## Quality Assurance Support (NNSA G2 Program)

### What it is

The G2 system integrates scope, schedule, budget, and metrics information for Headquarters and Management and Operating (M&O) Partners, creating a single repository of participating program data.

### Current Size

G2 project team is composed of 75+ people and is a blend of federal and contract workers, working for 6 organizations in 8 different physical locations. The G2 project adheres to the Scaled Agile Framework (SAFe®), which focuses on implementing lean-agile principles in a scalable way to deliver business value as quickly, efficiently, and with as high a much quality as possible.

### The Need

Quality Assurance (QA) Director and QA Specialists to join the G2 team to work exclusively on the G2 project. The QA team will perform software quality assurance on new and existing functionality supporting all the users and developers.

**NAICS code:** 541511, and the Small Business Size Standard is \$34 Million

**Estimate Value:** ~\$15M-\$25M

**RFQ:** ~ This Fall
