**U.S. DEPARTMENT OF ENERGY
EERE PROJECT MANAGEMENT CENTER
NEPA DETERMINATION**

RECIPIENT: City of Hailey

STATE: ID

PROJECT TITLE : REEZ Hailey Resource Recovery Center Feasibility Study

Funding Opportunity Announcement Number	Procurement Instrument Number	NEPA Control Number	CID Number
DE-FOA-0000052	DE-EE000141	GFO-10-086-002	0

Based on my review of the information concerning the proposed action, as NEPA Compliance Officer (authorized under DOE Order 451.1A), I have made the following determination:

CX, EA, EIS APPENDIX AND NUMBER:

Description:

- A9** Information gathering (including, but not limited to, literature surveys, inventories, audits), data analysis (including computer modeling), document preparation (such as conceptual design or feasibility studies, analytical energy supply and demand studies), and dissemination (including, but not limited to, document mailings, publication, and distribution; and classroom training and informational programs), but not including site characterization or environmental monitoring.
- A11** Technical advice and planning assistance to international, national, state, and local organizations.

Rational for determination:

The City of Hailey's proposal is for a grant of \$30,000 to help fund a \$60,000 Feasibility Study (study) for the creation of a Renewable Energy Enterprise Zone (REEZ). Their partners, Whole Water Systems (with sister company Whole Energy Solar) of Ketchum, have agreed to provide their services for \$30,000 and have offered an additional \$10,000 in matching funds for their services. The City of Hailey will match the grant with \$20,000 of billable city employee time.

The study will assess the viability of a Resource Recovery Center (RRC) which will receive and process sewage treatment plant sludge, septage from onsite septic systems within Blaine County, grease from restaurants and a wide variety of other potential biosolids wastes (e.g. agriculture animal waste, food waste from restaurants, grocery stores and homes).

These activities comprise information gathering, feasibility studies, and technical advice and can therefore be categorically excluded under A9 and A11.

NEPA PROVISION

DOE has made a final NEPA determination for this award

Insert the following language in the award:

DOE has made a conditional NEPA determination for this award, and funding for certain tasks under this award is contingent upon the final NEPA determination.

Insert the following language in the award:

You are restricted from taking any action using federal funds, which would have an adverse affect on the environment or limit the choice of reasonable alternatives prior to DOE/NNSA providing either a NEPA clearance or a final NEPA decision regarding the project.

Prohibited actions include:

The following activities are prohibited pending further NEPA review:

Idaho Renewable Energy Enterprise Zone Program - Any construction, installation, demolition, or final engineering for the project.

This restriction does not preclude you from:

Idaho Renewable Energy Enterprise Zone Program - REEZ Hailey Resource Recovery Center Feasibility Study

If you move forward with activities that are not authorized for federal funding by the DOE Contracting Officer in advance of the final NEPA decision, you are doing so at risk of not receiving federal funding and such costs may not be recognized as allowable cost share.
