Re: In the Matter of Cove Point LNG, LP
FE Docket No. 22-22-LNG
DOE/FE Order No. 4849
Registration under Cove Point LNG, LP Authorization to Export Previously Imported LNG by
Vessel to Free Trade Agreement and Non-Free Trade Agreement Nations

Dear Ms. Wade:

In the Department of Energy ("DOE"), Office of Fossil Energy's ("FE") Order No. 4849 issued July 8, 2022, in the above referenced docket, Cove Point LNG, LP ("Cove Point") was granted short-term, blanket authority to export liquefied natural gas (LNG); (1) to nations with whom the United States has entered into a free trade agreement requiring the national treatment of natural gas; and (2) to non-free-trade-agreement nations. The order permits Cove Point to use its authorization to export LNG as an agent for other entities, after registering the other parties with DOE/FE.

Cove Point now submits the information necessary to register Pacific Summit Energy ("PSE") as an entity for which Cove Point will utilize its authorization to export LNG, in accordance with the terms of Paragraphs E and F of DOE/FE Order No. 4849. Additional information required for the registration of PSE is included in a letter from PSE dated February 12, 2024, attached as Attachment A.

If you have any questions about this notification, please contact the undersigned counsel for Cove Point LNG, LP either via email at George.Flugrad@bhegts.com or phone at 804-613-5206.

Sincerely,

/s/ George W. Flugrad
