SPECIAL TERMS AND CONDITIONS, PROVISION 34

REQUIREMENTS FOR CONTINGENCY FUNDS FOR INTEGRATED BIOREFINERY PROJECTS

TO DE-EE0002877 – Solazyme, Inc. Biorefinery Project

I. Background

Recipients of awards selected under Funding Opportunity Announcement DE-FOA-0000096 are required to provide an initial amount of Contingency funds equal to not less than 25 percent of the Total Project Cost (TPC), subject to the requirements and clarifications provided in this Appendix. TPC includes the approved combined Federal and Recipient cost share funding amounts to accomplish the approved scope in the Statement of Project Objectives that are allowable, reasonable and allocable to the project in accordance with 10 Code of Federal Regulations (CFR) 600.317.

II. Definition

For the purposes of this award, **Contingency** is defined as follows:

A provision in the project management plan to mitigate cost and /or schedule risk (Project Management Body of Knowledge, Third Edition).

III. Requirements

A. Purpose

The Recipient may expend Contingency funds solely for the purpose of mitigating risks to the cost and/or schedule associated with the project performance baseline and consistent with the Risk Mitigation or Management Plan (RMP) and Risk Register. Schedule risks ultimately would be reflected as cost overruns. It is expected that those risks will either be: a) performance baseline schedule and/or cost risks that are identified in the RMP and Risk Register (known risks or opportunities); or, b) to mitigate unknown performance baseline risks or uncertainties that become incorporated into the RMP and Risk Register as they are discovered.

B. Framework and Criteria

1. The framework that governs the use of Contingency funds on the project authorized under this award relies on the Recipient to manage and control project performance baseline risks, opportunities and uncertainties utilizing the most recent, change-controlled performance baseline, Risk RMP and Risk Register. As risks are successfully mitigated throughout the duration of the project, the need for contingency is anticipated to decline. At the point when the performance test has been completed, the number and magnitude of risks and the available project and Contingency funds will need to be evaluated prior to DOE's Critical Decision 4 – Approval of Operations.

2. The initial 25 percent minimum Contingency is calculated based on the TPC (DOE share + Recipient cost share) in dollars. The award is divided into two budget periods – Budget Periods 1 and 2 (BP1 and BP2). BP1 primarily involves relatively low risk activities associated with design work, permitting, environmental baseline data gathering and analysis, financial close, and other activities that should not require significant contingency to be managed effectively. Therefore, for the purposes of this award, the 25% minimum Contingency requirement will be calculated based on the estimated TPC balance that begins with Budget Period 2 (BP2 - construction and operations). The Recipient will need to provide evidence (consistent with evidence standards identified in C. below) of meeting the required 25% minimum Contingency prior to DOE authorizing Critical Decision 3 – Approve Start of Construction. For example, if the BP2 estimate for construction and operations equals a TPC of \$100 million, with \$50 million DOE funds and \$50 million Recipient cost share funds, a minimum of \$25 million in initial Contingency funds would be required at the start of BP2. Any increase in the TPC resulting from cost and/or schedule overruns incurred during BP1 will be added to the BP2 TPC before calculating the initial 25% Contingency minimum.
3. Contingency Funds must be: a) liquid, b) immediately available, and c) unrestricted funds that are dedicated to the project.
4. Expenditures of Contingency funds is in addition to the TPC, and cannot count towards cost share. Similarly, expenditures of Contingency cannot result in reimbursement by DOE above the share approved for the project.
5. Contingency is **NOT** to be included in the project budget estimate.
6. The use of Contingency funds cannot be considered allowable costs under the award unless and until Recipient has actually expended such funds to address cost and/or schedule overruns to the performance baseline.
7. Estimated or projected program income **CANNOT** count towards contingency up front. However, the Recipient may use program income to reimburse actual expenditures of Contingency funds upon approval by the DOE Contracting Officer.

