I. DESCRIPTION OF REQUEST

On October 19, 2023, City of Portal, Incorporated (City of Portal, Incorporated) filed an application with the Office of Fossil Energy and Carbon Management (FECM) of the Department of Energy (DOE) requesting blanket authorization under section 3 of the Natural Gas Act (NGA)¹ for the authority summarized in the list below. The applicant requests the authorization for a two-year term that began on October 24, 2023.² City of Portal, Incorporated is a North Dakota corporation with its principal place of business in Portal, North Dakota.

1. Import up to 13 billion cubic feet (Bcf) of natural gas from Canada by pipeline at any point on the border between the United States and Canada

II. FINDING

DOE has evaluated the application to determine if the proposed import and/or export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under NGA section 3(c), imports and exports of natural gas, including liquefied natural gas (LNG), from or to any country with which the United States has entered into a free trade agreement (FTA) requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest.³ DOE must grant such applications without modification or delay.⁴ The authorization sought by City of Portal, Incorporated meets the NGA section 3(c) criteria, and, therefore, is deemed to be consistent with the public interest.

1. Authority to regulate the imports and exports of natural gas, including liquefied natural gas, under section 3 of the NGA (15 U.S.C. § 717b) has been delegated to the Assistant Secretary for FECM in Redelegation Order No. S4-DEL-FE1-2023, issued on April 10, 2023.
