

# Categorical Exclusion Determination

Bonneville Power Administration

Department of Energy

**Proposed Action:** Noble Oaks 2 Property Acquisition and Stewardship Funding

**Fish and Wildlife Project No. and Contract No. :** 2011-003-00; BPA-008680

**Project Manager:** Hannah Dondy-Kaplan – EWM-4

**Location:** Sheridan quadrangle, in Polk County, Oregon (near Willamina, Oregon).

**Categorical Exclusion Applied (from Subpart D, 10 C.F.R. Part 1021):** B1.25 Real property transfers for cultural resources protection, habitat preservation, and wildlife management

**Description of the Proposed Action:** BPA is proposing to fund The Nature Conservancy to purchase the Noble Oaks 2 property, a 194-acre parcel of land located 1.5 miles southeast of Willamina, Oregon in Polk County. BPA would hold a conservation easement to prevent the conversion of fish and wildlife habitat on the property to other land uses. BPA would also provide The Nature Conservancy stewardship funds for maintenance of the property.

Funding the purchase of the property and long-term stewardship would partially fulfill commitments made in the 2010 “Willamette River Basin Memorandum of Agreement Regarding Wildlife Habitat Protection and Enhancement between the State of Oregon and the Bonneville Power Administration.”

The property consists of Willamette Valley riparian habitat. The Nature Conservancy would develop a management plan to guide the protection and enhancement of habitat and other resources on the property. The management plan would be reviewed by BPA for consistency with the conservation easement and the purpose of the acquisition. If BPA proposes to fund any additional activities on the property, further environmental review may be conducted.

**Findings:** In accordance with Section 1021.410(b) of the Department of Energy’s (DOE) National Environmental Policy Act (NEPA) Regulations (57 FR 15144, Apr. 24, 1992, as amended at 61 FR 36221-36243, July 9, 1996; 61 FR 64608, Dec. 6, 1996, 76 FR 63764, Nov. 14, 2011), BPA has determined that the proposed action:

- (1) fits within a class of actions listed in Appendix A of 10 CFR 1021, Subpart D (see attached Environmental Checklist;
- (2) does not present any extraordinary circumstances that may affect the significance of the environmental effects of the proposal; and
- (3) has not been segmented to meet the definition of a categorical exclusion.

Based on these determinations, BPA finds that the proposed action is categorically excluded from further NEPA review.

## Categorical Exclusion Environmental Checklist

This checklist documents environmental considerations for the proposed project and explains why the project would not have the potential to cause significant impacts on environmentally sensitive resources and would meet other integral elements of the applied categorical exclusion.

**Proposed Action:** Noble Oaks 2 Property Acquisition and Stewardship Funding

---

### Project Site Description

The 194-acre Noble Oaks 2 property is currently privately owned and BPA will fund its purchase by The Nature Conservancy at closing; Willamette Valley riparian habitat is dominant, and is located Polk County, Oregon.

### Evaluation of Potential Impacts to Environmental Resources

Environmental Resource Impacts	No Potential for Significance	No Potential for Significance, with Conditions
1. <b>Historic and Cultural Resources</b>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
<u>Explanation:</u> There would be no effect due to the land acquisition which includes transfer of title and the creation of a conservation easement. To the extent that stewardship activities may have an effect, it is expected that the Confederated Tribes of the Grand Ronde would comply with all applicable laws and regulations.		
2. <b>Geology and Soils</b>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

### **Evaluation of Other Integral Elements**

The proposed project would also meet conditions that are integral elements of the categorical exclusion. The project would not:

- Threaten a violation of applicable statutory, regulatory, or permit requirements for environment, safety, and health, or similar requirements of DOE or Executive Orders.

Explanation, if necessary:

- Require siting and construction or major expansion of waste storage, disposal, recovery, or treatment facilities (including incinerators) that are not otherwise categorically excluded.

Explanation, if necessary:

- Disturb hazardous substances, pollutants, contaminants, or CERCLA excluded petroleum and natural gas products that preexist in the environment such that there would be uncontrolled or unpermitted releases.

Explanation, if necessary:

- Involve genetically engineered organisms, synthetic biology, governmentally designated noxious weeds, or invasive species, unless the proposed activity would be contained or confined in a manner designed and operated to prevent unauthorized release into the environment and conducted in accordance with applicable requirements, such as those of the Department of Agriculture, the Environmental Protection Agency, and the National Institutes of Health.

Explanation, if necessary:

**Landowner Notification, Involvement, or Coordination**

Description: Notification letters will be sent to adjacent landowners and other interested parties at a minimum of 15 days before the closing date (proposed closing date February 30, 16) of the sale. Ads will be posted in local newspapers and information will be posted on BPA's public website prior to closing.

---

Based on the foregoing, this proposed project does not have the potential to cause significant impacts on any environmentally sensitive resources.
