DOE/FECM ORDER NO. 4738

SEPTEMBER 13, 2021

## I. DESCRIPTION OF REQUEST

On August 19, 2021, Pemex Transformación Industrial (Pemex Transformación) filed an application with the Office of Fossil Energy and Carbon Management (FECM) of the Department of Energy (DOE) under section 3(c) of the Natural Gas Act (NGA)<sup>1</sup> for blanket authorization to import and export natural gas from and to Canada and Mexico by pipeline, and to import liquefied natural gas (LNG) from various international sources by vessel, in a combined total volume equivalent to 2,920 billion cubic feet (Bcf) of natural gas. The applicant requests the authorization be granted for a two-year term beginning on November 1, 2021.<sup>2</sup> Pemex Transformación is a Mexico corporation with its principal place of business in Colonia Petróleos Mexicanos, Estado de Mexico, Mexico.

## II. FINDING

The application has been evaluated to determine if the proposed import and export arrangements meet the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including liquefied natural gas (LNG), from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest, and applications for such imports and exports must be granted without modification or delay. The authorization sought by Pemex Transformación to import and export natural gas

<sup>1</sup> Authority to regulate the imports and exports of natural gas, including liquefied natural gas, under section 3 of the NGA (15 U.S.C. §717b) has been delegated to the Assistant Secretary for FECM in Redelegation Order No. S4-DEL-FE1-2021, issued on March 25, 2021. On July 4, 2021, the Office of Fossil Energy changed its name to the Office of Fossil Energy and Carbon Management.

<sup>2</sup> Pemex Transformación's blanket authorization, granted in DOE/FE Order No. 4453, extends through October 31, 2021.

from and to Canada and Mexico, nations with which a free trade agreement requiring national treatment for trade in natural gas is in effect, and to import LNG from various international sources by vessel, meets the section 3(c) criteria and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of not greater than two years.

### ORDER

Pursuant to section 3 of the NGA, it is ordered that:

A. Pemex Transformación is authorized to import and export natural gas from and to Canada and Mexico, and to import LNG from various international sources, in a combined total volume equivalent to 2,920 Bcf of natural gas, pursuant to transactions that have terms of not greater than two years. This authorization shall be effective for a two-year term beginning on November 1, 2021, and extending through October 31, 2023.

B. This natural gas may be imported and exported by pipeline at any point on the border between the United States and Canada, and at any point on the border between the United States and Mexico.

C. This LNG may be imported by vessel to any LNG receiving facility in the United States and its territories.

D. LNG imports that require increased security measures from the United States Coast Guard (USCG) or other branches of the Department of Homeland Security in place now or added in the future shall comply with those measures on a shipment by shipment basis to the satisfaction of the USCG.
