Re: Jordan Cove Energy Project L.P.  
Semi-Annual Report  
DOE/FE Order No. 3413, FE Docket No. 12-32-LNG  
DOE/FE Order No. 3041, FE Docket No. 11-127-LNG

Dear Sirs and Madams:

In compliance with Ordering Paragraphs M. and I. of the above-referenced Orders 3413 and 3041, respectively, Jordan Cove Energy Project L.P. (Jordan Cove) submits this semi-annual report on the progress of Jordan Cove's planned LNG terminal and liquefaction facility for the period from April 1, 2016 through September 30, 2016.

During the April through September period, Jordan Cove continued intensive negotiations with certain large-scale, prospective customers in the Asia Pacific region. On April 8, 2016, Jordan Cove announced that it had reached preliminary agreement with ITOCHU Corporation (ITOCHU) with respect to certain key commercial terms for the purchase by ITOCHU of 1.5 million tons per annum of natural gas liquefaction capacity for an initial term of 20 years. Negotiations with a third major Asian customer are in advanced stages and are anticipated to be concluded in the near future.

On April 8, 2016, Jordan Cove submitted a Request for Rehearing to the Federal Energy Regulatory Commission (FERC) in FERC Dockets No. CP13-483-000 and CP13-492-000. On May 9, 2016, FERC issued an Order Granting Rehearings for Further Consideration (Tolling Order). We continue to await FERC's decision.
