DOCKET NO. 21-143-LNG

ORDER VACATING BLANKET AUTHORIZATION
TO IMPORT LIQUEFIED NATURAL GAS FROM CANADA BY TRUCK, AND
TO EXPORT LIQUEFIED NATURAL GAS TO CANADA BY TRUCK

DOE/FECM ORDER NO. 4782-A

AUGUST 28, 2023

On January 7, 2022, in DOE/FECM Order No. 4782, the Office of Fossil Energy and Carbon Management (FECM) of the Department of Energy (DOE) granted blanket authorization to Plum Gas Solutions Inc. (Plum Gas Solutions) to import liquefied natural gas (LNG) from Canada by truck, and to export LNG to Canada by truck, in a combined total volume equivalent to 1 billion cubic feet (Bcf) of natural gas. This blanket authorization extends for a two-year term that began on January 14, 2022, and extends through January 13, 2024.

On August 4, 2023, Plum Gas Solutions notified DOE that this authorization is no longer needed.¹ Plum Gas Solutions therefore requests that DOE vacate Order No. 4782, effective August 1, 2023.² DOE finds good cause to do so.

Accordingly, pursuant to section 3 of the Natural Gas Act, Plum Gas Solutions' blanket authorization to import LNG from Canada by truck, and to export LNG to Canada by truck, in a combined total volume equivalent to 1 Bcf of natural gas, granted in DOE/FECM Order No. 4782 on January 7, 2022, is hereby vacated, effective August 1, 2023.

Issued in Washington, D.C., on August 28, 2023.

Amy R. Sweeney
