Subject: Private Initiatives for storage of nuclear fuel

We write to express our opposition to "Private Initiatives" for high-level radioactive waste "Interim Storage Facilities"

The issue of Private Initiatives (PI) for commercial irradiated nuclear fuel consolidated or centralized Interim Storage Facilities (ISF) is vastly complex. We understand that fact...

As you consider this problem, we want you to know that we, as ordinary private citizens, oppose private Initiatives" for high-level radioactive waste "Interim Storage Facilities.

Thank you for hearing our concern.

Sincerely,
Gerritt and Elizabeth Baker-Smith
