U.S. Department of Energy
Categorical Exclusion Determination Form

Program or Field Office: EECBG-EERE/RW

Project Title: Material Conservation Program

Location: Vermont City of Williston and Chittenden

Proposed Action or Project Description: American Recovery and Reinvestment Act: ☒

The Chittenden County Regional Planning Commission is recommending one subgrant focused on Material Conservation for DOE approval.

The Chittenden Solid Waste District is proposing an expansion to their current recycling program to include a “Special Waste Recycling” component which will focus on construction waste. The waste will specifically be drywall scrap and plastic film recycling programs for the residents and businesses of Chittenden County. CSWD is a union municipal district and is responsible for the management of solid waste generated within Chittenden County. This proposal will expand the already existing pavement at the Drop-Off Center and Special Waste Facility to construct a pole barn with three bays for storage of the waste. Construction of a storage facility and installation of a baler will complete Phase I of CSWD's plan to significantly expand its diversion of "hard to recycle" or special wastes.

The structure will be built at 1402 Redmond Road in Williston, VT, which currently houses a solid waste transfer facility (a residential and business

Categorical Exclusion(s) Applied:

X - B5.1 Actions to conserve energy

X - B6.10 Siting/construction/operation/decommissioning of small upgraded or replacement waste storage facilities

X - B6.8 Modifications for waste minimization/reuse of materials

*-For the complete DOE National Environmental Policy Act regulations regarding categorical exclusions, see Subpart D of 10 CFR10 21 Click Here

This action would not: threaten a violation of applicable statutory, regulatory, or permit requirements for environment, safety, and health, including DOE and/or Executive Orders; require siting, construction, or major expansion of waste storage, disposal, recovery, or treatment facilities, but may include such categorically excluded facilities; disturb hazardous substances, pollutants, contaminants, or CERCLA-excluded petroleum and natural gas products that pre-exist in the environment such that there would be uncontrolled or unpermitted releases; or adversely affect environmentally sensitive resources (including but not limited to those listed in paragraph B.(4)) of Appendix B to Subpart D of 10 CFR 1021). Furthermore, there are no extraordinary circumstances related to this action that may affect the significance of the environmental effects of the action; this action is not "connected" to other actions with potentially significant impacts, is not related to other proposed actions with cumulatively significant impacts, and is not precluded by 40 CFR 1506.1 or 10 CFR 1021.211.

Based on my review of information conveyed to me and in my possession (or attached) concerning the proposed action, as NEPA Compliance Officer (as authorized under DOE Order 451.1B), I have determined that the proposed action fits within the specified class(es) of action, the other regulatory requirements set forth above are met, and the proposed action is hereby categorically excluded from further NEPA review.
