Notice of Meeting: Jordan Cove Energy Project, L.P.; Pacific Connector Gas Pipeline, L.P.

The environmental staff of the Federal Energy Regulatory Commission (Commission) along with other federal agency staff will meet with representatives of The Klamath Tribes to discuss the proposed Jordan Cove Energy Project. The meeting will be held at the location and time listed below:

Chiloquin Community Center, 140 South 1st Avenue, Chiloquin, Oregon

97624, Thursday, June 13, 2019, 1:00 p.m. PDT

Members of the public and intervenors in the referenced proceeding may attend and observe this meeting; however, participation will be limited to tribal representatives and federal agency staff. If tribal representatives choose to disclose information about a specific location which could create a risk or harm to an archeological site or Native American cultural resource, the public will be excused for that portion of the meeting. A summary of the meeting will be entered into the Commission's administrative record.

If you plan to attend this meeting, please contact Mr. John Peconom, Environmental Project Manager at (202) 502-6352 or John.Peconom@ferc.gov.

Jordan Cove Energy Project LP, Pacific Connector Gas Pipeline L.P.; Notice of Dates and Locations for Public Comment Sessions on the Jordan Cove Energy Project Draft Environmental Impact Statement

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will be present to receive comments on the draft Environmental Impact Statement for the Jordan Cove Energy Project as follows:

Date and time (PDT)	Location
June 24, 2019; 1:00-8:00 p.m.	Southwestern Oregon Community College, Hale Center for the Performing Arts, 1988 Newmark Avenue, Coos Bay, OR 97420.
June 25, 2019; 1:00-8:00 p.m.	South Umpqua High School, 501 Chadwick Lane, Myrtle Creek, OR 97457.
June 26, 2019; 1:00-8:00 p.m.	Ramada Medford Hotel and Conference Center, 2250 Biddle Road, Medford, OR 97504.
June 27, 2019; 1:00-8:00 p.m.	Klamath County Fairgrounds/Event Center, 3531 South 6th Street, Klamath Falls, OR 97603.

Please do not contact these venues directly with questions. Any questions regarding the public comment sessions should be directed to the FERC at: (866) 208-3372.

The public's review of a draft Environmental Impact Statement is an important part of the Commission's environmental review process. Although not required, the Commission is holding these public comment

sessions, so that interested parties can provide their specific comments on the analyses and findings of the draft Environmental Impact Statement for the Jordan Cove Energy Project (draft EIS), which was issued on March 29, 2019. These comment sessions have been purposefully designed to efficiently and effectively allow for the greatest number of individuals to provide comments on the draft EIS.

Recognizing significant public interest for this project and in anticipation of a large turnout, FERC staff has chosen to allot more time for the public comment sessions than is typical. As described in the table above, the public comment sessions will be held between 1:00 and 8:00 p.m. You may arrive at any time after 1:00 p.m. Individuals arriving before 1:00 p.m. will not be permitted in the venue and should expect to wait.

Between 4:00 and 5:00 p.m. there will be a comment session break with reduced staffing levels, so please plan accordingly. If you arrive between 4:00 and 5:00 you will not be turned away, but you may encounter a wait time longer than expected. Commission staff anticipates higher attendance between 5:00 and 7:00 p.m.; therefore, please consider coming earlier to avoid waiting. The comment sessions will conclude at 8:00 p.m.

There will be no formal presentations by Commission staff; however, staff will be present to answer general questions about the FERC and the environmental review process. Other federal agency representatives will be in attendance and available to answer questions about their respective roles and reviews.

If you wish to provide verbal comments, Commission staff will issue you a number upon arrival. Elected officials are exempted from the number process and will be afforded priority; otherwise, numbers will be called in the order issued. A waiting area will be provided, but please monitor the numbers being called, so that you do not miss your opportunity to comment. Once your number is called, you will be directed to a Commission staff team member and a court reporter who will transcribe your comments. Comments will be taken in a one-on-one setting. Due to the anticipated large turnout, a time limit of 3 minutes per commenter will be implemented. Depending on the number of people waiting, this time limit may be extended 1–2 minutes. To reduce potential wait times, there will be four court reporters at each session to receive comments. In order for the session to end on time, Commission staff will monitor and evaluate attendance, and may stop issuing numbers prior to 8:00 p.m.

All comments received will become part of the public record for these proceedings. Transcripts will be publicly available via FERC's eLibrary. It is important to note that electronic and written comments submitted to the Commission hold the same weight as verbal comments. Therefore, you do not need to attend a session in order for your comments to be considered.

As a reminder, electronic and written comments can be submitted in the following manner:

(1) You can file your comments electronically using the eComment feature on the Commission's website (www.ferc.gov) under the link to Documents and Filings. This is an easy method for submitting brief, text-only comments on a project;

(2) You can file your comments electronically by using the eFiling

feature on the Commission's website (www.ferc.gov) under the link to Documents and Filings. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on "eRegister." If you are filing a comment on a particular project, please select "Comment on a Filing" as the filing type; or

(3) You can file a paper copy of your comments by mailing them to the following address. Be sure to reference the project docket numbers (CP17–494–000 and CP17–495–00) with your submission: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426.

Protests, disruptions, and other distractions will be evaluated by Commission staff on a case-by-case basis. Should an activity significantly disrupt the session or result in an unsafe or unwelcoming environment, staff may choose to end the session for a set time or entirely. Please see appendix 1 for additional information on the session format and conduct.¹

Sunoco Pipeline L.P.; Notice of Petition for Declaratory Order

Take notice that on June 3, 2019, pursuant to Rule 207(a)(2) of the Federal Energy Regulatory Commission's (Commission) Rules of Practice and Procedure, 18 CFR 385.207(a)(2) (2018), Sunoco Pipeline L.P. ("SPLP") filed a petition for a declaratory order seeking approval of the overall tariff rate structure and service terms, including priority service, for the Mariner East Expansion project, to transport ethane from southwestern Pennsylvania shale basins by using underutilized capacity on existing pipeline of Project Mariner East from Houston, Pennsylvania, to

¹ The appendices referenced in this notice will not appear in the **Federal Register**. Copies of the appendices were sent to all those receiving this notice in the mail and are available at www.ferc.gov using the link called "eLibrary" or from the Commission's Public Reference Room, 888 First Street NE, Washington, DC 20426, or call (202) 502–8371.

Delmont, Pennsylvania, and thence from Delmont to SPLP's affiliate's terminal in Marcus Hook, Pennsylvania, and Claymont, Delaware, by using a formerly mixed-use pipeline that will be converted to dedicated ethane service, all as more fully explained in the petition.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on the Petitioner.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC.
