

# Li-Cycle Warehouse/Administration Building/Visitor Center and HUB Facility, McLaughlin Road, Greece NY

The images presented on the following pages are intended to depict the size, shape and massing of the proposed Li-Cycle Development.

The colors and other site features are intended to highlight the development and provide a visualization of how the facilities relate to the site, existing roads and other site appurtenances. The visualization is intended to be a representation of the proposed development concept.

Plans that depict the colors, massing, materials, and landscaping of the development are currently under design and will be submitted to the Town of Greece Planning Board for review and approval with site plan approval documents.
