DOCKET NO. 22-30-NG

ORDER VACATING AUTHORIZATION
TO EXPORT NATURAL GAS TO MEXICO AND
TO EXPORT LIQUEFIED NATURAL GAS TO MEXICO BY TRUCK

DOE/FECM ORDER NO. 4818-A

FEBRUARY 16, 2023

On May 9, 2022, in DOE/FECM Order No. 4818, the Office of Fossil Energy and Carbon Management (FECM) of the Department of Energy (DOE) granted blanket authorization to Fuel Market LP (Fuel Market) to export natural gas to Mexico and to export liquefied natural gas (LNG) to Mexico by truck, in a combined total volume equivalent to 12.25 billion cubic feet (Bcf) of natural gas. This blanket authorization extends for a two-year term that began on July 1, 2022, and extends through June 30, 2024.

On January 12, 2023, Fuel Market notified DOE that this authorization is no longer needed.¹ Fuel Market, therefore, requests that DOE vacate Order No. 4818, effective March 1, 2023.² DOE finds good cause to do so.

Accordingly, pursuant to section 3 of the Natural Gas Act, Fuel Market's blanket authorization to export natural gas to Mexico and to export LNG gas to Mexico by truck, in a combined total volume equivalent to 12.25 Bcf of natural gas, granted in DOE/FECM Order No. 4818 on May 9, 2022, is hereby vacated, effective March 1, 2023.

Issued in Washington, D.C., on February 16, 2023.

Amy R. Sweeney
Director, Office of Regulation, Analysis, and Engagement
Office of Resource Sustainability
