Re: HQ-2021-00248 -F

This is a final response to the request for information that you sent to the Department of Energy (DOE) under the Freedom of Information Act (FOIA), 5 U.S.C. § 552. You requested:

**All records concerning FOIA request logs maintained by the  
Department of Energy from December 1 to December 31, 2020.**

Your request was assigned to Department of Energy's Office of Public Information (MA-46) to conduct searches of its files for responsive documents. MA-46 conducted a search and identified one (1) document responsive to your request. MA-46 has completed its review of the documents and they are being provided to you as described in the accompanying index.

Upon review, DOE has determined that certain information should be withheld in the document pursuant to Exemption 6 of the FOIA, 5 U.S.C. § 552(b)(6).

Exemption 6 generally is referred to as the "personal privacy" exemption; it provides that the disclosure requirements of FOIA do not apply to "personnel and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy." 5 U.S.C. § 552(b)(6). In applying Exemption 6, DOE considered: 1) whether a significant privacy interest would be invaded; 2) whether the release of the information would further the public interest by shedding light on the operations or activities of the Government; and 3) whether in balancing the privacy interests against the public interest, disclosure would constitute a clearly unwarranted invasion of privacy.

The information withheld under Exemption 6 consists of the name of a private individual. This information qualifies as "similar files" because it is information in which the individuals have a privacy interest. Moreover, releasing the information could subject the individuals to unwarranted or unsolicited communications. Since no public interest would be served by disclosing this information, and since there is a viable privacy interest that would be threatened by such disclosure, Exemption 6 authorizes withholding the information. Therefore, we have determined that the public interest in releasing this information does not outweigh the overriding privacy interests in keeping this information confidential.

This satisfies the standard set forth at 5 U.S.C. § 552(a)(8)(A) that agencies shall withhold information under FOIA “only if (I) the agency reasonably foresees that disclosure would harm an interest protect by an exemption...; or (II) disclosure is prohibited by law...” 5 U.S.C. § 552(a)(8)(A) also provides that whenever full disclosure of a record is not possible, agencies shall “consider whether partial disclosure of information is possible...and (II) take reasonable steps necessary to segregate and release nonexempt information.” Therefore, we have determined that, in certain instances, a partial disclosure is proper.

Pursuant to 10 C.F.R. § 1004.7(b)(2), I am the individual responsible for the determination to withhold the information described above. The FOIA requires that “any reasonably segregable portion of a record shall be provided to any person requesting such record after deletion of the portions which are exempt.” 5 U.S.C. § 552(b). As a result, a redacted version of the documents are being released to you in accordance with 10 C.F.R. § 1004.7(b)(3).

This decision, as well as the adequacy of the search may be appealed within 90 calendar days from your receipt of this letter pursuant to 10 C.F.R. § 1004.8. Appeals should be addressed to Director, Office of Hearings and Appeals, HG-1, L’Enfant Plaza, U.S. Department of Energy, 1000 Independence Avenue, S.W., Washington, D.C. 20585- 1615. The written appeal, including the envelope, must clearly indicate that a FOIA appeal is being made. You may also submit your appeal to [OHA.filings@hq.doe.gov](mailto:OHA.filings@hq.doe.gov), including the phrase “Freedom of Information Appeal” in the subject line (this is the preferred method by the Office of Hearings and Appeals). The appeal must contain all of the elements required by 10 C.F.R. § 1004.8, including a copy of the determination letter. Thereafter, judicial review will be available to you in the Federal District Court either: 1) in the district where you reside; 2) where you have your principal place of business; 3) where DOE’s records are situated; or 4) in the District of Columbia.

You may contact DOE’s FOIA Public Liaison, Alexander Morris, FOIA Officer, Office of Public Information, at 202-586-5955, or by mail at MA-46/Forrestal Building, 1000 Independence Avenue, S.W., Washington, D.C. 20585, for any further assistance and to discuss any aspect of your request. Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. The contact information for OGIS is as follows: Office of Government Information Services, National Archives and Records Administration, 8601 Adelphi Road-OGIS, College Park, Maryland 20740-6001, e-mail at [ogis@nara.gov](mailto:ogis@nara.gov); telephone at 202-741-5770; toll free at 1-877-684-6448; or facsimile at 202-741-5769.

The FOIA provides for the assessment of fees for the processing of requests. *See* 5 U.S.C. § 552(a)(4)(A)(i); *see also* 10 C.F.R. § 1004.9(a). In our April 3, 2020 letter, you were advised that your request was placed in the “news media” category for fee purposes. Requesters in this category are charged fees for duplication only and are provided 100 pages at no cost. DOE’s processing costs did not exceed \$15.00, the minimum amount at which DOE assesses fees. Thus, no fees will be charged for processing your request.

If you have any questions about the processing of the request or this letter, you may contact me or Mr. Llewellyn Smith of my office at:

MA-46/Forrestal Building  
1000 Independence Avenue, S.W.

I am writing final research paper for my Masters of Intelligence and Analysis out of Angelo State University. I am studying _ the level in which American intelligence was involved (and in what capacity) while the American negotiating team developed the JCPOA because I want to understand if and/or how policy makers were made aware of the risks involved with the Iran deal in order to help my reader identify how American leaders were able to afford the compromises to national security that came with the signing of the JCPOA. I would like to know if any American intelligence played a role in assisting the American negotiating team in developing the JCPOA. If so, what role did they play, how often did they assist, were any intelligence members or analysts that were a permanent part of the team or advising only on a case by case basis. This can be provided in documented briefs, reports, calendar showing meeting times. Any reports, conversations that discussed not addressing Irans foreign policy of funding terrorists organizations within the JCPOA "Iran Deal". Were there any unclassified documents that provided options on how to measure risk that POTUS would accept by signing the agreement.
