About the Project Cypress Direct Air Capture Hub EIS

DOE is preparing an Environmental Impact Statement (EIS) to evaluate the potential effects associated with the Proposed Action. DOE anticipates that the EIS would evaluate the potential direct, indirect, and cumulative impacts during design, construction, operation, and maintenance related to the resource areas depicted below:

Hydrologic conditions and water resources

Vegetation

Geology and soils

Atmospheric conditions and air quality

Visual resources

Project Schedule

Nov'1 - Dec 16, 2024 Scoping Period **Dec 2024 - June 2025** Address scoping comments and prepare draft EIS June - Aug 2025 Draft EIS public comment period Aug 2025 - Mar 2026 Respond to comments and prepare final EIS
