

**RECEIVED**

**By Docket Room at 4:09 pm, Jul 11, 2022**

U.S. Department of Energy (GC-76),  
Office of the Assistant General Counsel for Electricity and Fossil Energy,  
Forrestal Building, Room 6D-033, 1000 Independence Avenue SW, Washington, DC 20585

**Export Permit for New Fortress and Venture Global's CP2 LNG Export terminal (Venture Global Plaquemines LNG Docket #2022-10169) (New Fortress Energy Louisiana FLNG Docket #2022-10168)**

To whom it may concern,

Attached are the signatures and comments of **7242 people** who signed onto the following statement in just six days through the Sierra Club.

We coordinated a joint action to file for public comments in response to both Venture Global Plaquemines LNG Docket #2022-10169 and New Fortress Energy Louisiana FLNG Docket #2022-10168. Below is the statement of opposition that they signed onto:

I am writing to express my opposition to Venture Global's application to export liquefied natural gas (LNG) to non-Free Trade Agreement nations. The exportation of fossil fuels and the facilities that make it possible are ravaging the Louisiana coast in areas already vulnerable to storms. The exact area where Venture Global's Plaquemines LNG facility is being constructed was flooded last year in 2021 during Hurricane Ida, and water remained in the location for a number of weeks. Expert analysis of their proposed flood walls found critical deficiencies. Further, despite messaging that LNG will aid Europe to gain independence from Russian fossil fuels, this project will not begin exporting LNG for years, after Europe's short-term needs have passed.

Additionally, I am writing to express my opposition to New Fortress's application to export liquefied natural gas (LNG) to non-free trade agreement nations. The exportation of fossil fuels and the facilities that make it possible are ravaging the Louisiana coast in areas already vulnerable to storms, storms that are projected to increase in intensity with climate change. Further, despite messaging that LNG will aid Europe to gain independence from Russian fossil fuels, this project will not aid Europe for years.

**1641 of these signers**, you might also notice, added their own additional personal comments. If there are any questions about this statement or our positions on this matter, do not hesitate to contact us.

Sincerely,  
Jessi Parfait  
Campaign Representative  
Sierra Club, Beyond Dirty Fuels Campaign

1. Augustus Hemenway

Guilford, VT 5301

"Trust us." Does this ring a bell?

2. Stan Rothbardt

Bradenton, FL 34202

70 % of Americans have made it crystal clear that fossil fuel expansion should no longer be allowed. Adding more infrastructure to address any shortage of supply of fossil fuels will only increase global warming and harm and kill marginal populations living near these fossil fuel facilities. Financing clean energy and renewables must be the clarion call of our banks, investment houses and the insurers of this initiative to save lives and build jobs as we transition off of fossil fuels whose emissions are increasing and making our planet hotter and hotter making climate change more disastrous even quicker than forecasted by our scientists.

3. Leslie Kalvass

Libertyville, IL 60048

A few stakeholders do not have cost benefit analysis calculus capability to predict the financial AND ethical costs of this myopic, preventable choice harming many long term for benefits of few short term. Grow a pair (of brain hemispheres) and educate up!

4. Ann Hernday

Santa Rosa, CA 95409

A healthy environment is a birth of all beings.

No more destruction.

5. Dave Worth

Hilo, HI 96720

A truly bad idea!

6. Christine Naylor

Fort Myers, FL 33908

Adding new fossil fuel sources goes against all logic in the face of continued global warming

7. Brian Campbell

Delaware, OH 43015

Additional fossil fuel infrastructure for coming decades keeps our energy system dependent on fuel that contributes to climate change long past the the carbon carrying capacity where our climate supports existing human existence. In coming decades most global energy must be carbon free or vast areas of the globe will be uninhabitable by humans.

8. Steven Stolting

Tallahassee, FL 32312

Additional fossil fuel infrastructure will further delay real progress in fighting climate change and planning a cost effective and orderly transition to renewable fuels.

9. Susan Mikaitis

Atlantic Highlands, NJ 7716

Additional permits only enrich the companies that are requesting them, at the expense of our environment.

10. Susan Conner

Salt Lake City, UT 84107

Again these huge corporations & conglomerates have found a way to gouge the US consumers. Please put a stop to this.

11. Joyce Frohn

Oshkosh, WI 54901

A healthy world for is more important than profit for a few. Don't destroy the Gulf for short term profit.

12. Judy Heumann

Portland, OR 97218

All fracked gas extraction should be stopped. It should be stopped in an effort to help limit climate change.

13. Molly Doolittle

Freeport, IL 61032

All of my appliances and my furnace are powered by natural gas. I am appalled at the fact that my gas bills have doubled in just one year. Please, please deny permits for exporting increased amounts of gas by New Fortress and Venture Global. Thank you.

14. John Spaziani

Pine City, NY 14871

All remaining marshlands in the U.S., which are absolutely essential to preserve the ecosystem of this planet, should be off limits to mining and extraction of any kind. And exporting oil products, that polluted our lands to extract, for the profit of a few is shameful.

15. Barbara VanHanken

Tulsa, OK 74105

Allowing greater opportunities for fossil fuel corporations to pollute our planet is not helping restore and make our environment more resilient. We need less pollution and emissions, not more!

16. Martha Mastropolo

Broadview, IL 60155

Allowing more exploitation in the Gulf of Mexico endangers more than the wildlife, but also threatens other industries dependent on clean water in the Gulf. Shrimp, fishing and tourism would be destroyed by oil spills. With the danger of hurricanes, no oil giant can guarantee that accidents can't happen. Instead of drilling for more oil, the big oil barons should be working on alternative fuel sources such as methane, used by many waste haulers now. What are they afraid of? By the way, many people are aware that fuel prices are artificially inflated and causing inflation to go through the roof. Shame on big oil corporation. Ignore the planet for a quick buck.

17. Emily Schneider

Silver Spring, MD 20902

Allowing these actions to continue causes greater harm and damage to our global climate, further endangering countless lives and the future of our planet.

18. Kathleen S. Robertson

Austin, TX 78749

Allowing these companies to export keeping our supplies low and costs higher is not a fair to the American people.

19. Barbara Barry

Haiku, HI 96708

Aloha,

This is an absurd request considering that we are facing extreme weather conditions due to fossil fuels directly involved with climatic catastrophes. We are watching them play out daily. No, to this suicidal and greedy request. No way should this be allowed in Louisiana. We don't need any more disasters.

Get with the green energy program! Please!

Mahalo,

20. Geoffrey Michaelson

Waialua, HI 96791

Aloha,

You must act now!

21. Sandra Zimmerman

West Nyack, NY 10994

Already the extreme anti-climate ruling by the right wing Supreme Court crippling the EPA is endangering our environment is cause for alarm! It is time to rein in the fossil fuel industry!

22. Linda Staton

Kapolei, HI 96707

America is in a crisis, so we must act when our land is being used for profit without considering the loss of clean water, air and food.

23. Jeffery Mastin

Deep Gap, NC 28618

America should come first when it comes to domestic natural gas supplies. So, do the right thing and put American consumers first!

24. Louis Cumings

Rosenberg, TX 77471

American citizens should not endure irreparable harms to their lives, health and environment just so oil executives and billionaires can reap more money. Deaths from cancer, respiratory disease strokes and asthma will increase exponentially. A floating export facility will bring disaster to acres of needed marsh which is needed to defend against storm surges and support many animals.

25. Whitney Cloud

Hawley, TX 79525

Americans can hardly get by right now, and the last thing we need is higher energy bills. We also do not need climate change to get worse due to fossil fuel.

26. Linda Englund

Chicago, IL 60626

Among concerned citizens who try to help the environment, the state of Louisiana is infamous for its problems with pollution, cancer "alleys", and disappearing wetlands and land. These two projects will only cause further problems for the people of Louisiana while serving to profit only a few industry people who already have more money than they will spend in their lifetimes. Please deny these two permits; do the right thing for average citizens not the 1%.

27. Myrene O'Connor

Palmyra, VA 22963

An export permit for these fracked products definitely can't be given to Venture Global and New Fortress companies. Not now and not ever.

28. Gayle Ryan

Stuart, FL 34994

ANOTHER ENVIRONMENTAL DISASTER IVE BEEN WORKING ON FOR YEARS TO NO AVAIL.....LNG IS SO DANGEROUS - TANKS WILL EXPLODE IF TEMPERATURE LEVEL DROPS OR OF COURSE, THE TRAIN IT IS CARRIED ON - DERAILS OR HAS AN ACCIDENT - ITS ALL ABOUT \$\$\$.

29. Teresa Johnson

Colorado Springs, CO 80904

ANY fossil fuel is a finite resource. Man made shortages resulting in higher pricing should not be allowed. Ever. It's a bad move in any direction - environment, industry, people.

30. Georgia Neill

North Truro, MA 2652

Any plans that contribute to climate change need to be denied. We cannot live with more climate change.

31. Christine Harker

Kirksville, MO 63501

ANY ruling that facilitates more not less trafficking in fossil fuels is bad for life on Earth. This one does so w the added shame of specific harm to the some of the most vulnerable communities in this nation. Shame!

32. Judith Stoll

Anchorage, AK 99518

anything that expedites fossil fuels usage is harmful to the breathing rights of people and other living things

33. Ron Bolster

Monroe, MI 48161

ANYTHING to thwart and piss off Republicans!!

34. Kevin Schader

Pleasant Hill, CA 94523

Approving such a project means you don't care about the lives of your families and their families.

35. Alicia Lundell

Lathrup Village, MI 48076

Are people blind? Can they not see what is happening to our planet? I am sick and tired of these fossil fuel companies holding us hostage while claiming that they're only giving us what we want. What we want is a safe, healthy planet. No more fossil fuels and their LIES!

36. Dale Bulla

7932, - 78750

Are you going to wait until New Orleans, Miami. Houston and other costal cities are underwater before you wake up?

37. Janice Freise

Overland Park, KS 66212

As a branch of the federal government, the Department of Energy represents the American People...and the impact and harm to our people must be the deciding factor in making these decisions - please decline the proposed authorizations.

38. Sandra Moliere

Fort Wayne, IN 46835

As a country, we must work together to do the right thing. This includes NOT damaging acres of marsh that are the best defense against coastal storm surges.

39. Rebecca Canright  
Asbury, NJ 8802

As a farmer and business owner, I ask you to support solar and wind development, not more fossil fuel infrastructure.

40. Christopher Covert-Bowlds  
Seattle, WA 98103

As a father, family doctor, and person of faith wanting to pass along a healthy climate for our children, I urge you put our health and climate above fossil fuel industry profits and deny this permit.

41. John Vanellis  
Trenton, NJ 8618

As a former high school biology teacher I understand the importance of science in policy and decision making in our government. I'm afraid too often scientific evidence is ignored. It's time to side with science, not with big business and politicians.

42. Melanie Tennison  
Silsbee, - 77656

As a Gulf Coast resident, I am painfully aware of the polluted state of our coastal areas. This is THE most polluted coastal area in the US, that causes much illness. One need only to look at the satellite images to see the pollution effecting the waters here. We do NOT WANT nor need any MORE pollution here - just the opposite! We are at a critical juncture on pollution in this country, that has greatly contributed to the Earth becoming more and more unstable and unlivable. Our SURVIVAL greatly depends on anti-polluting measures. Please do NOT allow these polluters the means to further pollute the area to EXPORT US resources, further harming our economy and health, AND increasing prices for US consumers, to boot!

43. Jacob Horwitz  
New Orleans, LA 70116

As a Louisiana resident I strongly oppose this. Coastal Louisiana is already overburdened with industrial pollution; we have some of the highest cancer rates in the country and frequently experience some of the worst air pollution. Also we need to be investing in green jobs and infrastructure not more oil and gas. Louisiana has been a sacrifice zone for too long.

44. Ashton Kuehnel  
Saint Louis, MO 63118

As a millennial/generation z organizer, living with asthma, it is critical to my future and my health to see our country shift away from fossil fuels and QUICKLY. Many communities' across the country are already

being impacted by extreme heat and horrible air pollution which is being influenced by the use of fossil fuels.

45. Juli Kring

Houston, TX 77099

As a mother and a grandmother, I am very concerned for the health and viability of the planet our children and future generations will inherit. We have a duty to our communities, families and most importantly, children to ensure their safety and well being through environmentally sound and sustainable policies, including clean air, water, addressing climate change, etc. That duty will always be more important than politics or profit.

46. Felice Burstein

Concord, NH 3301

As a mother and grandmother,

I am writing to express my opposition to Venture Global's application to export liquefied natural gas (LNG) to non-Free Trade Agreement nations. The exportation of fossil fuels and the facilities that make it possible are ravaging the Louisiana coast in areas already vulnerable to storms. The exact area where Venture Global's Plaquemines LNG facility is being constructed was flooded last year in 2021 during Hurricane Ida and water remained in the location for a number of weeks. Expert analysis of their proposed flood walls found critical deficiencies. Further, despite messaging that LNG will aid Europe to gain independence from Russian fossil fuels, this project will not begin exporting LNG for years, after Europe's short-term needs have passed.

47. Patricia Holt

South Portland, ME 4106

as a natural gas user i urge you to deny new fortress' bid to construct a floating export facility and expand its ability to export gas. we need to develop more environmental- friendly energy sources like solar power!

48. Rebecca Showalter

North Raleigh, NC 27614

As a person of faith, our church has recently begun studying the effects of environmental justice on the most vulnerable of communities. Coastal Louisiana deserves better than this. I ask you to not grant these permissions.

49. Sara Smith

Harvey, LA 70058

As a resident of south Louisiana, I have seen firsthand the damage done by the oil and gas industry. This state has sold its soul to that industry and is now paying the price.

50. Pat Miller

Brewster, NY 10509

As a retiree, I can not afford the high prices of gas. You must lower prices NOW!!!

51. Jen Jones

sapulpa, OK 74066

As a veteran public educator I believe teachers must help ensure a healthy environment.

52. Debra Hall

Lexington, KY 40517

As a Veteran, the health of my country and its citizens are important to me. With the industrial pollution occurring in coastal Louisiana, it is vital to limit further exposure to it citizens and wildlife. As such, I am opposed to the export of LNG to non-Free Trade Agreement nations particularly since they will not benefit straight away. This is a method used by the gas companies to profit without accounting for the costs to US citizens.

53. Sharon Shutler

Arlington, VA 22207

As an environmental attorney for the federal government, I have worked on cases in Louisiana. The coast line is a mess - eroding at some of the most rapid rates in the country due to oil and gas infrastructure. Furthermore, business and home owners continue to rebuild in flood prone areas or areas with rapidly receding wetlands creating health and safety hazards for which federal resources are often used as a bail out. We do not need any more oil and gas development including LNG terminals built in these fragile coastal areas.

54. Pete Johnson

LILBURN, GA 30047

As an outdoorsman, this is important. Outdoor recreation brings a lot of money to local economies.

55. Linda Schneider

Arlington, VA 22202

As discussed in the text below, I think big problems exist with both of these proposals. While I'm all for helping Europe do without Russian oil and gas, the time delay in these projects providing relief argues against them, especially in light of the environmental and pollution danger and risks that will come with these proposed projects. We need to avoid doing harm, when the justification will not come fast enough to do good, and meanwhile we will do harm to people in the present here and now. We need to find a better way to help Europe without shooting ourselves in the feet in the meantime!

56. Phil Stack

Edwardsville, IL 62025

As Seniors who are living on fixed incomes, these price increases are especially cruel.

57. John Wiercioch

Roanoke, VA 24015

As someone living in the Appalcahian landscape, where eminent domain laws have been consistently abused to over-ride local homesteads for rubber-stamped billion dollar projects that are not needed and profit distant shareholders, I strongly opposed more fossil fuel expansion.

58. Daniel McCarter  
Ann Arbor, MI 48103

As someone with asthma, I want to live in a world where people like me don't have their health threatened by fossil fuels.

59. Kathleen Smith  
San Jose, CA 95112

As stewards of the Earth, we must protect our environment and the health and safety of all who live here, including the Louisiana coast.

60. Douglas Campbell  
Pueblo, CO 81006

As you can see I live in Colorado and am every day experiencing the effects of climate change. When as a society do we ever wake up and save ourselves. This is a very scary time that companies only care about their bottom line and not the human race, the planet or our future.

61. Carolyn Lorenzoni  
Indianapolis, IN 46236

At a time when Americans are experiencing record inflation, allowing additional exports of Natural Gas will only drive up prices and reduce resource security in our country. Please say "no" to this request.

62. Marsha Lowry  
El Sobrante, CA 94803

At the worst, we should ONLY be extracting any fossil fuel to be used ONLY on the USA, NO Exports!

63. Nathaniel Leies  
Charlottesville, VA 22903

At this time, after energy has shown great volatility, and energy providers have deliberately raised their prices to exploit the emergency of the Russian invasion of Ukraine, I believe that we cannot afford to open new LNG ports and pass on the costs of these ports to customers and impacted landowners. Instead, utility and consumer renewable energy would be far more responsible investments, which will create energy security, lessen the grip of foreign despots, and protect the atmosphere and climate on which all people depend.

64. Kirby Shanklin  
Venice, CA 90291

Attention from here on in ought be paid only to developing ways to use...or avoid using...natural gas...to heat our homes, run our various vehicles, drive our society...if it can't be done clean it must not be done at all/

65. J P

Washington, DC 20002

Authorizing Venture Global's & New Fortress's floating gas export facility is the wrong move. It drastically harms our coastal defenses in the face of worsening storms and harms the health of vulnerable communities. we need to be forward thinking and invest in clean energy and divest from old polluting technologies. our lives depend on it!

66. Jill Stanley

Allentown, PA 18103

Bad IDEA , PLEASE refuse to grant oil executives and billionaires permission to destroy the place we call home!

67. Gary Vesperman

Boulder City, NV 89005

Be aware that some highly publicized energy infrastructure projects such as long-distance transmission lines, bladed wind turbines, photovoltaic panels, fuel cells, small modular nuclear reactors, hydrogen, electric vehicle charging stations, geologic storage of nuclear waste, and fossil fuels are obsolete.

Billions are being spent subsidizing nuclear power, wind turbines, and photovoltaic panels. May I suggest spending 1% on developing and deploying some of the 50 or so clean new generators profiled in my website?

The Gallery of Clean Energy Inventions is linked at [padrak.com/vesperman](http://padrak.com/vesperman).

The Gallery of Clean Energy Inventions displays profiles of 27 Larger Generators, 35 Smaller Generators, 29 Advanced Self-Powered Electric Vehicle Innovations, 29 Radioactivity Neutralization Methods, 30 Space Travel Innovations, 23 Technical Solutions to Water Shortages, and a Torsion Field School Network.

68. Wendy Barth

Kansas City, MO 64112

Be good stewards of the land, sea and all God's creatures!

69. Mike Nicolson

PLEASANT HILL, CA 94523

Be well and thrive, dear Sierra Club! . . .You are among the 'good guys!'

70. Daniel Morneau

Largo, FL 33774

Become a vegan and you can save your life and planet, check out the documentary on Netflix What the Health and Seaspiracy

71. Daniel Smith

Naperville, IL 60563

Being a former Louisiana resident, it is imperative that all necessary actions be taken to not only preserve but restore the inland waterways along the coast. First and foremost would be the prevention of any such future action regarding fracturing and exporting of gas.

72. Roberta B. Yaklich

Beltsville, MD 20705

Big business has gouged American citizens from food, gas, environmental issues, etc. It's obvious. We need our representatives to look out for our interests.....Start taxing the "too big to fail" folks and do what is morally correct for our country.

73. Carol Claflin

Liberty, MO 64068

Big OIL companies don't need more profits! They are already making enough while they destroy our world. The solution is CLEANENERGY!

74. Diana Waters

Redondo Beach, CA 90277

Bring back the guillotines for fossil fuel executives!

75. Daniel Leggett

Clarksburg, MD 20871

Building new LNG facilities is the last thing we should be doing given the imperative need to stop using fossil fuel.

76. Marcia Haag

Belvidere, NJ 7823

Building this facility is a potential environmental hazard.

77. Stephen Wlosinski

Duluth, MN 55811

Can we have regulators take a good look at this activity? Is this truly for the common good?

78. Robert W. Rhodes, III

Mercersburg, PA 17236

Cancel any and ALL permits for New Fortress!!

79. Stephen Hackney

Virginia Beach, VA 23454

Can't we get over our thirst for fossil fuels, the rush to find more gas by fracking and drilling on our precious and pristine lands...???. We know how to produce energy from the wind and our energy savior, the SUN...! It's time to move on and to rely on only renewables to fill our hunger for more energy and more energy, etc...!

80. Carol Wagner  
Albany, OR 97322  
Careful, your greed is showing!

81. Debbie Blair  
Boca Raton, FL 33428  
Choose the future abundance of Coastal Louisiana not the illicit profits of Venture Global. Really want to help Europe break from Soviet oil dependence - provide green energy solutions.

82. Robin Mann  
Burtonsville, MD 20866  
Clean air and water should be a human right! Rich companies should not put profit over people's lives!

83. Catherine Jones  
Bronx, NY 10475  
Clean energy is the only way to save humanity, not to mention aquatic and animals life, so we MUST END our dependence on fossil fuels!!!! P. S. the SUN is FREE! and will always rise.

84. Laura Matyi  
Brownsburg, IN 46112  
Clean energy only. Louisiana is already a dump why make it worse.

85. Liliane Floge  
Rockville, MD 20855  
Climate change and global warming are the greatest threats humans have faced, even though it is we the humans who are causing it. We all need to do whatever we can to slow and finally stop this warming. We you are proposing to do - construct more facilities to export fossil fuels - will make this situation worse. Please stop this project.

86. Trish Foschi  
Santa Fe, NM 87505  
Climate change is an existential issue!

87. Maureen Manns  
Marshfield Hills, MA 2051  
Climate change is at risk. Fossil fuels must be limited if we wish to live and have other forms of life on earth live!

88. Kenneth Hammond  
Plainsboro, NJ 8536

Climate change is impossible to ignore where I live in New Jersey. Last year, when the remnants of Hurricane Ida came through, my county experienced widespread flooding as unprecedented levels of rainfall caused rivers to overflow their banks. Friends who had never had to worry about flooding before saw their basements inundated. This came soon after my sister in Seattle, WA experienced several days of unprecedented triple-digit temperatures, and air that wasn't breathable due to nearby wildfires. I don't want to consign my community and future generations to a world where these sorts of disasters increase uncontrollably. We know that the only way to prevent this is to take decisive action now.

89. Deone Sears  
Saint Cloud, MN 56301

Climate change is real and LNG is participating in putting our coastal environment at risk to further pollute while simultaneously price gouging local residents. As a taxpayer, I do not want anymore of our taxes paying to clean up Energy Companies willful pollution. The false marketing to assist Europe is just another ethical malfeasance and needs to be corrected as well as denying this American company from doing business with countries that refuse to free trade.

90. Jennifer Jenkins  
Houston, TX 77071

Climate change IS real, alarming, and threatening the entire planet. DO SOMETHING!!!

91. michael passoff  
Richmond, CA 94805

Climate change is the biggest threat to the future of the US. You need to prioritize cutting GHGs and developing a clean alternative.

92. Pamela McGregor  
Millersville, MD 21108

Climate change is the existential threat to humanity and Americans. Even the Pentagon thinks that rising oceans is a threat to American security. Venture Global and New Fortress permits should be denied.

93. Bruce Krawisz  
Marshfield, WI 54449

Climate change is the most important health concern for children. Children will suffer from food and fresh water insecurity due to declines in agricultural and seafood harvests, floods, droughts, more powerful storms, and migrations forced by extreme heat and climate disasters. The average temperature of Earth's surface is now rising by 0.2°C (0.4°F) per decade and has already increased by more than 1°C (1.8°F).

For a 3°C global warming pathway, a child born today will experience more wildfires, hurricanes, floods, weather-related crop failures, droughts, and heat waves than a child living in Earth's climate in the year 1750.

Every year for the rest of your life will be one of the hottest on record. The faster we reduce carbon emissions, the better off our children will be. Limiting global warming to no more than 2 degrees Celsius (3.6° F) may be humanity's most important public health goal.

94. Deborah Kramer  
Vancouver, WA 98664

Climate matters! Protect the environment and our health over big company profits.

95. Brian Ditzler  
Silver Spring, MD 20910

Coastal Louisiana already has more than its share of polluting industries that are seriously damaging the environment and health for those who live there. Don't allow the problem to become worse by approving the proposed export gas facilities,

96. Kathryn Armstrong  
Indian Trail, NC 28079

Coastal Louisiana already has too much industrial pollution and we have some of the highest cancer rates in the country. This area also often experiences some of the worst pollution. Gas export terminals regularly flare off gas that exposes communities to pollution like black carbon particles that cause respiratory disease, heart disease, and stroke. YOU CAN MAKE A DIFFERENCE!! Please demand that the Dept of Energy refuse to grant oil executives and billionaires permission to destroy the place that good people call home!

97. mary lucchetti  
WALNUT CREEK, CA 94595

Coastal Louisiana have some of the highest cancer rates in the country and experience some of the worst air pollution. Please do not add to the peoples' burdens, such as, black carbon particles that cause respiratory disease, heart disease and strokes.

Thank you very much.

98. Mari Mennel-Bell  
Pompano Beach, FL 33062

Coastal Louisiana is already overburdened with industrial pollution and at highest risk for rising tides and Hurricane devastation

99. Deborah Goodykoontz  
Houston, TX 77082

Coastal Louisiana is already overburdened with industrial pollution. Louisiana has some of the highest cancer rates in the country and frequently experiences some of the worst air pollution. Please don't grant oil executives and billionaires permission to once again foul the coastal Gulf area. Please!

100. Jane Hobbs  
Franklin, OH 45005

Coastal Louisiana is already overburdened with industrial pollution; we have some of the highest cancer rates in the country and frequently experience some of the worst air pollution. We don't need higher energy bills from fossil fuel corporations

101. Loraine Zagula  
Tucson, AZ 85719

Coastal Louisiana is already overburdened with industrial pollution; we have some of the highest cancer rates in the country and frequently experience some of the worst air pollution. We don't need higher energy bills from fossil fuel corporations.

102. Diane Brower  
Steamboat Spr, CO 80487

Coastal Louisiana is already overburdened with industrial pollution; with some of the highest cancer rates in the country and frequently some of the worst air pollution.

103. Allison Daugherty  
Indianola, IA 50125

Come in people. Give us a break. The people can only take so much.

104. Beth Willis  
Frederick, MD 21704

Come on DOE- this is a terrible idea. This part of Southeast Louisiana has already been rendered a dangerous place to live by other fossil fuel operations. We cannot afford to keep giving approval to projects that increase pollution.

105. Patricia Branam  
Ann Arbor, MI 48103

Come on man. Do the right thing

106. Steve Jacobs  
Etiwanda, CA 91739

COME ON!

DO WHAT YOU KNOW IS RIGHT FOR THE ENVIRONMENT AND THE HUMAN RACE!

107. Janet Noonan  
overland parkCome, KS 66204

Come on, do the right thing!

108. Keith Milne

Laguna Hills, - 92653

Come on, let's use common sense instead of putting the dollar first

109. Jennifer Stridinger

Boardman, OH 44512

Companies should not export gas to other companies and then claim short supply is causing price increases here!

110. Dawn Matta

Riverview, FL 33569

COMPLETE LUNACY

111. Elsa Winch

Lock Haven, PA 17745

Consider life; not profits

112. Alaina Moon

Olympia, WA 98501

Consider your children and grandchildren. Let's not find ourselves on the wrong side of history.

113. Ty Gorman

Kansas City, KS 66104

Considering the harm you will cause to local communities with flare off gas, black carbon, respiratory disease, heart disease, and strokes. Louisiana has some of the highest cancer rates in the country and frequently experiences some of the worst air pollution. I ask the Department of Energy to refuse to grant oil executives and billionaires permission to further destroy vulnerable communities on the Louisiana coast.

114. Dave Robinson

Curlew, WA 99118

Continue doing further projects for fossil fuels is ECOCIDE AND A GENOCIDE AGAINST HUMANITY FOR FAILURE TO PROTECT HUMANITY FROM CLIMATE CRISIS!

115. Debra Geiger

Allentown, PA 18104

Corporate Greed is negatively impacting the lives of Americans--in so many ways! Do not permit the natural gas tyrants to pollute Coastal Louisiana even more than it is currently by allowing them to export liquified natural gas (LNG) to non-free trade agreement nations!

116. Wanda Detert

Cedar Rapids, IA 52405

Corporate Greed is the Primary Issue. Oil Companies are NOT updating their Equipment that Could make emissions CLEANER!

117. Wesley Nanamori

Honolulu, HI 96826

Corporate greed must be stopped, especially during these times of punishing inflation.

118. Jerry Boggs

West Richland, WA 99353

Corporate greed never takes a holiday.

119. Kathy Washington

Las Vegas, NV 89130

Corporate greed not the Biden Administration is causing the financial crises. The middle class & poor can no longer carry the greedy fossil fuel industry on the backs. Pay your fair share. Remember- greed, lying, stealing is a sin.

120. George Craciun

thonotosassa, FL 33592

Corporate greed should not be tolerated. A profit "Winfall Tax" could help reign in those rascals.

121. Gregory Vignapiano

Brooklyn, NY 11201

Corporate greed.

122. Sherry Vatter

Los Angeles, CA 90034

Corporate profits should not be prioritized over the health of our population and environment.

123. Marilyn Roberts

fifield, WI 54524

Creating immediate environmental destruction to produce and export products that promote global warming is not responsible corporate behavior.

124. Knobbish Gobbler

Odenton, MD 21113

CROSS EYED HERMAPHRADITES RUN THE SIERRA CLUB!

125. Diane Richardson

Chepachet, RI 2814

Customers rely not only on electricity for obvious reasons it is also needed for health reasons (equipment etc. ,)

126. Carol Simmons  
White, HI 96712

Dangerous to the community1 Dangerous for our future generations. Contributing to more climate change and air that our children will not be able to live in. Stop now! Think of the impact of what you are doing. Does money mean more than our children's lives?

127. Court Carr  
Oxon Hill, MD 20745

Dear beloved, explore betterment options for our world and economy.

128. Rowan Mulder  
Newburyport, MA 1950

Dear Department of Energy,

My name is Rowan Mulder. I live in Newburyport, MA and have been volunteering with the Mass Audubon society for several years now. I have seen firsthand the disastrous impacts that the climate crisis and its drivers have on our local and global communities and ecosystems. That is why:

129. Sofie Rueter  
Bangor, ME 4401

Dear Department of Energy,

As a young adult who wants to have a bright future, I implore you to refuse to grant billionaires and oil executives permission to destroy coastal Louisiana with more pollution. By doing this, you will make the world of the future just that much better for the generations to come. Your actions do not just influence the people of today, but the people of tomorrow.

130. Debora Morrison  
Capitola, CA 95010

Dear representatives, Please don't widen the divide between the haves and have nots. People are suffering, and big corporations are getting richer and richer. Stand for justice, please.

131. Anna Lee Simpson  
Albrightsville, PA 18210

Dear Secretary Granholm, Deputy Secretary Turk, Dr. Richmond, Under Secretary Hruby,

Thank you for taking the time to read this important message from a Pennsylvania voter. What happens in Louisiana is of great concern to all of us.

132. Consuelo O. Walker  
Santa Fe, NM 87501

Dear sirs. Please stop this Companies for raising prices and further polluting our environment with gas. Please have them clean the contamination they have created and have them pay for the sicknesses their lack of care have produced. Thanks Consuelo Walker

133. Jan Schnell  
Dairyland, WI 54830

Defeat the trickle down theory. If some capitalists make money it is worse than not useful. it is destructive to our planet. Water is already polluted badly. We have to stop with fossil fuel extraction and invest in total wind and solar.

134. Theresa White  
Enola, PA 17025

Deny the permits being requested by New Fortress and Venture Global by July 11th!

135. Connie David  
Baton Rouge, LA 70808  
Deny these applications!!

136. LAUREN SCHIFFMAN  
El Cerrito, CA 94530  
Deny these permits! Protect Louisiana's people and environment.

137. Valerie Zachary  
Los Osos, CA 93402  
Department of Energy, please deny the permits being requested by New Fortress and Venture Global.

138. jl keith  
Flushing, NYC, NY 11354  
Department of Energy: R E F U S E TO GRANT OIL/FOSSIL FUEL executives and billionaires  
PERMISSION TO DESTROY THE PLANET !!!

139. Phyllis Ginsberg  
Somerset, NJ 8873  
Department of Energy: don't destroy areas that we call our home by creating areas that will be even more vulnerable to storms than they are now.

140. Martha Goldin  
San Francisco, CA 94118  
Dept. of Energy - just say NO to any fossil fuel facilities increase.

141. Candace Dorsey

Palm Coast, FL 32137

Despite the current issues with gas prices, these projects are bad ideas. More and more hybrid and all electric vehicles will be entering the market decreasing our need for so much gas. The gas used for a few years might be welcomed, but just a few years after that, it will not be needed at all. The harm these projects would do to the environment and to the lungs of those in nearby communities would be significant. Please do not allow either of these projects to damage the wetlands that also help protect lives from storm surge.

142. Tyndall Traversa

Potomac, MD 20854

Despite the global desire for ongoing relatively cheap energy, we must not sacrifice our own climate change adaptations. Instead, we must invest now in dramatically expanding the availability of non-harmful energy sources. In that regard:

143. Peter Egan

Yorktown, VA 23693

Destruction of natural environments for monetary profit is shortsighted. We cannot continue to destroy marsh lands which are vital habitats and protect areas from storms and protect the ecology of the area.

144. David F and Lisa Williams

Jacksonville, FL 32210

Do not add more polluters and destroyers of the environment to the Louisiana shoreline. We need this LNG to stay inside the US not exported to other countries while increasing the cost we pay! Thank you!

145. Helen desmith

Santa Fe, NM 87505

do not allow export of liquefied gas

146. Judith May

San Francisco, CA 94122

Do not allow fossil fuel companies to cause Environmental damage in the US in order to export fuel to other countries while claiming shortages and raising prices here at home.

147. Rosemary Ross

The Dalles, OR 97058

Do not allow these 2 gas companies to expand their ability to export more gas & destroy our marsh areas.

148. nancy Weissman

Miami, FL 33176

Do NOT allow Venture Global's Plaquemines & New Fortress's floating gas export facilities permission from the Department of Energy to increase our energy bills and pollute Southeast Louisiana. SE

Louisiana still has not recovered from the destruction caused by DeepWater horizon spill. DO NOT give New Fortress authorization to export fracked gas nor to fast track construction for another floating export facility.

149. Brian Klubek  
Murphysboro, IL 62966

Do not approve any increase in our energy bills and save the planet by reducing the use of fossil fuels

150. Trygve Veum  
Columbia, MO 65203

Do NOT approve the request to export more "fracked" liquid natural gas from Louisiana for the environmental and human health reasons outlined below!

151. Judith Beaver  
SEQUIM, WA 98382

Do not approve this application.

152. Doug Dyer  
Alachua, FL 32615

Do not continue to allow exploitation and environmental degradation of this type anywhere

153. Olivia Bowser  
Seattle, WA 98116

Do not grant permission to these companies to cause further harm to people and the climate. Be in the right side of history!

154. Arthur Molho  
Placerville, CA 95667

DO NOT PERMIT FRACKED GAS EXPORT EXPANSION IN LOUISIANA!  
THESE FACILITIES FURTHER DAMAGE AND POLLUTE S.E. LOUISIANA AND CONTINUE FOSSIL FUEL  
CLIMATE DESTRUCTION.

155. Eric Karn  
Minneapolis, MN 55411

Do the right thing

156. Helen Keegan  
North Branford, CT 6471

do the right thing

157. Cheryl Landes  
Lees Summit, MO 64064

Do the right thing

158. Janice Dugan

Darien, IL 60561

Do the right thing for all of us!!

159. Ester Deel

Oakland, CA 94603

Do the right thing for the climate.

160. Mary Kruger

Granite City, IL 62040

DO THE RIGHT THING FOR US. STOP POLLUTING STOP INFLATING OUR COSTS STOP HURTING OUR CITIZENS AND ENVIRONMENT. STOP RIPPING US OFF FOR YOUR GAIN STOP SENDING OUR NATURAL GAS RESOURCE RISKING OUR DEMANDS FOR LOW SUPPLIES. SAVE AMERICA

161. Catherine Lacey

Truth Or Consequences, NM 87901

Do the right thing, Department of Energy refuse to grant oil executives and billionaires permission to destroy the place we call home!

162. Karl Wirtenberger

Buffalo, NY 14220

Do these companies really need more of our money, especially during these trying times? Please say no to any and of all their applications.

163. Pat Frizzell

Oxford, OH 45056

Do we thank you for using and abusing the citizens of the U.S.? Do we thank you for putting corporate gain ahead of the need to find real solutions for America and, using global opportunities for this purpose? What we need is an industry in the business of doing something right. After you ruin the lives of locals, and those within certain perimeters in greater ways, then what...you never live it down. Or maybe your industry skates, and you can live with destruction, defamation of character and the infamy it brings from your future children and grandchildren.

164. R A Fuller

Woodbury, MN 55125

Do you big-money people REALLY not CARE about the rest of the population in this country--and around the world?

You should be both ashamed and embarrassed.

165. Henry Boyle

Berkeley, CA 94702

Do you really believe that helping corporations who have lost their foresight for any sense of quality of life for their own children and grandchildren (and by default anything else on our planet) in the name of higher return on their portfolios, chasing their never ending goal of increased profits, to be the most constructive use of OUR time and resources? By failing to stop granting permission for these oil companies latest schemes..we express exactly that. So, Do we have a future as a species on earth or not?

START making the difference that you can.

Thank you very much!

166. Peter Followill

Tucker, GA 30084

DoE should not permit New Fortress to expand its Plaquemines export facility, nor should it authorize New Fortress to export gas to countries that do not have a free trade agreement with the U.S.

167. shayla ramos

Oakland, CA 94607

Does not meet standards for ipcc(climate change) objectives and goals and will actually hinder us from moving forward away from depleted unsustainable fossil fuels and create more pollution, disease and more economicly and environmentally vulnerable.

168. David Dougherty

New Britain, CT 6053

Doesn't the planet mean anything anymore?

169. Patricia Gallup

Kirtland, OH 44094

Doing right by the environment is the path

170. Richard Osborne

Kingsport, TN 37664

Don?t allow gas prices to be increased in Louisiana thank you

171. Mary Jo Hartle

Santa Barbara, CA 93108

Don?t heap more environmental problems on Louisiana which needs to be a bulwark against storms and rising water levels both of which will be occurring due to previous overuse of fossil fuels.

172. Sophia Walker

San Antonio, TX 78209

Don?t let our energy bills increase! Don?t let these companies exploit us!

173. Sam Zappala  
Mullica Hill, NJ 8062  
Don't act like Trump.

174. Brian Crawford  
San Anselmo, CA 94960  
Don't allow any more fossil fuel extraction on land or sea. These fuels are literally killing us.

175. Leah Mackay  
Temple, TX 76504  
Don't break what you can't fix - working ecosystems need to be left alone.

176. Kate Chasson  
Fraser, CO 80442  
Don't do it! We need to move away from fossil fuels

177. Larry Andersen  
Poplar Bluff, MO 63901  
Don't export just to make a bigger profit.

178. Pamela Sandberg  
Fort Bragg, CA 95437  
Don't export 'our' gas!

179. Debra Wilson  
Ashland, OR 97520  
Don't let these oil executive\$ ruin our home!

180. Kathleen Manolis  
Spring Hill, FL 34606  
Don't like any kind of gas. Go Electric.

181. Linda Busek  
Arroyo Grande, CA 93420  
Don't permit new exploitation and export of fossil fuels.

182. Ian Williams  
Siletz, OR 97380  
Don't placate fossil fuel industries.

183. Lawrence Schwartz  
Sunnyside, NY 11104

Don't pollute Loisiiana any furtehr!

184. Alexandra Walter

Madison, WI 53705

Don't pollute Southeast Louisiana! Do not damage marshland - we need it to protect wildlife and people from coastal storm surges. Stop trying to export to countries that do not have a free trade agreement with the U.S. Come on, guys, cut it out. It's time to start taking care of the land and the water. Go green! Harness the energy of the wind and the sun!

185. Judy Schneider

Garner, NC 27529

Don't sacrifice our coast for corporate profits!

186. Ninon Rynerson

Honolulu, HI 96818

Duh

187. Susan Hirshfield

Santa Rosa, CA 95405

During this strange time of global warming and the future, any future, becoming out of reach for the young amongst us (perhaps your kids or grand kids?) why the a rush to destroy whats left in order for a 'few shekels more in their pocket while we all go down?

188. Kris Kargo

Berkeley, CA 94704

Each inconvenience now, if not accepted, will become a huge unstable chaotic problem later. Let?s make it truly easier on ourselves.

189. Louis Discepola

Hackensack, NJ 7601

Earth can't wait!

190. Rebecca Burmester

Raleigh, NC 27612

Earth needs all of us to abandon fossil fuels.

191. Dirk Rogers

Wichita Falls, TX 76301

Eat oil, if you can!

192. Stephanie Mohr

Bondurant, IA 50035

Energy costs have sky rocketed, just like gas, and food, and everything else. THERE COMES A TIME TO GIVE A VERY SMALL PART OF YOUR PROFITS WHEN THERE ARE SO MANY PEOPLE THAT CANT AFFORD FOOD, OR MEDICINE. TRY GIVING BACK TO THE TARGETED COMMUNITIES BY ANNOUNCING YOU WILL NOT SEEK AN INCREASE UNTIL THE NEW YEAR. YOU WILL HAVE A GOOD FEELING ABOUT YOU, AND YOUR GOD WILL REMEMBER THIS WHEN ITS YOUR TURN TO GO TO THE HEREAFTER! THE OIL SPILLS, AND THE RISE IN THE OCEANS, HAVE AFFECTED THE GULF TO WHERE IT CANT SUPPORT THE MARINE LIFE, AND THE CORAL REEFS ARE DYING. AND BLEACHED OUT! SCIENTISTS CALCULATIINS WERE WRONG. IF YOU HAVE CHIKDREN, OR GRANDCHIKDREN YOU CAN COUNT ON THEM NEVER SEEING A PORPOISE, OR A MANATEE, STAR FISH, AND SO MANY ANIMALS THAT SURVIVE OFF THE THE AREA. NOW SEARCH YOUR SOUL, UNLESS YOU JUST CARE ABOUT MATERIAL THINGS. PITY THE CHILDREN IN 5 TO 10 YEARS. SUCK UP THAT INCREASE UNTIL 2023, AND LET THE PEOPLE KNOW YOU UNDERSTAND THEIR PLIGHT!

193. Marian Tracy  
Coos Bay, OR 97420

Energy costs involve necessary expenditures for most people.

194. Kathy Machan  
Severna Park, MD 21146

Enough already. Stop allowing fossil fuel industry in areas at ever increasing risk from severe storms, and irreparable damage to the health of the environment and population due to inevitable oil and gas accidents.

195. Gary Bushey  
Sanbornville, NH 3872

enough is enough, corporate greed is rampant and the republicans keep putting handcuffs on most government agencies to put some common sense controls and regulations in place with severe financial penalties in the laws/regulations. (Consequences to outrageous financial and community behavior) and not just fines, but lengthy prison terms to executives violating such rules and regulations.

196. michelle Millenacker  
Dundas, MN 55019

Enough is enough, no more pollution or exporting gas.

197. Octavia Gafford  
Denver, CO 80230

Enough is enough, we need clean energy not more polluting!

198. John Cowman  
Ann Arbor, MI 48103

Enough is enough. The climate and environment and people Need to be given priority. Listen to what the American people want not following the almighty dollar as you trash the environment. It?s bullshit and you know it!!

199. Linda Smithe  
Jupiter, - 33458  
enough is enough. This must stop!

200. Judith Allen-Leventhal  
Accokeek, MD 20607  
Enough is enough: global climate threats require responsible leadership now. Exporting liquefied natural gas must not continue.

201. Victor Colon  
Reading, PA 19605  
Enough of this fossil fuel GREED! No to anymore increases!

202. Joyce Gelfand  
PUNTA GORDA, FL 33955  
Enough!!

203. Darlene Davies-Sugerman  
Saint Louis, MO 63130  
ENOUGH!!!

204. Elizabeth Komins  
Albrightsville, PA 18210  
Enough, already.  
Stop destroying nature that protects us from disaster, purely for corporate greed!

205. John Kraemer  
Chippewa Falls, WI 54729  
Enough. Fossil fuel companies need to be contrwolled!

206. Cynthia Mazurek  
Spring Lake, MI 49456  
Environmental impacts should not be ignored in the name of profits.  
It is time to hold the line on this kind of expansion.

207. William Foreman  
Warren, OH 44484  
Equal ?

208. Jim Boone  
Las Vegas, NV 89117

Especially during this time of crisis, we need to protect our domestic gas supply.

209. Martha Wagner

Omaha, NE 68135

Europe is responding to the Russia/Ukraine crisis by divesting from oil. This is the RIGHT response. We should not be pumping/fracking more oil to destroy the environment and prop up a destructive energy industry.

210. Emily Alexander

Freeland, WA 98249

Every dollar counts for citizens right now, and these price increases are threatening our ability to live, and live happily. Especially on recurring bills, prices should not increase. When having a "great" tech job still can't support a comfortable life, bills piling up, medical expenses from unexpected illness, a tooth that chipped, we are all losing hope. No one wants to have kids anymore because we don't want to pass on this hopelessness. Reversing this starts with simply maintaining recurring costs. Not to mention all of the harm we all know fossil fuels, their use and transport, do to our environment. It's disgusting, and we have to seriously start using alternative sustainable energy sources.

211. Barbara And Jim Dale

Decorah, IA 52101

Every stage of fossil fuel production takes us farther down the path to the planet's demise. We must stop now.

212. Jean Jackman

Davis, CA 95616

Everywhere I travel, I find we have wrecked the waters or land. We have been pigs and what are we leaving for children and grandchildren???? Please think future generations.

213. Angie Dixon

Clinton, WA 98236

evil

214. Dorothy Jordan

Lynden, WA 98264

Expanding fossil fuel facilities at this time is the wrong thing to do. Irreparable harm will be caused to the environment and local communities.

215. Alicia Czechowski

Baltimore, MD 21217

Expanding fossil fuel use is short-sighted and will ultimately kill the planet we inhabit.

216. Joni Bosh

Bainbridge Island, WA 98110

Expanding LNG use is going exactly the wrong direction. WE need to moving OFF gas. Going forward, the cumulative impact of any facility should be evaluated, as no facility is an island. the planet recognizes no individual impact, either.

217. Theodore Janeczko

Leland, NC 28451

Export permits are going to result in additional inflation which the poor and middle class can't afford! Please stop indirect gouging!! Cap domestic prices by keeping the LNG inventory at a healthy level for the foreseeable future!!

Thank You

218. William Schoene

Santa Monica, CA 90405

Exported natural gas is even worse for the climate than that burned domestically, because of the emissions created by the significant energy required to liquefy, ship and expand it ... and then it still gets burned. If domestic gas production exceeds domestic demand, then the gas companies can just cut back on production, especially on fracking, which is so environmentally damaging that it should be outlawed regardless. If the oil companies are allowed a growing LNG outlet for their excess production, my grandchildren will not be able to survive the resulting climate in the 2nd half of the 21st century.

219. Selwyn Oskowitz

Santa Monica, CA 90401

Exporting fossil fuel is importing climate change to this planet.

220. Julia Fuller

Walnut Creek, CA 94598

Exporting gas from the Plaquemines export facility will irreparably damage acres of marsh which is the best line of defense against coastal storm surges in Southeast Louisiana. Don't subject these citizens to increased energy bills and increased pollution in a sensitive area which has already been hit hard by Mother Nature.

221. Cheryl Smith

Gorman, TX 76454

Exporting has led to the unrestricted building of export pipelines all across this country. The use of eminent domain to build these pipelines is destroying thousands of acres of land and trees, polluting water, taking away property rights, threatening rural families and homes. Stop export company's from using eminent domain to build these dirty pipelines. Force company's to compensate landowners fairly for the loss of their land and livelihoods.

222. Marvel and Bobbie Maddox

Seguin, TX 78155

Exporting liquefied natural gas is an insult to both the American people (creates increased costs domestically) and to our environment (harm caused to our coast, marshes, and waters). Please note my total opposition to Venture Global's application.

223. Wanda Isele

West Chester, OH 45069

Exporting LNG is ravaging Louisiana and making other countries stay dependent on fossil fuels. The world will never become independent of fossil fuels if we continue to feed the dependence on them!

224. Oscar Bloch

Madison, WI 53715

Exporting LNG makes no sense. More carbon pollution, more dependency on international energy sources, more pollution of the Gulf, more vulnerability to Europe's one-sided carbon taxes, more energy price increases with no benefits to consumers. Keep it simple and say no. Oscar Bloch

225. Jim Long

Ithaca, NY 14850

Exporting LNG makes our country even more culpable in the climate crises, fueling more CO2 emissions, more methane emissions, and diminishing the economic incentives that promote renewable alternatives. To say nothing of the environmental and human costs of the infrastructure.

226. Albert Hunt

McLean, VA 22101

Exporting LNG will only increase the likelihood of climate devastation.

227. Nancy Richards

Santa Rosa, CA 95404

Exporting natural gas to non-free trade countries is a bad idea. And developing facilities in Louisiana is dangerous to the environment.

You must deny permits to New Fortress and Venture Global.

228. Louis Smith

Mount Pleasant, SC 29464

Exporting natural gas will mean less natural gas domestically, thus higher prices. The proposed terminals would add even more pollution to communities already overwhelmed by pollution.

229. Diane Bastian

Liberty, PA 16930

Exports of fracked gas are absolutely unnecessary except to make money for massive corporations. The damage to our health and our environment is inexcusable.

230. Irene Gnemi

Newburg, MO 65550

Fight climate crisis. Stop polluting  
our air & water.

231. Eric West

Port Orange, FL 32127

First of all, no increase in pricing without proof that they are not already War Profiteering.

232. Joan Christensen

Joan, MN 56649

First of all, the US needs to save its energy sources for the US not exporting them. Secondly, why should US customers pay for export resources. Thirdly, to increase exports, the Plaquemines export facility will irreparably damage marshes which will increase damage from coastal storm surges which will inevitably happen. In addition, flare offs from this extra gas will increase the air pollution in Coastal LA which is already too high causing respiratory and heart disease and strokes.

233. Janet Muir

Marcellus, NY 13108

First the community pays for the industrial pollution with ill health, then they pay in their gas bills all so that this company can profit by selling LNG overseas. We call for environmental justice. Government needs to prioritize people over corporate profits.

234. Lacey Cordero

Chicago, IL 60622

For my children's sake, please stop enabling fossil fuel companies and work to make the US the leader in alternative energy innovation.

235. Dr Christine Mr William Meisenheimer Georger

Kingman, AZ 86401

for the sake of capital gains do NOT harm our precious marshlands! peace:-)

236. Susan Wheeler

Lawrence, KS 66047

For the sake of the Gulf of Mexico and the residents of Louisiana, this project must stop.

237. Alena jorgensen

temple city, CA 91780

For the sake of this planet, do the right thing.

238. Jan Hansen

San Diego, CA 92122

Fossil fuel are the past; renewals are the future!

239. Felicito Guerrero

Paige, TX 78659

Fossil fuel companies and billionaires are destroying our planet's liveability for humans. How more dire can something be?!? Fossil fuels must be stopped and replaced by renewable energy sources. This must be the top priority of our government. No to these permits! Help save the planet for humans and say no to billionaire profits.

240. Edward Jasiewicz

Pittsburgh, PA 15208

Fossil fuel companies are killing us. They should know that we know they deserve to be stopped.

241. Kate Kenner

Guilford, VT 5301

Fossil fuel companies have too much power and money and no sense of ethics or responsibility. They do not care the communities they will invade or the ocean where marine lives will once again be put at risk and if something does happen it will be catastrophic again and these two companies that are so eager to get in there will be just as eager to get out and they will leave a mess just like BP left. The only ones who will benefit are those making financial gains and those currying favors, everyone else whether they are human or non human and our environment, the environment of the people who live there, will only feel the negative effects and left holding the proverbial bag if there is an "accident". Bad idea, stop catering to fossil fuel companies and giving out permits and subsidies. Just say no.

242. Lori Erickson

Littleton, MA 1460

Fossil fuel companies need to get a conscience.

243. Marie Sepeta

Granger, IN 46530

Fossil fuel companies need to stop gouging their customers! Their greed can no longer be tolerated or approved. Fracking has many downsides and dangers. Say NO to these two greedy fossil fuel companies.

244. Joan Stern

San Diego, CA 92127

Fossil fuel corporations should not be able to dictate unhealthy projects to any American cities/states. We have to fight anything that creates pollution and kills our neighbors.

245. Mark Meeks

Bailey, CO 80421

Fossil fuel development is doing great harm to our life on earth and must be more carefully disciplined and limited so as to ensure our life on earth has a viable future and to limit further harm from their

activities. Please protect our people from the harms of fossil fuel exploitation, and please work to ensure a clean and viable environment free from such harms.

246. Eugene Brusin  
Quincy, MA 2169

fossil fuel greed should not harm Americans, deny the permit to increase record profits higher.

247. Mark Simpson  
Petoskey, MI 49770

Fossil fuel increases are a disaster to everyone. Financially and environmentally.

248. Peter Ring-Revotskie  
San Rafael, CA 94901

Fossil fuel industry is Evil; and Must be ended! Go Renewable!!!

249. Paul Rodgers  
Tucson, AZ 85746

Fossil fuel industry is one of the main reasons this nation is in the state it is in.

We subsidize fossil fuels when they are in trouble only to have them hold the nation by the throat when we need help while they make their billions.

250. Douglas Hunt  
Haverford, PA 19041

Fossil fuel use is killing our planet and all living things.

251. Paul Palla  
Greencastle, PA 17225

FOSSIL FUELS = DEATH AND YOU KNOW IT! STOP HELPING THEM LITERALLY KILL US!!

252. Lana May  
Mount Prospect, IL 60056

Fossil fuels are an obsolete energy source costing more for exploration and extraction. We must move to clean energy: wind, solar, and geothermal.

253. Margaret Miros  
Malvern, PA 19355

Fossil fuels are destroying the ozone and causing major health risks to the most vulnerable citizens among us, unborn babies as well as children and adults. We need to reclaim our right to clean air and water by limiting authorization not expanding it.

254. Charles Warner  
Fontana, CA 92337

Fossil Fuels are killing ALL of us Slowly! We MUST end our dependence on Fossil Fuels NOW!

255. Ellen Koivisto

San Francisco, CA 94122

Fossil fuels are killing us all! STOP!

256. Susan Wald

Sag Harbor, NY 11963

Fossil fuels are the way of the dinosaurs!

257. Mark Noble

West Haven, CT 6516

Fossil fuels are waste of time.

258. Gail Troy

Shipman, VA 22971

Fossil fuels harm people; at their extraction during their use and by their end products. ?

259. Maryellen Redish

Palm Springs, CA 92264

Fossil fuels must go. The world cannot afford their disastrous effects on the environment.

260. MaryRose Randall

Rock Hill, SC 29730

Fossil fuels of all types pollute every step of the way from extraction to transport to storage to burning. Flaring is especially destructive and has terrible cost to health for people living near it. We need renewable energy, not more fossil fuel projects in order to mitigate the worst effects of climate change. Please do not authorize this expansion.

261. Ann Eastham

Minneapolis, MN 55406

Fossil fuels rely on fossil technologies which should have no place in our energy future. Why prolong their dying gasps as they kill ecosystems and harm humans? Please think of the future in your actions. Please!

262. June Loveless

Boones Mill, VA 24065

Frack it! Pollute and destroy the landscape in the process! Keep pumping methane into the atmosphere by the ton! Soak the consumer while laughing all the way to the bank! Is this a great country or what? Global warming/climate change will terminate greed once and for all...

263. Barbara Winner

Arnold, MD 21012

Fracked gas is dangerous to attain and dangerous to transport. The Plaquemines export facility will irreparably damage acres of marsh. Marshes are our best line of defense against coastal storm surges. We should be using nature to protect us, not destroying it.

264. Carol Williams

Livonia, NY 14487

Fracking is contrary to Mother Nature. We have yet to hear how companies who do this work can do it responsibly, taking care to calculate ALL the externalities of the costs. Taking out of the earth a fuel that is not replenish able like alternative energies can be on the whole is a dangerous waste of time especially for those living nearby in Louisiana and those not so as the burning off of fuel particulates float into the atmosphere.

Limiting our carbon footprint. So can you.

265. George Gorohoff

Marina, CA 93933

Fracking is frakking insane. Absolute NO. Force these companies to INNOVATE and develop the next epoch in ENERGY so that WE can be the next global leaders of energy. This can ONLY be done with CLEAN ENERGY TECHNOLOGY that we incentivize our companies to develop.

266. Julie Kiene

Merion Station, PA 19066

Fracking is harmful to the environment and more costly than renewable energy

267. Susan Schmidt

Oklahoma City, OK 73112

Fracking is harmful. We should not be exporting natural gas for all the reasons mentioned including it is an incentive to frack more. Less fracking should be our goal.

268. Kit Mason

Silver Spring, MD 20902

Fracking kills ecosystems. It poisons aquifers and groundwater. Don't allow this fracked gas to be extracted and exported.

269. Linda Tilton

Libertyville, IL 60048

Fracking should be outlawed. Please! Move away from all fossil fuels!

How much abuse will the Gulf of Mexico be able to sustain!

Say good by to fossil fuels and this HORRIBLE industry.

270. Tess Dew

Hagerstown, MD 21740

From both an environmental and financial perspective, neither company is considering the cumulative impact of the harm they will cause to local communities. Please support the local area and reject all the requested authorizations made by New Fortress and by Venture Global Plaquemines.

271. Carol Accorsi

Ballston Spa, NY 12020

Fuel costs are high pollution is high .Enough is enough.

272. Louise Hetzler

Westborough, MA 1581

Future generations are counting on us to do the right thing. We are in a climate emergency and need to stop burning fossil fuels and transition to clean energy. Time is of the essence.

273. Letty Wong

San Francisco, CA 94121

Future generations over profits

274. Beth Armbruster

Louisville, CO 80027

Gas and chemical companies located in flood prone areas that are susceptible to hurricanes have been proven to be disastrous. This plan to expand gas export facilities does not help solve the climate crisis and will only exacerbate it.

275. Laurel Drew

Phila, PA 19119

Gas and energy prices are going up and going up again! Can't afford this.

276. Denise Motta

Saint Louis, MO 63123

Gas export terminals regularly flare off gas that exposes communitites to pollution like black carbon particles that cause respiratory disease, heart disease, and strokes.

277. Sunni Benoit

Denver, CO 80218

Gas prices are high enough and it's time to stop gas companies from taking in record profits while the people overpay. Also time to switch to renewable energy!

278. Sandi Cornez

Portland, OR 97219

Gasoline is harmful

279. mary senn

hampton, NJ 8827  
Get drilling out of the water forever!

280. Valerie Poston  
Phoenix, AZ 85044  
Get it together, how do you sleep

281. Carolyn Grimes  
Manchester, OH 45144  
Getting harder and harder for us on fixed income to survive

282. Renee Harper  
Petaluma, CA 94952  
Given the ongoing climate emergency, coastal Louisiana marshes are critical in helping defend the coastline and should not be compromised by the construction of the Plaquemines export facility. Also, these local communities have already been subjected to a disproportionate burden of industrial pollution for too long and the resulting health impacts. They should not have additional pollution imposed by building these facilities.

283. Alden Jenks  
Oakland, CA 94609  
Giving any concessions to the Fossils has an immediate and a long-term effect on my family. We are destroying the planet --- what's the hurry?

284. Bernard (Ben)  
New Orleans, La., LA 70172  
Globally, we must transition from fossil fuels to renewable energy to avoid the worst consequences of climate change. Other negative effects must be considered to local communities such as the flare offs that expose the local longtime residents and fisherman to toxic cancer-causing elements.

285. Sheila Rekdal  
Independence, MO 64053  
GO SOLAR NOW!!!

286. Gloria Watts  
Lansing, MI 48910  
God gave us this great earth. Man is to keep it clean, not take advantage of us and our families. We have enough to pay and just make it everyday for those of us that are not billionaires. Our rates for us and everything else need to not be taken advantage of. Be honest companies!

287. Elizabeth Roberts  
Chicago, IL 60625

Gouging the public pockets just to get richer will someday backfire. Those pockets are more empty every day and more people will suffer the consequences to the point that the big money gouges will have nothing from which to shake down. As the poor fall, so will the powerful.

288. Kate Nelson

Groton, CT 6340

Granting these permits would be a short sighted giveaway to an industry that is hurting the environment and the people of Louisiana.

289. Steven Burrell

Topeka, KS 66605

Greed is a powerful emotion for many. Please ensure that the need to expand export terminals actually exists before allowing it.

290. Rebecca Lockman

Watkinsville, GA 30677

Greed is a very pernicious thing and the raising of prices during a time of great need is harming many people in our country. I am calling on you to stop this perpetuation by large corporations of increasing their profits at the expense of our natural resources and their fellowman. Please do the right thing by all people. Thank you. Rebecca Lockman

291. Pam Pendleton

Cincinnati, OH 45245

Greed is destroying life on Earth. Stop the madness now.

292. Janice Durbin

Anderson, MO 64831

Greed is driving this. Us companies must stop exporting do they can jack up our prices.

293. Sandra Cobb

Moreland Hills, OH 44022

GREED is the motivator for this application. Louisianans need your protection, not your complicity in the pollution of their coast & creating additional weather problems.

294. Ola Jones

Greed is Green Valley, AZ 85614

Greed is in the business community and read Revelation Chapter 18, thanks and have a nice day.

295. Susan Samtak

Bedminster, NJ 7921

Greed must be stopped.

296. Susanna Askins  
Portland, OR 97230  
Greedy, lying bastards.

297. Edward Thornton  
Swarthmore, PA 19081  
Guess what, climate change is happening. It doesn't really matter the cause. Republicans want to do nothing because it might reduce profits. Sensible people want to take all reasonable measures to minimize the undeniably bad impacts of our changing climate. Doing nothing will cost a little now, but it's a big delusion to think just letting go won't have really bad effects on profits in the future. Let's not be that dumb.

298. Robert Josephs  
Santa Fe, NM 87505  
Hasn't oil and gas done enough damage to the Louisiana coast ?

299. Carole Jean De Maio  
T Or C, NM 87901  
Hasn't La suffered enough? Do NOT permit New Fortress and Venture Global's CP2 LNG Export terminal (Venture Global Plaquemines LNG Docket #2022-10169) (New Fortress Energy Louisiana FLNG Docket #2022-10168)

300. steven debonis  
greenacres, FL 33413  
Hasn't the gulf been harmed enough by energy industries. Stand up for the people and our environment, not big business.

301. Diane Reus  
New Smyrna Beach, FL 32168  
Have a heart! Don't contribute to pollution in Louisiana. Don't harm natural acres of protective marsh. Don't burden the citizens with increased energy bills for your profit.

302. Jennifer Harris  
Wilmette, IL 60091  
Have mercy on the people of coastal Louisiana and deny the Venture Global and New Fortress applications! Coastal Louisiana communities are already subject to intense industrial pollution and also immense impact from climate change weather catastrophes. Louisiana has a poor track record of monitoring pollution risks and we can't afford any more oil and gas disasters. And we need to start weaning ourselves off these destructive energy sources.

303. Larry Ruggiero  
Levittown, NY 11756

Haven't we had enough? We are drowning in inflation and high gas prices. Stop this LNG project now . Besides the cost to us taxpayers, You are causing great harm to the environment. Louisiana has suffered enough over the years , what with natural disasters and not to mention horrible oil spills . Please take all of this into consideration. Thank you

304. Barbara Federman  
North Babylon, NY 11703

Haven't we learned from the Deepwater Horizon disaster what dangers lie for the coastline & wildlife?  
We need to say an emphatic no.

305. Lonnie Quitter  
Belfair, WA 98528

Haven't we poisoned the Gulf enough?

306. Phil Bandy  
GRAND JUNCTION, CO 81504

Having personally worked with LNG terminals and also lived in the area, I can say that building these things is highly destructive and a threat to all living things. Leave the marsh alone. No more raping the land.

307. Sandy Reiberg  
Indianapolis, IN 46208

Having visited Louisiana recently. and with friends who have made Louisiana their home, this issue is personal to me. My friends have worked for years to preserve the environment in Louisiana, and this action threatens to destroy that work.

308. MARY ROJESKI  
Santa Monica, CA 90405  
Hell NOOOO!!!!

309. Eddie Gomez  
Atlanta, GA 30354  
Hello,

310. Anthony Bond  
New Bern, NC 28562  
Hello,  
Let's keep our LNG for American families.

311. Cherie Martinez  
Chattanooga, TN 37405  
Help the common person!

312. Mary Jean Pramik  
San Francisco, MS 94115  
Hey, stop the steal Venture Global's Plaquemines and New Ftress!

313. Sylvia Rodriguez  
New York, NY 10003  
How about these two fossil fuel destroyers get shut down altogether and stop destroying our world. Be a part of the solution, not the pollution!

314. Michael Carter  
Annandale, VA 22003  
how can the DOE grant this outrageous request. The environmental consequences alone must not be allowed and the direct monetary cost to those living near these facilities would be unconscionable. This must not pass. Just say NO!!

315. Deborah Compton  
Asheville, NC 28801  
How deplorable. Stop companies from robbing it's customers. Keep our natural resources I THIS country.

316. Michael Stoyanow  
San Diego, CA 92129  
How long can you try to justify the harm done by fossil fuels to our environment. Republicans and Democrats both continue to sell out our future generations...shame!

317. Craig Collins  
Winston Salem, NC 27127  
How long will we continue to allow fossil fuel companies to continue to destroy critical habitat, and pollute our water and land? It is way past time this should stop! Fracking is horrible for the environment! We need to focus on solar, wind and other alternative types of energy production. We need to take steps NOW to lessen Climate Change. I'm counting on you to do the right thing!

318. Nancy Armstrong  
Ona, FL 33865  
How ridiculous is this proposal! Louisiana already suffers from enormous amounts of pollution...now you want to allow this! Unconscionable!!

319. Laurrie Cozza  
Stony Point, NY 10980  
How these projects are even being considered is shear lunacy! Save the planet!

320. Art Hanson

Lansing, MI 48917

However, you MUST do MUCH more. We MUST keep ALL climate-changing fossil fuels IN THE GROUND!  
We MUST achieve 100% clean, renewable energy by 2030.

321. Ryan Rosenthal

Boca Raton, FL 33487

Hydrogen is solves allergic

322. Merriann Bell

Lyle, WA 98635

I agree 100% with this letter! It is high time for you to STOP this MO, and start putting people and the planet before your own profits!

323. Shawn Elliott

Aurora, CO 80014

I agree with everything covered in this letter.

324. Valerie Rounds-Atkinson

Endicott, NY 13760

I agree with the contents of this comment

325. Steve Knutzen

Anacortes, WA 98221

I agree with the following statement.

326. John Allaire

Cameron, LA 70631

I am on a fixed income and these ongoing LNG exports have incresed the price of everything I buy and the energy I use use to cool my home and heat my water in SW Louisiana. Please formulate a National Strategic Energy Security Plan for America.

327. Randall Wayne

Eugene, OR 97403

I am a business owner living in Oregon, where we are already experiencing the destructive effects of fossil-fuel driven climate change

328. Brooke Krekow

Seattle, WA 98102

I am a concerned citizen.

329. Robert Smythe

Chevy Chase, MD 20815

I am a longtime environmental professional.

330. Katie Stabb  
Oak Park, IL 60304

I am a young person and the future of our environment is of the utmost importance to me. The recent IPCC report has shown that we need to make drastic cuts to fossil fuel use, with emissions peaking in 2025, to stay below 1.5 degrees Celsius of warming. Investing in these fossil fuel facilities is not consistent with that goal now, and would be even less so by the time Plaquemines is constructed and LNG is being exported. Please deny Venture Global's application and help ensure a livable climate for young people and generations to come.

331. Marilyn Bauchat  
Bloomington, IN 47408

I am aware that you have an opportunity to make millions of dollars. What about using your expertise to transition to clean energy, this protecting our planet and the residents affected by industrial pollution?

332. Margaret Wessels  
Aptos, CA 95003

I am concerned about the environment where people I know live.

333. DRu Rafkin  
Kalispell, MT 59901

I am disappointed and frustrated with Congress & the petrochemical companies, as well as the banks that support them. Shameful behavior by all involved. I SEE YOU. I'm watching, voting and spreading the word.

334. Mary Morris  
Rock Hall, MD 21661

I am enraged by these bastards. In an era of exorbitant profits, they continue to screw their customers and kill the planet. Do something dammit.

335. Elizabeth Struthers Malbon  
Blacksburg, VA 24060

I am experiencing the environmental and social damage of the fossil fuel industry in my hometown of Blacksburg, Virginia, where the stalled-out Mountain Valley Pipeline is destroying local water sources in the hopes of getting fracked gas to market--and MVP is now using the need for LNG exports to Europe as an arguing point. Drinking water in Virginia and the fragile health of the Gulf of Mexico cannot be replaced. There are other sources of fuels.

336. Petite Morrison  
Altadena, CA 91001

I am fo NO Fosses Fuels which pollute our air and our communities.

337. Ruth Clifford

San Jose, CA 95126

I am furious at the myriad ways that fossil fuel companies are driving up prices of natural gas and oil in the U.S. by manipulating markets and selling our domestic resources outside the country. In the process they are heedlessly destroying lands, waterways, and communities, often of poor people and people of color. These facilities on the coast of Louisiana will be vulnerable to hurricanes, storm surges, and flooding, leading to even more ruin to the coast and its people than already exist. This is a criminal endeavor, in my opinion.

338. Helen Doremus

Inglewood, CA 90305

I am genuinely at a loss why the Democratic majority and Democratic presidency is backing dirty energy initiatives and throwing at-risk communities of Americans to the proverbial wolves of industrialized pollution, high volume pollution and environmental exploitation. In Texas and Oklahoma, fracking had a direct negative effect on air quality, community resources (such as fresh water and open land), and the geologic makeup of the ground under residents' feet, leading to massive increases in earthquakes (among other things) in areas that are not in any way built or constructed for even minor earthquakes. Further, the damage inherent to this plan that will befall marshland critical to coastal preservation and defense from storm surges is just unconscionable in a time when the government knows full well that ecosystems and environmental equilibrium need not only to be maintained where they exist, but reinstated where they have been destroyed by decades of just this kind of destruction.

339. Peter Schorer

Berkeley, CA 94704

I am one many, many citizens who demand that the Dept. of Energy absolutely refuse to grant oil executives and billionaires permission to destroy the place we all call home!!

340. Karen Jacques

Sacramento, CA 95811

I am opposed to any new permits for the export of LNG or any other fossil fuel. The world is in a climate crisis and allowing fossil fuel corporations to profit from the export of their deadly product is the last thing this country should allow. I am also utterly fed up with US communities, almost all of them poor and communities of color, being treated as sacrifice zones so that fossil fuel companies can make still more profit from sickening people, poisoning the communities where they operate and destroying the livability of our planet. Additionally, locating LNG facilities in areas know for violent storms is utter madness.

341. Judy Lacinak

Shreveport, LA 71118

I am opposed to exporting this nation's natural resources.

342. Steve Underhill

Steven, MN 55431

I am opposed to projects that create havoc directly to the environment and cause us to continue our dependence on fossil fuels. Our efforts must be focused on renewable energy.

343. Joan m Janus

Milwaukee, WI 53208

I am opposed to this Export Permit for environmental and economic reasons. While I live far from the Louisiana coast, many people do not and this needs to be considered. We are dealing with record inflation and making fossil fuel scarcer will hurt American families .

344. Eva Lorini

Austin, TX 78745

I am outraged and just plain tired of individuals bearing the brunt of costs that we did not ask for that should be falling on government or corporations, particularly in this case as New Fortress' plan will create irrevocable harm to our environment and communities. We will not accept this. Find another way.

345. Mona Young

Great Barrington, MA 1230

I am proud to say I attended the first Earth Day Celebration held over 50 years ago on April 22, 1970, in New York City's Central Park. I have been an avid environmentalist ever since.

346. David Finke

Oberlin, OH 44074

I am quite concerned about the harm that this will do to the marshes which protect coastal communities from storm surges. YOU must stand in the way of Billionaires getting away with whatever they want, with no regard for the affected communities.

Please do NOT grant these permits!

347. Leda Zimmerman

Lexington, MA 2420

I am really shocked by the latest efforts to expand fracked gas exports on the backs of U.S. consumers, and at the cost of our coasts and environment. The U.S. doesn't have an energy crisis; we have energy bandits with no concern other than lining their pockets as the world burns. This must stop. Please tell Venture Global and New Fortress "NO".

348. Joanne Logan

Antioch, TN 37013

I am so tired of the fossil fuel industry always putting profits over the American people. Be more patriotic and stop the export of LNG. Poor Louisiana just can't handle any more of this. They already have inflated cancer rates and respiratory diseases in the areas where fossil fuels are processed.

349. Alan Green  
Plain, WI 53714

I am strongly opposed to any increase in the sale or distribution of liquified natural gas.

350. Elizabeth Palter  
Providence, RI 2906

I am totally against LNG because it is hazardous and risky.

351. Mary Ellen Channon  
CHICAGO, IL 60640

I am very concerned that these two LNG companies are putting their profits over the well-being of the people who live in this area.

352. Katherine Baker  
Santa Barbara, CA 93110

I am very opposed to any activity that will perpetuate the practice of fracking. I am also opposed to risking the health of the coastal communities of Southeast Louisiana. Please do not allow Venture Global and New Fortress to build any new LGN facilities. These fossil fuel corporations proposals are No-Wins for everyone except the oil executives and multi-millionaires who back them.

353. Sally Abbey  
Snohomish, WA 98290

I am weary of money taking precedent over our planet and corporations seeming to have more importance than the rest of human kind. Enough! When did "do the right thing." go away?

354. Talia Calnek-Sugin  
, DC 20010

I am worried about the health of communities and ecosystems in the Gulf Coast region. I am worried about the future of our planet because lifecycle LNG emissions are staggeringly high. And I am worried about the skyrocketing energy costs largely caused by US gas exports.

These facilities are NOT in the public interest so DOE should deny permits. Thank you.

355. kathleen clarkson  
San Francisco, CA 94110

I am writing to express my concern and my opposition to Venture Global's application to export liquefied natural gas to non-Free Trade Agreement nations. I am also writing to express my concern and opposition to New Fortress's application to export liquefied nature gas to non-free trade agreement nations

Please increase the investment and push for alternative fuels. The Fuel Industries can do this - as this is the future

356. Edward Dollard  
Santa Monica, CA 90405

I am writing to express my opposition to these export permits.

357. Marjory Donn  
Greenbelt, MD 20770

I ask this in the names of my grandchildren and all grandchildren everywhere.

358. Linda Morero  
Buckeye, AZ 85326

I cannot afford

359. Lori Erickson  
Tofte, MN 55615

I can't afford for my fuel costs to go even higher!

360. Marlene Brown  
Round Lake, IL 60073

I care about the present AND the future.

We must act to save our planet.

361. Linda Herron  
Duluth, MN 55812

I care about those who are adversely affected by the damaging health and economic effects of fossil fuels. It's time we started thinking about the worsening effect of fossil fuels on our health and the the future of the planet.

362. Marianne Gocker  
Pittsford, NY 14534

I care deeply about the natural world and about the future my grandchildren will inherit. We have to urgently act to protect the environment.

363. DeSean Freeman  
Pike Road, AL 36064

I continually wonder why the state of Louisiana (in the mostly Black areas) is always subjected to the environmental pollutants that typically and adversely affect communities in this country.

364. Virginia Bray  
Roswell, GA 30076

I do live in Louisiana but this authorization would be devastating to the area it's planned for. This is an idea that is only good for the New Fortress and/or Venture Global. Permission should be denied in order to protect the people and the state of Louisiana.

365. Andrea Wasserman  
Portland, OR 97222

I do not want these companies increasing the price of energy at home and sacrificing our coast, all for their profit.

366. Jeffrey Born  
New Haven, IN 46774

I don't live in that area, but I am sick of hearing about oil and natural gas companies ruining land and screwing up the planet. We have to demand that all governmental agencies, and anyone in power push these greedy entities toward green, sustainable sources of energy, i.e. solar, wind and hydroelectric. The survival of the the planet and every living thing depends upon it!!

367. Deborah Harris  
Floyd, VA 24091

I don't understand how anyone can live with themselves when they prioritize profit over protection of the environment and quality of life for humans and animals.

368. Paula Braun  
Mount Pleasant, WI 53406

I feel it's time to hold these companies accountable and not let them ruin our environment along with hurting our health. We must step to them and not let money be the deciding factor.