C. Acceptable Evidence of Sufficient Contingency Funds

1. Recipient must provide evidence of Contingency funds that are dedicated to the project and sufficient to meet the 25 percent minimum, which must be documented and reported on a monthly basis consistent with the reporting requirements for this award.
2. Below is a list of the types of evidence the Contracting Officer may consider. Although this list is not all-inclusive, it represents some of the types of documents the Contracting Officer may consider as evidence of adequate Contingency. DOE will review evidence of adequate Contingency provided by the Recipient on a case-by-case basis to determine its acceptability. This evidence may include, but not is not limited to, one or a combination of the following:
 - (i) Bank statement of availability of funds
 - (ii) Letter of credit

- (iii) Evidence of sufficient cash funds (e.g., a letter from the bank or investors certifying to the specific amounts and availability of cash contributions)
 - (iv) EPC Performance Guarantees
 - (v) Evidence of funds in an escrowed account dedicated to the project
 - (vi) Performance bond(s) – Terms and conditions must be approved by the Contracting Officer
3. Self-certification of the availability of Contingency funds is generally **NOT** acceptable evidence. In order for self-certification to be considered acceptable by the Contracting Officer, the following minimum requirements must be met:
- a. An executive officer from the Recipient (typically, the Chief Financial Officer) who has control of the disbursement of Contingency funds must:
 - i. Certify to no less than the minimum required initial specific amount, types and availability of Contingency funds;
 - ii. Report on the expenditure of those funds monthly to the Contracting Officer; and
 - iii. Recertify to the specific amount, type and availability of Contingency funds each month.
 - b. Any Contingency funds expended to address risks and/or opportunities in the performance baseline must be transparent and documented through the most recent approved baseline change control procedure; and
 - c. The documentation of expenditures of Contingency funds must be transparent such that an independent auditor would be able to easily track the use of such funds through the financial accounting system to the project code of accounts and to the performance baseline cost overruns.

D. Control and Management of Contingency Funds

1. Cost overruns that result in changes to the performance baseline must go through baseline change control. Cost overruns involving the use of Contingency must be documented through the most recent, approved baseline change control procedure. Those cost or schedule overruns that exceed the DOE-approved change control threshold must be approved by DOE. **Exception:** In the situation where an event occurs that compromises safety or threatens human health or the environment, the Recipient is expected to expend the appropriate amount of resources and/or Contingency necessary to manage the event and the project to a safe configuration. Changes to the performance baseline and any cost overruns resulting from the event shall be addressed after the Recipient has achieved a safe project configuration.
2. Any month in which the amount of Contingency becomes insufficient to meet the required minimum, it must be reported to the Contracting Officer within five (5) calendar days of discovery.

3. Incorporation of Contingency within the basis of estimates for each activity shall not be allowed. Activity estimates should be consistent with standard Recipient project estimating methods (e.g., activity-based cost estimating, parametric cost estimating, etc.), but shall avoid the embedding and layering of contingency throughout the Work Breakdown Structure (WBS).
4. At the completion of performance test (as described in the performance baseline), DOE will conduct the Critical Decision 4 (CD-4) – Approval of Operations review. This review will also be the point at which DOE will determine the amount of Contingency the Recipient will be required to have available during the operations phase. The criteria for this determination will be as follows:
 - a. Pilot plants – The amount of the Contingency typically required will be based on a minimum of 10 percent of the initial capital cost (BP2 TPC). Using this as a base, the amount of Contingency will be adjusted taking into account risk mitigation trends through the end of the performance test. For example, if the estimate to complete (ETC) and remaining risks through the end of the performance test reflect successful risk mitigation and cost effective project performance management, DOE would factor that into its decision on what percentage contingency will be required for the operations phase. DOE will withhold a percentage of its funds to assure that the operations phase is completed in accordance with the performance baseline and that DOE receives operations data in the form required.
 - b. Demonstration plants – The required amount of Contingency typically will be based on a minimum of 10 percent of the initial capital cost (BP2 TPC). Using this as a base, the amount of Contingency will be adjusted using risk mitigation trends through completion of the performance test. For example, if the ETC and risks remaining through the end of the performance test reflect successful risk mitigation and cost effective project performance management, DOE could factor that into its decision on what percentage contingency will be required for the operations phase. Furthermore, if the cost of the core technology exceeds 10 percent of the initial capital cost (BP2 TPC), DOE will factor this into the percentage of DOE funds to be withheld to assure that the operations phase is completed in accordance with the performance baseline.

Contingency

- A. Contingency Requirement. A minimum amount of Contingency is required for awards selected under Funding Opportunity Announcement DE-FOA-0000096. “Contingency” is defined in the Appendix as: “a provision in the Project Management Plan to mitigate cost and/or schedule risk.” Contingency funds must be (a) liquid, (b) immediately available, and (c) unrestricted funds dedicated exclusively to the Project for the purpose of mitigating project performance baseline risk. Contingency funds may come from a variety of sources, as approved by the Contracting Officer on a case-by-case basis in accordance with the Appendix to these Terms and Conditions.
- B. Minimum Amount of Contingency. Initial Contingency funds shall be not less than 25 percent of the Total Project Cost that begins with Budget Period 2, as more specifically described in Section B(2) of the Appendix to these Terms and Conditions.
- C. Contingency Not Counted Toward Cost Share or DOE Reimbursement. Contingency is in addition to the Total Project Cost and cannot count toward cost share or result in reimbursement by DOE above the share approved in the award.
- D. Appendix. All of the terms and conditions set forth in this provision shall be further subject to the requirements and clarifications of the Appendix.

FINANCIAL ASSISTANCE COMBINED COST/TECHNICAL EVALUATION
AND NEGOTIATION MEMORANDUM

SECTION I - GENERAL INFORMATION

This technical evaluation/negotiation memorandum will be prepared jointly by the assigned DOE/Golden OCPM AND OAFAs personnel, to document the specific action being evaluated and supported. Each office is responsible for certain sections of this document. The assigned OCPM and OAFAs personnel responsible for the action will both sign this document upon its completion, demonstrating their agreement on its contents.

Project Officer to complete:

- 1. Recipient: Solazyme, Inc.
- 2. Grant/Cooperative Agreement No.: DE-EE0002877 Modification No. 001
Requisition No:
Project Title: Solazyme Integrated Biorefinery (SzIBR): Diesel Fuels from Heterotrophic Algae
- 3. Type of Action: New Award Renewal Continuation Revision

REDACTED
EXEMPTION 5
(Deliberative Process)

Description of this Action: (NOTE: Indicate what is addressed by this Action only):

The purpose of this action is to lift the conditions on the _____ to be used in Budget Period 1 of the award for Solazyme, Inc. for the project entitled "Solazyme Integrated Biorefinery (SzIBR): Diesel Fuels from Heterotrophic Algae." It also approves the scope and budget for Budget Period 1.

Comment [CL1]:

- 4. Award type, as determined at Procurement Strategy Meeting (for new awards): Grant Cooperative Agreement

If Cooperative Agreement, provide the specifics of the Substantial Involvement. (Note: This language will be used in the Substantial Involvement provision of the award.):

Include standard language.

- 5. New/Revised Project Period for this Award: From: 01/29/2010 To: 03/31/2013
New/Revised Budget Period 1 for this Award: From: 01/12/2010 To: 03/31/2010
New/Revised Budget Period 2 for this Award: From: _____ To: _____

Comment [CL2]: 1/29 based on conditional award date

1/12 based on latest Gantt from SZ

12/4 earliest possible based on signed selection statement

- 6. Compliance Assessment (skip if new award):

a. Deliverables

The Recipient is current in submitting required reports: Yes No

If no, identify the delinquent report(s), indicate what action(s) have been taken to remedy the situation, and identify what further action(s) are necessary, if any:

[Empty text box for delinquent reports]

b. Financial

The Recipient is current in meeting the cost share requirement: Yes No

If no, indicate what action(s) have been taken to remedy the situation and validate why this new action should proceed:

[Empty text box for cost share remediation]

7. Check the applicable box for Funding Appropriation:

- Energy and Water Other _____

8. Check the applicable box for Statutory Authority:

- 109-58, Energy Policy Act 2005
 110-140, Energy Independence and Security Act 2007
 ARRA
 Other: _____

Specialist to complete:

9. Per 10 CFR 600, the preferred payment method for State/Local Governments, Institutions of Higher Education, Hospitals, or Other Non-Profit Organizations is **Advance**. The preferred Payment Method for For-Profit organizations is **Reimbursement**. Please state the payment method that will be used for this award in the box below. If the preferred payment method is not planned for a new award, provide an explanation below. Also, explain below if the payment method for the award is being changed by this action. If the ACH or the "ASAP Approval Required" payment methods is required, include an explanation for the restriction.

10. Is the proposed Recipient on the debarred or suspended list? Yes No
 Are any of the proposed subrecipients/subcontractors on the debarred or suspended list? Yes No
 Is the Project Director on the debarred or suspended list? Yes No

If yes for either response above, award cannot be made without obtaining a waiver. See attached waiver.

