To: People interested in the Uma-Birch Floodplain Reconnection Project

Bonneville Power Administration (BPA) has prepared a draft environmental assessment (EA) for the proposed Uma-Birch Floodplain Reconnection Project. The EA describes the project and why it is needed, discusses the potential environmental impacts the project would create, and lists the proposed mitigation measures that would lessen potential impacts. This letter requests your comments on the EA, announces a public meeting, and outlines the next steps for the project.

How to Comment: The EA can be viewed at the project website at www.bpa.gov/nepa/Uma-Birch. If you requested a hard copy, it is enclosed. If you would like to request a hard copy (about 75 pages), please call our toll-free document request line at 1-800-622-4520. Please leave a message with the project name, your name, and complete mailing address.

Please send your comments on the EA by **May 18, 2023** and reference the Uma-Birch Project. We will consider all comments submitted during the comment period and provide responses to substantive comments in the final EA. In addition, comments will be available on the project website. There are several ways to comment:
