As reflected in the below messages, Venture Global LNG, Inc. submitted a filing on October 24, 2023 in Docket Nos. 13-69-LNG, 14-88-LNG, 15-25-LNG, 16-28-LNG, and 21-131-LNG related to a change in its ownership structure.

As a supplement to that filing, attached here are: (1) a slightly revised version of the Organizational Chart included in Appendix A of the filing and (2) another Organizational Chart depicting the ownership structure effective as of March 11, 2022, when the most recent of the pending Venture Global applications was filed (by Plaquemines LNG in Docket No. 16-28-LNG).

I will separately send this supplemental filing to all the entities on the official service lists in the referenced dockets.

Thank you for your assistance with this supplemental submission.
