EERE PROJECT MANAGEMENT CENTER  
NEPA DETERMINATION**

RECIPIENT: County of Lexington

STATE: SC

PROJECT TITLE : EECBG (S)

Funding Opportunity Announcement Number	Procurement Instrument Number	NEPA Control Number	CID Number
	EE0000949	GFO-0000949-001	0

Based on my review of the information concerning the proposed action, as NEPA Compliance Officer (authorized under DOE Order 451.1A), I have made the following determination:

**CX, EA, EIS APPENDIX AND NUMBER:**

Description:

**B5.1** Actions to conserve energy, demonstrate potential energy conservation, and promote energy-efficiency that do not increase the indoor concentrations of potentially harmful substances. These actions may involve financial and technical assistance to individuals (such as builders, owners, consultants, designers), organizations (such as utilities), and state and local governments. Covered actions include, but are not limited to: programmed lowering of thermostat settings, placement of timers on hot water heaters, installation of solar hot water systems, installation of efficient lighting, improvements in generator efficiency and appliance efficiency ratings, development of energy-efficient manufacturing or industrial practices, and small-scale conservation and renewable energy research and development and pilot projects. The actions could involve building renovations or new structures in commercial, residential, agricultural, or industrial sectors. These actions do not include rulemakings, standard-settings, or proposed DOE legislation.

Rational for determination:

Lexington County is proposing to use EECBG funding to implement three energy efficiency retrofit activities.

This NEPA determination is necessary for the recognition of the signed SOW that is attached in the PMC. The proposed projects will remain within the bounds of the uploaded and signed SOW and are consistent with activities outlined in B5.1 "actions to conserve energy"; therefore, they are categorically excluded from further NEPA review.

Any activity that falls outside the bounds of the SOW will require an individual NEPA review.
