ORDER GRANTING BLANKET AUTHORIZATION  
TO IMPORT LIQUEFIED NATURAL GAS  
FROM CANADA BY TRUCK

DOE/FECM ORDER NO. 4737

SEPTEMBER 13, 2021

## I. DESCRIPTION OF REQUEST

On August 18, 2021, Gaz Metro GNL, S.E.C. (Gaz Métro GNL) filed an application with the Office of Fossil Energy and Carbon Management (FECM) of the Department of Energy (DOE) under section 3 of the Natural Gas Act (NGA)<sup>1</sup> for blanket authorization to import liquefied natural gas (LNG) from Canada by truck, in a total volume equivalent to 2 billion cubic feet (Bcf) of natural gas. The applicant requests the authorization be granted for a two-year term beginning on October 18, 2021.<sup>2</sup> Gaz Métro GNL is a Canada limited partnership with its principal place of business in Montréal, Quebec, Canada.

## II. FINDING

The application has been evaluated to determine if the proposed import arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including LNG, from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest, and applications for such imports or exports must be granted without modification or delay. The authorization sought by Gaz Métro GNL to import LNG by truck from Canada, a nation with which a free trade agreement requiring national treatment for trade in natural gas is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of not greater than two years.

---

<sup>1</sup> Authority to regulate the imports and exports of natural gas, including liquefied natural gas (LNG), under section 3 of the NGA (15 U.S.C. § 717b) has been delegated to the Assistant Secretary for FECM in Redelegation Order No. S4-DEL-FE1-2021, issued on March 25, 2021. On July 4, 2021, the Office of Fossil Energy changed its name to the Office of Fossil Energy and Carbon Management.

<sup>2</sup> Gaz Métro GNL's blanket authorization, granted in DOE/FE Order No. 4407, extends through October 17, 2021.

ORDER

Pursuant to section 3 of the NGA, it is ordered that:

A. Gaz Métro GNL is authorized to import LNG from Canada, in a total volume equivalent to 2 Bcf of natural gas, pursuant to transactions that have terms of not greater than two years. This authorization shall be effective for a two-year term beginning on October 18, 2021, and extending through October 17, 2023.

B. This LNG may be imported by truck to any LNG receiving facility in the United States and its territories.

C. **Monthly Reports:** With respect to the imports of LNG authorized by this Order, Gaz Métro GNL shall file with the Office of Regulation, Analysis, and Engagement, within 30 days following the last day of each calendar month, a report indicating whether imports of LNG have been made. Monthly reports must be filed whether or not initial deliveries have begun. If no imports have been made, a report of “no activity” for that month must be filed.

If imports of LNG by truck have occurred, the report must give the following details of each LNG cargo: (1) the name of the U.S. receiving facility; (2) the country of origin; (3) the point(s) of entry; (4) the name(s) of the supplier(s)/seller(s); (5) the name(s) of the LNG transporter(s); (6) the volume in thousand cubic feet (Mcf); (7) the price per million British thermal units (MMBtu) at the point of entry; (8) the duration of the supply agreement; and (9) the geographic market(s) served (list State(s), U.S. Census Region(s), or general U.S. geographic area(s)).

(Approved by the Office of Management and Budget under OMB Control No. 1901-0294)

E. The first monthly report required by this Order is due not later than November 30, 2021, and should cover the reporting period from October 18, 2021, through October 31, 2021.

F. All monthly report filings on Form FE-746R shall be made to the U.S. Department of Energy (FE-34), Office of Fossil Energy and Carbon Management, Office of Regulation, Analysis, and Engagement, according to the methods of submission listed on the Form FE-746R reporting instructions available at <https://www.energy.gov/fe/services/natural-gas-regulation>.

Issued in Washington, D.C., on September 13, 2021.
