Re: HQ-2021-00879 -F

This is a final response to the request for information that you sent to the Department of Energy (DOE) under the Freedom of Information Act (FOIA), 5 U.S.C. § 552. You requested:

All records concerning FOIA request logs maintained by the Department of Energy from June 1 to June 30, 2021.

Your request was assigned to Department of Energy's Office of Public Information (MA-46) to conduct searches of its files for responsive documents. MA-46 conducted a search and identified one (1) document responsive to your request. MA-46 has completed its review of the documents and they are being provided to you as described in the accompanying index.

Upon review, DOE has determined that certain information should be withheld in the document pursuant to Exemption 6 of the FOIA, 5 U.S.C. § 552(b)(6).

Exemption 6 generally is referred to as the "personal privacy" exemption; it provides that the disclosure requirements of FOIA do not apply to "personnel and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy." 5 U.S.C. § 552(b)(6). In applying Exemption 6, DOE considered: 1) whether a significant privacy interest would be invaded; 2) whether the release of the information would further the public interest by shedding light on the operations or activities of the Government; and 3) whether in balancing the privacy interests against the public interest, disclosure would constitute a clearly unwarranted invasion of privacy.

The information withheld under Exemption 6 consists of the names of private individuals. This information qualifies as "similar files" because it is information in which the individuals have a privacy interest. Moreover, releasing the information could subject the individuals to unwarranted or unsolicited communications. Since no public interest would be served by disclosing this information, and since there is a viable privacy interest that would be threatened by such disclosure, Exemption 6 authorizes withholding the information. Therefore, we have determined that the public interest in releasing this information does not outweigh the overriding privacy interests in keeping this information confidential.

This satisfies the standard set forth at 5 U.S.C. § 552(a)(8)(A) that agencies shall withhold information under FOIA “only if (I) the agency reasonably foresees that disclosure would harm an interest protect by an exemption...; or (II) disclosure is prohibited by law...” 5 U.S.C. § 552(a)(8)(A) also provides that whenever full disclosure of a record is not possible, agencies shall “consider whether partial disclosure of information is possible...and (II) take reasonable steps necessary to segregate and release nonexempt information.” Therefore, we have determined that, in certain instances, a partial disclosure is proper.

Pursuant to 10 C.F.R. § 1004.7(b)(2), I am the individual responsible for the determination to withhold the information described above. The FOIA requires that “any reasonably segregable portion of a record shall be provided to any person requesting such record after deletion of the portions which are exempt.” 5 U.S.C. § 552(b). As a result, a redacted version of the documents are being released to you in accordance with 10 C.F.R. § 1004.7(b)(3).

This decision, as well as the adequacy of the search may be appealed within 90 calendar days from your receipt of this letter pursuant to 10 C.F.R. § 1004.8. Appeals should be addressed to Director, Office of Hearings and Appeals, HG-1, L’Enfant Plaza, U.S. Department of Energy, 1000 Independence Avenue, S.W., Washington, D.C. 20585- 1615. The written appeal, including the envelope, must clearly indicate that a FOIA appeal is being made. You may also submit your appeal to OHA.filings@hq.doe.gov, including the phrase “Freedom of Information Appeal” in the subject line (this is the preferred method by the Office of Hearings and Appeals). The appeal must contain all of the elements required by 10 C.F.R. § 1004.8, including a copy of the determination letter. Thereafter, judicial review will be available to you in the Federal District Court either: 1) in the district where you reside; 2) where you have your principal place of business; 3) where DOE’s records are situated; or 4) in the District of Columbia.

You may contact DOE’s FOIA Public Liaison, Alexander Morris, FOIA Officer, Office of Public Information, at 202-586-5955, or by mail at MA-46/Forrestal Building, 1000 Independence Avenue, S.W., Washington, D.C. 20585, for any further assistance and to discuss any aspect of your request. Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. The contact information for OGIS is as follows: Office of Government Information Services, National Archives and Records Administration, 8601 Adelphi Road-OGIS, College Park, Maryland 20740-6001, e-mail at ogis@nara.gov; telephone at 202-741-5770; toll free at 1-877-684-6448; or facsimile at 202-741-5769.

The FOIA provides for the assessment of fees for the processing of requests. *See* 5 U.S.C. § 552(a)(4)(A)(i); *see also* 10 C.F.R. § 1004.9(a). In our April 3, 2020 letter, you were advised that your request was placed in the “news media” category for fee purposes. Requesters in this category are charged fees for duplication only and are provided 100 pages at no cost. DOE’s processing costs did not exceed \$15.00, the minimum amount at which DOE assesses fees. Thus, no fees will be charged for processing your request.

If you have any questions about the processing of the request or this letter, you may contact me or Mr. Llewellyn Smith of my office at:

MA-46/Forrestal Building
1000 Independence Avenue, S.W.

