The majority of the WRPS facilities are classified as historical non-contributing/exempt properties under DOE/RL-97-56, Revision 1. To ensure there will be no ecological/biological or cultural impacts, prior to work initiation, 1)any non-exempt facilities or work will have the appropriate cultural reviews obtained as needed, 2) ecological reviews will be obtained if needed, 3) all work activities (including associated staging &/or laydown areas) will be performed within or contiguous to an already developed area (where active site utilities & roads are readily accessible & no habitat/vegetation will be disturbed), & 4) the buildings/structures & associated equipment will always be walked down for wildlife/migratory birds prior to any relocation &/or installation. If any cultural or ecological issues are identified, the buildings/structures & associated equipment will not be relocated, installed, or operated until the identified issue(s) have been appropriately dealt with as required by relevant company or Hanford Site procedures and regulations.
