## Categorical Exclusion Determination Form

Submit by E-mail

Proposed Action Title: Concertina Wire, Liberty Substation

Program or Field Office: Western Area Power Administration/Desert Southwest Region

Location(s) (City/County/State): Liberty Substation, Section 19, Township 1N, Range 2W

Proposed Action Description:

Based on the results of an IG audit, Western plans to add constantine wire to the top of the existing perimeter fence surrounding Liberty Substation (~5,272 feet). Western will add two rows of barbwire along the top of the existing perimeter fence. In order to support the barbwire, Western will replace the top of the existing fence posts with arm caps. 45-degree barb arm caps will also be placed on the corners to support the new wire. Western will also ground new wire sections with #2 copper clad (steel core) conductor and ground to the existing fence post connections and in accordance with Western's Standard Designs.

Per the Programmatic Agreement, it has been determined this project will have little or no likelihood of affecting historic properties.

Special Conditions: None.

Categorical Exclusion(s) Applied:

B1.11 - Fencing

For the complete DOE National Environmental Policy Act regulations regarding categorical exclusions, including the full text of each categorical exclusion, see Subpart D of [10 CFR Part 1021](#).

Regulatory Requirements in 10 CFR 1021.410(b): (See full text in regulation)

The proposal fits within a class of actions that is listed in Appendix A or B to 10 CFR Part 1021, Subpart D.

To fit within the classes of actions listed in 10 CFR Part 1021, Subpart D, Appendix B, a proposal must be one that would not: (1) threaten a violation of applicable statutory, regulatory, or permit requirements for environment, safety, and health, or similar requirements of DOE or Executive Orders; (2) require siting and construction or major expansion of waste storage, disposal, recovery, or treatment facilities (including incinerators), but the proposal may include categorically excluded waste storage, disposal, recovery, or treatment actions or facilities; (3) disturb hazardous substances, pollutants, contaminants, or CERCLA-excluded petroleum and natural gas products that preexist in the environment such that there would be uncontrolled or unpermitted releases; (4) have the potential to cause significant impacts on environmentally sensitive resources, including, but not limited to, those listed in paragraph B(4) of 10 CFR Part 1021, Subpart D, Appendix B; (5) involve genetically engineered organisms, synthetic biology, governmentally designated noxious weeds, or invasive species, unless the proposed activity would be contained or confined in a manner designed and operated to prevent unauthorized release into the environment and conducted in accordance with applicable requirements, such as those listed in paragraph B(5) of 10 CFR Part 1021, Subpart D, Appendix B.

There are no extraordinary circumstances related to the proposal that may affect the significance of the environmental effects of the proposal.

The proposal has not been segmented to meet the definition of a categorical exclusion. This proposal is not connected to other actions with potentially significant impacts (40 CFR 1508.25(a)(1)), is not related to other actions with individually insignificant but cumulatively significant impacts (40 CFR 1508.27(b)(7)), and is not precluded by 40 CFR 1506.1 or 10 CFR 1021.211 concerning limitations on actions during preparation of an environmental impact statement.

Based on my review of the proposed action, as NEPA Compliance Officer (as authorized under DOE Order 451.1B), I have determined that the proposed action fits within the specified class(es) of action, the other regulatory requirements set forth above are met, and the proposed action is hereby categorically excluded from further NEPA review.
