

following GPRA performance measures for the NAL@ED program:

(a) The number and percentage of students who attain proficiency in a Native Language as determined by each grantee through pre- and post-assessments of Native language proficiency;

(b) The number and percentage of participating students who make progress in learning a Native language, as determined by each grantee, through pre- and post-assessments of Native language proficiency;

(c) The number and percentage of participating students who show an improvement in academic outcomes, as measured by academic assessments or other indicators; and

(d) The difference between the average daily attendance of participating students and the average daily attendance of all students in the comparison group (*e.g.*, school, LEA, Tribe or other).

These measures constitute the Department's indicators of success for this program. Consequently, we advise an applicant for a grant under this program to carefully consider these measures in conceptualizing the approach to, and evaluation for, its proposed project. Each grantee will be required to provide, in its annual performance and final reports, data about its progress in meeting these measures.

5. *Continuation Awards*: In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: Whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, the performance targets in the grantee's approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

BILLING CODE 4000-01-P

DEPARTMENT OF ENERGY

[FE Docket No. 12-32-LNG]

Jordan Cove Energy Project L.P.; Final Opinion and Order Granting Long-Term Authorization To Export Liquefied Natural Gas to Non-Free Trade Agreement Nations

AGENCY: Office of Fossil Energy, Department of Energy.

ACTION: Record of decision.

SUMMARY: The Office of Fossil Energy (FE) of the Department of Energy (DOE) gives notice of a Record of Decision (ROD) published under the National Environmental Policy Act of 1969 (NEPA) and implementing regulations. This ROD supports DOE/FE's decision in DOE/FE Order No. 3413-A, an opinion and order authorizing Jordan Cove Energy Project L.P. to export domestically-produced liquefied natural gas (LNG) to non-free trade agreement countries under section 3(a) of the Natural Gas Act (NGA).

FOR FURTHER INFORMATION CONTACT: Brian Lavoie, U.S. Department of Energy (FE-34), Office of Regulation, Analysis, and Engagement, Office of Fossil Energy, Forrestal Building, Room 3E-042, 1000 Independence Avenue SW, Washington, DC 20585, (202) 586-2459, Brian.Lavoie@hq.doe.gov.

Irene V. Nemesio, U.S. Department of Energy (GC-76), Office of the Assistant

General Counsel for Electricity and Fossil Energy, Forrestal Building, 1000 Independence Avenue SW, Washington, DC 20585, (202) 586-8606, Irene.Nemesio@hq.doe.gov.

SUPPLEMENTARY INFORMATION: On July 6, 2020, DOE/FE issued Order No. 3413-A to Jordan Cove Energy Project L.P. (Jordan Cove) under NGA section 3(a), 15 U.S.C. 717b(a). This Order authorizes Jordan Cove to export domestically-produced LNG to any country with which the United States has not entered into a free trade agreement (FTA) requiring national treatment for trade in natural gas, and with which trade is not prohibited by U.S. law or policy (non-FTA countries). Jordan Cove is authorized to export LNG in a volume equivalent to 395 billion cubic feet (Bcf) per year of natural gas (1.08 Bcf/day) from the proposed Jordan Cove LNG Terminal (Terminal) to be located in unincorporated Coos County, Oregon.

DOE/FE participated as a cooperating agency with the Federal Energy Regulatory Commission in preparing an environmental impact statement (EIS) analyzing the potential environmental impacts of the proposed Terminal (along with its associated pipeline) that would be used to support the export authorization sought from DOE/FE. DOE adopted the EIS and prepared the ROD, which is attached as an appendix to the Order. The ROD can be found here: <https://www.energy.gov/sites/prod/files/2020/07/f76/3143a.pdf>.

Signed in Washington, DC, on July 8, 2020.

Amy Sweeney,

Director, Office of Regulation, Analysis, and Engagement, Office of Oil and Natural Gas.
