ATTN OF: KEC-4

SUBJECT: Environmental Clearance Memorandum

TO: Sandra Fife—KEW-4

Proposed Action: Aeneans Creek Spring property funding

Fish and Wildlife Project No. and Contract No.: 2008-104-00, BPA-007080

Categorical Exclusion Applied (from Subpart D, 10 C.F.R. Part 1021): B1.25 Real property transfers for cultural resources protection, habitat preservation, and wildlife management

Location: Okanogan County, Washington (Section 36, Township 37 North, Range 26 East)

Proposed by: Bonneville Power Administration (BPA)

Description of the Proposed Action: BPA proposes to fund the Confederated Tribes of the Coleville Reservation (CCT) for the purchase of approximately 12.5 acres of property, referred to as the Aeneans Creek Spring property in Okanogan County, WA. The CCT will own and manage the Aeneans Creek Spring property for fish and wildlife conservation purposes and BPA will receive a conservation easement to ensure that the habitat values on the property are always protected.

This land purchase would serve as partial mitigation for the construction and operation of the dams on the main stem Columbia and Snake Rivers. It also satisfies some of BPA's mitigation requirements for the Columbia River estuary as identified in the National Marine Fisheries Service 2008/2010 Biological Opinion that guides BPA's protection of salmon and steelhead listed under the federal Endangered Species Act. The Aeneans Creek Spring property provides habitat for fish and wildlife species in the Columbia River estuary including coho and chinook salmon, steelhead, Columbia white-tailed deer, Roosevelt elk, and river otter.

The CCT will provide long-term stewardship for the land and will develop a management plan to guide the protection and enhancement of habitat and other resources on the property. Prior to any funding of management activities, BPA will conduct further environmental review.

Findings: BPA has determined that the proposed action complies with Section 1021.410 and Appendix B of Subpart D of the Department of Energy's (DOE) National Environmental Policy Act (NEPA) Regulations (57 FR 15144, Apr. 24, 1992, as amended at 61 FR 36221-36243, July 9, 1996; 61 FR 64608, Dec. 6, 1996, 76 FR 63764, Nov. 14, 2011). The proposed action does not present any extraordinary circumstances that may affect the significance of the environmental effects of the proposal. The proposal is not connected [40 C.F.R. 1508.25(a)(1)]

to other actions with potentially significant impacts, has not been segmented to meet the definition of a categorical exclusion, is not related to other proposed actions with cumulatively significant impacts [40 C.F.R. 1508.25(a)(2)], and is not precluded by 40 C.F.R. 1506.1 or 10 C.F.R. 1021.211. Moreover, the proposed action would not (i) threaten a violation of applicable statutory, regulatory, or permit requirements for environment, safety, and health, (ii) require siting and construction or major expansion of waste storage, disposal, recovery, or treatment facilities, (iii) disturb hazardous substances, pollutants, contaminants, or Comprehensive Environmental Response, Compensation and Liability Act-excluded petroleum and natural gas products that pre-exist in the environment such that there would be uncontrolled or unpermitted releases, (iv) have the potential to cause significant impacts on environmentally sensitive resources, or (v) involve genetically engineered organisms, synthetic biology, governmentally designated noxious weeds, or invasive species, unless the proposed activity would be contained or confined in a manner designed and operated to prevent unauthorized release into the environment and conducted in accordance with applicable requirements.

This proposed action meets the requirements for the Categorical Exclusion referenced above. We therefore determine that the proposed action may be categorically excluded from further NEPA review and documentation.

Environmental Checklist for Categorical

Environmental Checklist for Categorical Exclusions

Name of Proposed Project: Aeneans Creek Spring Meadow property funding

Work Order #: _____

This project does not have the potential to cause significant impacts on the following environmentally sensitive resources. See 10 CFR 1021, Subpart D, Appendix B for complete descriptions of the resources. This checklist is to be used as a summary – further discussion may be included in the Categorical Exclusion Memorandum.

| Environmental Resources | No Potential for Significance | No Potential, with Conditions (describe) |
|---|-------------------------------------|--|
| 1. Historic Properties and Cultural Resources | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| 2. T & E Species, or their habitat(s) | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| 3. Floodplains or wetlands | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| 4. Areas of special designation | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| 5. Health & safety | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| 6. Prime or unique farmlands | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| 7. Special sources of water | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| 8. Other (describe) | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
