

4. *Reporting:* (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to [www.ed.gov/fund/grant/apply/appforms/appforms.html](http://www.ed.gov/fund/grant/apply/appforms/appforms.html).

5. *Performance Measures:* As outlined in title IV, part E, section 4501 of the ESEA, SFEC is focused on using family engagement to improve student development and academic achievement. The program recognizes that in order to effectively and sustainably engage parents and families, grantees must use training and technical assistance to build capacity at the State and district levels to develop and implement policies, programs, and activities that are inclusive of families and lead to improvements in student development and academic achievement. SFECs must also provide direct support to parents, teachers, and others that strengthen the relationship between parents and their children's school, foster greater engagement, and assist them in meeting the educational needs of children. SFEC will coordinate its activities with activities conducted under section 1116 and other parts of the ESEA, as well as other Federal, State, and local services and programs.

*Annual performance measures:* (1) The number of parents who are participating in SFEC activities designed to provide them with the information necessary to understand their annual school report cards and other opportunities for engagement under section 1116 and other related ESEA provisions; (2) the number of high-impact activities or services provided to build a statewide infrastructure for systemic family engagement that includes support for SEA- and LEA-level leadership and capacity-building; (3) the number of high-impact activities or services implemented to ensure that parents are trained and can effectively engage in

activities that will improve student academic achievement, to include an understanding of how they can support learning in the classroom with activities at home or outside the school generally, as well as how they can participate in State and local decision-making processes; (4) the percentage of parents and families receiving SFEC services who report having enhanced capacity to work with schools and service providers effectively in meeting the academic and developmental needs of their children; (5) The number of high-impact activities or services implemented to ensure that LEA, school, and community-based organization staff are trained and can effectively engage in activities with families that will improve student academic achievement, to include an understanding of how they can support families with activities at home or outside the school generally, as well as how they can help families participate in state and local decision-making processes; and (6) The percentage of LEA and school staff receiving SFEC services who report having enhanced capacity to work with families effectively in meeting the academic and developmental needs of their children.

6. *Continuation Awards:* In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, whether the grantee has made substantial progress in achieving the performance targets (as defined in the notice) in the grantee's approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

## DEPARTMENT OF ENERGY

[Docket No. 18-70-LNG]

### Change in Control; Mexico Pacific Limited LLC

**AGENCY:** Office of Fossil Energy and Carbon Management, Department of Energy.

**ACTION:** Notice of change in control.

**SUMMARY:** The Office of Fossil Energy and Carbon Management (FECM) of the Department of Energy (DOE) gives notice of receipt of a Notification Regarding Change in Control (Notification) filed by Mexico Pacific Limited LLC (MPL) on October 27, 2021, and a Supplement to Notification Regarding Change in Control (Supplement) filed on November 23, 2021, in the docket. The Notification and Supplement describe a change in MPL's ownership and were filed under the Natural Gas Act (NGA).

**DATES:** Protests, motions to intervene, or notices of intervention, as applicable, and written comments are to be filed electronically as detailed in the Public Comment Procedures section no later than 4:30 p.m., Eastern time, January 4, 2022.

**ADDRESSES:** *Electronic Filing by email:* [fergas@hq.doe.gov](mailto:fergas@hq.doe.gov).

Although DOE has routinely accepted public comment submissions through a variety of mechanisms, including postal mail and hand delivery/courier, DOE has found it necessary to make temporary modifications to the comment submission process in light of the ongoing Covid-19 pandemic. DOE is currently accepting only electronic submissions at this time. If a commenter finds that this change poses an undue hardship, please contact Office of Resource Sustainability staff at (202) 586-2627 or (202) 586-4749 to discuss the need for alternative arrangements. Once the Covid-19 pandemic health emergency is resolved, DOE anticipates resuming all of its regular options for public comment submission, including postal mail and hand delivery/courier.

**SUPPLEMENTARY INFORMATION:**

**Summary of Change in Control**

MPL states that, by means of a transaction (Transaction) that closed effective as of September 30, 2021, its ownership has changed. In the Supplement, MPL states that Q-LNG Holdings, LLC, a Delaware limited liability company, has become the holder of more than 10% of the membership interest in MPL, through its acquisition of 100% of the newly-created Series C ownership units. The three largest equity owners of MPL in terms of total ownership are now Q-LNG Holdings, LLC (38.2%), AVAIO MPL Special, LP (24.3%), and DKRW Energy Partners, LLC (8.0%), as discussed in the Supplement and shown in the accompanying Exhibit A (revised 10/01/2021). In the Notification, MPL states that, effective as of September 30,

2021, members of MPL have entered into an amended and restated limited liability agreement reflecting the new MPL ownership structure.

Additional details can be found in MPL's filings posted on the DOE website at: <https://www.energy.gov/sites/default/files/2021-11/Mexico%20Pacific%20Limited%20LLC-%20CIC.pdf> (Notification) and [https://www.energy.gov/sites/default/files/2021-11/MPL%20CIC%2011\\_23\\_21.pdf](https://www.energy.gov/sites/default/files/2021-11/MPL%20CIC%2011_23_21.pdf) (Supplement).

**DOE Evaluation**

DOE will review the Notification and Supplement in accordance with its Procedures for Changes in Control Affecting Applications and Authorizations to Import or Export Natural Gas (CIC Procedures).<sup>2</sup> Consistent with the CIC Procedures, this notice addresses MPL's authorization to export liquefied natural gas (LNG) to non-free trade agreement (non-FTA) countries, granted in DOE/FE Order No. 4312.<sup>3</sup> If no interested person protests the change in control and DOE takes no action on its own motion, the change in control will be deemed granted 30 days after publication in the **Federal Register**. If one or more protests are submitted, DOE will review any motions to intervene, protests, and answers, and will issue a determination as to whether the change in control has been demonstrated to render the underlying authorizations inconsistent with the public interest.

**Public Comment Procedures**

Interested persons will be provided 15 days from the date of publication of this notice in the **Federal Register** to move to intervene, protest, and answer MPL's Notification and Supplement.<sup>4</sup> Protests, motions to intervene, notices of intervention, and written comments are invited in response to this notice only as to the change in control described in the Notification and Supplement. All protests, comments, motions to intervene, or notices of intervention must meet the requirements specified by DOE's regulations in 10 CFR part 590.

As noted, DOE is only accepting electronic submissions at this time. Please email the filing to [fergas@hq.doe.gov](mailto:fergas@hq.doe.gov). All filings must include a reference to "Docket No. 18-70-LNG"

<sup>2</sup> 79 FR 65541 (Nov. 5, 2014).

<sup>3</sup> MPL's Notification and Supplement also apply to its existing authorization to export LNG to FTA countries, but DOE will respond to that portion of the filings separately pursuant to the CIC Procedures, 79 FR 65542.

<sup>4</sup> Intervention, if granted, would constitute intervention only in the change in control portion of these proceedings, as described herein.

or "Mexico Pacific Limited LLC Change in Control" in the title line.

*Please Note:* Please include all related documents and attachments (e.g., exhibits) in the original email correspondence. Please do not include any active hyperlinks or password protection in any of the documents or attachments related to the filing. All electronic filings submitted to DOE must follow these guidelines to ensure that all documents are filed in a timely manner. Any hardcopy filing submitted greater in length than 50 pages must also include, at the time of the filing, a digital copy on disk of the entire submission.

The Notification, Supplement, and any filed protests, motions to intervene, notices of intervention, and comments will be available electronically by going to the following DOE Web address: <https://www.energy.gov/fecm/division-natural-gas-regulation>.

Signed in Washington, DC, on December 14, 2021.
