.1 Actions to conserve energy, demonstrate potential energy conservation, and promote energy-efficiency that do not increase the indoor concentrations of potentially harmful substances. These actions may involve financial and technical assistance to individuals (such as builders, owners, consultants, designers), organizations (such as utilities), and state and local governments. Covered actions include, but are not limited to: programmed lowering of thermostat settings, placement of timers on hot water heaters, installation of solar hot water systems, installation of efficient lighting, improvements in generator efficiency and appliance efficiency ratings, development of energy-efficient manufacturing or industrial practices, and small-scale conservation and renewable energy research and development and pilot projects. The actions could involve building renovations or new structures in commercial, residential, agricultural, or industrial sectors. These actions do not include rulemakings, standard-settings, or proposed DOE legislation.

Rational for determination:

The County of Fresno, California would use DOE funds for the following activities which are bounded by the signed SOW and are therefore categorically excluded under NEPA:

- Activity 2 – Exterior Lighting Retrofit
- Activity 3 – On-site Renewable Technology (solar panels on existing structures)
- Activity 4 – JJC Day Room VAV Retrofit
- Activity 5 – Central Library Air Handler Replacement
- Activity 6 – Library HVAC Controls Systems
- Activity 7 – Brix/Mercer HVAC Controls Replacement
- Activity 8 – Grants Administration

The following activity has already been categorically excluded from further NEPA review by DOE and is not being included in this action:

Activity 1, EECS Development

Any projects submitted for EECSBG funding that fall outside the bounds of the signed SOW will require a separate NEPA determination review.