369. Denise Stotsenbeeg  
Coupeville, WA 98239

I find it appalling that, current evidence ?based on science? shows global warming, melting glaciers, declining species and so forth is actually happening now. Look at the pictures in the news. It is way past time for all humans to curb reliance on fossil fuels : drive electric, install solar panels, and definitely no new fracked gas or floating export facility should be permitted by Department of Energy. Please decline these permit requests.

370. L Jean Hurchalla  
Aptos, CA 95003

I had to remove my propane tank due to increasing prices. Our community is going solar! Many more communities are to follow. Your greed will only hurt people and you.

371. Rob Myers  
Raleigh, NC 27612

I have a daughter who lives in New Orleans, LA and I don't want her and the others living in LA vulnerable places to be put at greater risk with the building of this terminal and the additional green house gases released with the burning of this fossil fuel.

372. Denise Sicotte  
Charlotte, NC 28209

I have a Grandson that has to live on this planet for the next 80 years! Wh need clean air and water now!!!!!!

373. Ruth Darlington  
Medford, NJ 8055

I have been part of the fight to stop New Fortress Energy from brining LNG to an export terminal in Gibbstown, NJ. A major concern was the danger to all the communities, many already suffering for disproportionate pollution, that the LNG would be transported through. Now New Fortress tries to take its business to southeast Louisiana! An area already know as Cancer Alley must not be subjected to further abuse so that New Fortress can keep doing business as usual!

374. Jayson Flint  
Sedalia, MO 65301

I have been to the gulf coast and formerly lived in California. I have seen what drilling and transport incidents can do...it is neither pretty nor healthy for people and the environment. As an asthmatic the additional issue of particulate pollution is also familliar. It is past time to do what is right for people and nature and shut down short-term profits for the few in favor of protection for all of us.

375. Sandra Jones  
Denver, CO 80206

I have heard about the environmental damage wreaked in Louisiana by fossil fuel companies, and I oppose Venture Global's application to export LNG to non\_Free Trade Agreement nations and New Fortress' request to fast-track the construction of its floating LNG export facility.

Sandra L Jones

376. Eliot Moss  
Amherst, MA 1002

I have read and agree with this statement drafted by the Sierra Club. I believe they are spot on: This is a project we do not need and that moves the world in the wrong direction.

377. Mary Barton Mayes  
Long Beach, CA 90814

I have seen firsthand the health consequences of disregard for the local community by fossil fuel companies?please help protect us from their blatant disregard!

378. Richard Cole  
Eagleville, PA 19403

I have visited the coastal communities of Louisiana and have seen conditions that are gut-wrenching to no fault of the folks who live there. The last thing they need is more fossil fuel buildout. And the excuses that somehow the industry needs to expand in order to reduce prices is absurd. They don?t care but for

one thing - profit. If that means raising prices they'll do it. If it means more destruction - to our communities and the environment - they'll do it. Enough already. We do not need to continue this legacy, one that future generations, including that of my daughter, would have to contend with.

379. Mary Bautista  
New York, NY 10031

I hope that you will take a progressive leadership role on this issue.

380. Mary Leonard  
Bozeman, MT 59718

I hope the absurdity of Venture Global's request is immediately apparent to you. How can the US agree to increasing exports of fossil fuels at a time when it is desperately seeking sufficient production to meet its domestic demand? Not only is this request counter to US interests, it callously disregards its human and ecological impacts for the Gulf Region.

381. Jim Steitz  
Gatlinburg, TN 37738

I implore you to stop licensing and permitting gas pipelines and export terminals, an entire sponsoring companies' program of entrenching the Gulf Coast as America's domestic sacrifice zone and humanity's suicidal derangement of the Earth's carbon cycle. These methane extraction and export projects are exactly what the Gulf of Mexico and our world do not need. That the Corps of Engineers continues to treat these projects as morally normal or feasible, as the Gulf ecosystem falters under human assault and our Earth cooks under a thickening blanket of carbon dioxide, is a measure of the madness that the cult of fossil fuels has brought upon our government.

382. AnnaMary Walsh  
Shepherdstown, WV 25443

I join millions of Americans who have great concern with these companies where industrial pollution continue to remove safe and acceptable air levels for people to live as long as oil and gas continue to be exported in their living spaces.

383. Joyce Johnson  
Pottsville, PA 17901

I just got out of a violent marriage, and I cannot afford anymore bills than the ones I already have.

384. Andreas Moran  
Tigard, OR 97223

I know people want to make money and create jobs by exploiting cheap energy sources that increase greenhouse gases. But the downside is clear. It means the end of civilization as we know it in the next generation or so. We must discourage every energy source that increases greenhouse gases and encourage every one that does not.

385. Amy Faivre

Allentown, PA 18104

I know we are trying to balance the energy needs of our country and of Europe in light of the war in Ukraine. Let's proceed with caution, and continue to focus on renewable energy sources. It is time we protected local communities, as well, who bear the brunt of energy expansion and who have few resources to fight back.

386. Dean Sigler

Aloha, OR 97003

I learned about environmental justice only late in life. I hope I can help prevent the exploitation of the resource, the environment, and your customers. New Fortress and Venture Global are on a fool's errand, destroying the planet and people who would most benefit them.

We are all in this together and will find abundance or desolation with everyone else. It's up to everyone to behave responsibly and ethically for all our sakes.

387. Paige Cunningham

Allen, TX 75002

I live in Texas and many of my family members live on the Gulf Coast. This would cause irreparable damage to their environment that has already been the victim of so much corporate environmental carnage over the years. Please don't do this!

388. Patricia Rain

Santa Cruz, CA 95062

I live in the Monterey Bay Area We fought to keep drilling off our Coast. The people of Louisiana deserve protection from oil drilling. This is NOT a good idea!!

389. Selby Schwartz

San Francisco, CA 94109

I live on the coast of California, and I would not want my beautiful local coastline destroyed by corporations seeking to profit from fossil fuels. We need to focus on clean, sustainable, ecological forms of energy--not allow the fossil fuel industry to further damage our lands, pollute our air, and endanger our communities.

390. Marilyn Brown

Boulder, CO 80303

I lived in Louisiana for 27 years.

391. Barbara MacPhee

Santa Fe, NM 87505

I lived in Louisiana for 55 years and my son, wife and three children live there still. This is iniquitous! Now that SCOTUS has eviscerated federal agencies, we who plan for tomorrow and forego profits today

and hope that we can stop the planet's disintegration, BEG YOU to NOT transport fossil fuels and stop the facilities that make it possible to ravage the Louisiana Coast. How can money be that important?

392. Bradley Austin

Columbiaville, MI 48421

I lived in the area back in the early 80s . Back then they were being bombarded buy the oil industry . So add 40 years later and companies dont care about the people or the ocean. There is alot if other ola es they drill the gulf has been terrorized for 50 years when is enough enough . I moved young daughter back to michigan because Galveston beach was a toilet and the water was terrible we couldn't swim . The Gulf needs us to protect her not terrorize her .

Brad Austin

393. Jeanette Stewart

Falls Church, VA 22042

I loved on the coast of Louisiana and Mississippi throughout my childhood. These storms are only going to get worse. We need to reduce the use of fossil fuel and turn our attention to sustainable energy sources - solar and wind. No new construction and exportation of gas export facilities.

394. Franklin Mack

Atlanta, GA 30315

I need your help. We need to deny permits for Venture Global and others to continue to export LNG energy causing high energy bills for us.

395. Scott Russell

Norman, OK 73072

I notice that my bills are never getting smaller, but to increase them dramatically is ridiculous.

396. Laurie Winogrand

Las Vegas, NV 89118

I object to granting these permits which disadvantage American citizens who directly and indirectly are affected by natural gas prices.

397. Andrew Deubel

East Troy, WI 53120

I object to the construction of new LNG facilities over the next few years. Instead of using funds to produce methane with its high GWP, the funds should be used to bring clean renewable power and fuel sources on-line.

398. Pamela Gates

Maplewood, MN 55109

I oppose all applications that increase use of fossil fuels.

399. Joseph Coha

San Jose, CA 95129

I oppose permitting Venture Global's Plaquemines & New Fortress's floating gas export facilities in Southeast Louisiana. After years of US taxpayer support for the gas and oil companies with subsidies and tax benefits, these companies are now taking our money and national resources to enhance the gas and oil company's profits. Exporting of gas and oil also artificially raises the price of domestic gas and oil by creating a shortage, harming the very US consumers who have underwritten the extraction of the resources. High energy prices mean that the US is a less favorable location to develop manufacturing facilities, again harming US citizens. And the proposed facility will add to the health injustices and environmental damage already rampant in the area. How can this export facility possibly be justified with so many downsides for the citizens of the US?

400. Robert Van Meter

Saratoga Springs, NY 12866

I oppose the VEnture Global application to export LNG to non-free trade nations, It is not necessary to do this.

401. Susan Mullins

Bloomfield, NJ 7003

I read a wonderful book on how LA, in particular, has been the most constantly polluted state by fossil fuel companies. Their pollution is so major that it has heated their atmosphere with those pollutants to the extent they have lost their famous "boot" as a result. Such poisoning of a netire state's population should be outlawed. Indeed, the polluting companies should be charged, big time, for the harm done Louisiana.

402. Donna Smith

Baton Rouge, LA 70810

I really need clean air and water to breathe because my immune system sucks and fossil fuels are ridiculously priced and do so much damage to all life but especially to those who are poor and ill.

403. Miriam Hoffman

Nyack, NY 10960

I see no reason to expand the distribution of natural gas - that is why so many people protest pipelines - you are on the wrong end of the climate crisis if you are encouraging LNG to get bigger and fatter - it does the climate no good,

404. Russell Owens

Bradenton, FL 34208

I think it's time organizations like yours that are supposed to work for the People, do so. Regardless of what the sotus says corporations are not people. Scotus in its last several rulings proved that it is just another branch of the republican party and incapable of working for the people. Let us hope that you can do a better job and protect our Democracy.

405. Rob Carter

Lafayette, CO 80026

I think the environment should be put in the category of our national security. Defense of our resources is just as important as defense abroad. Otherwise what is there to defend? - Robert Redford

406. Laura Cutler

Bethesda, MD 20816

I think we need to invest in renewable energy sources, not fossil fuels.

407. L Huggins

Lansing, KS 66043

I think we need to support countries that support Ukraine and stand against Russia. I gladly gave up driving to lunch and other places by substituting walking. If I choose a clean way to support Europeans that stand against Russia's invasion of Ukraine, we (as a country) must do so by supporting energy companies that are working toward clean healthy energy for all. Support Ukraine but don't destroy the earth in the process. The science of the climate crisis is real. Do what is right for the future of all the children of the world.

408. David Scheer

Bellingham, WA 98225

I totally OPPOSE Venture Global's application to export liquified natural gas 'anywhere', just so they can make money-money-money----all at the expense of increasing climate change and wrecking the environment along the way!! For the harm to the air and environment, I am against the USE of natural gas and 'any' fossil' fuel ANYWHERE!!

409. Mary Barbezat

Elgin, IL 60124

I urge attention to the points in the following message.

410. Cara Spencer

Washington, DC 20003

I urge the Department of Energy to deny New Fortress's and Venture Global's permit applications. These entities seek to exploit Europe's need for natural gas now even though these facilities will not make gas available for several years. Moreover, the Plaquemine wetland area should not be further disturbed as it plays a vital role in protecting areas further inland from storm surges. Louisiana is already so vulnerable. Thank you for reading.

411. Nike Stevens

Bozeman, MT 59715

I urge you to deny this permit the earth cannot withstand the increasing onslaught of fossil fuels on our climate. These facilities must consider all their negative impacts now and in the future, including

damage to marshes increased flooding, health impacts and the accelerating destruction caused by global climate change - floods, ocean rise, wild fires heat waves species extinctions.

412. Jan Szostek  
Fair Oaks, CA 95628

I urge you to heed this message. Granting permission for new LNG facilities at this time of existential climate crisis is the wrong direction we need. Please do not approve these applications.

413. Joseph Wasserman  
West Hartford, CT 6117

I urge you to protect Louisiana from the the dangers of liquefied natural gas. The wetlands and coast of Louisiana have been poisoned enough due to unregulated and toxic industrial and fossil fuel development.

414. Kimberly Riddle  
Springfield, IL 62704

I urge you to value people over profits!

415. Linda Bedre Vaughn  
Jemez Springs, NM 87025

I use LNG and do not want to have the cost rise due to playing politics with our resources.

416. Paulette Sheward  
Nicholasville, KY 40356

I use natural gas and don't appreciate the robber barons getting richer at my expense. How about taking care of those in the U.S. before sending "our"gas every place else.

417. Judith Carroll  
Pittsburgh, PA 15217

I use natural gas at home and do not want to see its price increase as fracked gas is increasingly exported to other countries at a detrimental cost not only to our economy but also to our coastal environment.

418. David Dow  
East Falmouth, MA 2536

I used to live in Slidell, La. and am quite concerned about these projects.

Back in 1978 Bob Garcia and myself wrote a report on the Hazardous Chemical situation in Louisiana while working at LSU's Center for Environmental Sciences which included "Cancer Alley" between Baton Rouge and New Orleans.

419. John Sarna  
Sherwood, AR 72120

I used to live very near Plaquemines Parish, and even all those years ago I recognized the potential health risks permeating the area. Please do the right thing and keep the situation from getting worse.

420. Martha Rich  
Fairbanks, AK 99712

I vote a big NO to Venture Global's application to export liquefied natural gas! Rising energy bills are not fare to the locals plus it's messing up the Louisiana coast. Martha Rich

421. Charles Macarthur  
Bethesda, MD 20816

I want my children and grandchildren to grow up in a natural world as beautiful as the one I knew. For decades, oil and gas companies have caused massive damage to the environment in pursuit of profit. It is time for the government to step up to protect the interests of ordinary citizens. This LNG project is extremely damaging to the LA coastline, while at the same time increasing energy costs in the US. Please do not grant the permit.

422. Andrea Kirvaitis  
Chandler, AZ 85249

I want to live in a world in which I can walk into a clean environment and breathe in oxygen wherever I go and not have to save up pennies to buy a bottle of oxygen just like in the movie/book The Lorax.

423. Martha Boose  
Tucson, AZ 85710

I will continue to sign all petitions to protect this Mother of ours. It is humans and their desire to want MORE, which is killing her. We need to return Her to the protection, Love and respect of Indigenous peoples, since we have done such a horrendous job of handling things. The ONLY substance who has should ne transferred in pipes is water .

424. Megan Frederick  
Zephyrhills, FL 33542

I?m currently preparing to move to a new state for school and as I have to use loans for things like utilities I am deeply concerned about how approving these permits may effect my ability to pay my bills in the future.

425. Diana Anida  
Ketchum, ID 83340

I?m requesting you Not to renew the export application from new fortress I?m opposed to venture globals application also

426. Laureen France  
Seattle, WA 98199

I?m very concerned about the impact of these two issues on the climate.

427. William Shaw

Saint Louis, MO 63139

If Americans say nothing selfish people will destroy our world, and by omission we will be responsible. I have things i would rather do.

428. Michael Duffy

Vestal, NY 13850

If Dumb Ass didn't shut the pipe lines down an place restrictions none of this would not have happen.

429. Lana Touchstone

Vallejo, CA 94591

If LNG is being exported out of the US, there is too much being produced in the US.

430. Nora Stanczak

Lansing, IL 60438

If the increase went to benefit your customers and nature, I wouldn't mind paying it, BUT the money will benefit your bottom line and your shareholders. If you can send gas to foreign countries, then you do not need to increase the costs for your customers.

431. Richard Angell

Nevada City, CA 95959

If we are sincere about stopping global climate catastrophe, we have to cut back on the production and export of all fossil fuels.

432. John Marro

Chicago, IL 60638

If we don't protect our wildlife and environment now it's going to be too late. We have to speak for those who can't speak for themselves and be the voice for the voiceless.

433. Jan Hughes

Reading, PA 19601

If we don't immediately do something now we all die if animals die we die if plants/trees die we die because trees help with breathing healthy air in the world by preventing toxic carbon monoxide pollution spread over the planet!

Signed,

Jan Hughes

No Titles

434. Denise Gokey

Tomkins Cove, NY 10986

If we don't sell our resources to the rest of the world, we can keep our energy prices reasonable, protect our environment, and inspire the rest of the world to invest in more sustainable energy sources--win, win, win.

435. Jack Sitterding

Hinsdale, IL 60521

If you allow these two companies to export, you will bring more pollution to this part of Louisiana. Please don't harm this area any more than it has been already.

436. Tracy Jones

Grand Junction, CO 81501

If you do not know yet that the rich and ignorant just want to continue to be rich and ignorant you are in the wrong job. For 40 years I have tried to wake people up. But you have already destroyed everything. I give up on humans all together. If you permit these companies explain to your children why and who destroyed their world. Thank you

437. Terry Lowman

Miami Beach, FL 33139

If you have to hire thugs to beat up protesters, you're probably doing something evil.

438. Wendy McKee

Corvallis, OR 97330

If you individuals lived in this community, you wouldn't stand for the unhelpful and ruinous actions of your current companies.

439. William Huggins

Las Vegas, NV 89183

Ignorance is not an American value.

440. Madelaine Corrasa

Paramount, CA 90723

I'm a caregiver and mildly autistic . I don't want my gas and electric bills to go up.

441. Sari Fordham

Riverside, CA 92506

I'm a mom and I'm terrified about climate change and horrified that this particular project will harm children from marginalized communities.

Please, do better.

442. Christy Folk

Kissimmee, FL 34744

I'm a young climate activist asking you to oppose all new fossil fuel infrastructure and projects. The climate science is beyond clear that extracting and burning fossil fuels is disastrous for the health of our communities and the climate of our only habitable planet. Plus, investing in fracked gas infrastructure is economically unwise, as prices for clean energy continue to fall, leading to stranded assets and wasted investments. We must instead invest in and support renewable energy and other solutions to ameliorate the climate crisis rather than exacerbate it at the expense of the most vulnerable populations. We are asking you to prioritize people and clean energy over the profits of the corrupt fossil fuel industry executives and oil billionaires who ravage the Earth at everyone's expense.

443. Clyde Howard

Auburn, NY 13021

I'm concerned about climate change and the negative environmental impacts of the extraction, transport, refining and burning of fossil fuels.

444. Diane Blackburn

Salt Lake City, UT 84109

I'm disappointed to see Venture Global's Plaquemines & New Fortress's floating gas export facilities seeking permission to increase our energy bills and cause more pollution. We must be taking steps now to deal with energy challenges without hurting our country and our environment. Thank you.

445. Amelia Estrich

Chicago, IL 60640

I'm horrified that the Department of Energy is doubling down on fracked gas at a time when we must rapidly decarbonize. The proposed export facilities harm the communities where they're built and compound reliance on fossil fuels rather than transitioning towards renewables.

446. Smilla Enkvist

Vargön, AL 46834

Im only fifhtteen years old and me and eveyone else on this planet, alive and not born yet, deserves to live in peace at it.

447. Dianne Hurst

Lacey, WA 98516

I'm opposed to the ides of Venture Global exporting liquefied natural gas to non-free trade nations.

448. Supun Edirisinghe

Carson, CA 90746

I'm so tired of fossil fuel polluters getting special treatment while their industry continues to price gouge us. We pay gas taxes and then their lobbyists use their influence to get policy that let's them use the resources in the US to make bigger profits without bringing prices down here at home. We should stop giving fossil fuel companies so much. Tell them to lower prices and be a cleaner citizen. Don't let them do this

449. Scott Sheaffer  
Knoxville, TN 37917

I'm tired of being ripped off by these people while you continue to give my tax money to subsidize them. Isn't that socialism? I thought that terrified you people, or is it only if it's for poor people?

450. Neal Ryder  
Rangeley, ME 4970

I'm unsure why denying these requests is in doubt?

451. Helen Findley  
I'm watching Madison, WI 53705

I'm watching all the news of the effects of climate change in horror. We must do all we can to save our planet!

452. J Cleveland  
Boulder, CO 80304  
Important!

453. Craig Nazor  
Austin, TX 78758

In addition, the newest evidence is that methane is a far bigger threat to climate change than once thought. Methane is a relatively short-term greenhouse gas, and is removed from the atmosphere by reacting with the naturally occurring hydroxyl ion. Increased wildfires, caused by climate change, are creating more carbon monoxide, which is combining with hydroxyl ions as well, leaving less to neutralize methane. The net result is that methane may already be four times more damaging to our climate than formerly thought, and it is a feedback loop with wildfire that will only increase under current conditions. LNG facilities will leak methane! We need to move away from methane use as soon as possible to avert the worst of the upcoming climate crisis. Please put science before private profit!

454. Lawrence Stumpf  
Phoenix, AZ 85018

In ending, I believe fracking is a hazardous procedure that greatly impacts the surrounding areas including neighborhoods and farming communities. Also, polluting the gulf coast with these operations is not worth the risk. Thank you for your consideration with this matter.

455. H.W. Tredway  
Tolono, IL 61880

In light of global warming this is a step in the wrong direction. Now is the time for corporate America to take positive actions to clean up the environment and attract customers through positive environmental concern.

HW Tredway

456. Rivko Knox  
Phoenix, AZ 85053

In plain, simple language, Venture Global's Plaquemines & New Fortress's request re their floating gas export facilities is a totally BAD idea. Please say NO!!!!

457. Tiobe Barron  
Ojai, CA 93023

in the words of bill nye:

?the planet?s on fucking fire.?

instead of psychopathically greedy ceos getting ever-increasing bonuses, any and all rate hikes need to go 100% toward protecting our communities from the ever-increasing onslaught of worsening storms and the effects of climate chaos (GREEN energy projects, coastal restoration of wetlands that buffer the worst of the storms, etc.). more than lip service & perpetual TAKING.

458. Kate Mabry  
Grenada, MS 39180

In these difficult inflationary times it is wrong to raise prices on Americans. Why not raise your prices on your exports to foreign nations?

459. Michael Friedman  
El Sobrante, CA 94803

In this day and age with the climate crisis threatening to be beyond repair, these projects are the last things that we need.

460. Ann Wakeman  
Fulton, MO 65251

In this now recognized warming of our planet, we must be increasing carbon free energy sources.

461. Rochelle Cohen  
Denver, CO 80231

In typical fashion, these facilities further poison those in poorer neighborhoods and damage wildlife habitats and marshes that are nature's sponges during storm surges.

462. STEVEN WHITCHER  
Tacoma, WA 98405

Increase the fees companies pay for the gas or other public resources they extract. Use these funds to cover some of the environmental damage they cause and to subsidize low income consumers.

463. Tammi Mengel  
Randleman, NC 27317

Increased energy bills and pollution risks don't sound like what we as Americans should back of support.  
Consider Our Populace!

464. BRIAN LINDBERG

Green Bay, WI 54311

Increases in pricing costs all of us.

465. David Harbeitner

St. Petersburg, FL 33701

Increasing export of LNG will simply extend the current price volatility associated with the world's fossil fuel dependence. Industrial pollution and high cancer rates are both the current and legacy impacts of our development and now expansion of the fossil fuel export business.

Incenting an increase in the production of LNG is additionally problematic as we know the methane releases are compounding the emission of greenhouse gases and the byproduct impacting our water quality and quantity in areas where fracking exists are extremely well documented.

The only beneficiaries of this expansion are the short term profits of the firms wanting these permits approved. Society at large and our fellow citizens in coastal Louisiana need to be considered as more important than continuing to expand fossil fuel usage to increase the profits of a few.

I ask you reject both these permits.

466. Lynda Matusek

Lexington, KY 40502

Increasing exports to increase profits for a few, which create higher costs for the rest of Americans is not a good decision. Please deny the permits!

467. Edward Palazzo

Rochester Hills, MI 48309

Inflation is bad enough already. I don't want to pay more for an action that harms the environment we all have to live in.

468. Catherine Uchiyama

Salinas, CA 93906

Instead of caving to the fossil fuel industry for increase energy, let us put our time and money into renewable energy that reduces the impact on the environment and climate change. To continue to allow the fossil fuel industry to grow is irresponsible.

469. Kirstin Summers

San Pedro, CA 90732

Instead of making more concessions to fossil fuel executives and billionaires, we should be investing in energy sources and companies that protect local communities and reduce the ravages of climate change.

470. Vickie Mcalister  
Springfield, OR 97477

Instead of thoughtful action to protect our future, we have a Nazi Republican Free for all Billionaires.  
We are only risking ALL LIFE ON PLANET EARTH.

471. Sasha Hjerpe  
Bandon, OR 97411

INTEGRITY is The Most Endangered Species on the Planet & GREED IS THE MOST PROLIFIC!

472. Stephen C. Duck  
Wilmette, IL 60091

Invest in renewable energy; invest in Solar and Wind and Hydro power! NO MORE fossil fuel support.

473. Wade Johnson  
Minneapolis, MN 55407

Investment in fossil fuel is killing us all. Slowly but surely.

474. Crystal Brunelli  
Raymond, NH 3077

Investment in fossil fuels ties us to the past. We must invest in forward-looking sustainable energy.

475. Kate Lehman Landishaw  
Lyman, SC 29365

Is there no end to fossil fuel companies profiting off citizens who have no say in how their money is spent, and more and more of their money going to support fossil fuel? Is there no end to these companies damaging our planet, harming innocent animals as well as people? Is amassing more money THE ONLY thing that matters to these companies? Do please not allow their harmful behavior to expand! Thank you.

476. Mary Ann Tatara  
Camp Hill, PA 17011

It is a bad idea environmentally, economically, and morally. Do the right thing by not doing this thing!

477. Phyllis Bischof  
Berkeley, CA 94707

It is an outrage in our ever deepening current climate crisis with heat-related wildfires, health problems, and deaths for any corporation or individual to seek governmental approval for projects which harm our very lives.

478. Susan Ludke  
Pemberton, NJ 8068

It is apparent that fracking and drilling within our country does not save us money here in America. Therefore, I do not see the need to expand either while endangering our natural places.

479. Rosie Miller  
Oldenburg, IN 47036

It is disturbing to me that Venture Global is already polluting the air and causing serious health issues in the area in Louisiana coast that has history of severe storms .

480. Mary Kay  
Poulsbo, WA 98370

It is essential in this time to restrict natural gas exports to protect US customers.

481. Pati Hays-Gutzat  
Ramah, NM 87321

It is high time our government agencies prioritize protecting fragile ecosystems and susceptible communities above corporate profits.

482. Rana Belshe  
Fairchild, WI 54741

It is important that we act now in favor of our shared future quality of life. Please refuse these permits and protect these areas. Thank you.

483. Macey Bunger  
Bullard, TX 75757

It is important to have money to spend things that we love

484. Pamela Hastings  
Port Angeles, WA 98362

It is long past time to stop hurting people for the profit of corporate stockholders.

485. Rusty West  
Shoreline, WA 98155

It is morally wrong to increase the stress and harm on the citizens of this area

486. Michael Partsch  
Myrtle Point, OR 97458

It is my opinion that exporting these resources that are needed in this country should not be allowed.

487. Jennie Carrell  
Austin, TX 78748

It is no longer acceptable for the oil and gas industry to be given ultimate power about our country and the world's resources AND its ultimate livability as well! The excuse they may use about global O&G

shortages is largely of their own making, so, as per usual, the foxes are guarding the chicken coop. It is time for us to STOP being chickens and stand up for environmental justice and the safety of our beautiful home planet!

488. Tessa Grasswitz  
Lyndonville, NY 14098

It is no longer acceptable to keep sacrificing the environment, our health, and the future of our planet for the sake of short-term profits for the outdated, polluting fossil-fuel industries that have ravaged our climate (and lied about it) for decades. We are fast running out of time to reverse the worst effects of climate change. Please, act now to protect the environment and preserve a healthy planet for all. These proposals benefit no-one except the owners and shareholders of New Fortress and Venture Global. The latter's proposal in particular will irreparably damage acres of marsh, one of the best possible natural defences against the coastal storm surges that are occurring ever more frequently BECAUSE OF THE ACTIVITIES OF THE FOSSIL FUEL INDUSTRIES! It is so very wrong. Please, do not grant permits for these proposals.

489. Elizabeth Jacob  
Lake Oswego, OR 97034

It is our (yours and mine) task to responsibly protect the environment and all its creatures. The world does not need any more export facilities. They've already created irreparable damage.

490. Jean Miller  
Portland, OR 97214

It is past time to move beyond poisonous fossil fuels which are destroying our planet and killing living beings! Deny the Export Permit for New Fortress and Venture Global's CP2 LNG export terminal. Our species holds the fragile present and highly uncertain future of all life in its hands.

491. Judith S Anderson  
Reno, NV 89509

It is really sad that the DOE is so greedy they put the life of the planet for sale to the highest bidder. YOU CAN'T EAT MONEY AND IF THERE'S NO FOOD OR AIR YOUR MONEY WILL BE WORTHLESS. And also, the fascists are not going to let you go. they will be after you.

492. Shelley Cerasaro  
Mount Shasta, CA 96067

It is so obvious who is paying for the gain of this country's exports, mining, excavation from the country that belongs to the people, NOT the elitists. I look forward to the day when justice will be rendered by the most powerful Light and Source.

493. Priscilla Skerry  
Portland, ME 4102

It is time corporations and the executives who are in charge of them thought about the health of this planet and future generations. Enough of profit for the sake of profit! Profit won't help anyone, including the future generations/families of these executives once their and the planet's health is destroyed beyond repair.

494. Michelle Kokoszka  
Upton, MA 1568

It is time for our leadership to stand for US citizens, not the outrageously rich. The Gas should be used in our country, and prices should reflect national concerns, The rich will never have enough money so you need to stand for us!

495. Susan Nimchick  
Chicopee, MA 1020

It is time for the Department of Energy to remain steadfast and commit to the American public and our future and refuse to grant oil executives and billionaires permission to destroy the place we call home. The Department knows the history of the oil industry and their withholding the truth of their own research about their contribution to climate change. We do not reward the perpetrators as they wish to extract 10 more years of profit at the expense of health, economy, national security, jobs, and every aspect of our lives and that of the future of our country as more time is entrenched with the oil industry. Our now and future is at stake. No permission at all. Thank you. Sue

496. Zaine Baird  
Boise, ID 83706

It is time for these companies to pivot to renewable energy that won't harm the environment. We are at a pivotal time in which drastic measures must be taken by leaders in all levels of county, state, and federal. Please do not authorize these companies to to expand their ability to export gas and harm the marsh lands of Southeast Louisiana.  
Thank you for your time.

497. Reverend Affsprung  
Norman, OK 73071

It is time to REDUCE REDUCE REDUCE environmental destruction & fossil-fuel dependence!

498. Ann I. Aurelio  
West Sayville, NY 11796

It is time to stop depending on fossil fuels of all kinds. They all add to the greenhouse gases already in our air. They are dangerous and polluting.

499. Jeff Holzem  
Jefferson City, MO 65101

It is time to switch to renewables around the world. Please consider air quality ahead of profits.

500. Richard Geiger

Mc Kees Rocks, PA 15136

It is unacceptable if not inconceivable yo make consumers pay higher prices for the very t5hing that is making them sick and endangering their homes by increasing the rate of climate change

501. Mary Halloran

Southbury, CT 6488

It is vital to protect Louisiana's coastline and its inhabitants, that are already so vulnerable to extreme weather events due to climate change.

502. Sue Safford

Tallahassee, FL 32301

It is way past time to look to the future and long term benefits, not dangerous short term plans.

503. Mary Andersson

Saint Joseph, MI 49085

It makes me so angry when the general population is led to believe that we rely on foreign oil when it is absolutely price gouging by Big Oil! Our prices go up and everyone blames the President! Fossil fuels endanger our planet and our democracy by getting the Republicans all riled up!

504. Julien McKee

Great Barrington, MA 1230

It makes no sense to let LNG companies profit by ravaging our coasts and gouging us energy consumers. Please deny these harmful permits.

505. Joan Ward

Camden Wyoming, DE 19934

It makes no sense to make these poor people and I do mean poor, to have to pay more for their energy because they want to sell their LNG overseas and they need funding to build infrastructure that could be damaged or destroyed by the next coastal storm, which will occur, its just a question of when. No it's and or but's.

506. THOMAS MONROE

POMPANO BEACH, FL 33064

IT MATTERS!!!

507. Edward McMorrow

Beverly, MA 1915

It might be hoped that increasing the poduction fuels would reduce the inflation saused by increased gasoline and othe fossil fuel prices which, through increasing the cost of the supply line of most goods.

Instead, we must treat this inflation induced by increased fossil fuel prices should be seen as a direct incentive towards the conversion from an economy addicted to energy generated with fossil fuels to one which relies on renewable sources of energy such as solar, wind power, etc., as well as electric motor vehicles.

508. Charles Huber  
Westminster, MD 21157

It should be required of energy companies to disclose their levels of exports so the American consumers will have a better understanding of how those exports affect their energy bills and how they affect that company's profits.

509. Ravid Raphael  
Santa Barbara, CA 93111

It will be years before any LNG would be exported from these terminals and will not make a difference in the current gas shortage created by Russia's invasion of Ukraine, contrary to claims by the gas companies. The Louisiana coast must not be sacrificed in order to export US gas while creating shortages here and higher prices.

510. Sara Rice  
New York, NY 10030

It's bad enough the damage Fossil fuels have on the environment. Consumers should not be taking the weight of excess cost. Especially at the expense off the earth. No more fossil fuels!!!

511. Alison Murdock  
New Hartford, CT 6057

IT'S PAST TIME TO END THE EXTRACTIVE INDUSTRIES. NO MORE!

512. Sara Bloom  
Brooklyn, NY 11220

It's time to put the interests of customers who are struggling to pay their bills above corporate and shareholder profits!

513. Joe Joyner  
Greeley, CO 80634

It's time to reign in LNG exports.

514. Richard Grzeskowiak  
Dexter, MI 48130  
It's all about greed.

515. Carol Ann Jones  
LOTHIAN, MD, MD 20711

It's always about profit and not protecting the environment, addressing climate catastrophe that's on our doorstep, needs of the communities affected and putting money over responsible action.

516. Laurel Facey

Millers Falls, MA 1349

It's just about the bottom dollar for them - we need to focus on LIFE.

517. Nancy Miller

cSanta Maria, CA 93455

It's the right thing to do.

518. James Whitelock

ItMiami, FL 33162

It's time for true change we're killing our planet and fossil fuel is a major part of the problem.

519. MICHAEL ATTFIELD

MORGANTOWN, WV 26501

It's time that people come first - not the corporations. Keep on going the way things are going and there will be a revolution by those who are impacted by increasing costs and no extra income!

520. Diana Berardino

New York, NY 10036

It's time to GET OFF FOSSIL FUELS COMPLETELY, NOT PRODUCE MORE! Wind and Solar are the only way to save America and the Earth!

521. Ted Fiedler

Lexington, KY 40502

It's time to put a stop to the phony justifications for expanding production facilities that are vulnerable to further ecological disasters.

522. Laurie Daniel

Homer, AK 99603

Its time to reign in the oil and gas industry, shift our nation to natural sources of renewable energy, and halt the harm to the environment and the human communities they create. Protect coastal LA from further industrial pollution. Say no to VG's Plaquemines and NF's floating gas export facilities.

523. Ross Kelsonpetit

Miami Beach, FL 33141

It's time to shift our productivity and energy resources to renewable energy sources rather than climate warming fossil fuels.

524. Spycyche Hawken

Dallas, TX 75228

It's time to slow down on exportation.

525. Paul Roberts

Seattle, WA 98102

It's time to start applying the most rigorous possible standards to new energy developments, for the good of our children and all humanity.

526. Mark Takeuchi

Claremont, CA 91711

It's time to stop subsidizing antiquated energy technologies. We should be investing in our futures with renewable sources - not allowing petrol-corporations squeeze every last dollar from our planet.

527. christine hoex

Santa Rosa, CA 95407

It's time to STOP the madness. This application is dangerous on many levels. Both locally for the gulf coast, which as suffered so much exploitation from Fossil fuel companies, and for the planet as a whole. It time for FF companies to reclaim their humanity and get to work transitioning to non polluting energies, that will not destroy our climate.

528. Shirley Napps

Scottsville, VA 24590

It's well past time for the US and Europe to move beyond fossil fuels and the environmental destruction they cause.

529. Gail Wechsler

San Francisco, CA 94110

It's wrong to put another polluting facility in an area that already has high rates of cancer.

530. John Young

San Benito, TX, USA, 78586, TX 78586

I've noticed New Fortress and Venture Global from afar while focusing on fighting LNG projects targeting my local Port of Brownsville TX. Both seem predatory and unscrupulous, adept at getting elected local officials to approve their applications and projects in ways that destabilize local governments and divide communities.

Neither is qualified to work with others for the common good in terms of working towards safe, clean, dependable, sufficient, and affordable energy availability for all.

531. Angel Garcia

Bronx, NY 10455

Just as in my native Puerto Rico, there is no need for LNG storage, transportation, exploration or exportation. Like our black and Latino communities in the South Bronx and the rest of the United States,

there can be no more contamination of Louisiana with the development of non-renewables. Effective immediately, the economy of the US must be based solely on the cultivation and expansion of renewable power. LNG development, of any kind, goes against that renewables-economy goal, and must stop.

532. Tolford Young  
Sandy, UT 84092

Just because these companies asked, doesn't mean they have to be approved. Please don't do it.  
Thank you.

533. Craig Mackie  
Camp Sherman, OR 97730

Just because you have increased demand overseas of natural gas does not mean you can increase costs at home also. In fact, if you are making a profit overseas from increased sales means you could actually reduce costs at home helping fight inflation!

534. Louise B Angelis  
Glenview, IL 60026  
Just plain GREED!

535. Diane Ware  
Volcano, HI 96785  
Just say no to fossil fuels and pollution.

536. Elizabeth Ward-Donahue  
Midland, MI 48640  
Just stop it! Stop the big energy and oil companies from ruining our planet.

537. Thomas Lusciatti  
Naperville, IL 60564  
Just stop the increases, we can't afford to be overcharged for everything!

538. Cheryl Snyder  
ABINGTON, MA 2351  
Just stop this... invest in non-fossil fuel energy technology. Stop harming the environment. Be a champion.

539. Susan Wade  
Saint Petersburg, FL 33705  
Just stop, ffs.

540. Christine Kelly

Nweport, NC 28570

Just why, leave the ocean alone

541. Richard Noll

Port Townsend, WA 98368

Keep energy affordable and change your supply of energy to renewable and sustainable energy.

542. Francis Collins

Cincinnati, OH 45244

keep it here!

543. Megan Wilder

Boulder, CO 80302

Keep it in the ground!

544. Helmut Platzer

Williams, AZ 86046

keep it in the ground.

545. Ann Duey

Omaha, NE 68144

Keep natural gas in the US to keep prices low.

