**U.S. DEPARTMENT OF ENERGY
EERE PROJECT MANAGEMENT CENTER
NEPA DETERMINATION**

RECIPIENT: Hudson Valley Community College; sub Suffolk Community College

STATE: NY

PROJECT TITLE : Northeast Photovoltaic Regional Training Provider

Funding Opportunity Announcement Number	Procurement Instrument Number	NEPA Control Number	CID Number
DE-EE0002087	DE-EE0002087	GFO-0002087-003	EE2087

Based on my review of the information concerning the proposed action, as NEPA Compliance Officer (authorized under DOE Order 451.1A), I have made the following determination:

CX, EA, EIS APPENDIX AND NUMBER:

Description:

A9 Information gathering, analysis, and dissemination

Information gathering (including, but not limited to, literature surveys, inventories, site visits, and audits), data analysis (including, but not limited to, computer modeling), document preparation (including, but not limited to, conceptual design, feasibility studies, and analytical energy supply and demand studies), and information dissemination (including, but not limited to, document publication and distribution, and classroom training and informational programs), but not including site characterization or environmental monitoring. (See also B3.1 of appendix B to this subpart.)

A11 Technical advice and assistance to organizations

Technical advice and planning assistance to international, national, state, and local organizations.

B3.14 Small-scale educational facilities

Siting, construction, modification, operation, and decommissioning of small-scale educational facilities (including, but not limited to, conventional teaching laboratories, libraries, classroom facilities, auditoriums, museums, visitor centers, exhibits, and associated offices) within or contiguous to a previously disturbed or developed area (where active utilities and currently used roads are readily accessible). Operation may include, but is not limited to, purchase, installation, and operation of equipment (such as audio/visual and laboratory equipment) commensurate with the educational purpose of the facility.

Rational for determination:

This NEPA determination applies to an additional location for a mock roof installation associated with Hudson Valley Community College Northeast Photovoltaic Regional Training Provider project (GFO-10-237; CX A9, A11 and B5.1; signed 3.4.2010) applied to Phase 1. This additional location is also part of Phase 1.

Hudson Valley Community College's sub-recipient Suffolk Community College proposes to use federal funding to purchase three mock roof systems to support a solar photovoltaic (PV) educational program. This project is will be located at 533 College Road, Selden, New York 11784. The proposed site, located one mile southwest of Selden, New York, is bordered by County Road 97 on the west and College Road on the east. The campus is surrounded by residential communities.

The proposed project would allow students to assemble three mock solar PV systems (8 feet X 8 feet) on portable simulating roof systems for training purposes. Project activities would also include curriculum development and outreach activities.

Based on this information, DOE has determined the work outlined is consistent with activities identified in categorical exclusion A9 (information gathering, analysis and dissemination), A11 (technical advice and assistance to organizations) and B3.14 (small-scale educational facilities).

NEPA PROVISION

DOE has made a final NEPA determination for this award

Insert the following language in the award:

If you intend to make changes to the scope or objective of your project you are required to contact the Project Officer identified in Block 11 of the Notice of Financial Assistance Award before proceeding. You must receive notification of approval from the DOE Contracting Officer prior to commencing with work beyond that currently approved.
