Subject: Pieridae Energy (USA) Ltd., FE Docket No. 14-179-LNG
the semi-annual report for the period ending March 31, 2022
filed pursuant to Ordering Paragraph J of DOE/FE Order No. 3639
and pursuant to Ordering Paragraph N of DOE/FE Order No. 3768

Pieridae Energy (USA) Ltd. ("Pieridae US") hereby submits its semi-annual report for the period ending March 31, 2022 pursuant to Ordering Paragraph J of Order No. 3639 issued by the Department of Energy, Office of Fossil Energy ("DOE/FE") on May 22, 2015 in the above-referenced docket, and Ordering Paragraph N of Order No. 3768 ("Order 3768") issued by the DOE/FE on February 5, 2016 in the above-referenced docket, granting long-term, multi-contract authorization to export natural gas to Canada and re-export to other free trade agreement nations and to non-free trade agreement nations, respectively. Unless otherwise stipulated herein, capitalized words have the meaning ascribed to them by Order 3768.

Pieridae US is wholly-owned by Pieridae Energy Limited ("Pieridae").

As was reported by press release issued July, 2021, Pieridae was unable to make an affirmative FID by June 30, 2021 due to the cost pressures and time constraints caused by the global COVID-19 pandemic.

Pieridae remains committed to the Goldboro LNG project and is currently in discussions with several potential strategic partners and governmental organisations for the advancement of alternative designs that would make the Goldboro LNG project both economically more compatible with the current environment, and to speed up the timeline to market. With the conflict in Europe at the forefront of minds, Pieridae is working diligently with stakeholders to advance the Goldboro LNG project.
