INSTITUTE

DOE Electricity Advisory Committee Meeting

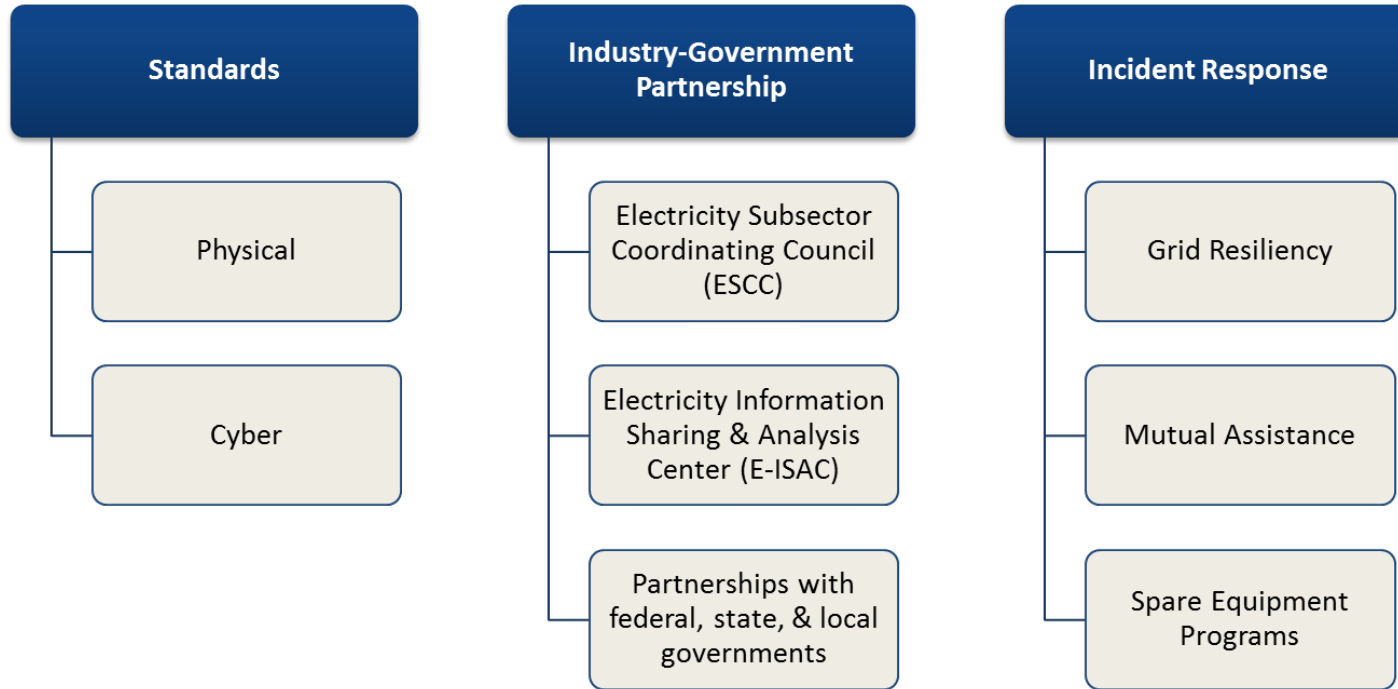

Scott I. Aaronson
Vice President, Security & Preparedness
Edison Electric Institute
March 14, 2019

The Threat Landscape

CBR – Chemical, Biological, Radiological
EMP – Electro-magnetic Pulse

Approach to Grid Security

The **Edison Electric Institute** (EEI) is the association that represents all U.S. investor-owned electric companies. Our members provide electricity for about 220 million Americans, and operate in all 50 states and the District of Columbia. As a whole, the electric power industry supports more than 7 million jobs in communities across the United States.

In addition to our U.S. members, EEI has more than 60 international electric companies, with operations in more than 90 countries, as International Members, and hundreds of industry suppliers and related organizations as Associate Members.

Organized in 1933, EEI provides public policy leadership, strategic business intelligence, and essential conferences and forums.

For more information, visit our Web site at www.eei.org.
