**U.S. DEPARTMENT OF ENERGY
OFFICE OF ENERGY EFFICIENCY AND RENEWABLE ENERGY
NEPA DETERMINATION**

RECIPIENT:Frontline BioEnergy

STATE: IA

PROJECT TITLE : Innovative Pilot and Demonstration Scale Production of Advanced Biofuels

Funding Opportunity Announcement Number	Procurement Instrument Number	NEPA Control Number	CID Number
DE-FOA-0000739	DE-EE0006242	GFO-0006242-002	GO6242

Based on my review of the information concerning the proposed action, as NEPA Compliance Officer (authorized under DOE Order 451.1A), I have made the following determination:

CX, EA, EIS APPENDIX AND NUMBER:

Description:

A9 Information gathering, analysis, and dissemination	Information gathering (including, but not limited to, literature surveys, inventories, site visits, and audits), data analysis (including, but not limited to, computer modeling), document preparation (including, but not limited to, conceptual design, feasibility studies, and analytical energy supply and demand studies), and information dissemination (including, but not limited to, document publication and distribution, and classroom training and informational programs), but not including site characterization or environmental monitoring. (See also B3.1 of appendix B to this subpart.)
--	--

Rationale for determination:

The Department of Energy is proposing to provide funding to Frontline BioEnergy, LLC to complete preliminary designs for quotation purposes, construction costing, applications for environmental permits, and project management. No construction activities are a part of Budget Period 1B. This NEPA determination covers only Budget Period 1B project activities. The previous A9 NEPA determination on 8/15/13 for activities in Budget Period 1A which included preliminary validation and negotiation activities is still applicable.

Budget Periods 2A and 2B are not being considered at this time as DOE needs to make a critical Go / No Go funding decision at the conclusion of Budget Period 1B.

DOE has determined the proposed activities are consistent with the actions contained in DOE categorical exclusions A9 "information gathering, analysis, and dissemination," and is categorically excluded from further NEPA review.

NEPA PROVISION

DOE has made a conditional NEPA determination for this award, and funding for certain tasks under this award is contingent upon the final NEPA determination.

Insert the following language in the award:

You are restricted from taking any action using federal funds, which would have an adverse affect on the environment or limit the choice of reasonable alternatives prior to DOE/NNSA providing either a NEPA clearance or a final NEPA decision regarding the project.

Prohibited actions include:

Budget Periods 2A and 2B project activities.

This restriction does not preclude you from:

Budget Period 1A and 1B project activities.

If you move forward with activities that are not authorized for federal funding by the DOE Contracting Officer in advance of the final NEPA decision, you are doing so at risk of not receiving federal funding and such costs may not be recognized as allowable cost share.

Note to Specialist :

This NEPA Determination requires a tailored NEPA provision.
