U.S. DEPARTMENT OF ENERGY  
EERE PROJECT MANAGEMENT CENTER  
NEPA DETERMINATION

RECIPIENT: Chesterfield County

STATE: VA

PROJECT TITLE : EECBG Lighting Retrofit

Funding Opportunity Announcement Number	Procurement Instrument Number	NEPA Control Number	CID Number
DE-FOA-0000013	DE-EE0000874	GFO-0000874-001	0

Based on my review of the information concerning the proposed action, as NEPA Compliance Officer (authorized under DOE Order 451.1A), I have made the following determination:

**CX, EA, EIS APPENDIX AND NUMBER:**

Description:

- A9 Information gathering (including, but not limited to, literature surveys, inventories, audits), data analysis (including computer modeling), document preparation (such as conceptual design or feasibility studies, analytical energy supply and demand studies), and dissemination (including, but not limited to, document mailings, publication, and distribution; and classroom training and informational programs), but not including site characterization or environmental monitoring.
- A11 Technical advice and planning assistance to international, national, state, and local organizations.

Rational for determination:

Chesterfield County is proposing to use EECBG funding to conduct audits of existing lighting in schools. The original scope only included lighting retrofits. The recipient was able to expand the activity to additional schools, but this necessitated EECBG funds be used to conduct lighting audits in order to determine the on-going lighting retrofit activity. Chesterfield County proposes to retrofit schools with existing inefficient T-12 fluorescent lighting to high-efficiency T-8, electronic ballast fluorescent lighting. An audit of existing lighting will determine the number of schools that can be retrofit through this program.

The proposed scope change is consistent with activities outlined in A9 and A11; therefore it is categorically excluded from further NEPA review.
