**U.S. DEPARTMENT OF ENERGY
EERE PROJECT MANAGEMENT CENTER
NEPA DETERMINATION**

RECIPIENT: Southeast Energy Efficiency Alliance (SEEA)

STATE: GA

PROJECT TITLE : Achieving Regional Energy Efficiency Potential in the Southeast

Funding Opportunity Announcement Number	Procurement Instrument Number	NEPA Control Number	CID Number
DNFA - REEOs	DE-EE0005826	GFO-0005826-001	EE5826

Based on my review of the information concerning the proposed action, as NEPA Compliance Officer (authorized under DOE Order 451.1A), I have made the following determination:

CX, EA, EIS APPENDIX AND NUMBER:

Description:

A11 Technical advice and assistance to organizations

Technical advice and planning assistance to international, national, state, and local organizations.

A9 Information gathering, analysis, and dissemination

Information gathering (including, but not limited to, literature surveys, inventories, site visits, and audits), data analysis (including, but not limited to, computer modeling), document preparation (including, but not limited to, conceptual design, feasibility studies, and analytical energy supply and demand studies), and information dissemination (including, but not limited to, document publication and distribution, and classroom training and informational programs), but not including site characterization or environmental monitoring. (See also B3.1 of appendix B to this subpart.)

Rational for determination:

The U.S. Department of Energy (DOE) is proposing to provide federal funding to the Southeast Energy Efficiency Alliance (SEEA) to provide regional support and technical assistance for DOE Energy Efficiency and Renewable Energy (EERE) programs.

SEEA would support the EERE program areas of Advanced Manufacturing Office, Building Technologies Program, Office of Strategic Programs and Weatherization and Intergovernmental Programs. SEEA would utilize funding to collect best practices, case studies and data to provide the impact of EERE funds, organize meetings, conferences and events, and prepare educational and outreach documents and webpages.

Based on review of the project information and the above analysis, DOE has determined the activities would not have a significant individual or cumulative impact to human health and/or environment. DOE has determined the proposed project is consistent with the actions contained in DOE categorical exclusion A9 "information gathering, analysis, and dissemination," and A11 "technical advice and assistance," and is categorically excluded from further NEPA review.

Any further projects will require a separate NEPA determination review.
