Hello Adam,

We are currently working on Otter Industries, LLC's application in Docket No. 22-123-LNG. Could you please confirm that you are seeking an authorization to transport liquefied natural gas (LNG) for export through two modes of transport: 1) International Organization for Standardization (ISO) containers on vessels, and 2) on small LNG vessel carriers.

Thank you and we look forward to your response.

Best regards,

Peri
