Re: **Andalusian Energy, LLC – Semi Annual Progress Report**
DOE/FE Order No. 4616
DOE/FE Docket No. 20-73-CNG

To: Office of Regulation, Analysis, and Engagement:

Pursuant to Ordering Paragraph H of DOE/FE Order No. 4616, please accept the following progress report for Andalusian Energy, LLC (“Andalusian”) for the period from April 1, 2022 to September 30, 2022.

- Andalusian continues to engage in commercial discussions for long-term CNG sales contracts and the development of the CNG facility continues to progress.
- The property Andalusian has previously leased at the Port of Brownsville (“Port”) has been returned to the Port and the Port has offered Andalusian a more advantageous location. Andalusian is in discussions with the Port to secure this alternative location. Andalusian will update DOE when it has concluded these discussions and reached an agreement with the Port.

Consistent with Ordering paragraph H, Andalusian will continue to file semi-annual reports with DOE. If you have any questions regarding this filing, please contact me at (202) 778-9014 or at David.Wochner@klgates.com.
