Hello Adam,

Thank you for the discussion this afternoon. We look forward to receiving a project update with the submission of your next [semi-annual report](#) on or by April 1, 2024. Please let us know if you have any additional questions.

Best,  
Jennifer

Good afternoon Jennifer, thanks for reaching out. I would be happy to schedule a call to discuss – perhaps myself, Paul and Michelle (cc'd) could just on a call with you when convenient?

Would you have any time available next Tuesday afternoon?

Cheers

Adam

**CAUTION:** This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hello Ms. Davis, Mr. Dawson, Mr. Gray, and Ms. Reding,

We wanted to follow up on these emails sent in December 2023 by Peri Ulrey of DOE. As noted, we have seen public announcements by Pieridae that it has “initiated a process to sell its Goldboro subsidiary and associated assets, licenses and permits” as part of its “strategic pivot away from east coast LNG.” According to the press release, “this process is expected to conclude in the first half of 2024.” <https://www.pieridaeenergy.com/news-release/pieridae-releases-q3-2023-financial-and-operating-results> (Nov. 8, 2023).

We would like to discuss this information in the context of Pieridae’s current proceeding before DOE involving exports of U.S.-sourced LNG from the proposed Goldboro LNG Project. As you know, Pieridae’s non-free trade agreement (non-FTA) order (Order No. 3768) has expired, yet Pieridae’s request for an extension of the export commencement deadline set forth in Order No. 3768 remains pending. In an email to Pieridae on February 1, 2023, we stated that “Pieridae has no reliance interest on Order No. 3768 after its expiration date until DOE issues an order in response to the request for additional time.”

Additionally, under DOE's regulations, authorization holders have "a continuing obligation" to inform DOE in writing, "as soon as practicable, of any prospective or actual changes to the information submitted during the application process upon which the authorization was based ...." 10 C.F.R. § 590.407. This regulation also applies to Pieridae's FTA order, Order No. 3639.

Insofar as may be relevant, we also note that, under 10 C.F.R. § 590.405, export authorizations "shall not be transferable or assignable, unless specifically authorized by [DOE]." For more information, please see DOE's webpage at: <https://www.energy.gov/fecm/articles/change-control-or-transfer-authorizations-import-or-export-natural-gas#:~:text=As%20set%20forth%20in%20the.and%20whether%20such%20power%20is>.

Please let us know if you would like to schedule a call to discuss the status of Pieridae's proceeding. Alternately, please submit the appropriate written notification, consistent with 10 C.F.R. § 590.407 and the ordering paragraphs of Order Nos. 3639 and 3768.

Best,  
Jennifer

**Subject:** RE: Call Request - Pieridae Energy (USA) Ltd., Docket No 14-179-LNG

Hello Justine,

With the holidays coming up, I wanted to follow-up if you had received my email from last week regarding scheduling a brief conference call with you and DOE to discuss Pieridae Energy (USA) Ltd.'s proposed Goldboro LNG Project. Recently, we have seen Pieridae Energy publicly announce that it has initiated a process to sell its Goldboro subsidiary and associated assets in its third quarter 2023 financial and operating results release. We wanted to double-check to ensure that DOE has the most updated

information. Would you have some time next week, December 18<sup>th</sup> thru December 21, 2023 in the afternoon between 4 pm - 5 pm ET that would accommodate the time difference? I can send a meeting invite once we have a date and time.

If you have any questions, please feel free to contact me by e-mail at [peri.ulrey@hq.doe.gov](mailto:peri.ulrey@hq.doe.gov) or at 240-751-3893.

Thank you and I look forward to hearing from you,

Peri

**Subject:** Call Request - Pieridae Energy (USA) Ltd., Docket No 14-179-LNG

Good morning Justine,

We would like to schedule a brief conference call to discuss Pieridae Energy (USA) Ltd.'s proposed Goldboro LNG Project. Would you have some time this Thursday, December 7<sup>th</sup>, afternoon at 4:30 pm ET (December 8<sup>th</sup> in Australia)? Alternatively, we could also schedule our call on Tuesday, December 12<sup>th</sup>, between 4-4:30 pm ET if that would work better. I can send a meeting invite once we have a date and time.

Thank you,

Peri
