**Re: Vista Pacifico LNG, S.A.P.I. de C.V.
VPLNG Mid-Scale Project
DOE/FE Order No. 4688
FE Docket No. 20-153-LNG
Semi-Annual Report**

Dear Ms. Wood,

On April 9, 2021, in DOE/FE Order No. 4688, the U.S. Department of Energy, Office of Fossil Energy and Carbon Management (“DOE/FE”), granted to Vista Pacifico LNG, S.A.P.I. de C.V. (“Vista Pacifico”) a long-term, multi-contract authorization to export natural gas to Mexico and to re-export liquefied natural gas (“LNG”) from its proposed VPLNG Mid-Scale Project to nations that have free trade agreements with the United States requiring national treatment in the trade of natural gas (“FTA countries”).¹ One of the conditions of the DOE/FE’s authorizations is that Vista Pacifico file semi-annual written reports (on or before April 1 and October 1 of each year) describing the progress of the planned VPLNG Mid-Scale Project. Vista Pacifico hereby submits the semi-annual report covering the period April 1, 2021, through September 30, 2021.

Vista Pacifico has continued to progress permitting, commercial and marketing activities. Based on the anticipated timing of receipt of necessary authorizations and the current project schedule, Vista Pacifico estimates that it will begin exports from the VPLNG Mid-Scale Project as soon as 2025.

¹ Vista Pacifico’s request for a long-term, multi-contract authorization to export natural gas to Mexico and to re-export LNG from its proposed VPLNG Mid-Scale Project to non-FTA countries is currently pending before DOE/FE.

Vista Pacifico LNG, S.A.P.I. de C.V.
Semi-Annual Report
FE Docket No. 20-153-LNG
