To: Office of Regulation, Analysis, and Engagement:

Pursuant to Ordering Paragraph H of DOE/FE Order No. 4616, please accept the following progress report for Andalusian Energy, LLC (“Andalusian”) for the period from November 2, 2020 through March 31, 2021.

- On February 18, 2021, the Federal Energy Regulatory Commission’s (“Commission”) issued an Order on Petition for Declaratory Order finding that Andalusian’s construction and operation of the facilities to produce compressed natural gas (CNG), use of docks to export CNG-filled containers, and sale of CNG to end-use customers in Texas are not subject to the Commission’s jurisdiction under section 3 or section 7 of the Natural Gas Act.
- Andalusian continues to engage in commercial discussions for long-term CNG sales contracts and the development of the CNG facility continues to progress.

Consistent with Ordering Paragraph H, Andalusian will continue to file semi-annual reports with DOE. If you have any questions regarding this filing, please contact me at (202) 778-9178 or at Sandro.Safro@klgates.com.