The entire administrative record in FOIA matters which involved a successful administrative appeal, as defined below. In addition to the records specified in the request-specific section above, I also request: B. all records relating to the fulfillment of this request, such as FOIA logs, documentation of searches, referral emails, etc. This part of the request is to be processed only after you have completed processing all of the above parts. This part does not request that you create any new record; rather, it requests the records that you will have created in processing the above parts, and will therefore exist before you conduct the search for this part. See McGehee v. CIA, 697 F. 2d 1095, 1100-05 (D.C. Cir. 1983) (agency must use time-of-search cut-off date, not time-of-request). C. all records relating to any complaint(s), FOIA request(s)/appeal(s), and/or Privacy Act request(s)/appeal(s) made by me. This includes, but is not limited to: 1. all records relating to the processing my previous requests, complaints, etc; 2. all records containing the terms my name, email address(es), and other contact or identifying information, listed below my signature; and 3. all records containing any of my complaint, request or appeal identifiers. be processed only after you have processed the items above that line, i.e. such that at the time of the search, the records described will have already been created at the time you conduct the search. Part (C) must be processed after part (B) is completed. Parts (B) and (C) may overlap with similar prior requests. However, the cut-off date is, at earliest, the date that you complete search on all of the above items. If you wish to administratively merge this request with a prior similar request, I consent on condition that you extend the cut-off date for the prior request, updates. Otherwise, you must treat this as a new request. For all responsive records, I also request: D. 1. all parts of the record (i.e. no portion of a record with some responsive portion may be considered "non-responsive"); 2. all versions of the record, whether or not currently in use; 3. all record metadata, such as dates on which they were drafted, passed, went into effect, withdrawn, or similar events; person(s) / office(s) responsible; authors; IDs; revision numbers; etc.; 4. a detailed index of all claims of exemption/privilege, regardless of whether the record is claimed to be exempt in whole or in part; access to inspect the record directly, in its native electronic format; and 5. if any classification applies, mandatory declassification review (MDR) under E.O. 13526, and the result of the MDR, including any declassified records.

HQ-2021-00837-F	Hand, Donna	-	06/22/2021	February 11, 2021 FOIA REQUEST FOR A COPY OF THE ATOMIC ENERGY COMMISSION CONTRACT between AEC and ALLIED SIGNAL aka HONEYWELL INTERNATIONAL METROPOLIS WORKS aka ORIGINALLY ISSUED ON DECEMBER 17, 1958 Honeywell International Inc and General Electric Company requested from Nuclear Regulatory Commission indirect transfer of ownership which is not on the NRC license in November 30,2000. It should be noted that Converdyn is a general partnership between affiliates of Honeywell and General Atomics and is the exclusive agent for conversion sales from the Metropolis Works. Both Honeywell and General Atomics are DOE facilities under the EEOICPA. In 1997, DOE entered into an agreement with the owners of the Metropolis Works (then Allied Signal Inc and General Atomics) to fund 50% of the cost of a pilot plant for converting UF6 into U3O8 or UO2 and anhydrous hydrofluoric acid. Please send a copy of this agreement. The Metropolis Works holds a license from the NRC SUB-526; Docket No. 40-3392. This license authorizes operation of the plant, and for Metropolis Works to possess materials relevant to conversion of depleted UF6 inventory. If DOE elects to transfer depleted UF6 to a commercial nuclear fuel fabrication facility for conversion to UO2, the NRC license held by the facility would need to authorize receipt, storage, conversion, and transfer of depleted uranium. Depleted uranium is source material and is controlled under the AEC Act. PLEASE SEND A COPY OF THE AEC CONTRACT AND THE DOE CONTRACT TO TRANSFER DEPLETED URANIUM TO METROPOLIS WORKS. Honeywell International Inc is the holder of Source Materials License No. SUB-526 (NRC License), a 10 CFR Part 40 license. Under this license, the licensee operates its Honeywell Metropolis Works Inc (MTW) formerly "Allied Signal" plant at Metropolis III, where it converts uranium ore concentrates to uranium hexafluoride (UF6) by the "fluoride volatility process". The license amendments requests to cover the CaF2 Pond area as well as the Feed Building. The CaF2 Pond areas have found to have radioactive isotopes including, but not limited to uranium and thorium. PLEASE SEND A COPY WHERE THE PONDS WERE INCLUDED IN THE LICENSE. Please send a copy between DOE NNSA and Honeywell to get the plant "start up" financial help.
HQ-2021-00838-F	Part, Anna	National Museum of Nuclear Science & History	06/22/2021	While researching the Lavender Scare for Pride month, I came across the Hoey Committee Report titled "Employment of Homosexuals and Other Sex Perverts in Government, Interim Report . . . , 81st Congress, 2nd Session, Senate Document 241." accessed here: https://diogenesii.files.wordpress.com/2012/11/employment-of-homosexuals-and-other-sex-perverts-in-govt.pdf On page 25 of this document, in a chart labelled "Appendix III", it states that between January 1, 1947 and November 1, 1950 that 8 employees from the Atomic Energy Commission had been transferred, dismissed, or their case was pending at the time of publication in regards to their "sex perversion". I would like to know the names of these employees and retrieve any and all information and records that you hold for them. Additionally, there is evidence that an employee of Oak Ridge National Laboratory was similarly fired in 1951. According to this source (http://blog.nuclearsecrecy.com/2012/04/30/cold-war-sex-cold-war-secrecy/) this information can be found in "Executive Session CCLXXXVIII (8 February 1951), Joint Committee on Atomic Energy." I would similarly like to access the name and any records or information available about all of the head personnel officers at Oak Ridge from January 1, 1950 to February 8, 1951. I am particularly interested in anyone who held this position and was dismissed or transferred suddenly, whether their record states the reason or not.
