Subject: Ex Parte Communication Memo

On September 16, 2022, representatives from the Air Movement and Control Association International, Inc. (AMCA International), Appliance Standards Awareness Project (ASAP), ebm-papst, Greenheck Fan Corporation, New York Blower Company, Northwest Energy Efficiency Alliance (NEEA), and 2050 Partners met remotely with the Department of Energy (DOE) to discuss a potential regulatory approach for commercial and industrial fans and blowers (Docket No.: EERE-2021-BT-TP-0021).

The following individuals were in attendance:

Ashley Armstrong (DOE)
John Bade (2050 Partners)
Mark Bublitz (New York Blower)
Tom Catania (Consultant to AMCA International)
Jeremy Dommu (DOE)
Nicole Dunbar (NEEA)
Jeremy Dunklin (ASAP)
Nathan Fetting (Greenheck)
Aaron Gunzner (AMCA International)
Armin Hauer (ebm-papst)
Michael Ivanovich (AMCA International)
Tim Mathson (AMCA International)
Joanna Mauer (ASAP)
Nazme Mohsina (2050 Partners)
Troy Watson (DOE)
Mike Wolf (Greenheck)
