Proposed Action Title: Serrano 230-kV Over-crossing WAPA ED5-SGR 1, ED5-SGR 2, and SGR-TUC 115-kV Transmission Lines

Program or Field Office: Western Area Power Administration (WAPA) - Desert Southwest Region

Location(s) (City/County/State): Pinal County, Arizona

Proposed Action Description:

Serrano Solar, LLC c/o Longroad Development Company, LLC (Licensee) will install a new 230-kV transmission line across WAPA's existing Electrical District 5 (ED5) to Saguaro (SGR) No. 1 115-kV, ED5 to Saguaro No. 2 115-kV, and Saguaro to Tucson (TUC) 115-kV Transmission Lines. Over-crossings are located in Pinal County in the vicinity of Interstate 10 in NW $\frac{1}{4}$ SE $\frac{1}{4}$ , Section 15, Township 10 South, Range 10 East.

WAPA and Licensee executed a License Agreement for the transmission line over-crossings. The new 230-kV transmission line will not interfere with the operation and maintenance of WAPA's transmission lines. WAPA will provide an inspector during the work to ensure safety and system reliability.

Categorical Exclusion(s) Applied:

B4.9 - Multiple use of powerline rights-of-way

For the complete DOE National Environmental Policy Act regulations regarding categorical exclusions, including the full text of each categorical exclusion, see Subpart D of [10 CFR Part 1021](#).

Regulatory Requirements in 10 CFR 1021.410(b): (See full text in regulation)

The proposal fits within a class of actions that is listed in Appendix A or B to 10 CFR Part 1021, Subpart D.

To fit within the classes of actions listed in 10 CFR Part 1021, Subpart D, Appendix B, a proposal must be one that would not: (1) threaten a violation of applicable statutory, regulatory, or permit requirements for environment, safety, and health, or similar requirements of DOE or Executive Orders; (2) require siting and construction or major expansion of waste storage, disposal, recovery, or treatment facilities (including incinerators), but the proposal may include categorically excluded waste storage, disposal, recovery, or treatment actions or facilities; (3) disturb hazardous substances, pollutants, contaminants, or CERCLA-excluded petroleum and natural gas products that preexist in the environment such that there would be uncontrolled or unpermitted releases; (4) have the potential to cause significant impacts on environmentally sensitive resources, including, but not limited to, those listed in paragraph B(4) of 10 CFR Part 1021, Subpart D, Appendix B; (5) involve genetically engineered organisms, synthetic biology, governmentally designated noxious weeds, or invasive species, unless the proposed activity would be contained or confined in a manner designed and operated to prevent unauthorized release into the environment and conducted in accordance with applicable requirements, such as those listed in paragraph B(5) of 10 CFR Part 1021, Subpart D, Appendix B.

There are no extraordinary circumstances related to the proposal that may affect the significance of the environmental effects of the proposal.

The proposal has not been segmented to meet the definition of a categorical exclusion. This proposal is not connected to other actions with potentially significant impacts (40 CFR 1508.25(a)(1)), is not related to other actions with individually insignificant but cumulatively significant impacts (40 CFR 1508.27(b)(7)), and is not precluded by 40 CFR 1506.1 or 10 CFR 1021.211 concerning limitations on actions during preparation of an environmental impact statement.

Based on my review of the proposed action, as NEPA Compliance Officer (as authorized under DOE Order 451.1B), I have determined that the proposed action fits within the specified class(es) of action, the other regulatory requirements set forth above are met, and the proposed action is hereby categorically excluded from further NEPA review.
