**U.S. DEPARTMENT OF ENERGY  
EERE PROJECT MANAGEMENT CENTER  
NEPA DETERMINATION**

RECIPIENT: Salt Lake Community College

STATE: UT

PROJECT TITLE : Rocky Mountain Solar Training Provider

<b>Funding Opportunity Announcement Number</b>	<b>Procurement Instrument Number</b>	<b>NEPA Control Number</b>	<b>CID Number</b>
DE-FOA-0000078	DE-EE0002090	GFO-10-165-001	0

Based on my review of the information concerning the proposed action, as NEPA Compliance Officer (authorized under DOE Order 451.1A), I have made the following determination:

**CX, EA, EIS APPENDIX AND NUMBER:**

## Description:

- B1.15** Siting, construction (or modification), and operation of support buildings and support structures (including, but not limited to, trailers and prefabricated buildings) within or contiguous to an already developed area (where active utilities and currently used roads are readily accessible). Covered support buildings and structures include those for office purposes; parking; cafeteria services; education and training; visitor reception; computer and data processing services; employee health services or recreation activities; routine maintenance activities; storage of supplies and equipment for administrative services and routine maintenance activities; security (including security posts); fire protection; and similar support purposes, but excluding facilities for waste storage activities, except as provided in other parts of this appendix.
- B5.1** Actions to conserve energy, demonstrate potential energy conservation, and promote energy-efficiency that do not increase the indoor concentrations of potentially harmful substances. These actions may involve financial and technical assistance to individuals (such as builders, owners, consultants, designers), organizations (such as utilities), and state and local governments. Covered actions include, but are not limited to: programmed lowering of thermostat settings, placement of timers on hot water heaters, installation of solar hot water systems, installation of efficient lighting, improvements in generator efficiency and appliance efficiency ratings, development of energy-efficient manufacturing or industrial practices, and small-scale conservation and renewable energy research and development and pilot projects. The actions could involve building renovations or new structures in commercial, residential, agricultural, or industrial sectors. These actions do not include rulemakings, standard-settings, or proposed DOE legislation.

## Rational for determination:

DOE is proposing to provide federal funding to the recipient to construct an outdoor training facility at Salt Lake Community College. The proposed site for the training facility is on the SLCC Meadowbrook Campus located on the northeast corner of 3900 South and 300 West in a commercial/industrial area of Salt Lake City. The site is approximately 75 feet wide and 150 feet deep. It is situated behind and contiguous with Building C of the campus. Light rail tracks boarder the site on the east. The area is fenced. The site is accessed from 300 West. The site is covered with approximately 75 percent compacted road base and 25 percent weeds and grass. Prior uses of the site include equipment storage, semi-trailer driver training, backing and parking.

This task was added to the scope of work after the initial NEPA review for this financial assistance award. The remainder of this project was CXed on 2/1/2010.

**NEPA PROVISION**

DOE has made a final NEPA determination for this award

Insert the following language in the award:

## Note to Specialist :

This task was added to the scope of work after the initial NEPA review for this financial assistance award. The remainder of this project was CXed on 2/1/2010.

**SIGNATURE OF THIS MEMORANDUM CONSTITUTES A RECORD OF THIS DECISION.**