The review was conducted on the Internet on _____ (Date) (Include Printout in permanent STRIPES file)

11. A risk determination has been completed on the PMC Form 460.2 Yes N/A

Project Officer and Specialist to complete:

12. Negotiation:

Comment [CL3]:

Total Negotiated Fringe Benefit Costs: REDACTED	Not Applicable, the recipient did not propose Fringe Benefit costs: <input type="checkbox"/>
<i>For recipient budgets that include only fringe benefits and no indirect costs are proposed, the fringe benefit costs up to 35% of Direct Labor costs may be determined to be reasonable and acceptable, based on internal benchmarks of these costs. This fringe benefit costs allowance up to 35% of Direct Labor costs does not apply if fringe benefit costs are included in any indirect costs proposed for a budget. Fringe benefits costs that meet the criteria will not require a Fringe Benefit Rate proposal to be reviewed by the Cost/Price Analyst. However, supporting documentation should still be obtained for review.</i>

The fringe benefit costs in the negotiated budget were appropriately applied and are reasonable:

3. Travel:

Total Negotiated Travel Costs: **EX 4** Not Applicable, the recipient did not propose Travel costs:

Project Officer:

The number and type of trips proposed in the negotiated budget are reasonable for the scope of work:

The costs per trip proposed in the negotiated budget are reasonable:

Is foreign travel included in the negotiated budget: Yes No (If yes, please fill out the following table with the negotiated costs below)

Location	Total Cost	Rationale for Foreign Travel

If the negotiated travel budget is greater than \$100,000 or greater than 15% of the total negotiated budget, please explain the costs and rationale below:

Solazyme is constructing its pilot plant far outside of the vicinity of its home office. In order to ensure that the project is proceeding as expected and that the plant construction is properly supervised it is necessary for Solazyme's technical/engineering team to be able to be on site as much as possible during the development, construction, and operation of the pilot plant.

Specialist concurs.

4. Equipment:

Total Negotiated Equipment Costs: **EX 4** Not Applicable, the recipient did not propose Equipment costs:

Project Officer:

The type(s) of equipment proposed in the negotiated budget is/are reasonable for the scope of work:

The cost of equipment proposed in the negotiated budget are reasonable:

Is there any proposed equipment with a total cost exceeding \$50,000: Yes No (If yes, please fill out the following table with the negotiated costs and basis of cost, i.e. historical price or vendor quote)

Equipment	Total Cost	Purpose of Equipment	Basis of Cost
REDACTED EXEMPTION 4			

If the negotiated equipment budget is greater than \$100,000 or greater than 15% of the total negotiated budget, please explain the costs and rationale below:

<p>REDACTED EXEMPTION 4</p>				

Did the Recipient propose any subrecipients with total costs above \$250,000? Yes No (If Yes, a separate Technical Evaluation/Negotiation Memorandum is required for each subrecipient/vendor – see below)

Specialist concurs.

For awards to corporations and nonprofits, full reviews of their individual sub-recipients will be conducted for sub-recipient work with total costs (including cost share) greater than or equal to \$250,000 or greater than or equal to 50% of the total project costs, whichever is less. For awards to Universities, States, and Local Governments, full reviews of their individual sub-recipients will be conducted for sub-recipient work with total costs (including cost share) greater than or equal to \$500,000 or greater than or equal to 25% of the total project costs, whichever is less.

Full reviews consist of Tech Evaluation/Negotiation Memos covering reviews of budgets, budget justifications, and scopes of work. For all sub-recipients costs that are below these thresholds, projects must continue to be assessed for reasonableness on the basis of the explanation (cost and brief description of work) presented by the Recipient in their application.

7. Construction:

Total Negotiated Construction Costs: \$	Not Applicable, the recipient did not propose Construction costs: <input checked="" type="checkbox"/>

4. Is this a Recovery Act award? Yes No

- If Yes, does the Buy American Act apply (see applicability below)? Yes No
- If Yes, does Davis Bacon Act apply (see applicability below)? Yes No

If the answer to either the Buy American Act or Davis Bacon Act questions is Yes, provide a short discussion below on: 1) the type of entity; 2) what applies; Davis Bacon, Buy American, or both; 3) whether it applies to the prime, subrecipient, or both; and 4) work to be performed that requires applicability of Buy American and/or Davis Bacon.

