Recipient:		State:	
<input type="text" value="Coulometrics, LLC"/>		<input type="text" value="TN"/> <input type="button" value="v"/>	
Project Title:		Project Officer /COR	
<input type="text" value="Extreme Fast Charging Lithium Ion Batteries"/>		<input type="text" value="Riggi, Adrienne"/> <input type="button" value="v"/>	
Funding Opportunity Announcement No	Procurement Instrument No	NEPA Control No	CID
<input type="text" value="DE-FOA-0001808"/>	<input type="text" value="1808-1626"/>	<input type="text"/>	<input type="text" value="0"/> <input type="button" value="v"/>

Based on my review of the information concerning the proposed action, as NEPA Compliance Officer (authorized under DOE Order 451.1A), I have made the following determination:

CX, EA, EIS Category ([View Category Descriptions](#))

Add a New CX, EA, EIS Category

Appendix and Number

A9 Information gathering, analysis, and dissemination

Information gathering (including, but not limited to, literature surveys, inventories, site visits, and audits), data analysis (including, but not limited to, computer modeling), document preparation (including, but not limited to, conceptual design, feasibility studies, and analytical energy supply and demand studies), and information dissemination (including, but not limited to, document publication and distribution, and classroom training and informational programs), but not including site characterization or environmental monitoring. (See also B3.1 of appendix B to this subpart.)

B3.6 Small-scale research and development, laboratory operations, and pilot projects

Siting, construction, modification, operation, and decommissioning of facilities for smallscale research and development projects; conventional laboratory operations (such as preparation of chemical standards and sample analysis); and small-scale pilot projects (generally less than 2 years) frequently conducted to verify a concept before demonstration actions, provided that construction or modification would be within or contiguous to a previously disturbed or developed area (where active utilities and currently used roads are readily accessible). Not included in this category are demonstration actions, meaning actions that are undertaken at a scale to show whether a technology would be viable on a larger scale and suitable for commercial deployment.

Rationale for Determination:

NEPA Provision (SELECT FROM THE FOLLOWING OPTIONS)

<input checked="" type="checkbox"/>	DOE has made a final NEPA determination for this award. Insert the following language in the award: If the Recipient intends to make changes to the scope or objective of this project, the Recipient is required to contact the Project Officer, identified in Block 15 of the Assistance Agreement before proceeding. The Recipient must receive notification of approval from the DOE Contracting Officer prior to commencing with work beyond that currently approved. If the Recipient moves forward with activities that are not authorized for Federal funding by the DOE Contracting Officer in advance of a final NEPA decision, the Recipient is doing so at risk of not receiving Federal funding and such costs may not be recognized as allowable cost share.
<input type="checkbox"/>	DOE has made a conditional NEPA determination for this award, and funding for certain tasks under this award is contingent upon the final NEPA determination. Insert the following language in the award: You are restricted from taking any action using federal funds, which would have an adverse affect on the environment or limit the choice of reasonable alternatives prior to DOE/NNSA providing either a NEPA clearance or a final NEPA decision regarding the project. Prohibited actions include:

This restriction does not preclude you from:

If you move forward with activities that are not authorized for federal funding by the DOE Contracting Officer in advance of the final NEPA decision, you are doing so at risk of not receiving federal funding and such costs may not be recognized as allowable cost share.

- DOE has not made a NEPA determination for this award, and funding for this award is contingent upon the final NEPA determination.

Insert the following language in the award:

Prohibited actions include:

This restriction does not preclude you from:

If you move forward with activities that are not authorized for federal funding by the DOE Contracting Officer in advance of the final NEPA decision, you are doing so at risk of not receiving federal funding and such costs may not be recognized as allowable cost share.

- Add the following Paragraph to construction awards:

You must submit an environmental evaluation report/evaluation notification form addressing NEPA issues prior to DOE/NNSA initiating the NEPA Process

- Insert the following language in the award:

You are required to:

- Note to Specialist:

FIELD OFFICE MANAGER DETERMINATION

- Field Office Manager review required

NCO requests the Field Office Manager review for the following reason:

- Proposed action fits within a categorical exclusion but involves a high profile or controversial issue that warrants Field Office Manager's attention.
- Proposed action falls within an EA or EIS category and therefore requires Field Office Manager's review and determination.

Based on my review I concur with the determination of the NCO:

SIGNATURE OF THIS MEMORANDUM CONSTITUTES A RECORD OF THIS DECISION.