546. John Gusmano

Pompano Beach, FL 33060

Keep our Gulf Waters Safe and Clean

547. TIM HARRIS

LINCOLN, NE 68505

KEEP THAT S\*\*\* IN THE GROUND WHERE IT BELONGS, and you've had WAY ENOUGH profit the past couple of years!!!

548. Glenn Moyer

Souderton, PA 18964

Keep U.S. energy at home where it belongs. If LNG is exported every American will pay the premium.

The energy companies will keep America's supply low to keep domestic prices high only to reap massive profits off the backs of hard working Americans.

549. Nicholas Wiedenhoef

Madison, WI 53703

Knock it off

550. Kathi Ward

Saint Petersburg, FL 33704

LA is so poor and don't deserve to have even more detrimental and dangerous export facilities forced on them.

551. K Quinn

Rolesville, NC 27571

Leave it in the ground!

552. Claire Chambers

Oakdale, CA 95361

Leave Louisiana alone please. It's been through enough! Let's do all we can to help, protect, and build up this area.

553. Bambi Harzott

Arlington Heights, IL 60004

Leave nature the way it was 100 years ago . Make cars run off water. The technology has been for cars to run off water for more then 50 years .

From Bambi Harzott

1122 W. Rand rd

Arlington heights 60004

554. John Hartert

Seattle, WA 98105

Leave the dead buried. Keep fossil fuels in the ground. Why would we want to spur fossil fuel extraction while directly harming our communities with a greater cost of living and an even more debased environment? The profit of a few is not worth it. If it is not a good deal for everyone, it is not a good deal.

555. Karin Hemmingsen

Attleboro, MA 2703

Let our government FOR ONCE do what is right for people and the planet rather than what is ?right? for the fossil fuel industry, an industry that has been living off corporate welfare for decades, much to the detriment of all of us.

556. Charles Loubert

Baltimore, MD 21230

Let the fossil fuel industry die a natural death, and their producers switch their loyalties to alive, clean, plentiful, and safe public energy. The Walking Dead is dangerous to our lives and health!

557. Ken Zlin

Demarest, NJ 7627

Let us move into the 21st Century, and leave the 19th behind.

558. Juanita Taylor  
Monkton, MD 21111

let us move towards rational energy policy without this sort of un patriotic price gouging

559. Lulu Roth  
Cedar Park, TX 78613

Let's be good to Earth and not greedy.

560. Roberta Beckman  
Houston, TX 77040

Let's keep the long game in mind and work to clear up our air and environment for our children and grandchildren! I care about mine; don't you want your children and grandchildren to be able to breathe and not be decimated with severe weather?

561. Suzanne Cunliffe  
Edmonds, WA 98020

Let's keep this earth clean.

562. Richard Pate  
North Baldwin, NY 11510

Let's stop placing profits and pollution over the well being of citizens. Placing floating facilities in the Gulf of Mexico given the increased number and intensity of storms is pure folly. Our wetlands must be protected and reinforced. Thank you

563. Kathleen Hunt  
Port Angeles, WA 98362

Let's get off the fossil fuel addiction and save our planet from the disaster crash path we are on! Stop poisoning the planet and us with your industrial pollution! Your greed is killing us all!

564. Patrick Kester  
Macedon, NY 14502

let's invest this money into solar or wind power not adding more fuel to the ozone deterioration.

565. Lois Ebey  
Macon, GA 31201

Let's keep the Gulf clean and safe. The local communities in Southeast Louisiana should not be put at risk (health of humans, the marsh and water environment) for new dirty energy facilities AND higher energy bills. Do NOT grant them permission.

566. Katrina Stroud

Boulder, CO 80301

Let's make a better future!

567. Elizabeth Davis

Kettering, OH 45429

Let's not pollute the gulf stream

568. Sara Sezun

Allston, MA 2134

Let's opt for green energy instead. It's cheaper, doesn't harm the environment, and creates more jobs in the long run.

569. Charles M. Lovell

New Orleans, LA 70114

Let's put the future of Louisiana's children and future generations first, and stop increased pollution by restricting new development on the Louisiana Coast! It's time to save our futures!

570. Arthur Impastato

Alexandria, VA 22304

Let's stop the madness and save humanity by stopping projects that pollute our environment.

571. David Ross

Santa Cruz, CA 95062

Let's stop these poluters

572. Barbara Schmal

Annapolis, MD 21401

Let's take care of the earth and stop ravaging it!

573. F. Carothers

Middlebury, VT 5753

Let's take Global Climate Change seriously!!

574. William Gawne Jr

North Riverside, IL 60546

Let's work on protecting our planet Earth and not corporate profits.

575. Thomas Mora

Leander, TX 78641

Like the tobacco industry before it, the fossil fuel industry's sole focus is expanding its profits, without regard to how it may affect people and the world in general. I urge you to deny export permits to New

Fortress and Venture Global in Louisiana and protect the quality of life of Louisianans who would be adversely affected by those endeavors.

576. Guadalupe Munoz  
Paige, TX 78659

Liquid Natural Gas is part of our nation's natural resources. It belongs to the people of this nation, and should be managed with the people's needs and best interests as the sole aim. The profit of private companies who manage this national resource should never compromise or even threaten the people's needs for liquid natural gas.

577. Mel Donovan  
Gulfport, FL 33707

Living on the Gulf coast in Florida I can relate to the peril you are placing Louisiana in if these applications are approved. Stand up for our coastlines and say No.

578. Elizabeth Butler  
Henderson, KY 42420

LNG exports are bad for our Earth, our country, and our citizens. Do NOT injure us for corporate profits.

579. Andrea Horbinski  
Kensington, CA 94708

LNG is a huge source of fossil fuel emissions. We need to end fossil fuel exploitation in all forms, permanently, now, to ensure a survivable future for us and for all living beings on this planet.

580. Ruth Zowader  
Madison, NJ 7940

LNG is extremely dangerous. Exports will increase the danger to all along the transportation line. This only benefits the exporting company at the cost of the local community.

581. Dave Kisor  
Pahoa, HI 96778

LNG is not a sustainable resource. We're already getting screwed by big oil and they want to raise the rates? They are not human!

582. Jack Ray  
Newark, DE 19702

LNG is one of the few domestic energy sources. We should not be exporting it!

583. Dr. Ronald Raksen, DC  
Cliffside Park, NJ 7010

LNG is refined fossil fuel! Still just as bad, especially how the fracking is done! Stop it!

584. Dorothea Leicher

Columbia Cross Roads, PA 16914

LNG is still a fossil fuel and will drive up climate change. We can't afford it. As a mother and grandmother I am terrified of the legacy for our children. We have to reduce fossil fuel use ! Europe can live with half of our consumption and that means do can we!

585. Eric Speed

Strafford, NH 3884

LNG products should not be allowed for export if that causes supplies in the U.S. to be diminished causing prices to rise in the U.S. Where is the government regulation needed to protect Americans from this practice???

586. Sandy Lawrence

Bellingham, WA 98226

LNG transport wastes an incredible amount of energy. Of the natural gas arriving by pipeline at the export terminal, a full ten percent is consumed in lowering its temperature to 163 degrees Celsius, which is minus 261 degrees Fahrenheit. Then another five percent is consumed during the voyage, for propulsion and continued cooling. Huge carbon footprint compared to transport by pipeline.

587. Linda Napier

Beachwood, NJ 8722

Local communities and their safety need to come before profits! The pollution created by these propositions is not an acceptable cost of business! Gas companies are already exploiting our country with ridiculous prices and should not be granted further permissions to export while ignoring environmental impacts and having a chokehold on consumers here in the US.

588. Nancy Henderson

Lincoln, MA 1773

Local communities deserve less pollution, climate change must be addressed

589. Linda Seeley

Los Osos, CA 93402

Local communities will suffer again with gas flares, causing cancer and other diseases like heart disease, stroke and respiratory ailments. Don't allow oil barons and billionaires permission to destroy Coastal Louisiana!

590. Lurlie Edgecomb

Long Beach, CA 90815

Louisiana already is taking extra hits from severe storms caused by climate changes. Tourists and residents alike are disheartened by the damages and some may no longer be able to live or visit there

591. Brenda Campbell

Rochester, NY 14617

Louisiana and its residents are already abused so much by the energy providers - they should not be exposed to even more so that their company can make money while polluting Louisiana and dealing with countries that don't have free trade agreements with the U.S. Please stop them from doing it!

592. Angellw Bradford

Baton Rouge, LA 70122

Louisiana does not need this. We reject this fully and do not want to be the scapegoat for the buildout of more dangerous, expensive infrastructure. No!

593. Rachael Lehmborg

Seal Beach, CA 90740

Louisiana has already been so harmed by the fossil fuel industry, it needs to stop NOW!

594. Eleanor Lewis

Palo Alto, CA 94303

Louisiana has born too much of the burden of this nation's dependence on fossil fuel. Especially at a time of soaring costs based on corporate greed and opportunism we need to strongly stand against further exploitation of natural resources.

595. Gary & Christy Richards

Harlingen, TX 78552

Louisiana has had enough environmental damage done to its resources. The high risk of these terminals is not warranted. People of Louisiana deserve better.

596. Helga Burkhardt

White Salmon, WA 98672

Louisiana has had enough with the constant threat of fossil fuel industry. They are constantly threatened and often have had to suffer in the past. Damages already harmed land and people. Not to more!

597. Peter Ayres

Naperville, IL 60563

Louisiana is almost a natural water shed already. The amount of weather it gets, they need to keep that watershed quality. Do not change the structure and landscape of the area.

The US needs gas still. Europe will need gas. With more gas wanted, like many products, as more is wanted the price goes down. Wine is a great example. Bottles that were 20.00 per bottle are now down to 12. Take care of the US. Do not raise the price of gas in these times. You still make money and you may have new customers that will make you more. Don't gouge the populace in times of war.

598. Marie Copeland

Delmar, NY 12054

Louisiana is already burdened with emissions from industry and allowing additional pollution to occur and damage to the marsh which protects the State, would be unconscionable. Please deny these permits!

599. Jason Kania  
Ogdensburg, NY 13669

Louisiana is already experiencing the negative environmental and health effects of excessive development. Now is not the time to make the situation worse.

600. Vickie Tatum  
Austin, TX 78723

Louisiana needs a break, and we don't need more fossil fuels. They are destroying our earth and we have better alternatives for our power needs. Actually, we ALL need a break. Thanks for listening.

601. Laurel Gress  
Guilford Township, Wadsworth, OH 44281

Louisiana's barrier islands and mangrove swamps are necessary barricades to the ravages of hurricanes, and most of them are already gone. Additional industrialization in this area will only exacerbate this problem.

602. Laura Livesay  
Eggleston, VA 24086

Louisiana's many poor and disadvantaged residents are already suffering from increased energy costs as the global climate crisis drives up the need for air conditioning. Allowing Global's Plaquemines & New Fortress to increase their exports of liquefied natural gas while raising prices domestically is wrong on every front - increasing fossil fuel dependency at a time when we desperately need to transition as quickly as possible to clean, renewable energy, increasing air pollution in already heavily polluted communities, increasing the cost of living for people who are already struggling -and by expanding the market for LNG, helping to drive yet more fracking, which uses (and contaminates) enormous amounts of water at a time of ever-more catastrophic droughts across much of the United States. I am asking you to deny authorization for these destructive projects.

603. David & Susan Clark  
Concord, MA 1742

Lucrative foreign sales of natural gas result in high domestic prices and environmental havoc. We urge you to deny these two permits. Don't make things worse.

604. Duane Choy  
Honolulu, HI 96825  
Mahalo.

605. Richard Riggs

Branchburg, NJ 8876

making the world dirtier for personal profit must not be permitted

606. Loretta Ryland

Cleveland, OH 44126

Many Americans are struggling financially. Increasing a utility bill is just heartless and unfair.

607. Jennifer Russell

Lafayette, CA 94595

Mega storms that have had terrible impacts on Louisiana make it very clear that allowing natural gas facilities there are a huge mistake.

608. Anthony F Marple

Whitefield, ME 4353

Methane is 9x worse than CO<sub>2</sub>, so is a terrible plan.

609. Michelle Lord

Chicago Ridge, IL 60415

MIDDLE EAST AND RUSSIA. ENOUGH SAID!

610. Sherry Pennell

Aromas, CA 95004

More incredible greed that contributes to inflation and is cheating the American public. Nationalize all fossil fuel companies. They are all crooks.

611. Kim Wakefield

Seattle, WA 98107

Most people in this country are worried about climate change and the fossil fuel industry's disregard of the dangers. We rely on our government to act to protect the people, animals and land of the United States. Please deny Venture Global and Fortress' applications to further harm the environment.

612. Jim Franzi

Fiddletown, CA 95629

Must Stop and go in the right direction

613. Alexandria Phillips

Coventry Township, OH 44319

My children deserve to grow up in a world that isn't completely destroyed by toxic emissions. Do better!

614. Sheilah O'Heaney

Rusk, TX 75785

My community lives paycheck to paycheck despite most of them being 2 income households. We don't need any more stresses in our finances - either directly with increased winter heating bills or indirectly with increased food costs. STOP the assault on our daily lives. Just STOP

615. Michael Koster

Honolulu, HI 96825

My family, friends and wider community are upset that after all this time we're still reliant on fossil fuels like natural gas.

616. Pat Doherty

Cherry Valley, CA 92223

My gas bill has TRIPLED from last year .. ENOUGH . Everyone just thinks they can continue to raise prices at will .. ENOUGH !!!!

617. Dawn R Casper

Madison, WI 53705

My husband and I have two wonderful daughters, now more than ever I fear for their health and safety as they grow up and start to have families of their own. I am a commercial real estate developer and have recently completed a LEED certified building for one of my tenants. I have also just completed installing solar panels on another building I own. We need to change the way we do things now!! I'm trying to do my part, but I am also counting on my government to step up and shift to a healthier more sustainable track NOW! Exporting more LNG is not the answer to our problems. Our current crisis is giving us a choice - do we try to get back to "normal" or choose a better path. Our kids are counting on us to make the right choices today, so they even have a future tomorrow.

618. Michael Peterson

Eugene, OR 97404

My mother was a member of the Sierra Club; back in the 1930's as am I. This issue would be of interest to her, as well as me.

619. Alan Solomon

Palm Desert, CA 92261, CA 92260

My name is Alan Solomon. I live in southern California.

I completely agree with and strongly support the above statement/petition today and for many years and generations to come.

Thank you for your time Today.

Alan Solomon

620. Marjorie Shoemaker

Pennsauken, NJ 8109

N. Fortress wants to send 2, one hundred car trains 24 hours a day with LNG to Gibbstown, NJ FOR EXPORT ONLY (not for the US people), passing 1.5 million people with colossal danger of cataclysmic explosion!!!!!!!

621. Lisa Schaeffer  
White Bluff, TN 37187

Natural gas exports are hurting American citizens. Domestic gas production needs to supply domestic needs first.

622. Paul Huddy  
Tucson, AZ 85712

Natural gas is a valuable national strategic resource important to Americans. You have no business destroying more of our natural resources to allow the construction of facilities to export it so that a few companies can make greater profits. The greed of our fossil fuel industry and its facilitators is going to be our downfall.

623. David Hamel  
Grand Rapids, MI 49504

Natural gas is carbon!!! Natural gas is a green house gas!!! You're killing the future of EVERYTHING!!! Men are absolutely COOKING the planet for PROFIT!!! The science is real and a fake god ain't saving nobody or anything else!!! We have to save OURSELVES!!!

624. Christine Miller  
Tampa, FL 33618  
Nature needs help now.

625. Peter Andersen  
Jamul, CA 91935  
Need to move from fossil fuels to renewables now!

626. Keith Roper  
Saint Louis, MO 63139

Neither company is considering the cumulative impact of the harm they will cause to local communities. Gas export terminals regularly flare off gas that exposes communities to pollution like black carbon particles that cause respiratory disease, heart disease, and strokes. Please don't allow this to happen.

627. Beth Widzowsky  
Boynton Beach, FL 33437

Neither facility is considering the cumulative impact of the harm they will cause to local communities. Gas export terminals regularly flare off gas that exposes communities to pollution like black carbon particles that cause respiratory disease, heart disease, and strokes.

Coastal Louisiana is already overburdened with industrial pollution; we have some of the highest cancer rates in the country and frequently experience some of the worst air pollution. We don't need higher energy bills from fossil fuel corporations

628. Deb Hirt  
Stillwater, OK 74075

Neither facility is considering the cumulative impact of the harm they will cause to local communities. Gas export terminals regularly flare off gas that exposes communities to pollution like black carbon particles that cause respiratory disease, heart disease, and strokes.

Coastal Louisiana is already overburdened with industrial pollution; we have some of the highest cancer rates in the country and frequently experience some of the worst air pollution. We don't need higher energy bills from fossil fuel corporations.

629. Catherine Bylinowski  
Independence, MO 64052

Neither of these facilities is considering the cumulative impact of the harm they will cause to local communities. Gas export terminals regularly flare off gas that exposes communities to pollution like black carbon particles that cause respiratory disease, heart disease, and strokes.

Coastal Louisiana is already overburdened with industrial pollution; we have some of the highest cancer rates in the country and frequently experience some of the worst air pollution. We don't need higher energy bills from fossil fuel corporations. Please protect the people, air quality, and environmental integrity of natural landscapes. Don't let these companies get by with this thoughtless proposal.

630. Tab Buckner  
SAN FRANCISCO, CA 94117

New Fortress and Venture Global CANNOT be allowed to charge consumers more nor should they continue to poison Southeastern Louisiana!!!

631. C. Fred Schoell  
Overland Park, KS 66207

New Fortress does nothing but worsen to climate change. Stop it.

Stop Venture Global's expanded gas exporting.

The direct harm to local communities and the world/local climate are too much

Stop them!

Fred Schoell

632. Shelley Ries  
Corvallis, OR 97333

no

633. Nadine Ancel  
DURANGO, CO 81301

No amount or potential profits are worth any additional harm to the environment and life.

634. Rhonda Peters  
Lakewood, CO 80228

No export terminals --Need to make national policy to keep natural gas produced in USA to keep prices at home reasonable. Its VERY POOR NATIONAL POLICY to allow exports and leave USA vulnerable to PRICE SPIKES from selling internationally. Don't trade national security (including financial security) for profits. It bad for the country.

635. Carol Hirth  
Berkeley, CA 94702

No exporting fracked gas from floating facilities in Lousiana--that would be dirty, destructive and dangerous for people and the environment.!

636. Gloria Lenoir  
Austin, TX 78701

No fracked gas and stop increasing prices.

637. Renee schofield  
san anselmo, CA 94960

No fracking and no increase! We need Green Energy!

638. Griffyn O'Donnell  
North Highlands, CA 95660  
No Fracking!!

639. Lea Gina White  
West Hartford, CT 6110

No fracking, or floating frack facilities, nor fracked gas exporting! We need to reduce pollution, not add to environmental degradation!

640. Tracey Smith  
Celoron, NY 14720  
No hikes

641. joseph Kollar  
MAHOPAC, NY 10541  
no increases to energy bills . stop polluting southeast louisiana

642. Maurice Robinson  
Manhattan Beach, CA 90266  
no LNG exports any more!

643. Natasha Kline

Flagstaff, AZ 32086

No more concessions for companies at the expense of the environment and local communities!!!!!!

644. Carolyn Fernandez

Fence, MO 63026

No more dirty energy! SAVE OUR PLANET!!!!

645. Joseph Lawson

New York, NY 10023

No more drilling in the GULF!!!

646. Keith Caye

Pewee Valley, KY 40056

No more environmental sacrifices for fossil fuels. It's past time we made sacrifices for the future generations

647. Daren Black

Los Angeles, CA 90066

No more export terminals!

No more floating gas facilities!

Stop destroying Louisiana!

Stop all fracking!

Shut down all fossil fuel operations!

648. Scott Vayo

Boston, MA 2108

No more exports please!

649. Robert Posch

Orlando, FL 32825

NO more fossil fuel infrastructure for exporting our natural resources, driving up the price in U.S.

650. Samuel Stettler

Baltimore, MD 21209

No more fossil fuel infrastructure! At a time when the threat from climate change continues to grow, the US should be moving away from any and all fossil fuels. This is completely irresponsible and terribly short-sighted. I urge the DOE to not sign on to these projects and further fuel the climate crisis. The gulf coast doesn't need any more fossil fuels. After all the oil spills and air pollution, hasn't anyone learned yet?

651. John C Norman  
Kula, HI 96790  
No more fossil fuel!!!

652. James Thomas  
Huntington Beach, CA 92648  
No more fossil fuels - instead, renewable is the answer for the future.

653. ALEJANDRA PARAPAR  
Key Biscayne, FL 33149  
No more fossil fuels and its respective facilities that cause irreparable damage to coastal areas, wildlife and of course highly contribute to climate change, pollution, sickness.

654. Peter Katan  
Ellicott City, MD 21043  
NO MORE FOSSIL FUELS!

655. darlene grossman  
Lincolnwood, IL 60712  
No more fossil fuels! More sustainable energy!

656. Jennifer Herrmann  
Hiawatha, KS 66434  
No More Fossil Fuels! We have to look ahead to the future. We need renewable energy sources not life sucking dirty polluting fuel. Louisiana has suffered many catastrophes related to the harmful effects of fossil fuels-lets not add any more!  
Please consider the outcomes of authorizing this permit.

657. Alan Carlton  
Alameda, CA 94501  
No more fossil fuels!

658. Sally Warner  
Califon, NJ 7830  
No more fracked gas!!

659. Elinore Krell  
Baltimore, MD 21218  
No more leases to fossil fuel companies! We need to move as quickly as possible toward environmentally safe energy sources.

660. Leslie Glustrom

Boulder, CO 80303

No More LNG Export Infrastructure Please

Natural gas is very precious--and people like me who live near where it is produced live with the benzene and bad air quality associated with its production--while companies make the profits from sending our resources to other countries. PLEASE STOP THIS MADNESS!!

661. Tim Gould

Seattle, WA 98103

No more LNG export terminals in cancer alley!

662. Linda Fielder

Carrollton, TX 75006

No more LNG export terminals! They are polluting and costing Americans their health and their wealth. LNG is used for heating in the winter and we will not be able to afford to heat our homes.

663. Joseph Aguado

Atlanta, GA 30315

No more natural gas or oil or coal. Go green and renewable already. Do it.

664. L M ASHLEY

Sacramento, CA 95822

no more of this damaging and dangerous production that is destroying our habitat earth

665. Pat Fojtik

Palos Hills, IL 60465

No more polluting in cancer alley. The people who live there are already to too many chemicals in their air and probably in their water as well. Enough is enough!!!

666. Monique Rubin

Sebastopol, CA 95472

No more polluting industries in Louisiana! They need help cleaning up the air and water, not making it even healthier.

667. Joe Hardin

Santa Monica, CA 90405

No more pollution in Louisiana

668. Craig Runciman

Athens, AL 35614

No more pollution you company 's have ruined enough of this planet

669. Susan Bredau

Saint George, UT 84790

No more prioritizing shareholders' profits over Gulf Coast communities, wetlands, marshes, and other environmental concerns! Enough is enough.

670. Laurie Smith

Evart, MI 49631

No more relentless drilling of our lands or our oceans.

671. Jennifer Maffei

Portland, OR 97202

No more sloppy fossil fuel! People before profits. Protect our Planet Earth!

672. Janice M McCann

Rochester, VT 5767

no more support for fossil fuel companies and definitely not at the cost to humans

673. Luz Luz M Betancourt

Peekskill, NY 10566

No new export permit for New Fortress and Venture Global's CP2 LNG!

674. Laurel Harris

Rutherford, CA 94573

No New Fossil Fuel facilities! Now, we have very little time left to save Planet Earth. We must make an abrupt shift to all renewable energy!

675. STEPHEN ROSENBLUM

Palo Alto, CA 94301

No new fossil fuel infrastructure if we are to save our climate.

676. Richard Stuckey

Chicago, IL 60614

No new fossil fuel infrastructure is acceptable if we are to get off of fossil fuels in time to save the planet. Stop these polluting industries from making the life of EJ communities along the gulf worse than it already is. Stop building cancer alley.

677. Camille Kershner

Tucson, AZ 85749

no new fossil fuels, renewables instead- start now.

678. nancy koran

Bethesda, MD 20814

No new LNG and natural gas infrastructure. Russia's little military exercises in Ukraine have already caused enough suffering at home. We don't need to add the environmental damage of more fossil fuel infrastructure in already-damaged Southeast Louisiana.

679. Matt Mailander  
Palm Desert, CA 92260  
No no no!

680. Gaia Cooksey  
Colorado Springs, CO 80905  
NO PERMITS!!!

681. Milicent J McFarland  
Santa Fe, NM 87508  
No polluting! We need to be developing wind and solar!!

682. Joe Hiney  
San Rafael, CA 94903  
No profits are worth the destruction of our ecosystem.

683. Jenn Ward  
Cincinnati, OH 45240  
No to fossil fuels!

684. jane brody  
WILMINGTONno to fracked gas, NC 28409  
no to fracked gas

685. Pam Evans  
Kemp, TX 75143  
no!

686. Melinda Meyerhoff  
Thetford Center, VT 5075  
No!

687. Cindy McCourt  
Fairfax, VA 22030  
No! Stop endangering and sacrificing the oceans water and wildlife for a quick profit.

688. Elizabeth Veach  
Ukiah, CA 95482

NO, NO, NO.....

689. Liz Amsden

Los Angeles, CA 90042

No. More.

Allowing more fossil fuel production only encourages investment and investors will whine that they need their profit.

But it is INTOLERABLE that these companies are building their profits on the backs of consumers and electing to poison them in the face of lack of action by the DOE to SHUT THEM DOWN!

690. Rita Fontana

San Francisco, CA 94128

NO. Corporate Vultures Need to be LEASHED. They destroy areas here, use TONS of water, leave the areas subject to earthquakes from fracking, raise the costs of utilities here and then force us to pay for their adventures in exporting, which will certainly result in further shortages and penalty costs to US residents. ENOUGH. Also, claiming to give the EU independence from Russian fossil fuels is HORSE MANURE. Russia is making money hand over fist, they're selling, the buyers are then re-selling as non-Russians. PLEASE DON'T DRINK THE KOOL-AID.

691. Lisa Roberts

Cincinnati, OH 45211

No. You make your money by wrecking the environment that we all need. No.

692. Sharon Godfrey

Asheville, NC 28805

NO?please stop this fossil fuel extraction and burning?

PIEASE!!!!!!

693. Martha Cottle

Chilmark, MA 2535

Nobody wants these companies increasing the price of energy at home and sacrificing our coast, all for their profit. With inflation at such a high level, allowing these companies to make even bigger profits while making their customers less able to make ends meet should not be allowed.

694. Taygeta Payan

Palos Heights, IL 60463

Nope, just nope.

695. Chennault Raye

Savannah, GA 31408

Not a good time to raise prices.

696. Rick Fahrenkrug  
Neenah, WI 54956

Not every proposal to the Department of Energy is a good idea. Please protect the people of coastal Louisiana; put them ahead of Corporate profits, and protect the environment. Thank you.

697. Terence Hero  
Marion, OH 43302

Not only do the Gas exporting companies see a chance to shrug off environmental mandates now that the Supreme Court has opened the door to such, they are ALSO trying to double dip profits by raising prices higher than they needed to be with "supply shortages" and now their regular charges proposed increases with the D.O.E. Marry that with a request by New Fortress in particular to export to countries without Free Trade agreements and the results are greed almost without limit. These companies need not only restraining, but Surplus Profits Taxes to bring them back in line with accepted Moral Business Practices !

698. Mike Cotter  
Quincy, MA 2169

Now is the time to act proactively . We have traveled many times through these fossil fuel/environmental "sacrifice" areas. Make the right decisions for those living there, all America and the future of our shared planet!

699. Rachel Litz  
Portland, OR 97239

Now is the time to invest in renewable energy and stop the continuation of fossil fuels. We need to stop drilling and digging for these harmful fuels and transition to sustainable alternatives. Take this chance to make the change for our planet and our people. Don't continue this legacy of environmental destruction help make an invest in the future by denying any more drilling.

700. Joanne Snegosky  
Corcoran, MN 55340

Now is the time to protect our coastline, not allow destruction of it to help protect communities from coastal flooding. We also must protect the health of the people in these coastal communities. They already suffer enough from poor air quality and exposure to cancer causing chemicals. Please stand up for these communities!

701. Barbara Moulton  
Santa Rosa, CA 95409

Now is the time to stop poluting our air and water and to start kicking the dirty fossil fuel habit.

702. Virginia F Purvis  
Salem, OR 97302

Now is the time to stop stripping our coastlines for the and upping our carbon-emission totals.

703. Carrell Kalland  
Conyers, GA 30094

Now is the time to switch to greener energy, not invest in more fossil fuels.

704. Anne Vaughan  
Manchester, CT 6042

Now more than ever we need to support and innovate renewable energy. Natural gas is not the answer to the world's energy needs, and to give us a fighting change to have a livable planet.

705. Karen Jones  
Denver, CO 80219

Oil & Gas company CEOs are making record salaries. If they want to continue with these projects let the BOD put their own personal monies into them.

706. Susan Zimny  
Chicago, IL 60641

Oil and fossil gas are energy sources from the past. If you really want energy independence, look to renewables.

707. Robert Fischhoff  
Silver City, NM 88062

Oil and gas companies are criminals.

708. Lawrence Landherr  
Roseville, MN 55113

Oil companies are making obscene profits. No favors for them!

709. Kathleen Stoddard  
Victor, NY 14564

Once again the fossil fuel companies propose actions that will endanger and pollute coastal areas, If we are to survive we must focus on fossil-free energy sources.

710. Lance Green  
Madison, WI 53704

Once again, private companies are taking advantage of their position in the natural gas markets to gouge American citizens while they make enormous profits. We need YOU to put some controls on their power.

711. Laura Manz  
Ingomar, PA 15127

One Earth.....No Planet B! Stop allowing dirty energy to destroy this one!

712. Elliot and Polly Goldberg

Unadilla, NY 13849

One of us grew up in SE Louisiana and one of us went to college and medical school there -- there is NO excuse for exposing Louisianians to more pollution and NO reason other than profit. These profits for the few are as nothing in the balance. DO NOT ALLOW these to go forward!

713. Herschel Franklin

Plano, TX 75024

Open up The Fuel Business In America.

714. Grace Tam

Laguna Hills, CA 92654

Other countries can figure out their own energy futures, but without harming us.

715. Sharon Pruitt

Ingram, TX 78025

Other options are always available. This is panic thinking without taking too many people, wildlife and a myriad of health concerns into consideration. Do no more harm to our Gulf states and our economy!

716. Irwin Cantos

Brooklyn, NY 11217

Other than selling more gas and reaping profits, these enterprise are an environmental and health disaster for that community and the world at large.

717. Iris Carman

Wilkesboro, NC 28697

Our actions must move us toward reducing fossil fuel extraction and usage quickly to combat the rapidly increasing ravages of climate change on our communities!!

718. Carol Gayle

Lake Forest, IL 60045

Our business leaders and most government leaders seem oblivious to the enormity of the challenge we face. But so do ordinary people. Yet we must see that this is an emergency and requires emergency action.

719. Susan Warren

Our, CA 94027

Our climate is in a dire situation, we need to stop polluting our planet and address the seriousness of the loss of our plants and animals that are becoming extinct.

720. Aggie Perilli

Lancaster, PA 17603

Our communities are in crisis. Now is the time to urgently restore and protect our communities, rather than cause more harm. We voters insist that you refuse to grant oil executives and billionaires permission to cause worse destruction!

721. Jane Crane

Clark, NJ 7066

Our country needs to invest in renewable energy and start weaning away from fossil fuels. Climate Change is real and we need to address the issue and stop talking about it. Moving forward with these projects is heading in the wrong direction. We need to think about our planet, our children and our future before it is too late.

722. David Katz

Arvada, CO 80005

Our Earth is not a sacrifice zone.

723. Gabriel Trance

BROOKLYN, NY 11209

Our future cannot allow the continued desecration of our environment for the short term profit of the few.

724. Connie Arnold

Elk Grove, CA 95758

Our futures are being squandered for LNG short-term profits. This proposal should not be moving forwards. Please do not allow New Fortress export proposal to move forwards and stop this Venture Global planned export facility that will have devastating consequences.

725. Peter Raich

Dillon - CO, CO 80435

Our natural gas prices are already too high without this additional export facility. Further destruction of the coastline will have severe consequences to all living in the broader region!

726. Miriam Poston

Portland, OR 97215

Our natural resources should be available to US customers first at reasonable prices and must not be allowed to damage our vital marshes or coastal areas

727. Craig Savage

Greenbank, WA 98253

Our only chance!

728. Sr. M. Alphonsa Concilio, Ihm

Scranton, PA 18509

Our people come before MONEY. The health of individuals - PEOPLE -should be a top priority in making decisions where the healthy natural weather condition is jeopardized. Sr. Alphonsa

729. Sabrina Fedel

Pittsburgh, PA 15238

Our planet is collapsing, as evidenced daily in fires, glaciers collapsing, extreme storms, etc. We have no choice. It has to be done. Be leaders.

730. Nancy Ross

Van Nuys, CA 91406

Our planet is in crisis! Don't allow the oil and gas companies and the billionaires who support/control them place profits over people and planet! Thank you.

731. Caroni Lombard

Wichita, KS 67203

Our planet is suffering from the effects of fossil fuels. The earth will soon reach the point of no return from global warming. Already habitats have been destroyed. We and the animals that live in these places should not suffer and die from corporate greed.

732. Lucinda Huggins

Schenectady, NY 12309

Our states should not suffer environmental damage so that your company can exploit the situation and profit from the shortage,

733. James Carroll

Bakersville, NC 28705

Our survival depends on making the right choices when it comes to use of energy and especially fossil fuels. We need to stop wasting these precious resources and saving them for when we will really need them. We need to use less now to prevent global climate catastrophes that are already worsening by the year.

734. Tracy Fitterer

Spokane Valley, WA 99206

Outrages!!

735. Neil Fisher

Sand Springs, OK 74063

Pass these costs on to the customers of the LNG, not Americans for their home service.

736. Janet Laird-Lagasse

Auburn, ME 4210

Patriotism starts at home. Corporations who profit from the US must think of the US welfare first.

737. Kelly Eaves

Orlando, FL 32817

People all over the country are struggling to make ends meet. There's no reason to increase their bills during the economic downturn we are all facing.

738. Rita Simon

Chippewa Falls, WI 54729

People already struggling and on the edge financially due to inflation do not need the higher energy prices for their heating, cooking, food, etc. Allowing these permits for increased natural gas exports will decrease U.S. supply and increase energy costs to Americans substantially. Please do NOT approve these permits!

739. Lynette K Henderson

Chatsworth, CA 91311

People and environment over profit, please!

740. Cindy Ashley

Rancho Santa Margarita, CA 92688

People are hurting with rising prices. Passage of this bill will help keep natural gas prices low. And these new facilities will hurt the people of coastal Louisiana who already have to deal with so much pollution. We need to protect their health!

741. David Matson

Gualala, CA 95445

People before profit.

742. Leo Kretzner

Lytle Creek, CA 92358

People in Dept of Energy:

Let's keep LNG here in the USA! Do not ship it to non-Free Trade countries. Gas export terminals are terrible sources of local pollution.

I'm sure you already know this, so... Please Do the Right Thing!

Thank you,

Leo Kretzner

743. Rebecca Pigovat

Granada Hills, CA 91344

People over profits

744. Jon Krueger

Jackson, MI 49201  
People over profits.

745. Laura Roetcisoender  
Langley, WA 98260

People who are already living on the edge CAN NOT afford more expenses! Do not do this to them unless you are willing to write them a personal check to everyone that needs help!! Our government can't afford to continue to subsidize every person who can't pay. It's up to all of the various companies that make more money than the upper management need to live comfortably! I worked over 30 years and luckily can support myself but as prices continue to rise for everyone, more people may have to get government subsidies and where does it end!?

746. Paul Neve  
Eliot, ME 3903

People, including me, cannot afford utility prices to increase above the currently inflated levels. Cut the crap, and help the American people out, rather than lining your dirty pockets further.

747. Elizabeth Maschka Csj  
Concordia, KS 66901

People's homes and their and their family's well-being is to be considered here. Do not do harm to them by giving permission for this new venture.

748. Louise Nolta  
Northfield, IL 60093

People's lives are important to me and for our country. Do what you can to not give authorization to these companies. Thank you.

749. Francene Shed  
Stillwater, OK 74074

Perhaps this situation will provide some scientific and or creative people to come up with a less ecologically damaging and more human friendly way to provide energy. Wouldn't that be lovely?

750. Brenda Choi  
Las Vegas, NV 89121  
Phase out fossil fuel facilities  
Make world post fossil fuel future

751. Eliza Johansen  
Los Angeles, CA 90018  
Planet before profit

752. Maria Caturay

Millbrae, CA 94030

Planet destroyers must be stopped. There is no future for all living beings if these oil mongrels have their way. Just say NO!!

753. Susan Greenberg

Durham, NC 27712

Planet, not Profit!

754. April Griffith

Eureka Springs, AR 72631

Plaquemines export facility is going to irreparably damage acres of marsh, our best line of defense against coastal storm surges. We owe it to our children to do the best we can to mitigate climate change to protect their future on this planet!

755. Ronda Cumberland

Belleville, IL 62226

Please

756. E Davies

Ithaca, NY 14850

Please act to stop this facility. All the evidence supports burning fossil fuels adds to global warming, sea level rise and mass extinction including humans. Think of your children and grandchildren of family that you love. Don't support this. The future generations will curse you and your legacy will be shameful.

757. Jeffrey Wang

Hacienda Heights, CA 91745

Please act with urgency!

758. Linda Walker

Sun City, AZ 85351

Please be realistic and consider the impact of your decisions on the health of those impacted. What is the benefit?

759. Robin Bowen

Huntington Beach, CA 92649

Please block the permit from New Fortress and Venture Global. This will NOT help the United States in any way. It will hurt the environment and raise gas prices. The DOE needs to protect the people not big industry. Thank you.

760. John Reiker

High Ridge, MO 63049

Please care about our own people and our future generations!

761. Chuck Shiebler

Reynoldsburg, OH 43068

Please consider my concerns and position regarding Venture Global's current export application.

762. Georgianna Gipp

Grand Island, NY 14072

Please consider the harm that New Fortress and Venture Global will be doing irreparable damage to marshes, the best line of defense against storm surges. Coastal Louisiana is overburdened with industrial pollution and has some of the highest respiratory and cancer rates in the country and worse air pollution. Thank you.

