

## How To Submit Your Final Technical Report to OSTI Via E-Link

To submit your Final Technical Report to the Office of Scientific and Technical Information (OSTI), go to the OSTI E-Link submission page at <https://www.osti.gov/mlink/2413-submission.jsp>. There you will see the following webpage, where you will need to complete each required field (\* Required) to submit your Final Technical Report.

### *Tips for completing this online form and uploading your report:*

- Hover the cursor over, or click on, the question marks above each data field to get additional detailed instructions.
- Convert your report to a single PDF document prior to uploading it.
- Once you have successfully uploaded your report, please notify your Project Officer and Project Monitor via email.
- If you take more than 30 minutes to fill out the form, you will receive a timeout message. If this happens, use the “Back” arrow or button on your browser to refill the form.

Report/Product Number is a unique identifier that you create and place on the report itself.  
  
Use DOE, an acronym or name that identifies the awardee/recipient organization, and the final seven characters from your grant number.

Provide a clear, concise, and publicly releasable executive summary of the information contained in the report. The length should be no more than 5,000 characters. To fill this field, you can cut and paste from any word processing file.

All fields in the Related Documents section are optional and are typically not applicable to Final Technical Reports affiliated with DOE Office of Indian Energy awards. However, you may complete any of the Related Documents fields as you see necessary and applicable to your Final Technical Report.

### Related Documents

**Related Document Information ?**

(Enter the citation for the primary supplementing research object (a dataset, software, etc.) that accompanies this publication/STI product you are submitting/announcing to OSTI with this record.)

**Add/Remove Related Identifiers/DOIs ?**

You may add DOIs to reference other papers, datasets, or software that relate to the STI product you are submitting/announcing with this record. The STI product you are currently submitting/describing/announcing with this record is always considered Item A. The related DOI is always considered Item B. When cross-referencing with the "how related" controlled vocabulary, the virtual sentence structure you want to create is "Item A (is related in this way to) Item B".

Here on the Upload/Link page you will be able to upload the Final Technical Report. Select the 'Choose File' button to locate the file on your computer. It is strongly suggested that a single PDF document is submitted.

In the Certifications section, certify by clicking the check box, as shown, that the Final Technical Report does not contain: limited rights data (proprietary data), classified information, protected PII, information subject to export control classification, or other information not subject to release. Click Next to move on to the Summary page, where you can complete your submission.

\* I represent and warrant that the technical report being submitted does NOT contain any of the following: Protected Personally Identifiable Information (PII), limited rights data, classified information, information subject to export control classification, or other information not subject to public release. Limited rights data means data (other than computer software) developed at private expense that embody trade secrets or are commercial or financial and confidential or privileged. SBIR/STTR Protected Data and other data subject to statutory data protection authorized by the award may be submitted, provided such data is properly marked and identified during submission. Submissions must not contain any "Proprietary", "Confidential" or "Business Sensitive" markings or similar restrictive markings not authorized by the applicable government agreement; I acknowledge that DOE has the right to cancel or ignore such markings.