Solazyme, their subrecipients, contractors, vendors, and other entities involved in this project will comply with Davis Bacon Act requirements where those requirements are applicable for this project.

Buy American Applicability for Recovery Act Awards: If the applicant's project involves construction, alteration, maintenance, or repair of a public building or public work of a governmental entity then the Recovery Act's Buy

American requirements apply (to the prime and/or the Subrecipient). If not, then those requirements are inapplicable. The implementing regulations define public building and public work to mean a public building of, and a public work of, a governmental entity including the United States; the District of Columbia; commonwealths, territories, and minor outlying islands of the United States; State and local governments; and multi-State, regional, or interstate entities which have governmental functions. The public building or public work must be located in the United States. See 2 CFR § 176.140. The implementing regulations may be found at the following link: <http://edocket.access.gpo.gov/2009/pdf/E9-9073.pdf>

Davis Bacon Applicability for Recovery Act Awards: If the applicant's project involves any resultant contracts that are in excess of \$2,000 for construction, alteration or repair (including painting and decorating), then the Recovery Act's Davis Bacon requirements apply. The Davis Bacon and Related Acts (DBRA) requires all contractors and subcontractors performing work on federal contracts in excess of \$2,000 to pay their laborers and mechanics not less than the prevailing wage rates and fringe benefits for corresponding classes of laborers and mechanics employed on similar projects in the area. The prevailing wage rates and fringe benefits are determined by the Secretary of Labor for inclusion in covered contracts.

For awards to Universities, States, and Local Governments, full reviews of their individual sub-recipients will be conducted for sub-recipient work with total costs (including cost share) greater than or equal to \$500,000 or greater than or equal to 25% of the total project costs, whichever is less.

Full reviews consist of Tech Evaluation/Negotiation Memos covering reviews of budgets, budget justifications, and scopes of work. For all sub-recipients costs that are below these thresholds, projects must continue to be assessed for reasonableness on the basis of the explanation (cost and brief description of work) presented by the Recipient in their application.

SECTION IV – RECOMMENDATIONS/APPROVAL

Signatures of the Project Officer and Specialist, indicating their recommendations, as indicated below, will occur after their mutual agreement on the contents of this document, and before the review and approval process for the action. The signatures below indicate that the costs in the negotiated budget are reasonable, allowable, and allocable.

1. Technical Recommendation

The project costs are acceptable and should be considered for a financial assistance award. The resources have been reviewed relative to the Statement of Project Objectives and are found to be reasonable, except as previously noted herein.

_____ Signature	_____ Date
_____ (Typed Name) Project Officer	

2. Specialist Recommendation

In view of the above analysis, the technical evaluation, and considering all known factors, this Award is recommended.

_____ Signature	_____ Date
_____ (Typed name) Grants and Agreements Specialist	

3. Contracting Officer Approval *

I concur with the above recommendation and have determined that the Recipient is responsible. I consider this Award to be in the best interest of the Government, and approve the award documents. (Select this box if the preparer is not the contracting officer)

In view of the analysis, the technical evaluation, and considering all known factors, I have determined that the Recipient is responsible. This Award is considered to be in the best interest of the Government and approved. (Select this box if the preparer is also the contracting officer and indicate N/A in Block 2.)

_____ Signature	_____ Date
_____ (Typed name) Contracting Officer	

** Contracting Officers shall not sign an award/negotiation memorandum when they are the preparer, without first obtaining a review by their Branch Chief (PF-1 form). However, the Branch Chief may designate another Branch Chief to review the documents. When the Contracting Officer is the Branch Chief, the Contracting Officer will obtain a review from another Independent Reviewer (e.g., Contracting Officer or Policy Analyst). Specialists or Contracting Officers have the discretion to request Independent Review or Legal Review of any action, whether or not required by the review policy, due to unusual circumstances, high visibility, or political sensitivity.*

****PLEASE DELETE ALL BLUE TEXT ONCE FORM IS COMPLETE**

NATIONAL ENVIRONMENTAL POLICY ACT (NEPA) REQUIREMENTS

DOE has made a conditional NEPA determination for this award, and hereby funds certain tasks that qualify for categorical exclusions from further NEPA review. The remainder of the project funding remains conditioned upon the Department's final NEPA determination.