763. Jessica Fleming

Chicago, IL 60647

Please consider the harm this application will cause to local communities already overburdened with industrial pollution! This is directly causing health and environmental crises. Do not grant oil executives and billionaires permission to destroy the place we call home!

764. Evan Elias

San Francisco, CA 94109

Please deny both of these permits. Exporting this gas decreases supply in Louisiana and leads to higher energy bills. Louisiana is already paying too high a price having these gas export terminals in their coastal waters. Coastal Louisiana is already burdened with industrial pollution. These proposed terminals would increase pollution and damage marshlands that are the first line of defense from coastal storms and rising sea level.

Fossil fuel companies seem to see the war in Ukraine as an opportunity for them to make money exporting gas. We as a nation need to stop building and funding fossil fuel developments and switch to renewable energies. These permits lead us in the exactly opposite direction. And they adversely impact a community that is already burdened with the highest cancer rates in the country.

Please deny these permits.

Sincerely,

Evan Elias

765. Beverly Cochran

Collinsville, IL 62234

Please deny New Fortress the ability to pollute Southeast Louisiana!!!

766. Mary Squires

Greenbrae, CA 94904

Please deny permission to Venture Global, Plaquemines & New Fortress to increase our energy bills. I am a Senior. My energy bill was doubled. I have a low income and am very worried about my costs.

767. Judith Clake

New Hope, PA 18938

Please deny permits to Venture Global's Plaquemines and New Fortress whose actions will pollute South East Louisiana and will lead to higher energy bills. Thank You, Judith Clarke

768. Michelle Sparks-Gillis

Solvang, CA 93463

Please deny the export permit for New Fortress and Venture Global. Causing damage and pollution to the Louisiana coast seems like a huge cost for Louisiana and it's population to bear just so some Gas company can make billions of dollars for exporting the gas to non-free trade nations! It's not right!

769. Laura Kielman

Rancho Cordova, CA 95670

Please deny the gas permits. Our country should be moving away from fossil fuels and this profit is contrary to sustainable efforts.

770. Doris H Lahr Lahr)

Sun City Center, FL, FL 33573

Please deny the New Fortress and Venture Global export permit applications, which if granted would further pollute our shoreline. And why are we selling gas overseas to other countries? Why aren't we selling the gas here in the USA? And why aren't the above companies seeking other solutions to the fuel problems. Let's seek solutions for cleaner water, rivers, oceans and air

4 very concerned citizens

Doris H + Deborah D Lahr

Alexander R + Susanna E Busch

771. Kasey Felder

Laurel, MT 59044

Please deny the permits as requested.

772. Meryum Kazmi

Jamaica Plain, MA 2130

Please deny the permits being requested by New Fortress and Venture Global so we can keep the Gulf Coast safe!

773. David and Ingrid Cook

Joseph, OR 97846

Please deny the permits to the two gas companies. This is when we need to protect our marsh lands against incoming tides and storms caused by the climate change. Those living in Cancer Alley do not need more pollution in their communities. Do not let the profits of the oil companies take priority over the needs of the people.

774. Lea Alexander

Kodak, TN 37764

Please deny these export permits that ultimately harm the American people economically and environmentally. Giving energy billionaires even more profits while black and brown people on the coast suffer more is unconscionable. Clean energy alternatives should be pursued with warp speed urgency.

775. Richard Donnelly

Bellingham, WA 98229

Please deny these permits.

776. Janet Callum

Atlanta, GA 30316

Please deny these permits. Profiteering by oil companies is harming the Louisiana coast and increasing prices for consumers.

777. Laura Le Voir-Barry

Minneapolis, MN 55413

Please deny these permits. Natural gas is not clean energy. The pollution from these terminals harms the nearby communities already overburdened with serious health issues due to industrial pollution.

778. Ed Koehl

Kenmore, WA 98028

Please deny these requests to raise prices! Their profits are at record levels - they do not need a price increase to cover their costs. Additionally, raises their prices increases inflation and the possibility of a recession.

Thank you,

Ed Koehl

779. Jonathan Hancock

Chicago, IL 60622

Please deny this expansion in this region. Protect these regions that are already being taken advantage of.

780. M. Goldstone

Sherman Oaks, CA 91403

Please DENY this request. First, the people of Louisiana deserve to have an equitable and stable lifetime supply of natural gas, given the obvious abundant supply, with Venture Global's application to export LNG to non-Free Trade Agreement nations. Perhaps The Department of Energy could impose that Venture Global maintain a LNG reserve supply in perpetuity for Louisiana residents, and secondly that any future price increase of

LNG for residents dependent on the fossil fuel be strictly limited by annual review of current supply before any exports, and tied to inflation.

The environmental and health impact on residents of Coastal Louisiana for many years has been unconscionable.

Please enforce legal restrictions to limit current and future pollution by both Venture Global and New Fortress, for

the sake of current and future residents of Louisiana and at large for our global climate crisis.

I appreciate your time in reading my concerns. Thank you.

781. Christina Raptis

Commack, NY 11725

please do all that you can to ensure protections for Southeast Louisiana.

782. Cynthia Opderbeck

Lewes, DE 19958

Please do all you can to stop exporting liquefied natural gas to nonFTA nations, a most dangerous effort!

783. Thomas Thompson

Hobe Sound, FL 33455

Please do not allow Louisiana to be polluted.

784. Shawn Vasich

San Diego, CA 92107

Please do not allow big oil to continue irreparably harming our environment and our communities without fearing any retribution. This has to stop.

785. Dana Roth

Pasadena, CA 91107

Please do not allow exporting of essential fossil fuels that increase domestic pricing.

786. Eugene Ruoff

Why on earth should LouisiananGardiner, NY 12525

Please do not allow New Fortress or Venture Global to export gas from their proposed floating gas facilities. Southeast Louisiana has already borne the brunt of the fossil fuel industry's pollution.

Especially in this time that we must move away from fossil fuels, the last thing we need is more dirty, dangerous, polluting fossil fuel infrastructure.

787. Don Gentz

Port Aransas, TX 78373

Please do not allow the fossil fuel industry to threaten the planet for the sake of short-term corporate profits. We'll all pay the costs.

788. Sandra Ciske  
Seattle, WA 98116

Please do not allow these LNG projects that will not help the short term shortages in Europe soon enough and will risk environmental damage in Louisiana. Thank you.

789. Rachel Pratt  
Oak View, CA 93022

Please do not allow this to go through. We need fewer fossil fuel facilities, not more. We actually need to have ZERO fossil fuel facilities.

790. Marjorie Tanner  
Talladega, AL 35160

Please do not allow this.

791. Joaquina Joaquina  
Oakland, CA 94602

Please do not allow this. The fossil fuel industry must be stopped. Venture Global's Plaquemines and New Fortress's floating gas export facilities must not be given permission to increase our energy bills and pollute Southeast Louisiana. Thank you.

792. Kitty Coley  
Austin, TX 78704

Please do not allow Venture Global's application to export liquefied natural gas (LNG) to non-Free Trade Agreement nations as exportation of fossil fuels and the facilities that make it possible are ravaging the Louisiana coast in areas already vulnerable to storms! We must stop climate change and deterioration of our coasts!

793. Joan Matteson  
Duncanville, TX 75116  
Please do not approve

794. Peter Uhrig  
Green Valley, AZ 85614

Please do not approve their ability to increase profits at the cost of increased prices at home.

795. Scott Lagaard  
Cambridge, MN 55008

Please do not approve their requests!

796. Robert Albee  
Grants Pass, OR 97527

Please do not approve this short sighted project, develop sustainable fuel and energy sources instead!!

797. Catherine Clement

Lexington, KY 40502

Please do not authorize either of these requests to export LNG. Do not further sacrifice efforts to mitigate climate change, and the health and livelihood of the people of coastal Louisiana, for the sake of false promises about addressing Europe's short term energy needs.

798. Carmela Vignocchi

Grover Beach, CA 93433

Please do not cave into the demands of more profit for big business and destruction of coastal Louisiana which is already over burdened with Industrial pollution, and expose the communities to more pollution and cancer causing pollution. would you want these activities in the community you live in? Probably not, and neither do the citizens who live along the banks of Coastal Louisiana. thank you.

799. Karin Masterson

Vancouver, WA 98686

Please do not continue with approving these permits! Protect our planet and the overuse of its resources, just for a few to get rich!

800. Lynette Duley

Fond Du Lac, WI 54935

Please do not destroy more land and help billionaires get more rich!

801. Anna Wozniewicz

Los Angeles, CA 90026

Please do not export fossil fuels from Louisiana's already damaged coast. Do the right thing!!! People care about the climate and you should too. Don't ruin this community with your actions.

802. Lissa Sherron

Indianapolis, IN 46204

Please do not further risk the Louisiana coast through approval of this application. We all must consider the long-term costs of continual distraction of the environment.

803. Joan Davis

Estacada, OR 97023

Please do not give these fossil fuel destroyers of our climate and planet any leeway. They are just in it for the \$\$\$\$\$. Where will that profit get them when the planet is burnt, blown away, and then flooded.

804. Meg Nielsen

McFarland, WI 53558

Please do not grant permission to these Venture Global Plaquemines or New Fortress's floating gas export facilities. We need to focus on providing clean energy like wind and solar, which do not harm

people of nearby communities. Thank you for considering the lives of nearby citizens and the health of the environment.

805. Stanley Gale  
Oscoda, MI 48750

Please do not increase any energy prices on fossil fuel. It is already too expensive and you continue to degrade the ecosystem. Thank you

806. Michelle Hartman  
Anderson Island, WA 98303

Please do not let LNG's application go through to export! The climate change is real but LNG is more concerned with money than the health of this planet!

807. Allison MacCormick  
Norwich, VT 5055

please do not let these fuel companies further destroy our ecosystem!

808. Dan Elsner  
Grand Junction, CO 81501

Please do not permit LNG to be exported causing environmental degradation and increased costs for domestic users. Oil and gas companies are reaping obscene profits while the US consumers and the environment struggles. Think past the immediate and do the right thing - your descendants will applaud your courage.

Thanks

Dan Elsner - Grandparent

809. Danielle LaVaquer-Manty  
Ann Arbor, MI 48105

Please do not put coastal Louisiana communities at risk by allowing New Fortress and Venture Global to destroy the coastal marsh and increase their already harmful pollution.

810. Jane Byrnes  
WICHITA, KS 67211

PLEASE do not reinforce this fossil fuel, profit-making facility!

811. Cynthia Cospers  
Tallahassee, FL 32301

Please do not sacrifice our marine and coastal environment just to increase the prices to be paid for our natural gas preserved for the future, and until we utilize more solar energy.

812. KayMaria Daskarolis  
Oakland, CA 94619

Please do the right thing and do NOT approve these LNG companies' applications. We do not want these companies increasing the price of energy at home and sacrificing our coast, all for their profit. Thank you for your time, consideration, and urgent attention to this critical matter.

813. Patti Jordan

Elk Grove Village, IL 60007

Please do the right thing and DO NOT destroy any more unnecessary Harm or destruction to People , their homes , the wildlife and the Environment ..

814. Corinne Doares

Advance, NC 27006

Please do the right thing for the community, the people, all life.

815. Pam Rethy

Saint Louis, MO 63129

Please do the right thing to protect the Coastal Louisiana area and to protect marsh habitat. Thank you!

816. Adam Keller

Athens, AL 35613

Please do the right thing.

817. LILLIAN MAHANEY

#NAME?, MI 49654

Please do the right thing.

818. Thorsten & Gail Ostrander

San Diego, CA 92131

Please do the right thing.

819. Sally Downing

Minneapolis, MN 55414

Please do what you are able to prevent these from being authorized. Thank you.

820. Norbert Beising

Crescent City (Hiouchi), CA 95531

Please do what's right not what makes the most money.

821. Kathleen Lewis

Cheektowaga, NY 14227

Please don't allow these companies to further exploit Louisiana as the people there and that entire state has been through enough!!

822. Paula Bullinger  
Halethorpe, MD 21227

PLEASE don't do that to us or the environment

823. Adam Love  
Denver, CO 80223

Please don't export LNG. Fossil fuels have done so much harm already. I have family in the area and they already talk about the differences in their community and surrounding environment resulting from climate change. Don't make it worse and sacrifice the well-being of citizens just to line your pockets with the profits of a dying industry that brings suffering to so many. I beg you.

824. Camille Roberts  
Lowell, IN 46356

Please don't let companies profit even more from harm to communities and the environment. We need to send a strong message to big business that enough is enough. I'm already very disappointed in Indiana politicians caving into pressure from big business to expire the net metering program offered by NIPSCO to expire offering benefits to consumers to transition to green energy.

825. Sandy Clark  
Fairview, NC 28730

Please don't let fossil fuel companies make more money while harming poor communities and the environment!

826. Sarah Rowe  
Nashville, TN 37215

Please don't add more fossil fuel facilities in Louisiana or sell to more countries! Not only has the Louisiana coast become like a wasteland in places because of industry, but also because of climate change and climate-related disasters, we should not be adding more fossil fuel facilities.

827. David Klass  
New York, NY 10011

Please don't allow the fossil fuel industry to destroy more of Louisiana's coast. That coast is needed for environmental protection.

828. Gale Luce  
Rockville, MD 20852

Please don't allow Venture Globals application to be approved! Louisiana has so many flooding challenges already, and the last thing they need is MORE building without permanent, and well built, flood walls. In addition, we should be cutting down exportation of natural gas, not continuing to ravage our Earth.

829. Diane Fails

Fremont, OH 43420

Please don't export fuel we need at home, and don't allow any more harm to the environment than fossil fuels have already done.

830. Gary Farrar

Kansas City, MO 64108

Please don't export natural gas. make it affordable and available to US customers only, and only until the transition to renewable energy sources is complete. Then shut down altogether. Gas companies should be using their resources to make the conversion, not expand.

831. Kristy Lindberg

Edwardsville, IL 62025

Please don't let greedy oil companies further destroy coastal Louisiana with pollution and, to add insult to injury, charge citizens more money for energy! I am especially concerned about the impact this would have on the marshes and wetlands, stripping the coast of protection from climate change. Please do something before it's too late!

832. Gillian Hatch Carlsen

Elizabeth City, NC 27909

Please don't take a giant step forward by impacting the environment of everyone!

833. Angela L

Colchester, CT 6415

Please find a new way to make your money that doesn't endanger animals, humans and the environment

834. Jane Whitney

Brooklin, ME 4616

Please focus first on America , its people, and our battle with climate change, rather than focusing on other nations. DENY Venture Global's application!

835. Marie Fitzsimmons

Jacksonville, FL 32256

Please get away from Earth destroying fossil fuels and turn to electric and water. There is hydrogen in water, which can be used for fuel. If we can make a Hydrogen Bomb, I am sure Hydrogen from water can be used fir fuel.

836. Judy Heffron

La Verne, CA 91750

Please give preference to the health of those who live in Louisiana which will be jeopardized by the plans that are being made by fossil fuel industries and protect the marsh lands and coastal areas of Louisiana which could be destroyed beyond reparation by Venture Global. There are other ways to

meet the needs for energy that do not threaten human and animal lives as well as the ecology of this area.

837. Frances Lange

San Antonio, TX 78207

Please have mercy on the people and do not ask them to pay more.

838. Shirley Birkett

Sarasota, FL 34231

Please hear our concerns.

839. Vikki Owens

Woodinville, WA 98072

Please help Americans don't help hurt Americans even more.

840. Janet Faucette

Gibsonville, NC 27249

Please help our climate!

841. Danielle Stutheit

Newport, OR 97365

Please help save our planet

842. David Morgan

Jackson, MS 39211

Please help save our planet. Our children are depending on us to do the next right thing!

Thank You

843. Sally Sutterfield

Canton, OH 44708

Please help southern Louisiana by not passing the bill, not giving the companies premium to do more damage to those communities. Thank you!

844. Nancy Hemberger

Reading, PA 19606

Please help!

845. Melissa Jones

San Diego, CA 92103

Please invest in green energy.

846. Linda Smith-Blais

ENFIELD, NH 3748

please keep these companies from damaging our coast lines and hurting our environment

847. Frances Rove

Leawood, KS 66206

Please listen to the people and do the right thing.

848. Helen Fielding

Gainesville, FL 32609

Please listen to the people who will be affected by this export permit. And why do you want to let exports go to countries that are not in our free trade agreement? This is anti-American on so many levels.

849. Diane Huntley

Oceanside, CA 92057

Please make the change that will help our future generations. Stop exporting LNG to other countries. Especially when the American people are struggling with such high inflation.

850. Joel Cleveland

Tampa, FL 33611

PLEASE NOTE: Neither facility is considering the cumulative impact of the harm they will cause to local communities. Gas export terminals regularly flare off gas that exposes communities to pollution like black carbon particles that cause respiratory disease, heart disease, and strokes. I OPPOSE!!!!

851. Carol Smith

Davis, CA 95616

Please oppose these two applications! Thank you.

852. Kristin Balmet

Los Angeles, CA 90033

Please protect all people

853. Nick Stephens

Atlanta, GA 30312

Please protect Americans from price hikes and protect the Gulf from future fossil fuel spills!

854. Shara and Greg Johnson

Whitestown, IN 46075

Please protect Louisiana's coastal areas!

855. Kathy Robinson

Pleasant Hill, CA 94523

Please protect our environment and deny the permits.

856. Ellyn and Mark Matthews

Mead, CO 80542

Please protect our environment and not the profits of fossil fuel companies.

857. Susan Geist

Lowell, IN 46356

Please protect our environment at all cost. Nothing else matters or is more important!

858. Elizabeth Ann Hull

Baltimore, MD 21236

Please protect our home interests!

859. Jeffrey Sawyer

Mill Hall, PA 17751

Please protect the environment!

860. Susan Haggart

Reeds Spring, MO 65737

Please protect the gulf and the environment! Thank you

861. Kimberly Olson

San Francisco, CA 94109

Please protect the human life, marine life, and wildlife that call coastal Louisiana home.

862. Del Hardesty

Alexandria, VA 22306

Please protect the Louisiana coast by not allowing this export permit.

Thank you.

863. Lisa King

Sarasota, FL 34237

Please protect the Louisiana gulf coast against damage from this enterprise. These waters are precious and part of a complex ecosystem we cannot afford to destroy.

864. Pam Farmer

San Diego, CA 92110

Please put American well being before corporate greed.

865. Mary Goodkind

Asheville, NC 28803

Please put communities first over corporations who don't care about people or the planet.

866. Sarah Stewart  
Watertown, MA 2472

Please put our irreplaceable land and water and wildlife ahead of short term profits.

867. Mary Pritchard  
Eugene, OR 97401

Please read the message below. It gives you the reason that I oppose Venture Global's Plaquemines LNG facility that is being built in Louisiana.

Last year, 2021, that exact area was flooded during Hurricane Ida. It also will be too little too late as far as helping Europe current short term needs.

We need to put people, safety and the environment before money. Put yourself in the position of those living in the area.

868. Jeff Klein  
Wolverine Lake, MI 48390

Please reconsider allowing energy companies to further exploit their stranglehold and raise rates

869. Betsy George  
Marietta, SC 29661

Please reconsider the long terms effects to the local communities and the sensitive marshes.

870. Nancy Andrew  
Colorado Springs, CO 80918

Please rein in this outrageous strategy to dramatically increase corporate profits and keep consumer prices high.

871. Brendan Curran  
Manchester, NH 3102

Please reject the application of Venture Global

872. Mary Olson  
Celebration, FL 34747

Please respect the environment.

We only have one planet.

873. Bro. Jonathan Maury, SSJE  
Cambridge, MA 2138

Please respect the planet and its creatures--humans included. Embrace alternative energies and keep fossil fuels in the ground.

874. Kathy Kushman  
Beaverton, OR 97006

Please save my planet from fossil fuel damage and help our climate recover. Our children's lives are in peril.

875. Carrie Megill  
Murfreesboro, TN 37130

Please say NO to these requests to increase energy bills. If these companies had any concern for the welfare of consumers they would have enacted pollution controls. They have not shown any real concern for social or environmental justice. Please show that you do not support this play for industry profits over everything else.

876. Pat Patterson  
Wewahitchka, FL 32465

Please stop and take care of our environment.

877. Jim Merkle  
Saint John, IN 46373

Please stop exporting the energy we need.

878. Jodi Lozano  
San Diego, CA 92138

Please stop gouging citizens, for their own greedy profit!

879. Jan Jennings  
Ocoee, FL 34761

Please stop harming the planet for greed. Do not give New Fortress permission for their floating gas export facility!

880. Margaret Keating  
Minneapolis, MN 55414

Please stop helping the rich corporations get richer. Their executives are the ones getting the money. We need to make sure we have natural gas for the US not pollution.

881. David Ellison  
Denver, CO 80247

Please stop keeping energy dirty and make it clean, 100%, renewable. LNG is not the answer. It is just another dirty solution waiting to be cleaned up!

882. C S  
STOP LNG and San Diego, CA 92107

Please STOP LNG and the massive industrial pollution it causes!!!

883. Eugene Kawaguchi

Honolulu, HI 96826

please stop New Fortress and Venture Global's from expanding fossil fuel work in Louisiana!!

884. Karen Hewelt

Algonac, MI 48001

Please stop selling off our beautiful earth a day natural resources. Please leave this for our future generations. Nothing is ruining our planet and environment faster than CORPORATE GREED!

885. Terry Crogan

Youngstown, OH 44512

Please STOP squeezing my testicles!

886. Janice Schroeder

Berkeley, CA 94702

Please stop subjecting already overburdened communities to noxious pollution! Neither New Fortress nor Venture Global's CP2 LNG is considering the cumulative impact of the harm they will cause to local communities. Gas export terminals regularly flare off gas that exposes communities to pollution like black carbon particles that cause respiratory disease, heart disease, and strokes.

I respectfully demand the Department of Energy to refuse to grant oil executives and billionaires permission to destroy and seriously endanger Coastal Louisiana residents and the environment.

887. Ahmi Stone

Talent, OR 97540

please stop the export of fracked products overseas ? and stop fracking for the health of all people as well as the environment.

888. Darlene Jakusz

Amherst Jct., WI 54407

Please stop the gouging of our income! We cannot afford to continue with these price increases! We have a limited income.

889. James Edward Taylor

Santa Monica, CA 90405

Please stop the GREED! Yes we may need Oil, but not in/on ANY ?Sensitive? Lands?, either on Public; Private & Indigenous Lands.

Use existing lease, not currently being work. They?re they?re there, and all y?all have to do is LOOK ?!

890. Camille Ellis-Vickers

New Orleans, LA 70116

Please stop the madness and the destruction of our precious Gulf Coast and the indigenous communities and people of color located in these sacrificed zones. We are struggling to breathe and live here and the madness must stop destroying our home.

891. Lynne A Anderson  
North Hollywood, CA 91606

Please stop the promotion of fossil fuels that are harming all life on this planet. Please look to other healthier sources NOW, not later when it will be too late. The sooner we get on the right track the sooner our planet can be a healthy home to all.

892. Michele Keehan  
Elgin, IL 60123

Please stop these fossil fuel companies from ravaging our beautiful earth, contributing to unhealthy situations and to global warming. The situation is dire!

893. Lois Howlett  
Chapel Hill, NC 27514

Please stop this in Louisiana. Fossil fuels are very polluting not only in the water but also to nearby communities! Please work to change to clean green energy for us all and future generations!

Thank you,  
Lois Howlett

894. Ruselle Revenaugh  
Santa Cruz, CA 95060  
please stop this madness!!

895. Katherine Ware  
Lewes, DE 19958  
Please stop this pollution nightmare!!!

896. Kent Burkle  
Cedar Rapids, IA 52403  
Please stop this pollution. Americans deserve better!

897. Amy Conger  
SAN FRANCISCO, CA 94108  
Please stop this!

898. Arlene Mercurio  
New Kensington, PA 15068

Please stop treating the Gulf - and Pennsylvania - as a sacrifice zone. It's time to change gears now. You KNOW what needs to happen NOW to stop sacrificing our grandchildren's futures. Thank You for acting on your best instincts.

899. Barbara Palmer  
Tallahassee, FL 32312

Please stop willfully destroying land and lives for money. You have enough. Thank you.

900. Tom Brassard  
South Burlington, VT 5403

Please take a leadership role in your energy industry and do the right thing by refraining from manipulating the marketplace for excessive profit taking, and decide to protect rather than exploit and destroy more ecosystems that your Children's future depend on. Less is more here.

901. Anna Kehler  
Greensboro, VT 5841

Please take care of the people and land in Louisiana now.

902. Sharon Lamback  
Jacksonville, FL 32224

Please think about the kind of world that we are leaving our children and grandchildren.

903. Jose Rodriguez  
Whittier, CA 90604

Please think long term not short to have a true impact for not promoting climate change and taking in consideration the future generations to come !

904. Amelia Kitchens  
Fresno, CA 93711

Please think of the future you are creating for our children. Our kids deserve a strong, beautiful planet. This short term solution isn't going to solve any problems.

905. Marilyn Quinn  
West Deptford, NJ 8086

Please think of the planet you will leave for your children to live on. And, stop sacrificing the children living where fossil fuel companies destroy their natural surroundings in spite of the climate and pollution problems their action causes.

906. Robert Hannigan  
Corvallis, OR 97330

Please use our supplies in the US

907. Connie Grundhofer

Circle Pines, MN 55014

Please we don't need higher energy bills from fossil fuel. We do not want damage to the marsh from the Plaquemines.

908. matthew gordon

Stony Point, NY 10980

Please!

909. Marylyn Stroup

Fitchburg, WI 53575

Please!

910. CARl Beaulieu

Peabody, MA 1960

Please! This is important!

911. Ron Hartleben

Port Hueneme, CA 93041

Please! Please! Please! Please! We NEED to save Mather Earth!

912. Licita Fernandez

Sausalito, CA 94965

Please! Stop your disregard for the health of human beings, stop hastening the environmental crisis we are in.

913. Lois White

Grants Pass, OR 97527

Please!!

914. Gloria Kemper-O'Neil

Louisville, KY 40205

PLEASE!!!!

915. C N

Eugene, OR 97404

Please, Department of Energy refuse to grant oil executives and billionaires permission to destroy the place we call home!

916. Mary Kornegay

Avon Park, FL 33825

Please, help us stop them from increasing our energy bills because they're already high enough and people are having a hard time paying them right now. Also, help us stop the unnecessary pollution and save our planet.

917. Janice Jones  
El Cerrito, CA 94530

Please, no more pipelines, drilling or fracking. No more petroleum! It's killing the planet.

918. Tracey Sickler  
Tallahassee, FL 32312

Please, please do not approve the applications to export LNG. It's time we protect our coastlines and stop ravaging this precious earth.

919. Bettie Paradis  
Merrimac, MA 1860

please, please stop this pollution

920. L Bastianon  
Sonoma, CA 95476

Please, stop this from happening!!!

921. Jean Blackburn  
Sarasota, FL 34240

Please, we need to take every channel toward alternative energy. We mustn't prop up those companies who continue the dangerous path of fossil fuel production.

922. Fred Herrera  
Sun Valley, CA 91352

Please. No more expansion and raised prices.

923. John & Deanna Schleeter  
Westfield, IN 46062

Please. Save our environment.

924. Mary Ann and Frank Graffagnino  
Tucson, AZ 85747

PLEASE...FOR THE HEALTH AND WELL-BEING OF ALL, ESP. OUR LOUISIANA BROTHERS AND SISTERS, WILDLIFE AND THE ENVIRONMENT, WE demand that the Department of Energy refuse to grant oil executives and billionaires permission to destroy the place we call home! CERTAINLY, THIS IS THE HEALTHY, RIGHT, FAIR, JUST AND HUMANE ACTION TO TAKE!!!!!!!!!!

925. Eric Wallens

St Petersburg, FL 33704

Please...for us, for our children, for our grandchildren stop the exportation of LNG to non-Free Trade Agreement nations. Thank you!

926. Jean Tepperman

Berkeley, CA 94703

Poisoning low-income communities in order to further the destruction of our future by continuing to burn fossil fuels is the ultimate lose-lose

927. George Anderson

Perry, IA 50220

Politicians must stop their "business as usual" attitude. The world's ecosystem is teetering towards collapse. Time is running out. There is no end to corporate greed. It always leaves death and destruction in its wake. PLEASE say NO to New Fortress Energy!

928. Linda Eastman

Ocean Isl Bch, NC 28469

Polluting the communities to increase exports of LNG while increasing the purchase prices here is anticomunity & antienvironment. Does make American consumers subsidize your exports.

929. Jennifer Holliday

Williamsburg, VA 23188

Pollution and construction in SE Louisiana does not help anyone.

930. Bev Griffiths

Trinity, FL 34655

Pollution from natural gas is dangerous to our climate and we should not be increasing exports.

931. Sidney Schultz

Edwards, CO 81632

Preserve what is left of Louisiana's coasts.

932. Christopher Bell

Lafayette Hill, PA 19444

President Calvin Coolidge is known for saying "the business of America is business". I'm hoping we've gotten past that mindset.

933. Wayne Smith

Stroudsburg, PA 18360

Price gouging corporations money hungry bastards only care about themselves. They should live like the middle class is forced to check to pay check

934. Kathy Schatzle  
METAIRIE, LA 70001

Prices are high enough. People need to be able to cool and heat their homes.

935. George Vavrek  
Highlands, NC 28741

Prices are way too high for food , gas and other necessities. Please do not permit these gas companies to increase their prices!

936. cara lou wicks  
Oceanside, CA 92057

Protect this planet, our only home....it needs to be treated better for the long term!

937. Dotty Lardie  
Colorado Springs, CO 80907

Profit for a few while destroying our natural resources and causing shortages in our country is despicable and morally wrong.

938. Lowell Sasser  
Ft Pierce fl 34981, FL 34981

Profiteering off foreign business should NOT raise profits domestically!

939. Robert Jamieson  
Edmonds, WA 98020  
Profits over our future?

940. Jan E. Vaughan  
Seguin, TX 78155

PROFITS over PEOPLE is a non-starter!! Selling by exporting when AMERICANS end up paying higher gas prices !!! Put PEOPLE over corporate PROFITS.....THEY ARE PLENTY WEALTHY ALREADY!!

941. Marcia Anderson  
Lakeport, CA 95453

Protect national resources and keep them for domestic usage, lowering costs here.

942. F. Michael Montgomery  
Santa Rosa, CA 95403

Protect our coastal waters and stop the skyrocketing of our costs for natural gas!

943. Holly Nickerson  
Milford, MI 48381

Protect our coasts! Enough with putting fossil fuels companies first. Progress away from fossil fuels finally!!! Please

944. Paul Klein

Saint Louis, MO 63129

Protect our environment! In a decade, this decision could be the one that tips us over the edge into irreversible global warming, or permanently destroys the marsh.

945. Jennifer Touchton

San Jose, CA 95125

Protect our local communities from price gouging!

946. Todd Snyder

San Francisco, CA 94115

Protect our Public Health!

947. Nicole Oleary

El Paso, TX 79925

Protect people and not corporations.

948. Jady Holmgren

Mount Vernon, WA 98274

Protect the American people and the earth they live on. Invest in renewable, non extractive energy and push other nations to do the same.

949. Carol HILTON

OCEANSIDE, CA 92056

Protect the fragile coast line and wetlands of some of the most unique places and people in the USA.

950. Constance Minerovic

Concord Township, OH 44077

Protect the People NOT Polluters!

951. Joyce Veit

Charlotte, NC 28213

Protect the people of Louisiana.

952. Sandra Horowitz

Oakland Park, FL 33334

Protect us! Put the health and safety of individuals, neighborhoods, Americans: the environment, animals air, water - the Earth first. Stop the pollution and make the companies clean it up fast! We need lower bills, not higher. Stop letting these companies run you and Protect Ua!!!

953. Michele Grothaus  
Oconomowoc, WI 53066  
Protection from storms is essential and cost effective.

954. Cindy Dyer  
Rockford, IL 61114  
Put a lock on exports like other countries have done. We need LNG to stay here so the GOP doesn't blame Biden for rising costs. Instead it's the fossil fuel companies that are responsible for a lot of the issues with unfair pricing.

955. Kebra Wolfe  
Knoxville, TN 37921  
Put Americans first

956. Julia Dugan  
Marysville, PA 17053  
Put people's lives above making money.

957. James Katzen  
Las Vegas, NV 89169  
Put the money in renewable and electric options.

958. Stan Price  
San Luis, CO 81152  
Quit being greedy and help the people in need. Help those that need help. Be part of the inflation solution.

959. Michael Battles  
EDMOND, OK 73012  
Quit bending me over !!!

960. Gail Camhi  
Novato, CA 94949  
QUIT PICKING ON THESE FOLKS, YOU PROFITEERING DUMMIES~!

961. Eliot Schickler  
Brookline, MA 2446  
Quit ripping us off, you thieves!

962. Leslie Dare  
Mabank, TX 75156

Quit supporting the fossil fuel industry - Instead support clean energy options now!

963. Carolyn Shafer

Toms River, NJ 8753

Raising prices add a heavy burden to families particularly at this time. Also, the fracked gas continues to pollute both areas in the southern U.S. but other nations.

964. Arleen Wiley

Mena, AR 71953

Raising prices now is tantamount to price gouging during a crisis.

965. Helen Shaskan

New York, NY 10022

Rather than entering an area already severely compromised by recent Gulf storms and planning something that will suck regional resources dry, why doesn't LNG come up with a plan to actually HELP the area by giving back! With a little effort they could create a project that PROTECTS the region from storms already increasing in number and destruction.

966. Tami Dorraugh

Volcano, CA 95689

Record profit year for fossil fuel companies. STOP GOUGING CUSTOMERS!

967. Veronica Michael

Fairfield, CA 94533

Reduce fossil fuel emissions

968. Anne Siegel

Santa Cruz, CA 95062

Refuse to allow oil Execs to further harm our marshes and our people with industrial pollution.

969. Amber Monteleone

American Canyon, CA 94503

Refuse to grant oil executives and billionaires permission to destroy the place we call home - the only place we can call home. Don't be the reason climate change gets worse!

970. Michael L. and Kathy Sherman

Alfred, NY 14802

Responsibility and Accountability; NO More Excuses, BS?

971. Kenneth Kish

West Branch, MI 48661

Risking our shoreline and boundary waters to generate increased profits for your corporation is not in the national interest.

972. Heidi Hickman  
Irving, TX 75038

Sacrificing the poor of our nation to support the rich of other nations? This is not the answer.

973. Robert Pu  
Brooklyn, NY 11217  
Save earth

974. Dick Dierks  
Unknown, WI 54911  
save MOTHER EARTH!!!!!!!!!!!!!!

975. Kimberly Noel  
Sparta, NJ 7871  
Save our air!

976. Carmine Coscia  
Clayton, MO 63105  
Save our planet

977. Amme Hogan  
Albuquerque, NM 87108  
Save people and the planet, not corporations' profits.

978. Bonny Davis  
Grass Valley, CA 95949  
SAVE THE COAST FOR THE PEOPLE AND ANIMALS WHO LIVE THERE!

979. John Hill Jr  
Bronx, NY 10469  
Save The Earth ?

980. Jj Mistretta  
Freehold, NJ 7728  
Save the environment

981. Glenn Gutsche  
Pittsboro, NC 27514  
Save the Gulf!

982. Cal Cole  
Waynesburg, OH 44688  
Save the planet !!!!!

983. Natalie Jaime  
El Paso, TX 79938  
Save the planet for future generations. Please

984. Rina Malerman  
Jenkintown, PA 19046  
Save us from air pollution and the accompanying diseases before it is too late. Please!

985. George Felton  
Maple City, MI 49664  
Saving our common environment is more important than short term profits. See the bigger picture.

986. Nance Dubuc  
Pasadena, CA 91104  
Saw guard the gulf.

987. April Thompson  
All permiss, NC 28739  
Say NO to ALL gas and oil exploration in this area of coastal Louisiana due to environmental concerns.

988. David Kaufman  
Bartonsville, PA 18321  
Saying No to expanding fossil fuel development projects is Say Yes to our children's future.

989. Donna Robin Lippman  
New York, NY 10009  
Scientists tell us that fracking is dangerous to people and to nature. If someone is capitalizing on fracking, it is dangerous. They must be denied permission to frack.

990. Richard Abel  
Dublin, OH 43017  
SCREW Fossil Fuels! We need Renewable Energy!!!

991. Mary and Doug Wylie  
Arvada, CO 80004  
SE Louisiana has had enough of industrial pollution and damage to their environment. The proposals from Venture Global Plaquemines and New Fortress's floating gas export facilities will cause irreparable

damage to their remaining marsh, which should be defending the community against coastal storm surges. The gas covered by the proposals would be fracked, which uses and abuses thousands of gallons of water. Just say "NO" to these unsustainable proposals. We need to be transitioning to cleaner sources of energy, not continuing and expanding current problematic energy.

992. JOHN UNDERWOOD

BROOKLYN, NY 11222

SE Louisiana is already a cesspool of chemical plants, toxic waste, and air and water pollution. It's time to advance to the modern age and quit using/empowering fossil fuels

993. Kelly Schmitt

Marshfield, WI 54449

Selfish people. Profit only matters to these awful people.

994. Gregg Oelker

Altadena, CA 91001

Shame on these companies for gouging during these crazy times.

995. Margaret Starnes

Prescott, AZ 86301

Short term profit over long term climate and health goals is not acceptable.

996. carolyn giles

lagrande, OR 97850

short term profits are devastating our economy and environment. please stop their advancement.

997. Marcia Gustafson

Mankato, MN 56001

Smoke and mirrors. Although it may seem to some that the New Fortress and Venture Global's requests for export permits for LNG might help to ease the worldwide energy issues caused by Russia's invasion of Ukraine and its ripple effects, this is not the case. These exports would not begin for years, and the location of these projects would ravage lands and ocean already overburdened by pollution and coastal degradation. The climate crisis is already upon us, and these projects would simply add fuel to the fire. Please deny the export permits made by New Fortress and Venture Global.

998. Anne Devries

Cortland, NE 68331

So much is needed now and we can't wait to slow down climate change and the worst of its effects.

999. Cynthia Hartley

Port Saint Lucie, FL 34952

Solar and Wind

1000. John Alder  
Spokane, WA 99207  
SOLAR POWER!

1001. Vincent J Feliciano Jr  
Bellingham, WA 98225  
Something got to change, we are all in this together and will die together, when we destroyed the natural environment and there is no more clean drinking water no more clean and completion of natural animals and resources due to depression ecological Health!

1002. Catherine Fontanazza  
Milwaukee, WI 53208  
Soon we will not be able to reverse the effects of fossil fuels on our earth . We want clean energy.

