## I. DESCRIPTION OF REQUEST

On February 27, 2023, NextEra Energy Marketing, LLC (NextEra Energy Marketing) filed an application with the Office of Fossil Energy and Carbon Management (FECM) of the Department of Energy (DOE) requesting blanket authorization under section 3 of the Natural Gas Act (NGA)<sup>1</sup> for the authority summarized in the list below. The applicant requests the authorization for a two-year term that began on March 18, 2023.<sup>2</sup> NextEra Energy Marketing is a Delaware limited liability company with its principal place of business in Juno Beach, Florida.

1. Import natural gas from Canada by pipeline at any point on the border between the United States and Canada
2. Export natural gas to Canada by pipeline at any point on the border between the United States and Canada
3. Export natural gas to Mexico by pipeline at any point on the border between the United States and Mexico

Import and export authority was requested for up to a combined total volume equivalent to 1,750 billion cubic feet (Bcf) of natural gas.

---

1. Authority to regulate the imports and exports of natural gas, including liquefied natural gas, under section 3 of the NGA (15 U.S.C. § 717b) has been delegated to the Assistant Secretary for FECM in Redelegation Order No. S4-DEL-FE1-2022, issued on June 13, 2022. On July 4, 2021, the Office of Fossil Energy changed its name to the Office of Fossil Energy and Carbon Management.

2. NextEra Energy Marketing's blanket authorization, granted in DOE/FE Order No. 4674, extended through March 17, 2023.

## II. **FINDING**

DOE has evaluated the application to determine if the proposed import and/or export arrangements meet the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under NGA section 3(c), imports and exports of natural gas, including liquefied natural gas (LNG), from or to any country with which the United States has entered into a free trade agreement (FTA) requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest.<sup>3</sup> DOE must grant such applications without modification or delay.<sup>4</sup> The authorization sought by NextEra Energy Marketing meets the NGA section 3(c) criteria, and, therefore, is deemed to be consistent with the public interest.

### **ORDER**