You are restricted from taking any action using Federal funds, which would have an adverse effect on the environment or limit the choice of reasonable alternatives prior to DOE providing either a NEPA clearance or a final NEPA decision regarding this project. Prohibited actions include: Any activities identified as prohibited by the DOE Contracting Officer, Project Officer, or the NEPA Compliance Officer. These actions include, but are not limited to: Final Design; Site Characterization; Installation; Drilling and Environmental Monitoring.

This restriction does not preclude you from activities as defined below:

- Information gathering (including, but not limited to, literature surveys, inventories, audits), data analysis (including computer modeling), document preparation (such as conceptual design or feasibility studies, analytical energy supply and demand studies), and dissemination (including, but not limited to, document mailings, publication, and distribution; and classroom training and informational programs), but not including site characterization or environmental monitoring.
- Technical advice and planning assistance to international, national, state, and local organizations.

Prior to drawing down funds for all categorically excluded actions, the recipient is required to itemize the administrative actions in writing and submit them to the DOE project officer. Note that this conditional NEPA determination is not an indicator of the amount or nature of NEPA review that DOE must complete prior to releasing the NEPA condition for activities other than administrative ones.

If you move forward with activities that are not authorized for Federal funding by the DOE Contracting Officer in advance of the final NEPA decision, you are doing so at risk of not receiving Federal funding and such costs may not be recognized as allowable cost share. If this award includes construction activities, you must submit an environmental evaluation report/evaluation notification form addressing NEPA issues prior to DOE initiating the NEPA process.

4. Is this a Recovery Act award? Yes No

• If Yes, does the Buy American Act apply (see applicability below)? Yes No

• If Yes, does Davis Bacon Act apply (see applicability below)? Yes No

If the answer to either the Buy American Act or Davis Bacon Act questions is Yes, provide a short discussion below on: 1) the type of entity; 2) what applies; Davis Bacon, Buy American, or both; 3) whether it applies to the prime, subrecipient, or both; and 4) work to be performed that requires applicability of Buy American and/or Davis Bacon.

Buy American Applicability for Recovery Act Awards: *If the applicant's project involves construction, alteration, maintenance, or repair of a public building or public work of a governmental entity then the Recovery Act's Buy American requirements apply (to the prime and/or the Subrecipient). If not, then those requirements are inapplicable. The implementing regulations define public building and public work to mean a public building of, and a public work of, a governmental entity including the United States; the District of Columbia; commonwealths, territories, and minor outlying islands of the United States; State and local governments; and multi-State, regional, or interstate entities which have governmental functions. The public building or public work must be located in the United States. See 2 CFR § 176.140. The implementing regulations may be found at the following link: <http://edocket.access.gpo.gov/2009/pdf/E9-9073.pdf>*

Davis Bacon Applicability for Recovery Act Awards: *If the applicant's project involves any resultant contracts that are in excess of \$2,000 for construction, alteration or repair (including painting and decorating), then the Recovery Act's Davis Bacon requirements apply. The Davis Bacon and Related Acts (DBRA) requires all contractors and subcontractors performing work on federal contracts in excess of \$2,000 to pay their laborers and mechanics not less than the prevailing wage rates and fringe benefits for corresponding classes of laborers and mechanics employed on similar projects in the area. The prevailing wage rates and fringe benefits are determined by the Secretary of Labor for inclusion in covered contracts.*

Complete this section for each subrecipient with proposed total costs of \$100,000 or more. Otherwise, delete this section.

For awards to corporations and nonprofits, full reviews of their individual sub-recipients will be conducted for sub-recipient work with total costs (including cost share) greater than or equal to \$250,000 or greater than or equal to 50% of the total project costs, whichever is less. For awards to Universities, States, and Local Governments, full reviews of their individual sub-recipients will be conducted for sub-recipient work with total costs (including cost share) greater than or equal to \$500,000 or greater than or equal to 25% of the total project costs, whichever is less.

Full reviews consist of Tech Evaluation/Negotiation Memos covering reviews of budgets, budget justifications, and scopes of work. For all sub-recipients costs that are below these thresholds, projects must continue to be assessed for reasonableness on the basis of the explanation (cost and brief description of work) presented by the Recipient in their application.