1003. Samuel Santa  
Akron, OH 44310  
Sounds absolutely ludicrous and dirty

1004. Mary Lewis  
Richmond, VA 23225  
Southeast Louisiana has had enough damage done as a result of harvesting fossil fuels. The people and the rich ecological areas of this region can not afford another oil spill or the lack of conservation that these companies bring in the name of energy progress.

1005. Nancy Gehlhausen  
Oakland City, IN 47660  
Southeast Louisiana has suffered enough from pollution due to the energy industries.

1006. Brian Sesack  
Pittsburgh, PA 15208  
Southeast Louisiana needs help and needs your help. You need to support our efforts.

1007. Eden Lange  
Davis, CA 95618  
Southeastern LA is home to a large population of communities of color already facing the most detrimental effects of climate change at the hands of fossil fuel companies. Haven't we harmed them enough through centuries of systemic racism? Stop price gouging innocent Americans in order to line the pockets of the incredibly wealthy! Protect the people you pledged to care for when you took office!

1008. Susan Wisniewski  
Geneva, IL 60134

Southern Louisiana us not rolling in money. Its residents do not need higher bills, nor do they need increased air pollution. They also do not need their marshland damaged.

1009. Gail Shields

Burnham, ME 4922

Sto all fossil production immediately! Global warming is now

. People are dying. Other countries are way ahead of us with recycled water systems and low cost local renewable power systems. We should be learning from them and working with them to reduce our carbon footprint. American industry and oil and gas producers are criminal in their climate coverup.

1010. g clemson

Las Vegas, NV 89166

STOP aiding and abetting unnecessary planet destruction by continuance of tired harmful BAD HABITS>

We already have VIABLE

CLEAN ALTERNATIVES --ROOFTOP solar and ROOFTOP vertical tube WIND power.( not "farms")

1011. Kathleen Kelly

Nellysford, VA 22958

Stop allowing exporters of natural gas to profit from globally high prices while prices in the U.S. continue to go up. We must be cutting back on production, not fast-tracking export facilities, which just lock in decades more production. Climate change is real, and the only investments we should permit are those that conserve fossil fuels at their points of use, innovate and generate renewable energy, convert our agricultural systems to reduce carbon, change our transportation infrastructure and fleets to renewables, and so on. Stop investing in more fossil fuel use.

1012. Karen Thaw

Beverly, MA 1915

Stop artificial price increases. Keep gas prices affordable.

1013. Dorelle Ackerman

Mokena, IL 60448

Stop attacking minority communities!

1014. I W

Itasca, IL 60143

STOP BEING GREEDY & SELFISH! IT'S TIME TO CONSIDER NOT JUST YOUR POCKETS BUT THE SERIOUS SIDE EFFECTS WHICH COST LOCAL COMMUNITIES EXPOSURE TO DEADLY POLLUTIONS. PLUS YOU'RE DESTROYING THE SURROUNDING LANDS & WATER!!!!!!!!!!!! IT DOESNT GET ANY WORSE!!!!!! YOU'RE PURE EVIL

1015. A. Grimshaw

Roswell, GA 30075

Stop bleeding the American people to line the pockets of fossil fuel companies! The term Baron doesn't come close!

1016. Molly Brown  
Mount Shasta, CA 96067  
Stop climate wrecking energy development NOW!

1017. Cori Pansarasa  
El Cerrito, CA 94530  
STOP CORPORATE GREED AND PRICE GOUGING NOW!!!!!!

1018. Mary Troncellito  
Mooresville, NC 28115  
Stop crapping up our country!!!

1019. Susan Stebbins  
Ephrata, WA 98823  
Stop destroying our Earth!  
Do the right thing and STOP FUNDING THE PIPELINES!

1020. Elizabeth Seltzer  
Media, PA 19063  
STOP DESTROYING OUR PLANET

1021. Jay Atkinson  
El Sobrante, CA 94803  
Stop destroying our planet!

1022. Michael C  
Kennebunk, ME 4043  
Stop destroying the ecosystem!

1023. Sherrill Futrell  
Davis, CA 95618  
STOP DESTROYING THE LITTLE NATURE WE HAVE LEFT!

1024. Nancy Butler  
Manchester, NH 3104  
STOP DOING HARM NOW.

1025. Ivy Mathieu  
LaPlace, LA 70069

Stop enabling and rubber stamping the oil and gas industries requests at the expense of Louisianans and the environment. They make all the profits and have no responsibility for the harm they are causing us in Louisiana.

1026. Arthur Dawes

San Antonio, TX 78232

Stop exploitation of our energy. We need clean energy.

1027. Bonnie DuBose

Sweeny, TX 77480

Stop exporting liquid gas.

1028. Peter Munoz-Cowan

Hollister, CA 95023

Stop exporting natural gas!! Stop damaging the environment with natural gas extraction!! Do not raise prices at this time or in the near future because of the trouble people are having to just pay their current bills.

No more gas export terminals, no more poisoning people for this nasty energy product!!

1029. John Scott

Oroville, CA 95965

Stop exporting our energy!

1030. Judith Kinsman

Florence, OR 97439

Stop fossil fuel companies from hijacking our planet for their I?ll gains!

1031. Vesa Kaakkuriniemi

Holtsville, NY 11742

Stop fossil fuel exports and new fossil fuel facility construction now!

1032. Adrienne Inglis

Austin, TX 78645

Stop fossil fuel infrastructure! The burning of fossil fuels is killing life on our beautiful planet.

1033. Dell Erwin

Charlottesville, VA 22902

Stop fossil fuels. Save our planet.

1034. Douglas Hunkins

Tallahassee, FL 32304

Stop fracking and get serious about renewables.

1035. Philip Dooley  
TOLLAND, CT 6084  
Stop Global Warming NOW, or nothing else we do will matter.

1036. Irene Surmik  
Pittsburgh, PA 15213  
Stop gouging Americans so you can make obscene amounts of money abroad. It is not very patriotic

1037. Judy Landress  
Ozona, TX 76943  
STOP Gouging us !!!!!!!!!!!!!!!!!!!!!

1038. Nancy Peters  
Kirkland, WA 98033  
Stop harming local communities  
Everything is connected  
Harm one > harm all  
Time to buckle up and understand your footprint

1039. Nina Boismier  
Kalamazoo, MI 49008  
Stop harming the Earth and poor people already! More is not always better!

1040. Cathy Joly  
Temple, NH 3084  
Stop helping fossil fuel projects that are dooming our survival. Move money into renewable energy projects, that help PEOPLE not CORPORATIONS!! Enough with greed and disdain for the environment. If a corporation isn't doing what's best for the people and the environment, then it shouldn't be supported. It can be that simple. It needs to be that simple.

1041. Rand Friedenfels  
MEDFORD, WI 54451  
Stop killing our planet!

1042. Marie Gildehaus  
Nantucket, MA 2554  
Stop killing the planet for a few greedy people to profit.

1043. Harmon Huff  
San Diego, CA 92116  
Stop killing the planet!!

1044. Donna Seabloom  
Elk River, MN 55330  
Stop killing us for your profit!

1045. Lucy Austin  
Chapel Hill, NC 27514  
Stop LNG exporting and destroying Louisiana coast line.

1046. T Israel  
Mahwah, NJ 7430  
Stop looking for more ways to make money from dirty fossil fuel. Liquified gas for export is a triple bad idea, further heating up this planet. go clean!

1047. Leonie Galil  
Decatur, AL 35603  
Stop making money at the expense of our citizens! Shame on you!

1048. Julie Nader  
Sherwood, OR 97140  
Stop making US citizens pay more for natural gas!!!! This greed has to stop!

1049. barbara vanhorn  
Duncannon, PA, PA 17020  
Stop pampering these companies that are destroying our world!

1050. Laretta Finiguerra  
New Orleans, LA 70113  
Stop Polluting our Gulf waters for the sake of lining your own pockets.  
You're bunch of Greedy Animals.

1051. Pat Halderman  
Lincoln, NE 68506  
Stop polluting the marsh!

1052. patoue riboton  
anglet, AR 64600  
STOP POLLUTION

1053. Thomas Slaback  
Prescott, AZ 86303

Stop price increases on everything in the US which this exportation of LNG will accelerate. Much as the current shortages in gasoline supplies caused by reducing production (think the fake 1973 shortage with long lines for odd or even filling days) has increased the costs of everything, sending increased supplies of LNG overseas will result in domestic shortages, raising the costs on all associated products and services.

1054. Claudia Smith  
Roseville, CA 95747

STOP PROFIT OVER THE ENVIRONMENT!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! STOP SELLING OUT OUR NATURAL RESOURCES!!!!!!!!!!

1055. Jeffrey Hanna  
Silver Spring, PA 17575

Stop putting profit ahead of what?s RIGHT!!!!!!!!!!!!!!

1056. Elizabeth Scranton  
Lopez Island, WA 98261

Stop raising gas prices and profiting off the Covid crisis and the war in Ukraine. Citizens are paying high prices and this needs to stop.

1057. Linda McCracken  
CANAAN, ME 4924

Stop raising prices and polluting our country! Protect our beautiful wilderness areas instead of destroying everything you touch for greedy reasons.

1058. Vicki Perizzolo  
Riverside, CA 92507

Stop screwing over the people AND the planet.

1059. Marilyn Eng  
Diamond Bar, CA 91765

Stop selling fossil fuel products. Please protect Planet Earth.

1060. Laura Chinn-Smoot  
San Francisco, CA 94121

Stop selling fracked gas to countries that do not have a free trade agreement with the US. Stop the industrial pollution in Louisiana. Stop the construction of floating export facility.

1061. James Talton  
Bedford, IN 47421

Stop stealing from people just because you have no sense of ethics.

1062. Kimberly TARQUINIO

Monongahela, PA 15063

Stop taking the money of poor people to make yourself rich. Your stocks are up. So how are you losing money. It is between food, my prescriptions, or multiplied.

1063. Sherilyn Pearson

Asheville, NC 28804

Stop the abuse of "power" from our government and the financial interests they're beholden to.

1064. Howard Iwahashi

West Caldwell, NJ 7006

Stop the corporate greed.

1065. Carol Sword

Port Townsend, WA 98368

STOP the corporate welfare.

1066. chris Durrer

Richmond, VA 23220

Stop the danger to our lives now and forever.

1067. Anne Svare

Hague, NY 12836

Stop the Ecocide <https://www.stopecocide.earth/what-is-ecocide> Now:!

ECOCIDE is broadly understood to mean mass damage and destruction of ecosystems ? severe harm to nature which is widespread or long-term.

ECOCIDE, committed repeatedly over decades, is a root cause of the climate and ecological emergency that we now face.

1068. Donna Jewett

Venice, FL 34285

Stop the fossil fuel companies from further contamination!!

1069. Gail Lebeck

New City, NY 10956

STOP THE GREED AND LIES

1070. Yolanda Gallego

Ocean View, DE 19970

Stop the Greed!

1071. Bruce Coston

Sunnyvale, CA 94087

Stop the insanity . +Use Schulze Voting .

1072. Richard Solomon

Warwick, RI 2886

Stop the LNG exports. Focus on maintaining ecology of Louisiana coast.

Dr. Solomon

1073. Kelly Bryan

Marietta, GA 30064

Stop the madness! Let's honor our citizens and those we have trade agreements with.

I enjoy the beauty of the disappearing Louisiana coast and would like future generations to be able to see its wonder.

1074. Gilberto Lopez

Austin, TX 78748

Stop the nonsense.

1075. Kurt Schwarz

Columbia, MD 21046

Stop the price-gouging of American citizens.

1076. Stephen Cheng

Valley Stream, NY 11581

Stop the price-gouging.

1077. Lynne King

Hilton, NY 14468

Stop the use of fossil fuels now! We have plenty of alternatives in wind, Solar and water power!

1078. Ellen Graham-Buchanan

Carlisle, PA 17015

STOP these criminals !!!

1079. Elizabeth Peltekian

Brooklyn, WI 53521

Stop thinking only about profits; instead think about the future. Stop pretending that greenhouse gas emissions don't matter. Climate change is real and impacted the world now.

1080. Steve Sketo

Bakersfield, CA 93312

STOP THIS CORRUPTION NOW POSTHASTE!

1081. Vicki Dickinson

Atlanta, GA 30316

STOP THIS HORROR !!! THESE companies DO NOT CARE ABOUT THE WORLD OR ANY OF THE CREATURES WHO INHABIT IT !!!

1082. Elizabeth Anderson

Columbus, OH 43235

Stop this immorality!!

1083. Adam Casey

Washington, ME 4574

Stop this nonsense right now. When government is nothing but a handmaiden for the fossil fuel industry you have both fascism and increased threats of global warming ... Two evils don't make a right!

1084. Patricia Blair

Kailua, HI 96734

Stop this nonsense.

1085. Dr. Vicki and Mike McNamara

Portland, OR 97219

STOP this nonsense. Pay attention to global warning and the health of the earth's inhabitants. NOT your pocketbook. Much of Louisiana has already been destroyed along with HUGE rise in cancer rates. Enough is enough.

1086. David Schneider

Branford, CT 6405

Stop this nonsensical expansions of gas export facilities that will damage coastal defenses against sea level rise, degrade local community's air with their gas flare offs and only increase the damage to the Earth's climate.

1087. Carlton Russell

Anchorage, - 99508

Stop this project. It will increase the use of fossil fuels.

1088. Lucia K. B. Hall

San Diego, CA 92117

Stop torching the planet for profit!

1089. Elizabeth Kelch

Magnolia, DE 19962

STOP Venture Global's application to export liquefied natural gas (LNG) to non-Free Trade Agreement nations.

Exporting fossil fuels and the facilities making it possible are destroying the Louisiana coast in areas already exposed to the ravages of the inevitable storms.

1090. Barbara Tetro  
Plant City, FL 33567  
Stop with the Greed.

1091. Dianne Hudson  
Grand Marais, MN 55604  
STOP!!

1092. Eileen Lawton  
Arlington, VA 22201  
STOP!! Just STOP!! Stop prioritizing greed over life!!

1093. Paula Andreozzi  
Rancho Mirage, CA 92270  
STOP!!! You are poisoning the water and killing the ocean

1094. Cyndi Bemis  
, - 87105  
Take care of our home environment and economy first!

1095. linda wiggins  
huntsburg, OH 44046  
take care of US treat us fairly

1096. Roseann Duchon  
Columbus, OH 43228  
Take care of us at home first? sick and tired of the price gouging!

1097. J. Eggers  
Addy, WA 99101  
TAX THE WEALTHY!!!!!!!!!!!!!!!!!!!!!!

1098. Philip De Vos  
Monroe, VA 24574  
Tell me how this is going to help and the climate change.

1099. Laurence Swift

Newbury Park, CA 91320

Thank you for all the good things you do for your constituents! Please keep it going as in this important matter,

Laurence Swift

1100. Grace Holden

Arlington, VA 22207

Thank you for considering my thoughts on this issue that is very important to me and so many others.

1101. Meredith Hayward

Denver, CO 80210

Thank you for letting my voice be heard.

1102. Judy Pelton

Petoskey, MI 49770

Thank you for listening to me about this issue of grave importance to coastal Louisiana. Thank you for caring.

1103. Barbara Arnzen

Spokane, WA 99202

Thank you for your serious consideration in this matter.

Sincerely, Barbara J Arnzen

1104. Kaye Aurigemma

Westchester, IL 60154

THANK YOU IN ADVANCE FOR DOING THE RIGHT THING.

1105. James Castellan

Media, PA 19063

Thank you!

1106. Ginger Young

Spring, TX 77379

Thank you.

1107. Kimberly Walker

Jacksonville, FL 32225

Thank you.

1108. Rev. Allan B. Jones

Santa Rosa, CA 95404

Thank you.

1109. Carol Swain  
Haverfordwest, DC 0

Thanks for charging us more so we be part of committing eco suicide.

1110. Mark Goodman  
Dallas, TX 75248

Thanks for reading my letter and taking action.

1111. Geri Sullivan  
Lander, WY 82520

That we have to fight to protect the Gulf is appalling. Don't put it in danger. It's far too important to damage.

1112. Janet Wyatt  
Fruita, CO 81521

The additional exporting of LNG gas must not be allowed. We are in a crisis with air pollution and the affects to humans all over the planet but especially the citizens who live in the port towns of Louisiana.

1113. Barbara Masoner  
Denver, CO 80210

The area impacted by this requested permit is already paying a high price for the industrial activities taking place in this community. It is time to take into consideration the environmental and social impacts of such projects. Communities of color receive minimal benefits from such industrial activities and instead pay a high price due to health impacts.

1114. Richard Knisely  
Waltham, MA 2451

The avarice of the big energy corporations is out of control. They must be held accountable for the massive destruction they knowingly commit to engorge themselves on greater riches at the expense of the communities they destroy.

1115. Dorothy Maurer  
Blue Bell, PA 19422

The big money companies have no moral or ethical concern for people or the environment. Their god is money and profit. They will walk away leaving total ruin!

1116. Christine Coari  
Toms River, NJ 8757

The billionaire oil executives do not care about anything but money. They will devastate the Louisiana coast for profit. This needs to stop.

1117. Tom Laabs-Johnson  
Sandy, UT 84093

The citizens of the US are already paying extremely high prices for gasoline at the fuel pumps and now, with the proposed development of New Fortress and Venture Global, the many and varied costs related to natural gas will push more economic pressure onto the public. These companies are already seeing record or near-record profits and to put more money into their coffers benefits the rich to the detriment of the many. In addition, the development is shortsighted and will cause damage along a section of the Louisiana coast that's already seeing and been impacted by rising sea levels and storms/hurricanes. The requests by these companies need to be denied.

1118. Greg Hampton  
San Diego, CA 92123

The climate is changing now and we have a small window to change our actions now and provide a livable future for the generations to come.

1119. Mark Lundholm  
Palatine, IL 60074

The continued promotion and use of LNG continues the support of the fossil fuel companies to the detriment of the environment and increases damaging climate variability!

1120. Jordan Schuman  
Toledo, OH 43614

The continued use of fossil fuels is not only harming our planet, but also our communities. We need to do everything we can to prevent climate change, and the proliferation of fossil fuels works against this goal. It is not fair that companies can continue to profit from the use and exportation of fossil fuels while our most vulnerable communities are harmed.

1121. Bill McNally  
Colorado Springs, CO 80904

The corporation are doing this to increase their profits. Denie it!

1122. Debra Greenberg  
Lewisville, TX 75067

The cost is unrealistic, both in dollars and to the environment. Please help.

1123. Terrence McDonald  
, - 90803

The cost of New Fortress exporting fracked gas to countries that do not have a free trade agreement with the U.S. is its contribution to greenhouse gases and climate change. The alleged benefits - that it will reduce Europe's dependence on Russian fossil - are unlikely to occur in time to make a difference in the current situation.

1124. Judith Borcz

Redwood City, CA 94062

The country does not need any new fossil fuel infrastructure or drilling. We must drawdown carbon and move to all renewables asap.

1125. warren bakes

Hayden, ID 83835

The current risk is just too high, and we already have large numbers of capped wells available.

1126. Ursula Korneitchouk

Cleveland, OH 44106

The Department of Energy has ONE foremost duty: to promote production of renewable energy and reduce fossil fuel production and export as fast as at all possible. Politics of greed are homicidal.

1127. Laura Bonkosky

Greenbelt, MD 20770

The Department of Energy must refuse permission to these projects because they will destroy our environment just to further enrich the oil companies.

1128. James Maggi

Pine City, MN 55063

The Department of Energy MUST refuse to grant oil executives and billionaires permission to destroy the place we call home!

1129. Jean Davis

Hoquiam, WA 98550

The DOE has no business granting oil executives and billionaires permission to destroy our home!

1130. Ann Johnson

Port St Lucie, FL 34952

The earth cannot wait any longer for real solutions to climate change. We need to stop fossil extraction now to be able to make a difference.

1131. Rachel Lee

Williamsport, PA 17701

The earth is a gift and we all need to be the change that saves this planet.

1132. Melissa Glandon

Spring Arbor, MI 49283

The earth is in crisis. Please, please do your part in saving our only life-giving planet. It's the responsible thing to do. Thank you!

1133. Todd Burlet

Maple Grove, MN 55311

The energy crisis caused by the Russian invasion of Ukraine presents us with an opportunity and strong motivation to rapidly move away from a carbon-based economy. Let's not squander that opportunity by doubling down on our dependence on fossil fuels.

1134. Carol Walker

Winthrop, MA 2152

The entire globe is continuing to suffer with all kinds of storms -floods or droughts and wildfires, ever increasing in size and intensity and all while glacial ice at the Poles is greatly shrinking; our climate emergency is severe and needs mitigating - not worsening! Yet the Plaquemines export facility you want to build would irreparably damage acres of marsh, land that is extremely important for and in fact our best line of defense against coastal storm surges. Our earth cannot sustain this terrible harm! And it would be cruelly unthinkable as well to the health of local communities for having to breathe black carbon from gas flares - particles that cause respiratory disease, heart disease and stroke. You must withdraw this plan immediately!

1135. Marion Freiberg

Doylestown, PA 18901

The environment has to be put first.

1136. Richard Taylor

Temperance, MI 48182

The environmental damage to coastal Louisiana will be devastating and the increase in local utility costs unconscionable.

1137. Paul Nick Kardulias

Wooster, OH 44691

The fossil fuel companies have taken advantage of the current global situation to massively increase costs and their profits. In addition, the request by the two companies will endanger the fragile coastal environment of Louisiana. I urge the Department of Energy to deny the request to build floating facilities.

1138. Mary Lou Zeis

Hamburg, NY 14075

The fossil fuel companies MUST stop making millions from increasing our energy bills!

1139. Roberta Horton

Grand Rapids, MI 49506

The fossil fuel companies must work with coastal areas like Louisiana to retard damage from hurricanes becoming more prevalent and powerful as our climate changes.

1140. Richard Blandin  
Waterloo, IA 50702

The fossil fuel companies need to stop thinking only about profits and think about their fellow Americans. I'm sure that some of them are Donald Trump supporters. What about America first!

1141. Randall Foreman  
Metairie, LA 70005

The fossil fuel industry has done enough harm to Louisiana. Don't let it do more.

1142. George Sidoti  
East Northport, NY 11731

The fossil fuel industry is a sham...

1143. Diana Cowans  
Bradenton, FL 34209

The fossil fuel industry is relentless in increasing their profits at the expense of the environment. But we are more relentless in our efforts to save the life on this planet.

1144. Dorothy Binger  
Tallahassee, FL 32303

The fossil fuel industry is so caught up in making money, that citizens need to be just as relentless in countering the damage they do. That industry could make money in a public productive safe way if they used their intelligence to do so. Use your smarts in a smart way, Venture Global!!!

1145. Anne Jameson  
Marshfield, WA 5658

The fossil fuel industry must not continue to destroy our environment and the lives of those who live in close proximity to these refineries and export terminals! For the sake of our climate and our very world we must transition to sustainable energy sources NOW. Fossil fuels are a dead end for our future and that of our children's children.

1146. Rex Payne  
Fresno, CA 93728

The fossil-fuel industry is making bigger profits now than it has made in 70 YEARS. And the major players are gouging the public under the cover of the war in Ukraine. The entire industry should be nationalized; failing that, broken up; and failing that, hit with a huge windfall-profits tax. As in so many other industries, there is little or no true competition in fossil fuels, and that is why the major players can raise prices instead of cutting them, which they would ordinarily have to do in order to compete. They deserve to be smacked down hard.

1147. Linda Richardson  
Port Charlotte, FL 33952

The full cost of the fuel extraction is paid by the bad health outcomes of those who live closest to the facilities. It is also paid by the global warming impact of their emissions. And the exports will result in more of these negative impacts for Americans plus higher costs for LPG here as well. The only ones to benefit will be share holders. This is unfair and must be stopped.

1148. Frances Burke  
Davis, CA 95617

The future requires we move away from fossil fuels. This is a step backwards. Louisiana needs to protect their air and coastline. NoNo No.

1149. Mary Barto  
New York, NY 10019

The gas companies conned everyone into switching from oil heat to gas saying it would be cheaper and now look what they are doing!  
Unconscionable - so they have to be stopped!

1150. Mary Loielo  
VOORHEES, NJ 8043

The gas companies have posted record revenues in the last few months.

1151. Joe Rattman  
Stroudsburg, PA 18360

The gas industry is worsening the climate disaster. Please stop them.

1152. Karen Killmar  
Odessa, FL 33556

The greed of fossil fuel companies and their supporters is destroying our environment, putting the safety of our citizens at risk and damaging the health and well-being of our citizens. Do what is right for the people of Louisiana and do not allow the harm that will be caused by these two proposed projects. Do not allow the gas export terminals.

1153. Linda Ferland  
Claremont, NH 3743

The GREED of the Fossil Fuel Ind. Knows NO Bounds! HAS TO END!!!

1154. Diane Kuta  
Chicago, IL 60657

The greed of the fossil fuel industry is unbounded!

1155. Pam and Greg Nelson  
Warner Springs, CA 92086

The gulf and it's adjacent land masses have been damaged beyond recognition. Development/mining needs to stop in this area. NG plants would bring in more pollution and possible disaster.

1156. Rhonda Sarver

Batavia, OH 45103

The Gulf and Louisiana is NOT for sale.

1157. Cathy Ramsey

Dripping Springs, TX 78620

The gulf coast is seeing tremendous damage from multiple new LNG export facilities. The damages to wildlife and habitat are public, while the profits are private. I prefer the advantages of intact habitat for storm abatement and wildlife conservation over the limited impact of privatized profits which go to the pockets of the few. Our coastal states deserve better oversight and environmental protection.

1158. Linda Dyer

Phillipsburg, MO 65722

The gulf is not just a depot for fossil fuel companies to destroy for profit! When visiting I see harm to land, water, air, and all the people's environment. No more, you have the power to stop the crime for \$\$\$\$ . Please do?

1159. Gretchen Dysart

Lake Oswego, OR 97035

The Gulf will never recover from exploration and pumping activities.

1160. Catherine Christen

Palo Alto, CA 94303

The health of our communities are more important than profit for fossil fuel companies!!

1161. Sarah McLaughlin

, - 98326

The health of the communities in these areas as well as the health of our environment are crucial. We cannot afford to keep sacrificing the health of our people, animals, waters, air and earth to these unsustainable industries. It's beyond time to switch to renewable resources and green methods. Do not doom us and future generations to an uninhabitable shell. Do the right thing now while there's still time. Be on the honorable side of history.

1162. Darcy King-Leatham

Chevy Chase, MD 20815

The high cost of energy is damaging the economy!

1163. Ruth Alice White

Columbia, MD 21045

The IPCC in Glasgow last year focused on the critical need to STOP methane emission in order to slow the climate crisis. We should not be fast tracking additional drilling and flaring of methane and encouraging its use. We should not proceed with these projects.

1164. Michael Curry

Austin, TX 78703

The La. coast cannot absorb this much damage. Sometimes you have to just say "no."

1165. Margherita Pagni

SANTA CRUZ, CA 95062

The last thing we need is more fossil fuel pollution, especially in coastal Louisiana. Draw the line!

1166. Ramon Parcels

Santa Fe, NM 87508

The letter below accurately expresses my opinion on the matter of export licenses of LNG to non-Free Trade Agreement nations.

1167. Richard Van Aken

Holland, PA 18966

The level of methane in the atmosphere is higher than at any time in recorded history. Its why the climate crisis is in overdrive ahead of all expectations. Shipping large quantities of methane overseas to be burned just means increased methane emissions here in the USA followed by an increasing number of severe droughts, fires, floods and storms. If that's not insanity what is it?

1168. Bari Levinson

Reno, NV 89519

The LNG companies need to start phasing out "natural" gas, and start providing what we all need- renewable clean energy from the sun and wind!

1169. Ed Johnson

Indianapolis, IN 46228

The Louisiana coast already has enough polluting facilities. We don't need to add any more.

1170. Susan Garrity Benton

Scottsdale, AZ 85255

The Louisiana coast is has been seriously flooded numerous times and will continue to be flooded as ocean levels continue to rise. It?s a really bad idea to build a liquified gas export terminal on or near the Louisiana coast. It?s hazardous to those who live within a hundred mile radius and even more hazardous to ocean wildlife. In fact, if it?s built, it will eventually seriously interfere with commercial fishing in the area and may even shut it down. In addition, and you already know this?any argument that this project is needed to supplement gas supply in Europe because of Russian aggression is ridiculous. It will be several yrs. before the export terminal is operational.

1171. Gina Ness  
Eureka, CA 95501

The Louisiana coast must be protected.

1172. Marilyn K Coats  
Asheville, NC 28805

The majority of Americans can't withstand your price gouging. You are bringing down the American economy with your greed.

1173. Rev. Elizabeth Zenker  
Eureka, CA 95501

The message below is so right on: fossil fuels are NOT part of our Sacred Earth's "do what you want" with! We need to protect our citizens, our workers, and our Sacred Earth -- not give money to corporations playing with them!

1174. Dawn Fleming  
Lansing, MI 48912

The natural gas in our country is an invaluable natural resource?just like our fresh water?and it should be used for the enhancement of American people and businesses?not exported to other countries. How will we become energy independent if we export one of our best sources of fossil fuels? We should ban the export of liquified natural gas and save some for future generations. Fracking natural gas uses millions of gallons of water and it should not be used for big corporations to make billions of dollars exporting it and leaving short supplies and high prices for Americans. If we had access to all of our natural gas and the price was not artificially inflated, businesses would invest in infrastructures And machines that operate on natural gas instead of imported gasoline and oil. If we must use fossil fuels and if we must reach natural gas, then we should at least pass laws to protect our resources for the use, growth and enjoyment of our own country.

1175. Michael Maas  
Wilderville, OR 97543

The needs of American citizens should have higher priorities than higher profits for exporters. Please consider Americans' needs before those of these corporations.

1176. Joni Ostler  
Salt Lake City, UT 84108

The negative impacts of global warming are already being felt in my area from severe drought, awful wildfires, record heat and bad air pollution. We need to act before it gets any worse.

1177. Sheridan Jackson  
Laguna Woods, CA 92637

The news tells us every day about the rising crescendo of climate effects of global warming. While our bio-world is literally crashing around us these guys want to increase fossil fuel infrastructure?! That's totally illogical. It's the exact opposite of what we must do:

continue the transition to renewable energy as fast as we can, in every way that we can. That means everyone involved with energy decisions has to wake up to the fact that fossil fuel's days are ending, that it's time to shift to involvement with tomorrow's energy economy, time to do your part in salvaging what's left of our environment before it's too late. Shoulder personal responsibility to take positive steps to save us all.

1178. KRISTINA HOCKMAN

COLUMBIA, MO 65203

The oil and gas companies have to be stopped from fleecing America. It's getting unbearable.

1179. Kenneth Lerner

Geneseo, NY 14454

The people in the region of these new fracked gas facilities do not deserve the pollution that will result and we KNOW about it ahead of time. This is not even to mention the damage to the marsh in a time period where more storms and bigger storms are coming because of fossil fuel use. This should not happen!!!!!!!!!!!!!!

1180. Frances Harris

Cantonment, FL 32533

The people of Louisiana do not deserve this treatment:(

1181. Barbara O'Steen

Seattle, WA 98136

The people of Louisiana have been over-burdened with pollution and cancer! And now you ask to raise the rates?!!!

1182. Lance Carnes

San Francisco, CA 94133

The planet can't take i anymore.

1183. Dena Turner

Portland, OR 97215

The planet is burning up, suffering heatwaves, larger hurricanes, flooding, fires at rates surpassing what we have seen in the past. Species are going extinct, and humans are migrating to escape disasters fueled by climate change. New fossil fuel infrastructure must be stopped. Fossil fuel must be kept in the ground.

1184. Deborah Tesi

Las Vegas, NV 89144

The planet is dying at this very second and we are almost at the point of no return. What the heck is wrong with you? People will need to lose billions of dollars however, all life on Earth will live if you stop the MAFIA OIL INDUSTRY. You have a choice, kill all on Earth or stop the criminal oil industry. THINK ABOUT IT PLEASE!

1185. Deborah Gordon-Brown  
Kingston, NY 12401

The planet is gradually dying and fossil fuels are a major source of the problem, both in how they are sourced and how they're used. What utter human foolishness to continue to draw them from the ground and use them while polluting the earth. Have we humans no wisdom? No self preservation ? No concept of the future? No reverence for life?

1186. Dorothy Frisch  
Grand Rapids, MI 49512

The Plaquemines export facility is a terrible idea because it will damage the marsh, the best defense against coastal storm surges. We need to save our wetlands! Also, the neighboring communities don't need any more pollution from gas flare offs!

1187. Jillian Gallery  
Seal Beach, CA 90740

The Plaquemines export facility is going to irreparably damage acres of marsh, our best line of defense against coastal storm surges.

1188. Jon Cain  
Palm Springs, CA 92262

The Plaquemines export facility is going to irreparably damage acres of marsh, our best line of defense against coastal storm surges. It would be smarter to pour your money into inventing clean alternative energy sources for the life of planet earth.

1189. Roberta Penn  
Columbus, OH 43214

The Plaquemines export facility is going to irreparably damage acres of marsh, our best line of defense against coastal storm surges. Doesn't sound too smart to me-more costly in the long run.

1190. Nancy Ryan  
Milwaukee, WI 53217

The pollution and greed has reached its limit. We all share this planet. We all breathe the same air and must drink clean water. We must make changes toward renewable, clean energy if we want to continue to live life as we know it. Your proposed project only jeopardizes our future. I ask that your engineers and scientists begin working on projects that protect our coastlines, produce clean energy and support communities where your facilities are located. We are in this all together and must work together to survive and thrive.

1191. Carol Kane

Las Cruces, NM 88011

The potential damage to this move is appalling. Please do not approve this prompt.

1192. Darrell House

Wilkinson, IN 46186

The prices keep going up here at home do not allow any to be exported.

1193. Barbara Gerhardt

LAS VEGAS, NV 89129

The profiteering of these energy companies to further rape and pollute southeast Louisiana is not acceptable in this era when we know the damage to humans and the environment such activities will incur.

1194. Hod Gray

Lompoc, CA 93436

The proposed rate increases will directly and--importantly--indirectly damage consumers over a vast area--for no reason other than the opportunism of New Fortress and Venture Global Plaquemines. This is a prima facie case for denial.

1195. Mary King

Hillsdale, NY 12529

The public has and will continue to bear the cost of both devastation from climate crisis, floods, fires.. to subsidizing energy companies with out tax dollar to higher energy costs . Stop this nonsense and work for the public good, clean public water and air, healthy sustainable environments for us to live in! \$ can not be our sustenance!

1196. Fay Payton

College Place, WA 99324

The requested process would increase pollution for the state of Louisiana as well as increase prices for natural gas. How does this benefit anyone except the company which will increase profits? This is a no-win for the state and for the population.

1197. Lois Kaufmann

Middlebury, VT 5753

The residents of this region have already suffered enough because of fossil fuel production. This project should be cancelled.

1198. Donna Delin

Lombard, IL 60148

The selling point here is phony. Just like oil companies seeking new drilling permits, these projects won't be adding to current needs.

1199. Gregory Garnant  
New York, NY 10003

The time for fossil fuel infrastructure is over.

1200. James Paul  
New York, NY 10025

The US government has long acted against the people and for the oil and gas industry. Isn't it time to take the environment seriously, think about the future and turn down the hydrocarbon moghuls?

1201. Deborah Hansen  
North Platte, NE 69101

The voices of those being affected needs to be heard! This state already has too much air pollution that can cause cancer. Not everything is about money!

1202. John Excellent information, but I'm simply not keeping up. Do cancel my subscription  
Saint Joseph, MO 64501

Theft by any other name.

1203. Bonnie Benjamin  
Denver, CO 80212

Their excuse is inexcusable. Just another way to squeeze more money out of consumers.

1204. Scott McCarthy  
Estero, FL 33928

There are many indirect costs of allowing a favored commodity to artificially set prices for its benefit. Once again, the people of Louisiana will bear the environmental impact of this export permit.

1205. Kate Wolford  
Minneapolis, MN 55419

There is already too much polluting fossil fuel infrastructure on the Gulf Coast. Please do not allow more to be added to these overburdened communities and to the natural habitat.

1206. Kae Bender  
Lancaster, CA 93536

There is far too much air pollution from fowl fuels already. Just STOP.

1207. Alice Nguyen  
San Jose, CA 95136

There is no justification for new fossil fuel infrastructure. The extraction and combustion of fossil fuels is bad enough. It is insane add more climate pollution with long distance transport of fuels. This export scheme fattens the pockets of private companies at enormous cost to local communities and the global climate.

1208. Rachel Campbell  
Charlotte, NC 28226

There is no plan B. We must stop the fossil fuel from destroying our Earth.

1209. Sharyn Navin-Tock  
Prescott, WI 54021

There is no Planet B! Do NOT allow fossil fuel companies to degrade our environment even more. Say NO to their requests!

1210. Mary Peterson  
Newport, OR 97365  
There is no planet B.

1211. Carol Perry  
Sparks, - 89434

There is no Planet B. Please do all you can to safeguard the quality of life on Earth.

1212. Dorothy Michalek  
Colonial Heights, VA 23834

There is no Planet B. When these fossil fuels companies have destroyed what was created by God for use by all people, all for filthy lucre that benefits almost no one, what then? And fracking is so destructive in its own right. I am tired of supporting billionaires and millionaires. I am tired of people carrying the burden of debilitating illnesses because a handful of self important people want more. And more. Say no to greed and destruction, say yes to the little people.

1213. Cynthia Lachance  
Renton, WA 98055

There is no Planet B. The United States no longer has unlimited land. It's time for The Next Big Energy Source!

1214. Sandra Hodges  
Castro Valley, CA 94546

There is no question that climate change is already driving destruction in coastal areas, and increasing the export of fracked gas through these areas will only add to the damage. There are better ways to harness energy that will not wreak havoc. If the damaging energy sources are NOT shored up at the expense of the vulnerable areas, the safer and cleaner energy generation will replace them quickly. Stop facilitating dirty, destructive fossil fuels!

1215. Richard Krygowski  
Ponte Vedra Beach, FL 32082

There is no reason that exports of our natural resources should hurt us economically or environmental

1216. Michael Baranoski  
Spokane, WA 99205

There is no sane justification for continued, enhanced destruction of our communities or environment.

1217. linda petrulias  
Cazadero, CA 95421

There is nothing clean about fracked gas. Building more export facilities, floating or non floating, will not help the country or the planet reach our goal of freedom from fossil fuels.

1218. Carol Mathews-Ayres  
Monmouth, OR 97361

There is so much to lose here. Don't give in to the power of commerce over every day American's need for reasonably priced energy. The Gulf is such a treasure to our country. There is so much risk for damage to the Gulf with more LNG facilities. It doesn't make sense to allow authorization of these facilities. We have to draw the line here!

