Subject:

Nuclear Fuel Supply

Nell, I would like to meet with the cc'd folks (less McSlarrow and Blake) on Monday or Tuesday to go over the enrichment situation (Ken Baker please determine appropriate NNSA involvement after reading this). I propose that the meeting occur in our conference room. I would like to schedule an additional 30 to 60 min before or after that meeting to informally go over general NE issues with Bill Magwood. My preference for this meeting would be mid afternoon on Monday but I will be flexible to avoid jerking the other's schedule around as much as possible. Please ask Bill to review and approve the attendance to ensure that we have the right players there.