1219. Peggy Kelly  
Jacksonville, FL 32211

There many people struggling at present to make ends meet. Please do not add to their struggles.

1220. Steffanie Adams  
Hampton, IL 61256

There needs to be legislation to prevent utility companies from price-gouging their customers.

1221. Bill Cadogan  
Townsend, MA 1469

There should be no further desecration of Louisiana wetlands.  
No need to expand Cancer Alley either!

1222. Phptrkhrdn@Gmail.Com Herndon  
Helotes, TX 78023

There will always be some immediate need for carbon based energy sources that justifies continuing use of carbon burn energy sources, so that we never break the dependence on that source of energy, and stunt the development of alternative energy sources like deep geothermal, hydrogen fuel cell technologies, the coming fusion reactors, in combination with the intermittent solar and wind sources. We have to break and end the carbon burn energy sources now to prevent further ecological/environmental disaster. BTW, we don't need to support the sustainment of any existing

fission reactors beyond their operational life time because of the additional damage they do to our total environment.

1223. Marie Smith

North Canton, OH 44720

There's not a lot I can do to help save our earth's environment, but I CAN SIGN THIS PETITION!!!

1224. Meribeth Brocker-Querio

Mount Clemens, MI 48043

These are OUR natural resources, not a product to be exported. It should stay here in our country.

1225. Donald Keyser

Johnson City, TN 37604

These are our resources that have already been exploited by the gas companies with no recompense to the people. I cannot condone more exploitation that continues to harm the people

Greed bad for everyone

1226. Betty Duson

Houston, TX 77030

These are perfect opportunities for these companies to put their resources - financial and human - into developing solar and wind farms. Let us do all we can to support this change in direction!

1227. Sr. Bernadette Schuler

Wall, NJ 7719

These are very difficult times financially for many people and raising costs when it is not necessary and bad for the environment is criminal.

There comes a time when these large companies need to consider the common good of people and our planet. Please refuse to allow this export authorization to go forward. -Sr. Bernadette Schuler, osf

1228. Kimberly Phillips

Bar Harbor, ME 4609

These companies are making record profits but individuals are suffering and paying the high costs of these companies doing business. DO NOT LET THEM RAISE RATES!

1229. Robert Hiatt

Oregon City, OR 97045

These companies are selling fossil fuels derived from US resources at cheap fire sale prices given them for leases from our government and selling those resources overseas to make more money and leave us in a bind causing higher prices justified by our local shortages (caused by their greed). Lets stop this insanity and not let them raise their prices.

1230. Suzanne Robinson

Clover, SC 29710

These companies must not be allowed to add to the pollution in these communities just to increase their own bottom line. It will only raise Americans' gas prices.

1231. mathes randal

derby, KS 67037

these companies need to be stopped; they are ripping off the american people; they are price gouging us to death

1232. Jan Rezos

Carmichael, CA 95608

These companies need to keep LNG here in the USA to keep prices lower for all Americans.

Thank you.

1233. Pamela Goodman

Muskegon, MI 49445

These corporations have not had a very good record of protecting the environment and the people living near their facilities. The climate is changing and more storms are happening in this area. These storms are stronger than the years before. It is impossible to protect the land, water and air from damaging these facilities. If they are damaged then the water, land and air suffer, as well as the people. It is time to protect not to increase their profits.

1234. Beverly Clark

Wimberley, TX 78676

These export terminal permit proposals are unacceptable on so many levels that it would be a travesty of your department's authority to approve them. Just because you can never means you should.

1235. Ariadne Blayde

New Orleans, LA 70119

These facilities will increase our vulnerability to hurricanes and devastate our coast. We MUST make a shift to renewable energy.

1236. Greg Plant

Benicia, CA 94510

These gas CEOs should think if the future thru we h are leaving their children and grand-children. Have they no shame?!

1237. Sheila Marshall

Vero Beach, FL 32963

These LNG application must be denied in order to save the Louisiana coast. PLEASE!

1238. Daniel Harrison

Hutto, TX 78634

These LNG export facilities in Louisiana threaten to destroy more of the important barrier wetlands that have been shrinking in recent years. They are important to protecting Louisianans against the effects of sea level rise, hurricanes and tropical storms. And the US needs to stop exporting natural gas and conserve it for our own use. Demand for natural gas for heating and electricity generation is already driving up gas prices, without sending more of it away for export.

1239. Dale Harris

Lansdowne, PA 19050

These Louisiana communities are already choking on the foul air from these LNG plants. Let them breathe!!

1240. Charlotte Leung

Tucson, AZ 85711

These new terminals will do tremendous damage to the local communities in terms of increased health costs and premature death, increased flooding and land loss due to damage to salt marshes, and destruction of fisheries and local marine ecosystems. It is not worth the cost to these communities and to our country. Alternative energy sources need to be supported and encouraged by steering companies to change their business models and not continue polluting as usual!

1241. Wallace McMullen

LOUISVILLE, KY 40216

These permits will make the neighborhoods of these fossil fuel factories into sacrifice zones. Therefore,

1242. Patrick Bosold

Fairfield, IA 52556

These projects are yet another carbon bomb, and they do nothing to improve the USA's energy supply or security. Keep these companies honest. Deny these permits and make them put America first.

1243. Patricia Kenny

Vancouver, WA 98685

These Relentless SERIAL ENVIRONMENTAL TERRORISTS Have ALREDY DESTROYED SO MUCH OF NATURE & OUR PLANET. THEY ARE MERCENARIES WITHOUT CONSCIENCE ALWAYS PUTTING PROFIT ABOVE PLANET. PLEASE DO NOT ALLOW THEM TO CONTINUE POISONING & DESTROYING OUR MOTHER EARTH. THANK YOU.

1244. Lisa Smith

Jackson, WY 83001

These residents have already lost important habitat for recreation and wildlife. Please don't penalize them further.

1245. Sandy Schott

Kalispell, MT 97501

THESE TOW COMPANIES NEED TO BE REELED IN!!!! Coastal Louisiana is already overburdened with industrial pollution! They don't need anymore to deal with, NOR does the land need anymore mess!

1246. Mary Cassell

Delray Beach, FL 33445

These two facilities will cause too much harm to the local communities. This for-profit plan to build them is unethical and goes against what we should be doing for our planet: Reducing our reliance on FF not increasing them.

1247. Angela Ginorio

Seattle, WA 98177

These two projects are ecological suicide. Ecological suicide is a not the solution to endless financial demands, and to temporary needs.

1248. Kay M Randall

Moorhead, MN 56560

They haven't made nearly enough in record breaking profits. Enough already!!

1249. Carol Carley

Kansas City, KS 66104

They should not be paid for lying for years!

1250. Lawrence Schlatter

Gambier, OH 43022

They want to make Pelican Brief a true story. Shame on them!!

1251. Lyn du Mont

Golden, CO 80401

They'll be gone before they can spend the profits they get.

1252. Janet Farrelly

Sparta, NJ 7871

Think America first!!! What country will export to us when our supply is exhausted and at what price???

1253. Earl Labuga

Friendswood, TX 77546

Think Global. Act Local.

1254. Jennifer Garrett

Palmyra, VA 22963

Think past your greed. Your grandchildren will NOT sustain life on earth?..

1255. Jesse Auetbach Auerbach  
Chicago, IL 60607  
Thinking of our 4 year old grandson.

1256. Marie Stuart  
Honolulu, HI 96825  
This administration says it wants to do something about climate change, work towards getting off fossil fuels, and building more "green" types of energy, so do something about it! I am getting tired of hearing all of the rhetoric from this administration and seeing little to no real action. Do something! Make a difference!

1257. Martha Milne  
milnemw@gmail.com, FL 33901  
This area can take no more pollution and degradation.

1258. Reginald Dyck  
Cincinnati, OH 45220  
This area has already been devastated by the pollution from the gas and oil industry. What is needed is more and better regulations, not expansion. Please do your job.

1259. Judith Reilly  
Caldwell, ID 83607  
This area is already under unhealthy conditions. This is nothing short of criminal.

1260. Betsy Maestro  
Cornville, AZ 86325  
This coastline is simply too vulnerable to sustain any more extraction for financial gain. There is too much to lose with no gain for either the environment or for the local people.

1261. richard blake  
Chelsea, MI 48118  
This country needs export terminals for fracked gas like it needs a hole in the head. The government's sycophantic relationship with the fossil fuel industry would be a source of shame to people who aren't sociopaths

1262. Jensen Fiskin  
Palm Desert, CA 92260  
This department deals with decisions like this everyday. I understand that. But what you do not deal with is the public reaction to said decisions. I have seen in my own community how new fossil fuel infrastructure has dismayed & discouraged citizens. After each concession to fossil fuel companies, it makes them seem too large, too powerful to change, or rather, to be changed. So, not only will your

decision on this permit have direct impacts on local communities, but it will also affect the greater American public. To curb immediate emissions as well as keep public moral and hope alive, please deny these permit applications. Wildlife, communities, and even our economy is depending on it.

1263. Eula Moffett

CHICO, CA 95973

This does nothing but fuel higher temperatures and drought for us all. Local communities in Louisiana will suffer the most- higher bills and pollution.

1264. Linda Stock

Cypress, CA 90630

This doesn't make good sense for our country. Please don't offer export permits for the benefit of the country Raising prices further escalates inflation

1265. Michael Hill

Bradenton, FL 34203

This foolishly allows more of our LNG to be EXPORTED, increasing the price that we pay DOMESTICALLY!

1266. Gina Beth Lanier

Harvey, LA 70058

This has directly affected my retirement as my family purchased land that is DIRECTLY AFFECTED BY THE PLAQUEMINES LNG FACILITY! No longer will I be able to retire on Lemon Lane because LNG HAS CLEAR CUT AND PAVED 600 and some odd acres!!! This has destroyed estuaries that have been there for centuries!!!

Stop fracking and stop their destruction of my home!!!!

1267. Judy Lubow

Longmont, CO 80504

This is a bad deal all around. Louisiana will continue to be devastated by fracking, really just to make the oil companies richer. This will not help Europe be less dependent on Russia because it will increase years later.

This is another money grab by the fossil fuel industries, to be paid for by the poor consumer.

1268. Theresa & Paul Skelton

Cottonwood, AZ 86326

This is a bad idea for so many reasons.

1269. Lynn Arsanis

Novato, CA 94949

This is a climate crisis and we must stop the fossil fuel industry NOW!

1270. Marian Stuart

Skillman, NJ 8558

This is a crucial issue. We must save the only planet we have.

1271. Joy Swensen

Baldwinsville, NY 13027

This is a disaster waiting to happen to allow this!

1272. Loredana Leonard

Framingham, MA 1702

this is a disgrace to everyone and pollution in any state is pollution to everyone.

1273. Donald Garlit

Canton, MI 48187

This is a high risk action which might harm the environment.

1274. Elizabeth Potter

Oakland, CA 94605

This is a no-brainer. These companies already make obscene profits. Keep it in the ground. There is no planet B.

Don't approve these projects.

1275. Emily Ingalls

Cleveland Heights, OH 44118

This is a really backwards idea. We need gas at home until we have enough renewable sources to meet the future

1276. Tommy Johnson

Noblesville, IN 46062

This is a very important cause for me, despite the environmental issues, sending to countries not in a trade agreement with the US?

Thank you

1277. Michelle Rivera

Clearwater Beach, FL 33767

This is absurd! We must make the world a more stable place for future generations.

1278. Edward Rehanek

Watsonville, CA 95076

This is an environmental justice issue. In our valley, it is pesticides which disproportionately adversely affect the poor and people of color.

1279. Linda Foshee

Hattiesburg, MS 39404

This is an injustice.

1280. Judith Rogers

Montgomery, AL 36106

This is an issue that is important to the people who live nearby and also to all of us in the south.

1281. Eric Mannweiler

Indianapolis, IN 46236

This is an unacceptable risk to an already jeopardized coast. We need to protect this area, not build natural gas facilities there.

1282. Ryan Danner

Saint Louis, MO 63143

This is another deal with the devil allowing fossil fuel companies to ruin US land in pursuit of profit. This is a cold-blooded attempt to use a global crises to further exploit the land and should not be allowed.

1283. Gerald Belter

Baraboo, WI 53913

THIS IS COMPLETELY STUPID!!

1284. Dean Campbell

Long Beach, CA 90807

THIS IS CRAZY !!!! USA CONSUMERS MUST COME FIRST !!!!!

1285. Kelly Tansy

Spokane, WA 99224

This is dangerous to conservation areas that need protection.

1286. Virginia Jones

Kalamazoo, MI 49048

This is dangerous to our environment- we simply don't need it- and we don't need fracked gas anywhere ! We need renewable energy !!! NOT polluting energy !!

1287. Geoffrey Saign

Saint Paul, MN 55116

This is despicable, ethically wrong, and supports fossil fuels in the face of a climate crisis. STOP FOSSIL FUEL ABHORRENT BEHAVIORS AND ACTIONS!

1288. Antonia Matthew

Bloomington, IN 47401

this is destructive of the environment.

1289. Kate Ellison  
Melrose, FL 32666

This is going backwards and harming our fragile environment. No new permits should ever be issued. What we need is more wind and solar energy, not more damaging installations that destroy marshes, pollute the water and give the residents asthma, cancer, and other illnesses.

1290. Elliot Gordon  
Irvine, CA 92604

This is important.

1291. Stanly Steinberg  
Albuquerque, NM 87110

This is important.

1292. Pat Egleston  
Chicago, IL 60614

This is incredibly important!

1293. Elmo Dunn  
Longwood, FL 32779

This is INSANITY and MUST BE STOPPED. All the pollution being created is NOT ACCEPTABLE.

1294. Ruth Hood  
AUGUSTA, GA 30906

This is just another example of big companies trying to swindle money from consumers. They need to quit being greedy, and start putting customers first.

1295. Judi Travis  
Delray Beach, FL 33446

This is just another way to kill our planet.

1296. Guy Schuler  
Adams, KY 41201

This is not in the best interests of the people of our country. Capitalism at its worst.

1297. Gillian Wagner  
Middleton, WI 53562

This is not the future I want our government and companies investing in. Please do not approve this permit application.

1298. Kris Montgomery

Santa Rosa, CA 95405

This is not the time to raise energy prices when the economy is in the tank. It's never right to pollute the environment. Please oppose fossil fuel companies' applications to do this kind of harm.

1299. Ken Ahlberg

Mesa, AZ 85208

This is not the time!

1300. Paul Szymanowski

Curtice, OH 43412

This is not worth the gain.

1301. J. Moore

Glenwood Springs, CO 81602

THIS IS NOTHING BUT GREED AND RIPPING OFF THEIR CUSTOMERS!!!

It is a MORAL ISSUE ? to affect lower income people the worst just to give your shareholders big dividends is a disgrace!

1302. Omana Taylor

New Orleans, LA 98110

This is outrageous. We want to keep our coasts from getting worse than it already is. Stop this pollution efforts!

1303. Deborah Deland

Orlando, FL 32835

This is outrageous. NO export of cost to us!

1304. NORMA CORTEZ

AUSTIN, TX 78745

This is personal for me. We must deny these fossil fuel companies the request for a permit. These companies will continue to damage local communities. If we/you don't stop them, who will. Please deny these permit requests and save these communities for our children.

1305. Joseph Pajac

Madison, WI 53714

This is predatory profiting and needs to be prevented.

1306. Janice Solektefft

Underhill, VT 5489

This is price gouging!

1307. Shawn Scott

Superior, CO 80027

This is silly. Please do not do this. The communities affected are already suffering through so much. Please do not make their lives even harder.

1308. Sandra Henneberger

Colchester, VT 5446

This is so important. thank you.

1309. Sabrina Marie M Wadhams

Chelsea, MA 2150

This is some god damn bullshit.

1310. Margaret Richardson

Boulder, CO 80305

This is terrible! We don't need to send it to counties with no trade agreement.

1311. Stan Spence

Milwaukee, WI 53208

This is the time to clean up our act. People are dying because of pollution.

1312. Robert Zimmerman

Tahoe City, CA 96145

This is totally about profits and too bad for the American consumers. They know this is one of very few last chances to make a lot of fossil fuel money before the world goes to alternative sources of energy. More CO2 in the world is a terrible idea. Alternative sources are cheaper and under our control.

1313. Leonora Xhrouet

Davie, FL 33328

This is unacceptable. You will cause harm to local communities. They certainly do not need higher energy bills or more air pollution. Let the people who live in these communities enjoy their lives free of fossil fuel corporations!

1314. Kay Nelson

Richfield, MN 55423

This is unconscionable.

1315. Susanne Hesse

Alachua, FL 32615

This is unjust and not in the interest of a healthy sustainable future

1316. Hal Ramey

Walnut Creek, CA 94598

This is urgent. Act with conscience.

1317. Paula Grande  
New York, NY 10003

This is very distressing for so many reason but, most of all, it will increase pollution in coastal Louisiana.

1318. Alrun Steinrueck  
Brooklyn, NY 11238

This is very important to me and many around me!

1319. Stephanie Witte  
Glendale, CA 91207

This is wrong for so many reasons. Corporate America needs to help us all manage domestic energy inflation as well as make our environmental concerns a priority.

1320. Thomas Davis  
Nevada City, CA 95959

This is wrong on a lot of reasons. It increases the use of fracked gas. it is being done at a risk to the Louisiana marshland. Also, it is exporting gas to countties that do not have a free trade agreement with the US

1321. Cindy Elmore  
Greenville, NC 27858

This is WRONG. This industry is honestly unAmerican. Why should we give them our PERMISSION to continue to wreck the environment?? Say NO!

1322. Jeran Alexander  
Richardson, TX 75080

This issue matters to me because doing everything we can to protect the environment now is the only thing that is going to be able to save us from ourselves.

1323. Phyllis Adams  
Deerfield, IL 60015

This issues matters to me because when I look around, I can only find this earth. And this earth is the one that we are quickly destroying. I have children and grandchildren who deserve a less polluted atmosphere, oceans, and land. I also care about my fellow creatures, related or not. The people in Louisiana may be unable to see how they are being exploited by lhese companies, their elected officials, and others who wish to make money at the e xpense of their health, soil, and atmosphere. However, I care enough to hope that they become aware.

1324. Zachary Kopkin  
New Orleans, LA 70113

This June was the hottest ever recorded in Southeast Louisiana. The last few years have seen some of the strongest hurricanes in history to hit Louisiana. Our energy bills are higher than ever because of fossil fuel corporations, and they only leave us with less money and less protection when the next storm strikes. It's not in the United States' best interest to prolong global fossil fuel dependence. Instead, we should be investing in resilient, renewable energy to safeguard our health, our coasts, our economy, and our climate. I beg you to deny Venture Global and New Fortress' applications to export LNG to non-Free Trade Agreement nations.

1325. Kathy Margroff  
Belgrade, ME 4917

This matters to me because I have already seen my energy bill DOUBLE in cost last month and because no company should have permission to pollute Southeast Louisiana.

1326. Bill Azevedo  
Tucson, AZ 85719

This matters to me because I have grandchildren, and I want them to have a future--a future THEY choose--not one chosen by the fossil fuel industry...

1327. Nancy Prowell  
Honeoye, NY 14471

This matters to me, because my area and many areas of the country are in a drought caused by burning fossil fuels. I want a viable place to live and for all the generations that come after me, too.

1328. Antonia Chianis  
Blue Jay, CA 92317

This message says it all so PLEASE HELP BY DOING IT!!

1329. Maureen Havey  
Santa Fe, NM 87594

THIS NEEDS TO STOP NOW!! Fossil fuels are a thing of the past, and these companies that keep trying to milk their last billions out of it are criminal.

1330. William Balderston  
Oakland, CA 94601

This only proves why the energy industry should be nationalized under worker-community control.

1331. Charlene Bennett  
Lake Wales, FL 33853

This polluting project has no upside; it is bad for local communities and it contributes further to global warming. All such projects must be stopped for the future of life on earth.

1332. Donna Sosna

Queens Village, NY 11427

This practice is so detrimental to human health! Stop it!

1333. Beth Borst

Chehalis, WA 98532

This project hurts everyone except the owners, who care only about their personal gain, which is far outweighed by the harm it has already done and will only increase. Please deny their request to expand their operations. Thank you.

1334. Ross Kelman

Denver, CO 80220

This project will damage the health of local communities, will further damage natural hurricane protections, and will contribute to climate change, which will hurt everyone's health & our economy. As such, I strongly oppose these permits.

1335. Ann Smith

Catonsville, MD 21228

This project will increase prices for many goods currently, contribute to more carbon emissions and adversely impact vulnerable areas in Louisiana.

1336. Nancy Casey

Rochester, MN 55901

This project will not answer the root cause of the high prices of gas now for the UNITED STATES FOR YEARS TO COME. We need to put our money and creativity to solving the climate crisis. We do not need to do any more drilling for oil and gas! We also need to work earnestly for PEACE ON A GOLBAL SCALE or there will be no future to be concerned about. Thank you.

1337. David Cline

Littleton, CO 80123

This shit's gotta stop! Not tomorrow, but YESTERDAY!

1338. JOHN P.

BUFALO , N.Y., NY 14227

THIS VENTURE GLOBAL LNG PROJECT MUST BE REJECTED NOW...!!!! LA. COASTLINE IS ALREADY BEYOND SAVING FROM ALL THE MASSIVE INDUSTRIAL PLANTS PUMPING POLLUTION OF EVERY TYPE INTO WATER,AIR ,LAND...!!!! WAKE UP TO THE DESTRUCTION ..!! THIS PROJECT WILL ONLY BENEFIT THE ALREADY 'BEYOND WEALTHY' WALL STREET TYCOONS...!!!! WHEN DO YOU PEOPLE WAKE UP AND SEE THE RESULT OF ALL THIS ENDLESS MONEY GRABBING DESTRUCTION...???!!!! NOW IS THE TIME.....NOW.....!!!!!!!!!!!!!!!!!!!!!!!!!!!! SAY NO TO THIS PATHETIC PLANET KILLING REQUEST NOW.....!!!!!!!!!!!!!! SHOW SOME INTEGRITY, SOME MORAL GUTS ....FOR ONCE...!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

1339. Sandra McMahan

Green Valley, AZ 85614

This whole idea speaks "disaster"! Fossil fuels need to be phased out to preserve the environment, our air, and other species. Raising energy bills is horrible as this time of high inflation is so hard on folks struggling to make ends meet. Stop the greed and think out of the box for new ways to create energy.

1340. Kevin Kaminski

Rochester Hills, MI 48309

This will affect your families too!

1341. Kristen Kessler

Ventura, CA 93004

This will destroy wetlands and expose communities to more pollution from oil and gas operations. This is a short-sighted project. Please do not approve it.

1342. Barbara Anderson

Seattle, WA 98103, WA 98115

This will hurt us all!

1343. Joan Raphael

San Diego, CA 92126

This will impact the local sea life. There WILL be a leak, because we have learned there is always a leak with this stuff! It will impact local populations already suffering from lung issues. And it will impact my two year old grandson by making Climate Change that much faster and worse!

1344. Anne McKeithen

Charlottesville, VA 22902

This will mean higher bills for customers and would be especially hard for low-income people, as well as causing tremendous environmental damage. Say no to this plan!

1345. Linda Daniel

Havana, IL 62644

This would be not only harmful to all human life, but all biodiversity life that is so important to us now, and future generations.

1346. James Klein

Corpus Christi, TX 78411

This, like numerous other issues (climate change, gun safety, immigration reform, prison reform, education reform, short-term lending regulation, healthcare reform, banking regulation, opioid regulation) remains a vexing problem primarily due to corporations' ability to curry favor with elected officials. The corrupting influence of money in our political system is undermining our democratic traditions and discouraging Americans from voting and/or running for office. This ominous development may well end our experiment in representative democracy unless we alter this decades-

long trend. For the sake of the republic, we must amend the US Constitution to state that corporations are not people (and do not have constitutional rights) and money is not speech (and thus can be regulated by state and/or federal campaign finance laws). Short of accomplishing this, no other reform of significance will be achieved.

1347. Barbara Brothers  
Staunton, VA 24401

Those of you who work in our U.S. government should be doing all you can to protect and help the people of this country. Allowing these 2 companies to do as they have requested will financially hurt those impacted through billing, as well as our country and world through environmental damage of our coastline.

1348. Darlene Norwood  
Florence, OR 97439

Those proposing the New Fortress LNG project have not been honest about their plans for distribution or the impacts to the environment and communities near their facility. As is so often the case, it is probable that those living near the project are being excluded from the decision-making process by arbitrary rules that only pretend to be democratic. Oil giants have the resource to influence such decisions, but not the moral right under our current system. It is not too much to expect the Department of Energy to serve the people and decide in favor of environmental justice now!

1349. Sheila Newman  
Poughkeepsie, NY 12601

Though I understand the need to export LNG because of the war in Ukraine, it should not be accomplished at the cost of unwarranted increases in the for LNG. And the time frame for the two projects under the requested permits may even fall outside the duration of the conflict.

1350. Michael Heaney  
Philadelphia, PA 19130  
Time has run out for LNG.

1351. Marianne Salamone  
Middletown, DE 19709  
Time is basically out to save the environment. Don't make it worse.

1352. Michael Alvine  
Seattle, WA 98107  
Time is running out for us. Please act!

1353. Charity Kenyon  
Davenport, CA 95017  
Time is up on sacrificing vulnerable coastal communities AND increasing natural gas prices.

1354. Barbara Williamson  
Albany, CA 94706  
Time to STOP investing in fossil fuels!

1355. Linda Vanderlip  
Orange, - 92869  
Time to stop the fossil fuel desecration of the Louisiana coast or any US coast for that matter. Pollution is passe. It is time to do what is environmentally healing not hurting.

1356. Jack Meinzenbach  
Columbia, MO 65201  
To mitigate the worse impacts of climate change, we need to immediately cease investing in any new fossil fuel exploration or building new processing facilities. These will become future stranded assets on your balance sheet and adversely impact your shareholders!

1357. Michael Taylor  
Valdosta, GA 31602  
to quote Ronnie Rayguns wife's cliché from the drug wars of the 80's ... Hey EPA... JUST SAY NO

1358. Rosalba Cofer  
Galt, CA 95632  
To reiterate, despite messaging that LNG will aid Europe to gain independence from Russian fossil fuels, this project will not aid Europe for years.

1359. Elizabeth Hickey  
Poughkeepsie, NY 12601  
To the Department of Energy,  
When will insatiable greed for profit be replaced by responsible far-sighted planning to ensure we continue to have a natural environment capable of supporting future generations of all life, including your great grandchildren?

1360. Donna Gordon  
Scarborough, ME 4074  
Together we need to contribute to a positive solution for our planet and life on this planet. Fossil fuels contribute to the problem. There is no Planet B!

1361. Dennis Lind  
Honolulu, HI 96821  
Too much carbon in atmosphere already.

1362. Michelle Liang Lastrella

Fort Lauderdale, FL 33328

True independent and sustainable source of energy is the pursuit of solar and wind farms. Please think of our community and our future.

1363. Kenneth Cross

Washington, UT 84780

trump is a thug and a moron. lock him up.

1364. Ken Hyché

Cullman, AL 35057

Trump is a traitor to America.

1365. Michael Marek

Phoenix, AZ 85044

Try harder

1366. Linda Hendrix

Bend, OR 97702

Try some ethics for a change.

1367. Anne Smith

Delhi, NY 13753

Ugh. Enough with the drilling! Please lead on climate solutions, not more planet destruction.

1368. Nicholas Ratto

Alameda, CA 94501

US citizens have a moral, ethical and existential imperative to eliminate fossil fuels ASAP! For example, an estimated 1 million species may become extinct due directly to the effects of human-driven, 'fossil fueled' climate change. This will not only be a loss of biodiversity that threatens nature's balance, but it will be a grave threat to agriculture. We must eliminate fossil fuel use ASAP.

1369. Laury Benson

Bend, OR 97703

US Companies should make the US consumers a priority in their operations - over making more money by exporting. Show your appreciation for all the US does for you. Keep our products at home when they are needed and wanted. Exports should provide a second tier of profits in your operations, but not at the expense of the first tier - the US consumer.

1370. Billie Swain

San Pablo, CA 94806

Us served first; keep our gas prices low.

1371. Jo-Ann Sramek

Duluth, MN 55811

Utilities are becoming more & more expensive. All kinds of incidentals which are not explained are tacked onto monthly statements in addition to several types of taxes. How can people pay their basics when wages are low.

1372. JOHN Lamb

Sierra Madre, CA 91024

Venture Global Plaquemines and New Fortress stop WITH THE GREED! Haven't you HARMED THE ENVIRONMENT ENOUGH!! Stop this DISGUSTING DISPLAY OF INSENSITIVITY ASSHOLES! Pretty Simple, huh!!

1373. Mary Chiozza

Oviedo, FL 32765

Venture Global's Plaquemines & New Fortress's floating gas export facilities are seeking permission from the Department of Energy to increase energy bills. This is not the correct path to sustainable energy. We should not reward production of fossil fuels.

Venture's Global Plaquemines export facilities do irreparably damage to acres of marshes. As stated by professionals in the field of ecology, this situation greatly reduces defenses against damage to coastal areas from coastal storm surges.

Gas export terminals regularly flare off gas that expose communities to pollution like black carbon particles that causes severe health problems.

Coastal Louisiana is already overburdened with industrial polluters. This environment has led LA to have extraordinarily high cancer rates. Please don't permit higher energy bills from fossil fuel corporations

1374. JL Bonen

Cental City, IA 52214

Venture Global's Plaquemines & New Fortress's floating gas export facilities are seeking permission from the Department of Energy to increase our energy bills and pollute Southeast Louisiana. Please don't let this go through! For a change, please listen to the people - and visit the LA coast line to see what will be ruined.

1375. June Parsons

Rio Rancho, NM 87124

Venture Global's Plaquemines & New Fortress's floating gas export facilities seeking permission from the Department of Energy to increase our energy bills and pollute Southeast Louisiana, is truly unconscionable - fully knowing the additional harm the proposed increased Fracking and floating platforms for fossil fuel extraction, will cause immediately to wildlife, and the carcinogenic contamination of our underground waters, as well as increasing the responsibility of America and Americans for the Climate Crisis that is devastating people's health and safety in our communities and our country, and worldwide. This is the worst kind of leadership that America could demonstrate, setting an example of knowingly and intentionally and permanently harming people, for profit by the

absurdly wealthy. I am alarmed and ashamed of anyone who Harms my fellow Americans by endorsing and enabling Any expansion of fossil fuel extraction.

J Parsons

1376. Jill Russo-Downey

Washington, DC 20037

Voters are insisting on social and environmental justice. These permits would be neither.

1377. Malcolm Moore

Portola, CA 96122

Wait til one of these LNG facilities explodes. They are extremely vulnerable to being compromised.

1378. Maia Wolf Ostrom

Poulsbo, WA 98370

Water is life .

1379. Suzanne Hesh

Tucson, AZ 85718

We demand that the Department of Energy refuse to grant oil executives and billionaires permission to destroy the place we call home!

1380. Mary Fowler

Austin, TX 78757

We (the whole World) need to protect our planet and find resources that are not continually affected the earth's future.

1381. Tracey Bonner

Arlington, TX 76014

We ALL have to Protect and SAVE OUR Environment and the Wildlife that live there as well! We have to STOP the senseless destruction and poisoning of OUR Environment in the name of Ignorance and Greed!!!

1382. Linda Bryan

MAPLEWOOD, MN 55109

We all understand that LNG is a fossil fuel and that as soon as possible we must convert to non-fossil fuels and cut our general consumption as well.

1383. Susan Roser

Bellevue, WA 98006

We already are seeing an increase in homelessness, crime, and mental health issues as a result of all the many factors that have made living hard for the average American. We are all in a state of college tube trauma from the losses of covid, both of life & socially. We have all had to see footage of the inhumane

war on Ukraine, have witnessed over 300 mass shootings in the US just in the 1st half of this year and are paying astronomical amounts for gas. Please DO NOT raise energy prices as this time as it will only exacerbate the overwhelming problems of the current zeitgeist. It certainly can wait. Basic living should not be so out of reach for so many. Susan Roser

1384. Paul Paquin

Hull, MA 2045

We already may be too late to save our species! Please do this ASAP!

1385. Lauren Anderson

Baltimore, MD 21211

We and other countries need to find NEW ways to create energy, not expand the ones that are already killing us.

1386. Rita Cooper

O Fallon, IL 62269

We are all domed unless we get rid of fossil fuels now.

1387. kimball hurd

Aromas, CA 95004

we are already paying far too much as these companies are experiencing record profits

1388. Mary Miller

Nazareth, KY 40048

We are asking that the Department of Energy refuse to grant oil executives and billionaires permission to destroy the place we call home.

1389. Robert Pope

Torrance, CA 90503

We are at a point in time when the citizens of the communities surrounding fossil fuel activity need protection from pollution and price gauging.

1390. Barbara Kerr

Portland, OR 97211

We are beyond time to stop subsidizing fossil fuel companies by permitting them to expand their facilities while not paying for the damage they cause to the people and the environment. Cut them off and they can retool to provide clean energy. They will still make profit; win-win.

1391. Beth Cleaveland

Carolina Beach, NC 28428

We are counting on you to protect our families and our home!

1392. Julie Parisi

Woodstock, NY 12498

We are facing a climate crisis due to decades of lies, inaction and pandering to the fossil fuel industry. NO MORE!!!!!!! This is the only planet we have. No more polluting it, no more drilling NONE.

1393. Wayne Zink

Towson, MD 21286

We are in a climate crisis and must stop burning fossil fuels now.

1394. Will Cooper

Los Angeles, CA 90034

We are in a climate crisis now.

It's not an 'if' or a 'when'. It's happening now.

We as a society must do whatever we can to limit and then end natural gas extraction in order for my 5 year old son to be able to have a chance at a decent life in 30 years.

If you think otherwise, you are in denial and unwilling to face reality.

Please act accordingly.

1395. Florence McEvoy

West Babylon, NY 11704

We are in a climate crisis. Stop polluting.

1396. Laura Shifley

Oakland, CA 94611

We are in a climate emergency, and as such I demand our Department of Energy refuse to grant oil executives and billionaires permission to destroy our planet.

1397. Janet Kahan

Ann Arbor, MI 48103

We are in a Climate Emergency. Please do the right thing!

1398. Leslie Brenner

Van Nuys, CA 91401

We are in a race against time to salvage our ability to live on this planet. Under the circumstances, giving fossil fuel companies more areas to pollute without consequence and oversight is unconscionable.

1399. Helen Hankins

Interlochen, MI 49643

We are in a world crisis with climate change.

To allow more fossil fuels is suicide for the planet. We need to hold everyone responsible.

1400. CYNTHIA DISANTO

Port Saint Lucie, FL 34952

we are in hell with pollution, inflation and matters which seem beyond our control!! This impact on LA coast and its residents is disgusting and without merit, stop this now!!

1401. Errol Dillon

Flora, MS 39071

We are interested in solar!!! Stop using fossil fuels.

1402. Sara Roderer

Heathsville, VA 22473

We are living on borrowed time as global warming from our use of fossil fuels continues to damage the planet. The exploration, drilling and pumping for these fuels endangers people who live along these coastlines with pollution and dangerous chemicals. Climate change has caused much stronger storms with extensive flooding. It is time to stop this fuel production. We must seek other forms of energy like wind and solar!

1403. Suzanne Zuniga

Portland, OR 97213

We are now in a climate emergency, and at great cost. No more fossil fuels.

1404. J Stuart Wells

Beavercreek, OH 45431

We are on a fixed income and inflation is already hurting us. This increase will add more stress.

1405. Linda Infante

Hamden, CT 6518

We are paying enough for everything-no need for another increase.

1406. Alope Guha

Louisville, CO 80027

We are running out of time - lets stop adding CO2 to the air and reduce dependence on fossil fuels!

1407. Norman Shepard

Girard, IL 62640

We Are Supposed To Be "Going Green" To Avoid The Very Destruction This Project Promises To Deliver. NO, NO, NO More Fossil Fuel Expansion Of Any Kind!

1408. Charles Fox

Santa Monica, CA 90405

We are two 80-year-olds, on fixed (and shrinking) income. Why shouldn't certain elements of those companies try to get along on less, like so many of their customers?

1409. Mary and Daniel Cornell  
Evanston, IL 60202

We are wholeheartedly opposed to these projects. They are about greed, nothing else.

1410. NYDIA LOPEZ  
JACKSON HEIGHTS QUEENS, NY 11372

we barely have to pay bills a lot of poor people cannot afford a penny more

1411. Twyla Harp  
Richmond, IN 47374

We can no longer justify the use of fossil fuels at the expense of destroying our planet. We must wake up now to the damage they are doing!

1412. Pat Lawrence  
Hillsboro, OH 45133

We can, and we should, take care and take steps to protect our coastal communities and creatures.

1413. Carol Uschyk  
Calistoga, CA 94515

We cannot afford the rising costs of energy. Find ways to use solar & wind to help with your costs!

1414. Nancy Schick  
Saint Louis, MO 63143

We cannot afford their gouging and destruction nay longer.

1415. Seana Parker-Dalton  
Shrewsbury, MA 1545

We cannot allow any new fossil fuel infrastructure! This is an EMERGENCY!

1416. Gwen Bills  
Port Orange, FL 32129

We cannot allow this to be done. Our environment is so much more important.

1417. Annamarie Davis  
Jacksonville, FL 32207

We cannot continue to destroy our ecosystems for a dying industry. For the love of future generations of our children's children, please stop and think before you push this through. What are you leaving behind for them ?

1418. Gavin Landless  
North Syracuse, NY 13212

We cannot continue to develop new fossil fuel extraction projects. All new development must be stopped if we're to take climate breakdown seriously at all.

1419. Brenda Schewe  
Salina, KS 67401

We cannot continue to use profit as our only motivator for everything and sacrifice our air and water quality? and our planets future.

1420. Tom and Frey  
Dagsboro, DE 19939

We cannot dig or drill our way of of crisis with more fossil fuels. Stop using the war in Ukraine as another reason to stop necessary steps to mitigate the worst case scenarios of a warming planet.

1421. Kelley Ingols  
heber city, UT 84032

We cannot get back what gets destroyed in nature. It is time to stop drilling in prestine placs and look for other ways. Please don't use precious resources up that won't make that much of a difference. It is time to look for alternatives.

1422. Judy Levin  
Oakland, CA 94602

we cannot let low income communities in Louisiana bear any more pollution than they already are faced with. It is time for gas companies to find healthier solutions.

1423. Courtney Foster  
Auburndale, MA 2466

We cannot meet our climate goals, or fulfill our commitments to environmental justice communities, if we continue to support natural gas exploration. The DOE's position on climate and environmental justice is not consistent with further exploration for fossil fuels.

1424. Hugh Peach  
Beaverton, OR 97006

We cannot push expansion of LNG without building in deep technical regret in our energy infrastructure. We need to focus on climate adaptation. LNG expansion undercuts our ability to adapt. Climate change is accelerating. It is really dumb to help it accelerated. LNG will do that.

1425. Terry Antonacci  
Horsham, PA 19044

we cant afford higher prices!

1426. Terra Ashe  
North Hollywood, AL 91601

We can't drink oil and we can't eat money, save our planet!

1427. Anne Keating

How about a policy that puts AmLexington, KY 40502

We count on you to put America First and not chase the almighty Dollar on the backs of the American people

1428. LaDonna Robertson

Tacoma, WA 98405

We do NOT ginormous increases in anything as unstable and earth threatening as LNG! Stop it ALL in its tracks or we are dangerously DOOMED!

1429. Sylvia Stachura

San Gabriel, CA 91776

We do not need anymore polluting gas in our country. Stop allowing Venture Globals application to export liquefied natural gas.

1430. Sandra Van sant

Monmouth Beach, NJ 7750

We do not need more US gas exporters as we are already the largest exporter in the world, which artificially lowers our gas supplies and drives up price. We should focus more on renewable, progressive energy sources!

1431. Alix Keast

New York, NY 10025

We do not need to export any more liquified natural gas. We need instead to support our environment with renewable resources- please.

1432. Michele St Peter

Flat Rock, MI 48134

We do not want companies increasing the price of energy at home and sacrificing our coast, all for your profit.

1433. Joseph Gibbs

Macon, GA 31216

We do not want these companies increasing the price of energy at home and sacrificing our coast, all for their profit especially while our stateside companies are facing ridiculously high raw materials & energy costs due to inflation.

1434. Gerry and Louise Fitzgerald

Sanibel, FL 33957

We do not want these companies increasing the price of energy at home and sacrificing our coast, all for their profit.

1435. June Fox  
Larchmont, NY 10538

We do not want these companies increasing the price of energy at home and sacrificing our coast, all for their profit.

1436. Michael Rummerfield  
Onalaska, WA 98570

We do not want these companies increasing the price of energy at home and sacrificing our coast, all for their profit. It wasn't many years ago when fossil fuel companies were claiming we need to develop fossil fuels to achieve energy independence. Now they're exporting that fossil fuel, or wanting to, and making a short term profit at the expense of our health, the planet's health with complete disregard for our future.

1437. Cheryl Crone  
Warwick, RI 2889

We don't need higher natural gas prices!

1438. Verna Stapleton  
Grand Junction, CO 81504

We don't need to add to Louisiana's burden of coastal toxic pollution. Corporations never pay for damage done to the environment, only the taxpayers do. This taxpayer says "enough". Do not approve the Venture Global application. Thank you.

1439. Sal Con  
Tubac, AZ 85646

we don't have to worry about high gas prices or ruining our environment, we just need solar and EV and wind power. we can do this!

1440. Jane Beene  
Phoenix, AZ 85015

WE DON'T NEED ANY ADDITIONAL FOSSIL FUELS.....

1441. Mark Rhomberg  
Pacific Palisades, CA 90272

We don't need higher energy bills and more pollution!

1442. Brett Nelson  
Temple Terrace, FL 33617

We don't need higher energy bills from fossil fuel corporations

1443. Clint Whittle-Frazier

Missoula, MT 59801

We don't need higher energy bills from fossil fuel corporations. Let's invest in renewable energy instead.

1444. Carol Ann Leonard

Stuart, FL 34997

We don't need LNG either used or transported within the USA as well. It's a disaster waiting to happen by a leak of this highly volatile gas. It shouldn't be used as a fuel source anywhere in the world. Stop raising our fuel rates for your gain like the oil companies are on our gasoline and diesel fuels.

1445. Linda Schulz

lake Hughes, CA 93532

We don't need more coastal pollution harming the kids of these communities.

1446. Norma Buckley

Vacaville, CA 95687

We don't need more contaminants in our air and water. We have too many already. Please stop trying to kill the only planet we can live on - EARTH.

1447. Drew Simrin

Eugene, OR 97404

We don't need more export capacity of a fossil fuel that we should be reducing consumption of.

1448. Sharon Horne

North Woodstock, NH 3262

we don't need more lng exports. Stop now

1449. Judy M Brewer

Hampden, MA 1036

We don't need to be pushing more gas out of the ground into facilities that endanger even more coastline communities - only for export.

1450. Joyce Blaskovich

Aptos, CA 95003

We don't need to continue down the path of our own destruction. We need a President and Congress to be leaders with a plan for our future without fossil fuels.

1451. Archie Mossman

, - 95570

We have a moral obligation to protect earth's life support systems and the health of our children, grandchildren, great grandchildren and sever generations ahead.

1452. Sue Mossman

Arcata, CA 95518

We have a moral obligation to protect earth's life support systems and the health of our children, grandchildren, great grandchildren and sever generations ahead.

1453. Russel Deroche

Marksville, LA 71351

We have enough shit flowing into the Gulf of Mexico with adding the shit of this industry to the mix. When will anyone stand up to the rich and greedy?

1454. Donna Uran

Grass Valley, CA 95945

We have evidence of the negative impact these type of projects have on our oceans and wildlife. The time to stop this destructive extractive behavior is NOW.

1455. SHELLY SMITH

East London, AK 5241

We have ONE earth - what will you do when that is destroyed??

1456. Katherine Lux

Corvallis, OR 97330

We have seen this all before. These emissions are giving people cancer and asthma. I work in the medical field and see this first hand. My families well was poisoned by fracking. Three of four children have learning disabilities. This is no coincidence. Please protect the masses of people, over profits for a few.

1457. Christen Lesko-Brown

Livonia, MI 48154

We have the opportunity to still leave a decent Earth to our children, grandchildren, and beyond. Do you want to ruin this?

1458. judy rosenblatt

NY, NY 10025

We have to start thinking in the long term and make the existential threat of climate change our main consideration, not short term profits!!!

1459. Catherine Pomerleau

Buckfield, ME 4220

We have to stop doing anything that supports fossil fuels and the companies that exploit consumers for record profits.

1460. Kathleen Rall  
Jefferson, MD 21755

We have to stop spreading the use of fossil fuels around the globe! Our climate crisis is worsening and my daughter and grandson will suffer from it.

1461. Sandra Lambert  
Albuquerque, NM 87120

We keep returning to this same issue - no more new wells anywhere and be damn careful with existing extraction sites, as Ms most of all, stop trying to drill in any water source - leave the water to wind energy completely now. Diversify yourselves fossil fuel companies - start green operations!! Thanks from our planet.

Sandra Lambert

1462. Dan Newkirk  
Pewaukee, WI 53072

We know renewables are what is called for. Work towards expanding that before considering this dangerous and reckless move.

Hostile energy providers are doing all they can to discourage rooftop solar and that is where the focus should be instead of more of the same old risky business.

1463. Terri Dugan  
Rochester, MN 55906

We live in a small world. The polluting fuels we would send to overseas will return as air pollution. The extraction and shipping are also hazardous.

1464. Jane Bartosz  
Salem, OR 97306

We must protect ALL waters! Don't let big business destroy any more of America.

1465. Judy Lepore  
Lancaster, PA 17603

We MUST become carbon neutral ASAP. The entirety of humanity depends on it.

1466. Barbara Bloom  
Tucson, AZ 5486

We must begin to realize the problems for the Earth caused by fossil fuels. We must also consider American's health. Gas terminals are a threat to both environmental decline and people's health. You must deny any new authorization for exportation of fracked gas.

1467. Elliot Bronwein  
Newhall, CA 91321

We must decrease dependency on fossil fuels, not produce more. The fossil fuel industry is promoting a situation that not only further damages our environment but also causes energy prices to increase domestically.

1468. Tansy Woods

San Diego, CA 92102

We must divest from fossil fuels! Enough already!

1469. Heather Parker

Glendale, CA 91214

We must do everything possible to protect the earth and its inhabitants (that would be us). I don't trust entities or individuals who want to "fast track" anything. It is suspicious.

1470. Dan Crawford

Roanoke, VA 24018

We must expand renewable energy, not fossil fuels.

1471. David Dragon

Gardner, MA 1440

We must fight against higher prices and the pollution of our communities!

1472. JoEllen Rudolph

Petoskey, MI 49770

We MUST GET OFF all fossil fuels ASAP! Earth and all life that depends on a livable planet are at the tipping point. There is no time to waste getting off ALL fossil fuels!

1473. Bonnie and Denis Phillips

Salt Lake City, UT 84111

We must hold true to our common principle of treating each other fairly and our planet Earth. We must stop on fossil fuel development and in the long run - do away with it and replace the energy with environmentally sound technologies.

1474. Ronald Fuller

ITHACA, NY 14850

We must immediately stop this damage to our Earth, and cease using fossil fuels. The fate of all humanity is at stake, not just the possible wealth of a few. If not now, we will have no future.

1475. Mary Danhauer

Owensboro, KY 42301

We must keep all fossil fuels in the ground NOW!

1476. Jean Arioli

El Mirage, AZ 85335

We must make every effort to protect fragile ecosystems, not exploit them for profit. We have an obligation to pass on a healthy world to future generations.

1477. Patricia Stuart

Asheville, NC 28803

We must move on from fossil fuel dependence. Ignoring climate change is quite ridiculous. There are a lot of young children who are depending on us to something different..finally! We have the knowledge. We can do it. Sadly we do not have the finances that big oil. No excuses!

1478. Christina Bailey

Smyrna, GA 30080

We must not continue to destroy the planet. We must preserve the land and the coast.

1479. Deborah Cornell

Lincoln MA, MA 1773

We must not export fracked gas that has damaged the US environment for any reason!

1480. Jim Peugh

San Diego, CA 92106

We must not sacrifice our coastal habitats and resilience of coastal communities to facilitate the increase in Europe's discharge of GHGs. This project is totally inconsistent with what we need today. Please reject it.

1481. Carol Maas

Sun Lakes, AZ 85248

We must preserve our supplies for domestic use to keep the cost down. Our people need the economic relief this will provide. We also don't need to damage coastlines with further drilling. Again the American people pay for these mistakes and damage to the environment, it is never the corporations! All they do is make money off other people's backs. You can stop this in its tracks right now.

1482. Laurel Zaepfel

St. Paul, MN 55105

We must protect coastal lands for the sake of people and wildlife that depend on these areas.

1483. Cristina Vazquez

Waynesville, NC 28786

We must protect nature!!

1484. Edna Boyle-Lewicki

Silver Spring, MD 20910

We must protect our coastlines.

1485. Lynn Gravelle  
Chester, VA 23836

We must protect the people of the Louisiana coast.

1486. Jim Thurnau  
Albert Lea, MN 56007

We MUST reduce industrial pollution not increase it! DAH!!! I believe we must do everything possible to preserve the livability of Earth for future generations.

1487. Teresa Roberts  
Hagerstown, MD 21742

We must regulate the export of LNG.

1488. Marsha Wheaton  
Traverse City, MI 49685

We must start putting the planet first with every decision made.

1489. Kathleen Schwery  
Plattsmouth, NE 68048

We must stop authorizing more and more gas and oil facilities. There is so much pollution already, so many emissions that it is doubtful our planet can survive the existing CO2 levels. Please do not allow any more fossil fuel facilities and do not allow the export of gas to non-free trade countries!

1490. susan cunningham  
New York, NY 10016

We must stop destroying the very planet that sustains us.

1491. William and Judith Stepan  
Cave Creek, AZ 85331

We must stop polluting the Earth!! It's the only place we have to live on!!!

1492. Andrelene Babbitt  
Clearwater, FL 33761

We MUST stop the exporting of fossil fuels when we are also importing fossil fuels!! Talk about the classic oxymoron!!

1493. Joanna Welch  
Eureka, CA 95501

We must stop the Fossil Fuel companies and work for sustainable energy

1494. Shawt Mulvihill

Valparaiso, IN 46383

We must take away the power of energy companies in order to save our lives and our planet!

1495. Constantine Bogios

Walnut Creek, CA 94597

We must take care of our own people first not increasing profits

1496. Michael Schmotzer

York, PA 17403

We must take the Climate Crisis seriously and wean ourselves off of fossil fuels. Yes, it will be painful; but not as bad as what is coming if we don't take drastic action.

1497. Eileen Schenck

Las Vegas, NV 89109

We must turn to other energy sources, not continue to pollute our world, the only atmosphere we have. Halt further development of fossil fuel sites.

1498. Stamatina Podes

Bensalem, PA 19020

We must use alternative energy sources in order to save our planet and our lives!!!  
SDP

1499. Dorothy Poppe

Louisville, KY 40241

We must wake up to the deadly harm we are doing to our environment. No more fossil fuels!

1500. Robert Smith

Clackamas, OR 97015

We NEED a healthy planet!!!!.....not more pollution/poison/environmental rape just for profit/greed!!!!!!!!!!!!.....PLZ/THX

1501. Marilyn Shup

Asheville, NC 28803

we need a windfall profits tax now

1502. Carin Hollis

Lancaster, PA 17603

We need leadership to promote Renewable, Job-building Energy Solutions that allow ALL Americans to live healthy lives. Fracked gas will not get us where we need to go if we want to remain one of the greatest nations in the world.

1503. Mary Humphrey

Baltimore, MD 21227

We need lower prices and no new fossil fuel permits. It's past time for clean energy, consistent with that we must put a halt to dirty and damaging extraction of fossil fuels in pursuit of a hefty bottom line for big oil companies!

1504. Mike Wolf

Alto, MI 49302

We need real solutions, not more profits for oil companies and more pollution. Renewable energy is the way to go.

1505. Nan Corliss

Bloomington, MN 55437

We need renewable energy sources. We do not need more dirty oil and gas destroying our land, air and sea. It is time to protect and preserve our environment if we want to preserve this planet.

1506. Luis Maldonado

Sun Lakes, AZ 85248

We need renewable energy, not more fossil fuel causing climate change.

1507. Anna Chott

Fayetteville, NC 28303

We need the gulf ecosystem to protect that area from future hurricanes!

1508. Emmett Fruin

Chicago, IL 60642

We need to be more independent of other nations, and we need to burn less fossil fuel to protect the environment!

1509. Mark Coryell

, - 85045

We need to be moving away from fossil fuels. This just sends us in the other direction. When you make a commitment to stopping global warming you can't go back on it.

1510. Brady Watson

Knoxville, TN 37920

We need to be moving away from fossil gas, not drilling more of it. It's destroying our planet.

#PassOnGas

1511. John Webster

Dublin, OH 43017

We need to be winding down fossil fuels, according to every major scientific group that studies climate change. I realize this is only a small piece, but we don't need it anyway.

1512. Andy Land  
Portland, OR 97225

We need to breathe and have unspoiled water land and healthy children and animals. Don't let crazy greedy people destroy the majority

1513. Nancy Shaw  
Cabin John, MD 20818

We need to curtain such pollution from happening EVER again.

1514. Janet Tanner  
We Colorado Springs, CO 80918

We need to do everything we can domestically to keep prices down. Americans are being challenged on many fronts and the more we can do to keep utility prices low, the more we will help American families.

1515. Jerami Prendiville  
Santa Rosa Valley, CA 93012

We need to focus on alternative fuels already!!

1516. Shireen Nickel  
Weed, CA 96094

We need to focus on our domestic needs!

1517. Joyce Johnson  
Santa Rosa, CA 95404

We need to get rid of all fossil fuels NOW there is no time left to waste!!

1518. Brenda Hixenbaugh  
Centralia, IL 62801

We Need To Go Green So That We Can Survive Along With This Planet Our Only Home.

1519. James Harris  
Stanford, CA 94305

We need to increase our investments and efforts in renewable energy sources and not adding any additional extraction, transportation and pipelines for fossil based fuels. We need a vision for the future, not continuation of the past.

1520. Daniel Doulong  
Blacksburg, VA 24060

We need to invest in renewable energy.

1521. Janet L. Stanko Stanko

Jacksonville, FL 32223

We need to keep all domestic gas in the US and not export to other countries. This would send a message to fossil fuel producers. We are externalizing the costs to the environment and adjacent communities' health costs while fossil fuel producers rake in the profits.

We need to look at the big picture related to fossil fuels and transition to clean renewable energy. It is totally unacceptable to continue with "business as usual". Please deny the export permit for New Fortress & Venture Global's CP2 LNG Export terminal.

1522. Susan Bankroff

Albuquerque, NM 87105

We need to keep healthy. No more pollution.

1523. David Miller

Kingston, WA 98346

We need to keep the relatively low polluting LNG domestic in order to reduce the higher emission gasoline use. The oil companies are making windfall profits as it is.

1524. Nett Hart

Foreston, MN 56330

We need to look at the long term effects of these gas products in their fracking, transport, storage, shipping, and use and prevent the harm they do to people and other living things.

1525. Seneca Bowers

Erie, MI 48133

We need to look to renewable clean energy and not fossil fuels which harm environments (often the most poor) and line the pockets of the wealthy.

1526. Leslie Peet

Rolling Meadows, IL 60008

We need to move away from fossil fuels in light of the increasingly severe effects of climate change. I don't want to deal with violent weather, food shortages, and increased disease because fossil fuel corporations are placing profit over my welfare and everyone else's welfare.

1527. Audrey Colombe

Houston, TX 77023

We need to move away from this sort of dirty energy and the whacky ways it gets processed and sold. Big NO on this one!

1528. Deborah Milkowski

New Bern, NC 28562

We need to move away from using fossil fuels as soon as possible. Exporting LNG will only continue our dependency on fossil fuels. Instead of continuing to prop up infrastructure for fossil fuels we need to move towards wind and solar technology.

1529. Natalie DuMont

Vallejo, CA 94590

We need to move full-speed ahead towards renewable energy, not fossil fuels.

1530. Rachel Bramson

Wellfleet, MA 2667

We need to move our energy program away from old models to a new sustainable clean energy approach. Profit for fossil fuel companies at the expense of our coastal ecosystems and communities is no longer an acceptable way to do business . We must save our natural world and live in harmony with our beautiful planet .

1531. Eileen McCorry

Pittsboro, NC 27312

We need to protect our coasts.

1532. Derek Caelin

Rocky Hill, CA 6067

We need to protect our communities. Building the fracked gas infrastructure will cause long-term damage to a community already overburdened by climate change and air pollution.

1533. Diane Duesterhoeft

San Antonio, TX 78228

We need to protect our marshes to help defend those on land from increasingly violent coastal storms. We can't allow fossil fuel extraction to destroy the marshes.

1534. Elisabeth Sommer

El Paso, TX 79912

We need to protect our natural resources and stop exploiting the areas of those who depend on these resources. They are particularly vulnerable populations, whose health and safety is all too often sacrificed to allow profits for others. My late mother stood for environmental justice and I do so as well in her memory.

1535. Laura Lind

Manhattan Beach, CA 90266

We need to protect this beautiful environment and the people who live in this area.

1536. Theresa Tober

Bismarck, ND 58504

We need to pursue clean, renewal sources of energy while also keeping in mind this should be provided to all people without a substantial increase in electricity costs. The welfare and health of all people is more important than big companies making a substantial profit. We cannot continue to destroy our planet without substantial consequences to our health.

1537. John MacDonald  
Portland, OR 97229

We need to reduce the current US production of natural gas by reducing or eliminating exports. When our gas runs out, and it will run out, we will look back on these days and say "Why did we not save this gas for ourselves?" Short term profits versus long term national energy security. This is not really a choice.

1538. Bette Holland  
Dawsonville, GA 30534

We need to slow down natural gas fracking---the methane is destroying our planet. I know we can't just stop without having other sources of energy available but it is past time to start making this transition! Our lives and the life of our planet are at stake purely for money! Please be responsible corporate citizens and start working on alternative green energy options!!!

1539. Alan Winter  
Portland, OR 97211

We need to start investing in renewables and moving away from fossil fuels. The proposed development would just continue business as usual!

1540. Rebecca Zeitz  
Berkeley, CA 94703

We need to stop fracking and destroying our environments.

1541. Meredith Morgan  
FairlawnThe fossil fuel industry, OH 44333

We need to stop supporting and enabling the fossil fuel industry. We must utilize renewable energy resources.

We must invest in renewable energy.

1542. Donna Printz  
Shepherdstown, WV 25443

We need to take care in the US and meet our needs for for LNG and not export..the Louisiana coast is a fragile environment and subject to flooding etc and needs to be protected.

1543. Lisa VanHauen  
Muskogee, OK 74401

We need to take care of our country and its environment, not destroy it for something that will wind up costing us more in the long run. We have seen over and over how these companies take advantage of areas until they use up the resources and then leave those locations to fend for themselves in cleanup, etc. All that would be prevented if these companies did not get these new export permits.

1544. Lar Ferretavhe  
Las Vegas, NV 89103

We need to take care of our country, we are in debt, we need to rise. Need to stop the destruction of our country's coast and wildlife for greed and destruction of the working and lower class families. I do not vote for this. DENIED PERMIT.

1545. Eileen Bianamara  
Seattle, WA 98115

We need to take care of our nation's basic needs rather than a company's profits.

1546. Nancy Marshall  
Portland, OR 97213

We need to take care of our planet.

1547. Elisha Lepucki  
Unknown, IN 46319

We need to think of our future generations. Our children, their children. What kind of world will we leave for them? Our planet is and will run out of these resources. We need to think of renewable energy sources to ensure our children's futures, the planet we will leave to our children and how they will be able to use renewable, safe and clean energies. We must take steps now, to secure a plan to protect their future on this planet.

1548. Susan Permut  
Monument, CO 80132

We need to transition from fossil fuels to renewables NOW>

1549. D Bell  
Franklinton, NC 27525

We need to transition to clean energy. We do NOT need floating gas export facilities polluting Southeast Louisiana. I strongly urge you to deny these authorizations.

1550. Valerie Stallbaumer  
Ames, IA 50010

We need to work together to make this a more livable world that all people can afford to live in. Keep the prices for LNG low. Profits for the few are not the most important life goal. The plants, animals and all other life that we depend on want less conflict and less pollution. Please reconsider what is most important in all of our lives.

1551. Amber Jones  
Phoenix, AZ 85085  
We only have one earth!

1552. Kathy Walsh  
Willoughby Hills, OH 44094  
We only have one planet.

1553. Mary Jo Wilkins  
Kennewick, WA 99337  
We only have this planet, we must work globally to protect our earth from extinction from climate change - and fossil fuels seem to be the major destructive force!

1554. Rosanne Neri  
Stratford, CT 6615  
We senior citizens and others can not pay any more! Soon seniors will be eating cat food if they can even afford that.

1555. Kevin Toney  
Richmond, CA 94803  
We should be using less fossil fuels not more. Please do not add pressure to the Gulf's environmental system.

1556. Mona Schindler  
Gretna, LA 70056  
We should not be charged for damaging our state!

1557. Diana Stem  
St. Petersburg, FL 33703  
We should not be increasing costs to struggling consumers. Say no to more inflation coming from natural gas and fossil fuel . NOW IS THE TIME TO shift to solar and wind energy solutions. If not now, when?

1558. Kathleen Sperry  
San Francisco, CA 94117  
We shouldn't be adding to the industrial pollution but decreasing it.

1559. marie barbe  
Milwaukee, WI 53207  
We want clean energy!

1560. Lynne Nittler

Davis, CA 95616

We want clean energy, not more polluting energy. Stop magnifying climate change with still more uses for dirty, fossil fuels that pollute our environment and our lives.

1561. Linda Flower

Pittsburgh, PA 15206

We were counting on you to take wise action! Stop this license to kill.

Dr. L. Flower

1562. Barry Simon

Warren, PA 16365

We were sold the need to drill more for energy independence and security, therefore no oil or LNG should be exported at all!

1563. Richard Henning

SHOKAN, NY 12481

We were told to support fracking because it would give us a 100 year supply. That goes away if we start exporting.

1564. Diana Barbieri

San Pedro, CA 90731

We, the taxpayers, deserve better ! Stop destroying our precious PLANET

1565. Linore Blackstone

Portland, OR 97213

Well, we humans keep on keepin' on as if we haven't made a mess we won't clean up. What greed! What ignorance! It's very very late.

1566. Franco Ferrer

Altamonte Springs, FL 32714

We're already suffering from the gas prices being raise, we most definitely DO NOT NEED energy companies raising prices up the wazoo!

1567. Euradell Johnson

Maryville, IL 62062

We're destroying the very place

God gave us to live on. Not only that we're killing one another. This is an inseperable issue

1568. David Hardy

Simi Valley, CA 93065

We're running out of time. We need to be looking for ways to phase out fossil fuels asap. We need to reduce fracking.

1569. Stuart Knappmiller  
St Paul, MN 55106

We've driven past places where signs warn one to stay out because of pollution. Many of the polluting factories we smelled when we bought our home 45 years ago have closed. Don't do to other lower income areas what was done to ours please.

1570. Marilyn Britton  
Peterborough, NH 3458

We've got a planet to save. I don't know about you, but I think this ought to be PRIORITY ONE.

1571. Christina Farnsworth  
Pacific Grove, CA 93950

We've GOT to STOP operating under our currently unsustainable energy practices, and denying authorization for this truly bad idea would be a great place to start and continue. PLEASE do everything in your power to protect the Louisiana coast, and its creatures and people!

1572. Alexa and Kevin Manning  
Downingtown, PA 19335

We've near LNG pipelines and a terminal that are very dangerous. This is a huge health and safety concern.

1573. Jim and Sophie Swirczynski  
Eugene, OR 97404

What happen to oil and gas independence, the reason for "drill baby drill" and now the oil and gas companies are exporting it and decreasing America's supply and thus the old reason to raise prices. Shameful!

1574. Susan Kepner  
York, ME 3909

What is happening ? Why do we continue to pollute Louisiana? DIRTY energy must be STOPPED!! The CLIMATE will NOT tolerate more pollution!! Is the Department of Energy being run buy oil and gas corporations???? YOU should be protecting the PLANET, not helping to heat it up!! Where is your COURAGE to say NO???

1575. Nancy Weiser  
Midvale, UT 84047

What is it going to take to DO THE RIGHT THING??? More explosive wildfires? More catastrophic flooding? Skies choking with smoke and other pollutants? Reservoirs in the west drying up? COME ON!!! Is it ALWAYS about the shareholders???

1576. Kevin McCoy  
Gualala, CA 95445

What is it with these corporations made of unnamed villains who want to end humanities run on earth (are they alien?)

1577. Louisa Solari  
North Miami, FL 33161

What is so wrong with you !?! Destroying the gulf is your mission or what!? Please do the tight thing!!!!!!L.Solari

1578. Dianne Haag  
San Diego, CA 92102

WHAT THE HELL? YOU HAVEN'T MADE ENOUGH MONEY YET? OR RAPED THE ENVIRONMENT ENOUGH?? YES I'M USEING ALL CAPS BECAUSE YOU DESERVE IT. AMERICANS ARE WATCHING, PAYING ATTENTION TO COMPANIES MAKING EVERY DAY LIFE HARDER FOR AVERAGE PEOPLE!! I PRAY YOU GET WHAT YOU DESERVE.

1579. Weslie Walker-Phillips  
Wickenburg, AZ 85390

What you haven't made enough money fleecing people already? You are nothing but thieves!!!?

1580. Marcel Liberge  
Grants Pass, OR 97527  
What's new?

1581. Janet Parkins  
Oakland, CA 94611

When are we going to understand? We cannot continue to burn fossil fuels, and that means we cannot remove fossil fuels from the ground. We need to stop exploring and extracting all fossil fuels now. This project is a bad idea and should be stopped.

1582. Norman M & Jane L Kindig  
Yorba Linda, CA 92886

When considering where the nation wi.ll be in 200 years from now it is perceived that the exploitation of fossil fuels need addressing and restraints put in place to address climate change. Of course controlling population growth should come first but what religion will address that issue for that would affect their financial base. The question really is the addressing of the profit god of corporations which include those that sell beliefs along with the faith doctrine but not the issues of planet crises.

1583. Kay L.  
San Leandro, CA 94577

When is this administration going to f\*\*king put its money where its mouth is, and start taking promises about fighting climate change seriously, and SHUT THESE SHITTY FOSSIL FUELS DOWN!!!!

1584. Stephen Davie  
Fort Edward, NY 12828

When it comes to energy production, the fossil fuel industry is crushing the environment while raising prices and crushing people. We can do better now. Developing alternative energies save the environment and uplifts people with real money and a cleaner environment.

1585. Abigail O'Neill  
Durham, NC 27707

When it's gone, it's gone. And you'll be responsible.

1586. ROBERT SCHUERGER  
Cleveland, OH 44102

When will it finally be enough?

1587. Mark & Pam Kovach  
Camano Island, WA 98270

When you can't do this safely, you can't do it.

1588. Joan Lewin  
Towson, MD 21286

Where is your patriotism?!! Protect communities and shore lines here at home!!

1589. Rose Fanger  
Spokane, WA 99201

While I know we rely on gas, and energy prices are going up, I believe we have to deal with it instead of sacrificing the livability of our planet by further extractions and pollution.

1590. Betsy Smith  
Brewster, MA 2631

While it will not affect me personally, I am writing to express my solidarity with those who will be hurt by approval of this application.

1591. Christiane Freer-Parsons  
Scottsdale, AZ 85250

While the US should be active in global energy we also need to take care of our needs first. Allowing US based energy companies to undercut domestic energy production and distribution while shipping such resources overseas is not OK when our energy needs are not being adequately met. Please DO NOT approve the export permits!

1592. Holly Erwin

Mayfield, KY 42066

While US gas and oil are international products, we're selling ourselves and our future to other countries. We will be at the mercy of 'big oil' corporations instead of determining our own future! It's stupid.

1593. Mary Brickley

JAMESTOWN, NY 14701

Why are we still willing to put our earth at risk. And these companies always bring more risk to poor communities and their health issues!

1594. Karyn Ann Kowaleski

Cape Coral, FL 33909

Why are you supporting their greed? Do the right thing for a change!

1595. Martha del Rio

Magalia, CA 95954

Why can't leaders & billionaires realize that scientists haven't yet discovered another habitable rare planet like Earth that once had pristine air, water, rich soil. Humanity keeps destroying instead of sustaining. It's not ending well & we will be held accountable in Galactic History & in Eternity!!!

1596. Trina Joyce

Minneapolis, MN 55406

Why do the companies think it's OK to pollute and ruin peoples' lives? it's just beyond my comprehension. They don't care because it will be up to the next generations to clean up their mess!

1597. Steven Rostermundt

West Allis, WI 53214

Why do you continue to put greed before the future of the Earth ? The world has the knowledge and the ability to cease the use of fossil fuels .

1598. Molly Giacomina

Crest Hill, IL 60403

why is this allowed. It saves nothing.

1599. sarah krall

Lander, WY 82520

Why is this happening? What is your focus? I understand it's money, money, power, more money, more power. How do you yourself in the mirror?

1600. Bernadette Tourtual

Lindenwold, NJ 8021

Why should we allow these two companies any access to SE LA. That poor state has had its share of companies that have affected the people, their families and children, let alone the environment. Do not allow them to come into LA at all. Protest and protest!!! NO! NO!

1601. Sue Courtney  
Jarrettsville, MD 21084  
Why would you allow this?

1602. Nancy Earle  
Bangor, ME 4401  
WHY, WHY, WHY do you pursue wealth over caring for communities and the Earth. This is beyond belief. Wake up and join the millions who are working to build a better Earth.

1603. Wendy Scherer  
Syracuse, NY 13214  
Why? We need to transition to renewable sources of energy, as do other nations. We should be exporting solar panels not natural gas!

1604. Allen Alexander  
Wilmington, DE 19803  
Why? This benefits a few wealthy individuals at the expense of the masses.

1605. Dorothy Wilkinson  
Los Angeles, CA 90027  
WILL YOU KNOCK IT OFF??? SHAME ON ALL OF YOU!!!

1606. Cheryl Pearson  
Blacksburg, VA 24060  
With ALL the CRISES we face and struggle to live with and through, PLEASE find a way to not add to the destruction of our precious planet.

1607. Bernard Greenberg  
West Chester, PA 19380  
With catastrophic global warming facing us we can no longer tolerate the expansion of fossil fuel endeavors.

1608. Shalimar Wijay  
Garden Grove, CA 92844  
With continuing inflation, increased gasoline, food we are suffering. We urge you to not increase utility costs. Thank you!

1609. Elizabeth Biliske

Preston, MD 21655

With goals to reduce our carbon footprint in the next decade, natural gas companies simply cannot be allowed to expand their footprint to increase capacity as they already contribute to pollution that contributes to death and disease of Americans on the Louisiana coast.

1610. Richard Landfield

Washington, DC 20816

With inflation rising (or having risen), it is unfair to consumers, especially people who live month to month, to allow fossil fuel companies to export LNG and cause prices domestically to rise.

1611. Judy Haas

Houston, TX 77084

With inflation, people are struggling enough, please don't add too it!

1612. Joe Van Blargan

ONE, TX 75214

With marshes and wetlands disappearing because of coastal development, marking an end to their ability to mitigate hurricanes, WHY are we planning to further destroy them? Won't bigger and more powerful hurricanes put these new gas facilities at great risk?

1613. David Dilling

Ashland, OR 97520

With our climate in ruin and inflation causing so much stress to most working Americans you can't possibly think it is a good idea to open more areas for drilling and allow gas companies to raise prices when making so much profit.

1614. J. Venneman

Nazareth, KY 40048

With Pope Francis, I believe that we cannot continue putting Earth as a commodity to be used and abused such that future generations do not have the necessities of clean food and water for their living. I oppose the permit to export LNG and urge you and your team to put Earth over profits.

1615. Susan Smith

Lake Placid, FL 33852

With Profits been so large for companies like yours There is no excuse to raise prices  
Are you actively working toward decreasing fossil fuels Yet!!!

1616. Mary Arps Thompson

Duluth, MN 55803

With record profits, how can oil companies ask us to pay more. Deny the permits being requested by New Fortress and Venture Global by July 11th!

1617. Millie Gorman  
Englewood, NJ 7631

With the Native Americans we say, 'Think ahead 7 generations" and act to protect them and the land. We can afford to do so. New Fortress can afford to do so without raising prices.

1618. Michael R. Horner  
Southfield, MI 48076

With the pipelines across our world being protected by government forces and prime ministers, it would make perfect sense to allow for all people of the world to have access to clean drinking water and a safe place to stay. The people of Louisiana have been through enough. Let them live in peace.

1619. Mollie Suddeth  
Munfordville, KY 42765

With the state of our economy, corporations need to realize that consumers are having trouble paying any bills, let alone power bills! If it wasn't such a needed commodity, I would say go for it. Any changes to necessities right now, is not a good idea for our citizens! When are corps going to understand that people are having a difficult time right now and a bit of relief is what we need more than anything!

1620. Barbara Seaman  
Alexandria, VA 22304

Work on helping solve climate change issues instead of adding to them.

1621. Jeannie Keyes  
Renton, WA 98057

Worried more about the bigger picture of global warming and killing us all. Forget the huge profits and care about earth, people, flora and fauna.

1622. R Joseph Galitsky  
Halethorpe, MD 21227

Wow. That we would allow exports of a commodity to increase profits for a few while further harming the US Economy is ridiculously unconscionable. Deny these permits to export. Revoke current permits to export!

1623. Rev Julia Hart  
Saint Michaels, MD 21663

Y'all are already making billions off of us. Your greed is killing us and our environment. Want to do Good? Reduce!!!

1624. Tricia Gerrodette  
Sierra Vista, AZ 85650

Yes, it's a complicated international situation around energy with the war in Ukraine. And I suppose one argument is that we need to support our allies. But EVERYBODY needs to drastically cut their use of

fossil fuels to maintain a habitable planet. By now, we all know this is true. But we keep permitting wells to drill for more gas and oil and now these proposals to export these fuels. Please say no. The people in coastal Louisiana already suffer from too much industrial pollution. Please don't add to their burden.

1625. Judith Kirk

Redwood City, CA 94062

You are frying the planet with your greed. Don't you have people you love, who will have to suffer hugely because of what you are proposing?

1626. Louise Butler

Georgetown, TX 78633

You are ruining our land!

1627. Eric Thompson

Bismarck, - 58503

You are the U.S. Department of Energy. That means that your obligation to act is for the citizens of the U.S. before Corporations seeking to profit off a war. It may seem humanitarian to see to the people of Europe, but that would require selling them the gas at the cost that the people of the U.S. had been paying. I am betting the reason the oil industry wants to raise gas prices is because Europe's gas prices are higher. It is also the reason that they want a new terminal. Since history has been recorded wealth has profited from war and the poor have sacrificed. It is time to stop that trend and actually defend those who need defending and who have died defending those who could care less about anyone or anything but themselves.

1628. Mariana Mellor

Thousand Oaks, CA 91360

You have the moral responsibility to oversee our resources and share with other countries in a manner of integrity and justice. Working from a standpoint of greed and exploitation is what causes calamity in our world.

Please do what is right instead of what's easy and convenient.

1629. Anita Watkins

Oakland, CA 94611

You KNOW what the right thing to do is - now PLEASE do it!

1630. Sheri Malinowski

Greensboro, NC 27405

You suck

1631. Richard Brown

Tarrytown, NY 10591

You will be allowing these big Polluters to continue to destroy the sledys fragile environment

Don't let them continue

1632. Mary Anne Hopgood

Aguas Buenas, PR 703

Your administration promised to move away from fossil fuels but you are going the opposite direction. Please act now, the future of humans, the environment and the planet require immediate action. Act on your promise.

1633. James Braunsdorf

Mishawaka, IN 46545

Your increased profits and pollution should not be reason for the government to prefer that over the health and welfare of our people.

It is not providing any benefit for US citizens other than your stockholder.

1634. Jen Thilman

Fresno, CA 93711

Your profits are not more important than our lives!

1635. Wanda Purifoy

Brownsville, TX 78521

You've already gotten Filthy Rich at our cost. Do what is right for a change. You might like the way it makes you feel.

1636. Paul Rinear

Aberdeen, NJ 7747

You've got to be kidding me. After all we have learned about how fossil fuel use is marching our species toward an unlivable planet, why in God's name would you even entertain more fossil fuel infrastructure?

1637. Frederick Tuck

Stanardsville, VA 22973

Zero permits for new oil or gas infrastructure! We must shut it all down. No new production. No exports.

1638. Dennis Tavares

Boulder, CO 80306

1639. James Burfeind

Chico, CA 95928
